

TOWN OF
BAKERSFIELD
VERMONT

2017
ANNUAL REPORT

HARRISON MARSHALL DOANE was a lifelong member of the Bakersfield Community. Growing up on the Doane home farm, he attended and played basketball at Brigham Academy. He served two years in the Army, returning home to work and eventually take over the farm.

When Lucille Lovejoy came to teach at Brigham, he met the love of his life. Together, he and Lucille raised four children, ran the farm, and served their beloved town. They employed and mentored numerous young people, anxious to pass on a love of farming and teach the fine arts of dairy farming, sugaring, and logging. Today their grandchildren are becoming the next generation of family farmers.

Over the years, Harrison gave back to Bakersfield in a myriad of ways. He served as School Director at the time of the Brigham Will dispute. He served many years on the Cemetery Committee, insisting on meticulous care of the grounds and stones. He was a charter member of the Historical Society, providing a wealth of information and remembrances. He served for a number of years as a much-loved janitor at BEMS, and thoroughly enjoy his time with students.

Harrison was also a faithful life-long member of the Bakersfield United Methodist Church and its successors the Tri-Church and present United Church. He loved people. He loved caring for people whenever he saw a need. He loved talking to people and sharing his stories of life in the town he loved. Harrison will be greatly missed and it is with deep appreciation that we dedicate to him the 2017 Bakersfield Town Report.

PATRICIA BELLE CURTIS grew up in the town of Bakersfield and had a love and appreciation for the town and the people in it. She had a special place in her heart for children and endeavored to do whatever it took to help each child succeed at whatever they wanted or needed to do. As needs arose and Pat was able to, she stepped into roles she may not have considered for herself previously.

She envisioned high quality education so became a School Board member in order to influence the leaders and educators in the schools. When she felt the basketball team could play better, she became a basketball coach. Pat was President of the Brigham Academy Alumni Association for six years and enjoyed meeting and greeting the alumni. Pat was known for making connections with people, for being genuine in her interest of individuals and sincere in her desire for all to develop to their highest potential.

Quality and dedication were a lifestyle for Pat. She served on the Bakersfield School Board for over 20 years, being recognized by the State of Vermont for her service. She served on the Planning Commission, and had hopes that Brigham Academy would one day be restored to its former beauty. We honor her by dedicating to her this 2017 Annual Report.

Dear Fellow Residents:

We have performed an audit of the financial records of the Town. The CPA firm of Angolano & Company has audited the Bakersfield School District accounts for the fiscal year. Included within are all financial and informational reports of the Town of Bakersfield as well as the Bakersfield School District. To the best of our knowledge, the financial statements and reports contained herein show the financial position of the Town of Bakersfield for the year ending December 31, 2017.

Auditors: Pat DeBevec, Joy Doane, Brenda Westcom

Reports of entities whose officers are elected by the Town or appointed by the Selectboard, or receiving funds from the Town are contained herein. Reports of agencies not administered by the Town are available in the Town office.

JUST A REMINDER:

Because of the nature of property evaluation, it is impossible for the auditors to verify individual appraisals. It is your responsibility to examine your listers' sheet and take any necessary action. You may obtain a copy of your appraisal at the Town Office, Monday thru Friday mornings between the hours of 9 and 12 or request one to be mailed by calling 802-827-4495. If you have questions or concerns, please schedule a time to meet with the Listers. If you intend to file a grievance, grievances are heard beginning in mid June by appointment.

**NOTICE TO VOTERS
BEFORE ELECTION DAY**

CHECKLIST POSTED: FEBRUARY 4, 2018

Make sure your name is on it. If your name is not on it, you must complete an application to the checklist (available online at <http://www.sec.state.vt.us> Click on Elections or From your Town Clerk

REGISTER TO VOTE: At the Town Clerk's Office or mail to the Department of Motor Vehicles with a postmark before the deadline. You may register at the polling place on election day.

SECRET PARTY CHOICE: You do not register by party in Vermont.

ABSENTEE BALLOTS

Reasons: 1) illness, injury or physical disability, 2) absence from town of residence, 3) military service, 4) residence in a state institution, 5) religious principle. Apply no later than NOON March 5, 2018 at the Town Clerk's Office either in person, in writing, or by telephone. Voter or family member may apply in all three ways or authorize another person to apply for voter, in person or in writing. **WAYS OF VOTING ABSENTEE:** Vote in Town Clerk's Office before the deadline. Pick up or have a ballot mailed to you. Mail or have your ballot delivered so that it is in the Town Clerk's office before 7:00 PM on election day; Have two Justices of the Peace bring a ballot to you at home on the day before or the day of the election. You may request assistance in reading or marking your ballot from the justices.

