Mr. Jan Martin Bopp
Multiple Myeloma Networking Group
Southwestern Vermont Region
P.O. Box 4285
Bennington, VT 05201

Dear Jan:

I am proud to learn that the State of Vermont is joining over 30 other states in proclaiming March as Myeloma Awareness Month. This proclamation is thanks, in large part, to your tireless efforts in raising awareness of this deadly disease. By the end of March, I expect many more Americans will know about myeloma, its symptoms and the resources that are out there to assist them.

By founding the Multiple Myeloma Networking Group for the Southwestern Vermont Region, you have not only put a spotlight on this type of cancer, but also provided countless Vermonters with a safe forum to share their experiences and provide support for those affected by this disease. Thank you for your commitment to both the health and mental well-being of Vermonters.

Again, congratulations on this proclamation. Please don't hesitate to reach out to me if I can be of any assistance to you and your organization.

Sincerely,

Phil Scott
