**Subject:** Public records request

Hi Scott,

This is a request under Vermont's Public Records Law for documents related to Gov. Peter Shumlin and Secretary Deb Markowitz's trip to Paris last month for the climate talks.

Specifically, please send the following documents related to the Paris trip:

- All expense reports or records of Vermont state credit card transactions that show use of Vermont state funds by Gov. Shumlin, Secretary Markowitz and anyone who accompanied them to Paris. This includes but is not limited to transportation, hotel, food and other purchases.
- Trip itineraries for Gov. Shumlin and Secretary Markowitz in Paris.
- Any document showing the total cost of the Paris trip, including expenses paid by the Georgetown Climate Group, expenses paid by other private entities and expenses paid by the state.

I believe you are the appropriate contact for this request, but if not please let me know whom I should contact instead. Feel free to call me with any questions.

Thank you,  
April