NEW ELECTIONS MANAGEMENT PLATFORM

- **Elections Management System (EMS)** – Includes a new statewide voter checklist and other resources and tools to be used by town and city clerks across Vermont to conduct all of their election related business – from registering voters, to processing absentee ballot requests, to entering election results;
- **New Online Voter Registration Tool** – allows all eligible Vermonters to submit his/her voter registration application online anytime and anywhere they can access the internet: and
- **New "My Voter Page"** – online resource that allows every registered voter to login and have access to a unique, voter-specific web page where he/she can request an absentee ballot, track its status, update his/her voter registration record, find his/her polling place, view a sample ballot, and much much more.

SAMPLE BALLOTS POSTED: FEBRUARY 24, 2018

ON ELECTION DAY:

POLLS ARE OPEN 10:00 am TO 7:00 pm

If your name was dropped from the checklist in error, explain the situation to your Town Clerk and ask that it be put back on.

If the problem is not cleared up to your satisfaction, have the Authority call an immediate meeting of the members of the Board who are present at the polls. They should investigate the problem and clear it up.

If you are still not satisfied, you may appeal to a judge, who will settle the matter that day. Call the Secretary of State's Office at 1-800-439-VOTE (8683) for more information.

If you know voters who have physical disabilities, are visually impaired or cannot read, let them know they may bring a friend or relative who is a registered voter to help them vote.

If you know voters who cannot get from the car to the polling place, let them know that a ballot may be brought to the car by two election officials.

DO NOT: Knowingly vote more than once, either in the same town or in different towns; mislead the Board of Civil Authority about your own or another person's eligibility to vote; leave campaign materials in the voting booth or building containing a polling place; socialize in a manner that will disturb other voters.

HELP OR INFORMATION? Call the Secretary of State's Office at 1-800-439-VOTE (8683) (TDD Accessible)

Erin Paquette 96 votes Terri Gates 58 votes So Voted

ARTICLE 3. To elect a School Director for a term of two (2) years.
Jean-Marie Clark 153 votes So Voted

ARTICLE 4. Shall the voters authorize the school directors to transfer \$50,000 of the unreserved fund balance from the 2015-2016 fiscal year into the Capital Project Fund?

Fund could be used for replacing windows in the Gym, there are doors to replace, could someday pave the parking lot.

Yes 118 No 45 So Voted

ARTICLE 5. Shall the voters of the school district approve the school board to expend \$3,260,540 which is the amount the school board has determined to be necessary for the ensuing fiscal year? It is estimated that this proposed budget, if approved, will result in education spending of \$14,344 per equalized pupil. This projected spending per equalized pupil is 4.49% higher than spending for the current year.

Increase is 4.9%. Students this year is 210, next year 202, costs per student increases. Yes 89 No 76 So Voted

ARTICLE 6. Transact any other nonbinding business though proper.

Update on ACT 46. Timeline has been extended a year. Not much support in House or Senate.

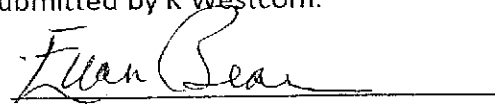

Will not be a vote this year by June 30th. Could be an option for a side by side with small towns in the district, with Enosburg and Richford being one and the others one. The small towns would then keep school choice.

Bakersfield School Board meetings are held at 7:00 p.m. not 6:00 as stated in Town Report.

Adjourned at 8:00 p.m.

Respectfully submitted by K Westcom.

Tennyson Doane, Chair School Board

Euan Bear, Moderator

WARNING
BAKERSFIELD TOWN SCHOOL DISTRICT
ANNUAL MEETING
Monday, March 5, 2018, and Tuesday, March 6, 2018

The legally qualified voters of the Bakersfield Town School District, Bakersfield, Vermont, are hereby warned and notified to meet at the Bakersfield Elementary School in Bakersfield, Vermont, on Monday, March 5, 2018, at 7:00 p.m., to transact the following business, viz:

Articles 2 and 3 pertaining to the election of School Board Directors, Article 4 pertaining to the Reserve Funds, and Article 5 pertaining to the FY19 budget will be voted on by Australian ballot at the Bakersfield Town Hall on Tuesday, March 6, 2018, between 10:00 o'clock in the forenoon, at which time the polls will open, and 7:00 o'clock in the afternoon, at which time the polls will close.

