5. Other:
 - a. Draft Rule Discussion:

Robin Miller wrote the Board a letter regarding the Board's consideration of removing WREB as a pathway to licensure. The Board notes that in her letter she indicated that the proposal would limit the number of hygienists who could be interested in coming from other states to practice. The Board's proposal does not include dental hygienists. The Board appreciates her input regarding this, but it stands by its initial decision to remove WREB as an acceptable examination for dentists for licensure in Vermont.

Addition to rules regarding general practitioner sedation limitations – tabled.

- b. Diane Dumas emailed the Board regarding retention of records. The Board stated that digital scans are ample for records. Physical models from scanned files do not need to be retained.
 - c. American Academy of Dental Sleep Medicine regarding the scope of practice as it relates to the treatment of sleep apnea with oral appliance therapy – tabled.
 - d. Discussion on minimal education requirements for deep sedation and general anesthesia tabled.
 - e. Dental Therapy Collaborative Agreement – tabled.
 - f. The Board's next meeting is scheduled for March 11, 2020.
