Dear Mr. Coriell,

I hope you're well. My name is Cory Dawson, I'm a new staff writer at the Free Press (you may have seen my byline in VTDigger.org, my previous workplace). My beat is Burlington and UVM, and I'd like to write about the Marijuana Impact Assessment (here's a [link](#) to the assessment, which I'm sure you've seen) with regards to the opinions some UVM medical professors have of it.

To that end, I'm looking for any correspondence in the public record between the Governor's office and Dr. Kalev Freeman of the UVM College of Medicine related to the Marijuana Impact Assessment. The email I have for Dr. Freeman is [kalev.freeman@uvm.edu](mailto:kalev.freeman@uvm.edu), although he may use his other @uvm.edu address which is [kfreema1@uvm.edu](mailto:kfreema1@uvm.edu).

Thanks in advance, and please let me know if you need to me to clarify or reframe this request in any way.

Thanks again,  
Cory