ARTICLE 1. To elect a Moderator.

ARTICLE 2. To elect a School Director for a term of three (3) years.

ARTICLE 3. To elect a School Director for a term of two (2) years.

ARTICLE 4. Shall the voters authorize the school directors to transfer \$50,000 of the unreserved fund balance from the 2016-2017 fiscal year into the Capital Project Fund?

ARTICLE 5. Shall the voters of the school district approve the school board to expend \$3,207,519, which is the amount the school board has determined to be necessary for the ensuing fiscal year? It is estimated that this proposed budget, if approved, will result in education spending of \$13,549 per equalized pupil. This projected spending per equalized pupil is 5.54% lower than spending for the current year.

ARTICLE 6. Shall the voters authorize the Bakersfield Town School District to sell the former Common School property, to the town of Bakersfield for \$1.00?

ARTICLE 7. To transact any other nonbinding business thought proper.

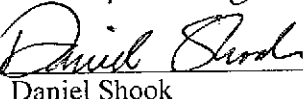

Adopted and approved at a meeting of the Board of School Directors duly noticed, called and held for that purpose on January 24, 2018.

Jean-Marie Clark

Cheryll DeRue

Tennyson Doane

Town of Bakersfield Vermont

2017 Select Board's Report

2017. Many things have come to pass in this year that has gone by so quickly. The world goes on no matter what. Sometime we stand alone in despair wondering what we should do. We mere mortals can hope to accomplish little alone. We can change the world, but only if we work together. Remember this at our community events and come on out and help or share your opinion or your apple pie. You can just come and watch. Sometimes that can be pretty entertaining! Try it. The three stooges have nothing on us!

God bless and hold the loved ones who have passed this last year. We will have a brief period of silence at the start of our meeting. Respect our grief. Please remember those we miss and their voices at meetings past. I certainly will, and I will smile at the memory.

This year our town will be electing two more Select Board members to bring the Board up to a total of five. This should make it easier to contact a member when you need to. It will also allow two members to talk to each other in town without trying to avoid town business topics! (With three members it only takes two to make a quorum and some people wonder what we may be scheming!)

The "big wind storm" caught us off guard. Many of us were out of power for days but thanks to the members of the Bakersfield Volunteer Fire Department, the Town Road Crew and other volunteers, roads were cleared and people were helped. Remember that in an emergency, the Bakersfield Elementary School will be declared an emergency shelter where you can get warm, take a shower and contact others. If it gets really bad we might try cooking but you would probably be better off in the storm.

The town gravel pit is still providing a steady supply of sand and gravel that is close at hand and saving us money. We thank the town for financing this purchase.

The "Independence Day Celebration" will be on July the 4th this year and will again include an air show by our own local airman Dan Marcotte. Fireworks will be at dusk (9:30 PM sharp!) by the Krygiers, our local pyrotechnics experts. There will be many other events as well. Come join us! Have some fun! Relax a little.

Thank you to the road crew for keeping our roads open and safe throughout the year despite the weather's best efforts to the contrary. We hope the "newer" fleet makes the job easier. Dan, I see you still have those chains on.

The town purchased a new truck this year. We think that we got the better of the dealer but only time will tell. So far so good!

The Tupper Fund is available for those who need a helping hand. Please remember it not only for yourselves but maybe for someone you know as well. See your local advocates, they are listed in this town report. The Cutting Fund is still awarding educational scholarships for those who apply. SO REMEMBER TO APPLY!

Thanks to those who serve our little community in all ways big or small. We can always find room for any who wish to help. Select Board meetings are on the 2ND and 4TH Mondays of each month at 7:00 PM. Join us if you wish. All are welcome.

The Bakersfield Select Board,

Brain Westcom

Lance Lawyer

Bakersfield Volunteer Fire Department
P.O. Box 12
Bakersfield, Vermont 05441

Our mission is to save lives and protect property, to the best of our ability in the Town of Bakersfield

Bakersfield Residents:

The Officers, Firefighters and First Responders of the Bakersfield Volunteer Fire Department, Inc. continue to provide a selfless, dedicated and vital service to our community. Thanks to the support of their families and you, they are able to serve the needs of our town with Fire Protection and First Response services.

