A new idea in smoking

Salem refreshes your taste

- menthol fresh
- rich tobacco taste
- modern filter, too

Springtime is wonderful... In the freshness of the air... the fragrance of soft
new grass... Just a couple of Salem cigarettes together all the fresh and fragrant
flavors of Springtime. Through Salem's pure white filter comes the richest taste
in cigarettes... rich tobacco... with a new, menthol softness. That's what makes
Salem a whole new idea in smoking. Smoke refreshed... Smoke Salem.

- Menthol reduces irritation, thus increasing the amount of smoke that is inhaled and allowing the smoker to inhale deeper and longer (Ton et al., 2015)
- Inhaling more smoke means greater nicotine intake, making menthol flavored tobacco products more addictive and harder to quit (Levy, 2011)

Melanin and Nicotine

- Melanin is the substance that gives color to our skin
- Nicotine is stored in tissues that contain melanin
- The darker your skin means that more nicotine is stored in your body (King et al., 2009)

Menthol Harder to Quit!

	Quit Attempts	% Difference
Non-Menthol	38.1%	
Menthol	41.4%	+8.8%

- 2015 Ruling was overturned
- 2016 **FDA CTP took the bold step of including restrictions on the selling of menthol and all other flavors** in the new “deeming regulations” for e-cigs, hookah, cigars, cigarillos and the like.

Take Home Message: Menthol is a Social Justice Issue!

- The disproportionate marketing and targeting candy-flavored poison to African Americans and other specially oppressed sectors of our society, is out-right discriminatory and genocidal.
 - Poorest; least informed; fewest resources; indeed the definition of preying on the most vulnerable sections of our society.