In the past year several pieces of equipment were purchased. Nine air packs were bought to replace our out of date ones that we had been using. Firefighter safety is top priority, which requires having up to date properly functioning equipment. Another large purchase that I am very pleased with is a portable rescue tool which gives us the ability to perform vehicle extrications, and can be used in remote locations if the need arises. Having this equipment eliminates the wait for mutual aid agencies to arrive for extrications.

Two firefighters completed the state Firefighter One class this year. We would like to thank Ginger Miles and Lance Boardman for their dedication and commitment throughout the 184-hour long course!

Our officers and firefighters are committed to ongoing training and fire prevention activities. This year our department provided education and activities to the Bakersfield Elementary School students during Fire Prevention Week. Two members of our department are currently enrolled in the EMT course, and one member is enrolled in the AEMT course. Four department members attended the Franklin/Lamoille Fire School and three members traveled to Emmitsburg Maryland to attend the National Fire Academy Three State Weekend training.

Our third annual BVFD Golf Tournament was a huge success. We thank the community for your continued support, and look forward to another great tournament this coming year.

Great progress has been made with the placement of E911 signs around the community. There are still occasions when our response time is hindered due to a lack of highly visible E911 signs from the roadway. The department has signs for those who need them for a donation of \$10.00. Please see a member of the department to obtain your E911 sign if you have not yet done so.

Elections were held at our Annual meeting in January. The 2018 officers for the BVFD are as follows: Chief: Matt Hull, First Assistant Chief: Robert Willey, Second Assistant Chief: Todd Cosgrove, Fire Captains: Brendan Wadsworth, Steve Maynard, Bill Madison, EMS Captain: Scott Flieger, Training Officer: Bill Irwin, Secretary: Ginger Miles, Treasurer: Lance Boardman. BVFD would like to thank David Spencer for his dedication to the department. He has volunteered countless hours over many years serving as BVFD treasurer. Thank you for all that you have done for the department!

In closing, I find it an honor to be elected as Fire Chief for the town of Bakersfield. The dedication put forth by each and every member of BVFD, the support from our families, and the support from the community make it possible for us to volunteer our time and provide the town with professional assistance in times of need. We thank you very much for your continued support of the Department officers and members.

Enosburgh Ambulance responded to **755** calls in 2017. The calls range from 911 Emergencies to non-emergency transports.

Once again, we are offering the annual subscription at the cost of \$65.00. The subscription will cover everyone who lives in the household for a period of one year. If you are not already a subscriber, please fill out the sheet in this town report and send it in.

We are also selling 911 signs. Please contact us if you would like to purchase one. They are \$15.00 for one sided and \$20.00 for 2 sided. There is an application included in the town report.

Enosburgh Ambulance is always aiming to improve our patient care. On October 31, 2017 we officially became a paramedic license service. We currently have one paramedic on the payroll. And our plan is to bring more on as we go.

The staff of Enosburgh Ambulance would like to take this opportunity to thank all the communities that we serve for their continued support. We look forward to serving you in 2018.

Robert Gleason Jr.

Bakersfield Conservation Commission

The Bakersfield Conservation Commission was formed in 2009, and we will celebrate our 100th meeting in 2018. We manage the Bakersfield Town Park, maintain the Bakersfield Community Trails, and host occasional other events. We are self-supporting with a small budget that comes from grants that we have acquired. We post the minutes of our meetings on the Town of Bakersfield's web site, and we have a nice Facebook page.

The Town Park continues to be a place where townspeople enjoy nature and social events. This year, we hosted the Enosburg Town Band for a band concert and ice cream social. Picnic tables and barbecue pits are provided for your use, and the trail is open year-round for exercise or wildlife observation. A map of the town park trail is available at the trailhead, and you may wish to observe several points of interest along the trail that are described on the map.

Many members of the community support the park through their work and donations: Mac Newett mows the lawn and the road crew plows the driveway, and town organizations help pay for the portalet rental during the summer months. The commission has a clean-up day in May, and we also keep track of the park trail and made sure that it remains clear of trash and fallen branches. The park is available for scheduled events; please fill out an application with the Town Clerk if you would like to use it.

Bakersfield Community Trails includes several trails in town, ranging from short and easy to longer and more challenging. If you haven't had a chance to walk the trails, try them! In addition to the trail through the town park, extend your distance by adding the loop around the baseball field. Take the Shattuck Mountain Trail to its highest point at a lookout from where you can see the village of Belvidere. This year, we added a short loop on Shattuck Mountain to a beautiful, mossy cascade along a brook that feeds into The Branch. Come in the springtime to see how many wildflowers you can spot, or put on some snowshoes and make the most of the winter season.

We held two winter walks this year: a winter plant identification walk on the Shattuck Mountain Trail, and a snowshoeing event on the Krygier and Foote tree farms. During the town's Independence Day celebration, we hosted a flowing water table in the Historical Society building, and young and old alike enjoyed learning about the power of streams to build up and erode away the land. We presented information about the commission at the Bakersfield Elementary School Open House in the fall. We also took a trip to the Bakersfield great blue heron nesting site to observe the young birds on the nest.

We lost one commissioner this year due to moving out of the area, so we now have seven members and two vacancies. If you are interested in serving your community on the commission, please contact one of the current commissioners. We also welcome volunteers who can help with small projects. We meet on the last Monday of the month at 1 PM and our meetings are always open to the public. Thank you to everyone for supporting our activities, and we look forward to seeing you on the trails, in the park, or at our events.

**Franklin County Home Health Agency, Inc.
Information Sheet
Bakersfield**

What is Franklin County Home Health Agency?

Franklin County Home Health Agency is a 501(c) 3 non-profit corporation that has proudly provided residents Franklin County with high quality, comprehensive home health, hospice, long term care and wellness services since 1969.

What is the Agency's Mission and Purpose?

We provide high quality health care services in home and community settings. We are committed to excellence. We strive to meet the needs of our clients in a professional manner that promotes health, independence, comfort, dignity and quality of life.

What is the Agency's service area?

The Agency serves all 15 towns in Franklin County through our two offices – one in St. Albans and one in Enosburg Falls. We serve people of all ages.

How many patients did the Agency serve in 2017?

The Agency made a total of 71,562 visits to 1,924 residents.

We made the following number of visits to the residents Bakersfield:

401	Nursing
169	Physical Therapy
38	Speech Language Pathology
32	Occupational Therapy
37	Medical Social Work
415	Licensed Nursing Assistant
86	Homemaker
152	Personal Care Attendant
22	Volunteers

How many people does the Agency employ?

The Agency currently has a staff of 180 Registered Nurses, Licensed Practical Nurses, Physical Therapists, Occupational Therapists, Speech-Language Pathologists, Medical Social Workers, Licensed Nursing Assistants, Care Attendants, Homemakers, and Office Support Staff.

What are the Agency's Programs and Services?

Home Care: We provide medically necessary home health services to people of all ages. Examples include individuals who need wound care, a person newly diagnosed with diabetes needing insulin administration and instruction, or a mother and newborn newly discharged from the hospital.

Home Telemonitoring Program: We use state of the art technology to remotely monitor our patients' weight, blood pressure, heart rate and oxygen status to help improve their health condition and avoid hospitalization.

Hospice: We care for people with serious illness for whom the prognosis is less than six months of life. The focus of this care is on achieving comfort and quality of life.

Palliative Care: This program balances advanced medical technology with the wishes of each individual client by focusing on psychological, physical, social and spiritual needs by providing a strong support system to help the client and family cope during the serious illness. This program understands that maintaining quality of life is an important aspect of care.

Long Term Care: We help disabled and older members of our community with personal care, housekeeping, meal preparation, errands and shopping to allow them to stay independent in their own home.

Maternal Child Health Program: We help to prepare pregnant women for a healthy pregnancy, labor and delivery, breastfeeding and new infant care.

In addition, we offer infusion therapy, foot clinics, grief and bereavement services and wellness services to our community.

How are services paid for?

As a Medicare certified Agency, we receive reimbursement from Medicare, Medicaid and other third party insurances. In 2017 we received 81 percent of our revenue from Medicare and Medicaid.

We are committed to providing medically necessary home care services to all those in need regardless of their ability to pay. Without individual town appropriations, the United Way and donor gifts, our ability to provide care could be adversely impacted.

Why does the Agency need money from towns?

The Agency depends on the money received from towns to subsidize the cost of care provided to patients who are uninsured or underinsured. Last year the Agency provided more than \$532,322 in free and subsidized care.

Where can you call for more information about Franklin County Home Health Agency, Inc.?

For more information about the Agency or the services we provide please call (802) 527-7531 or visit our website at www.fchha.org.

ZONING ADMINISTRATOR'S REPORT

During 2017 the Zoning Office was busy with requests for information on local and state permitting processes and procedures. Many Applicants required assistance with completing the appropriate applications for zoning permits or hearings before the Planning Commission or the Zoning Board of Adjustment. There are always questions about repairs and upgrades to septic systems to satisfy the State of Vermont requirements. This year also brought a lot of questions on boundary line adjustments, fixed allocation sub-divisions and major and minor sub-divisions.

The Planning Commission completed revisions to the Zoning and Subdivision Bylaws that were put before the voters on Town Meeting Day and adopted March 7th, 2017. The Planning Commission will now be working on some updates to the Town Plan.

Last year there were 14 applications for zoning/building/demo permits were approved, denied or referred to the Zoning Board of Adjustment or Planning Commission by the Zoning Administrator. There were three permits for new dwellings, one leantu, two decks, one shed, one porch, two additions, two demolition permits, one camp and one barn permit. One extension of a zoning permit was approved.

There were thirteen Certificates of Compliance issued. A Compliance Letter is required by the State of Vermont for all properties that are being sold or refinanced. Please be aware that the Zoning Administrator will do a site visit for all Compliance Letters and Certificates of Occupancy.

NOTE: Please notify your lending agency that it may take up to two weeks to obtain a Certificate of Occupancy or Compliance Letter depending on when it is received by the Zoning Administrator. Please be aware all Certificates of Occupancy and Compliance Letters have a fifteen-day appeal period after being processed.

There was one application referred to the Zoning Board of Adjustment for an appeal of the Zoning Administrator's decision to approve a permit. Three applications were referred to the Planning Commission for review, two were for boundary line adjustments and one was a two lot sub-division.

Note: All land development and demolition may require an application approved by the Zoning Administrator prior to starting the project. Agricultural and exempted structures require notification to the Town Zoning Office.

If you require assistance the Zoning Administrator is in the Town Office on Wednesday mornings for 9:00-12:00. During that time call (802) 827-4495 for assistance or on other days leave a message for a return call on the next business day. The fax number is (802) 827-3106.

Respectfully Submitted, Darlene C. Marrier, Zoning Administrator

Bakersfield Historical Society, Corp.
P.O. Box 70
Bakersfield, CA 93341

We appreciate the continued support of Bakersfield Tax Payers and residents. Your support provides us with the resources and encouragement needed to accomplish our mission in preserving Bakersfield's historic heritage.

Our 2017 operating budget was \$ 5,905. Our major expenses were insurance (\$1,499) and fuel oil (\$2,922.65). Additional expenses include: electric (\$527.42), water (\$180), supplies (\$410.39). We had four fundraisers and took in \$2,686.50. Annual memberships brought in \$1,230. At the end of the year we had a balance of \$4,606.37 in our checking account which includes the \$2,000 tax dollars that we received from the Town in November. Our first fundraiser is the Town Meeting Dinner. We partner with the folks from the United Church to provide the traditional Potluck Dinner. We have funds in two Money Market Accounts that have donated and "earmarked" for specific projects related to our building: insulation, maintenance and restoration.

At the end of November, we close the building and open for the March Town Meeting Dinner. When the building is closed the water is turned off, pipes are drained and the thermostat is set at 40 degrees. The heat is needed to keep the frost out of the building and the stone foundation as well as to safeguard against split pipes. We are on a fuel oil Budget Plan however, due to the extreme cold weather this Winter we will exceed the allocated gallons before Spring. Hopefully, we'll have a warm Spring, Summer and Fall in 2018!

We understand that the Historical Society Building is the closest that Bakersfield has to a community center. Bakersfield's Special Concerns Committee continues to use our building for bereavement luncheons during the "warmer" months, at no charge. We do charge a building usage fee to individuals and other organizations, to help defray costs.

We have lost some valued members in 2017. Harrison Doane was a member of the Historical Society from its beginning in 1997. We appreciated his knowledge of Bakersfield's past and enjoyed his wit in sharing his memories from a lifetime growing up and working in the community. He attended local schools, served in the military, worked on the family farm where he later raised his family, served on the School Board, worked as Custodian of the new Elementary School (after semi-retiring from farming), and was active in his church and community organizations. David Carr was a Bakersfield resident "by choice". He raised his family here and became an active member of the community. We loved the musical entertainment he provided with his wife, Janice, and their friends from the Northeast Fiddler's Association, at our Annual Sugar on Snow Parties. The tin walls and ceiling in our building don't make for the best acoustics but the music was still enjoyed by all who attended. Wilma Forand was born in Canada but she and her husband, Roland, chose Bakersfield as their home. Two of their children are second generation Bakersfield residents. Wilma was a gracious lady. Everyone looked forward to her attendance at the Sugar on Snow Party. We are not sure how many folks learned *The Hat Dance* from Wilma! They all made Bakersfield a better place to live and they will be dearly missed.

We would like to express a special *Thank You* to Ted and Kathy Whitney who cleaned out their attic and donated a treasure trove of Bakersfield artifacts, photos and documents to the Bakersfield Historical Society.

Our future goals are to expand on *Open House* events by providing educational and informational programs for the public, to include students from Bakersfield's Elementary and Middle School. To accomplish these goals, in addition to financial support we need folks that can volunteer their time to help make the Historical Society a better community organization. We appreciate your continued support and welcome your suggestions for programs that would interest you.

Linda McCall
Treasurer

Northwest Regional Planning Commission 2017 Bakersfield Town Report

Northwest Regional Planning Commission is a multi-purpose governmental organization created by the municipalities of Franklin and Grand Isle Counties. NRPC implements a variety of projects and programs tailored to local, regional and statewide needs. All municipalities in the region are entitled to equal voting representation by two locally appointed members to the Board of Commissioners.

NRPC PROJECTS & PROGRAMS

Municipal plan and bylaw updates and related technical assistance: *Focus on predictable and effective local permitting through education and training, bylaw modernization and plan updates.*

Brownfields: *Complete environmental site assessments and fund clean-ups so properties can be sold, developed or re-developed to benefit the economy, create or protect jobs and increase housing opportunities.*

Transportation planning: *Coordinate local involvement in transportation decisions through the Transportation Advisory Committee (TAC) and provide services such as intersection studies, corridor plans and traffic counts.*

Emergency planning: *Better prepare our region and state for disasters by coordinating with local volunteers and Vermont Emergency Management and Homeland Security on emergency planning, exercises and training.*

Energy conservation and development: *Ensure increased local and regional input in energy programs and permitting through the adoption of a regional energy plan and assistance with the development of local energy plans.*

Watershed planning and project development: *Implement water quality projects and programs to protect water resources, ensure safe water supplies, enhance recreational opportunities and address known sources of pollution.*

Regional plans: *Coordinate infrastructure, community development and growth at the regional level through the development, adoption and administration of a comprehensive regional plan.*

Geographic Information System Services: *Provide municipalities, state agencies and regional groups with mapping and data analysis in support of their projects.*

Special projects: *Complete special projects such as downtown revitalization, recreation paths, farmland preservation, economic development and affordable housing projects.*

Grants: *Provide assistance identifying appropriate grant sources, defining a project scope and writing grant applications.*

2017 BAKERSFIELD TOWN PROJECTS

- ~ Completed amendments to the Zoning and Subdivision Regulations.
- ~ Assisted with a Local Emergency Operations Plan for the Town.
- ~ Provided technical assistance in planning and zoning.
- ~ Assisted with Municipal Roads Grants-in-Aid project selection.
- ~ Drafted a municipal energy plan including the data and maps required by the Vermont Department of Public Service standards.
- ~ Updated the E-911 poster map and road atlas.

This year the Commission will assist our member municipalities with municipal roads general permit compliance, water quality project implementation, local energy plans, emergency preparedness, brownfields redevelopment and other needed services. The Commission has no regulatory or taxing authority; however, each year we do request a per capita assessment in support of local and regional activities and to provide matching funds for state and federal programs.

Your continued support for local and regional planning is greatly appreciated. NRPC is your resource -- please call on us for assistance with planning, zoning, transportation, mapping or other needs.

Northwest Vermont Solid Waste Management District
2017 Supervisor's Report

The Northwest Solid Waste District's (NWSWD) mission is to provide for the efficient, economical, and environmentally-sound reduction, reuse, recycling, and finally disposal of solid waste. 2017 was a great year for waste reduction and recycling in the NWSWD -- our efforts resulted in the District successfully diverting more waste from the landfill than any year before! Waste diverted was recycled or reused and helped conserve resources and keep toxic materials out of Vermont landfills.

The District was able to increase our programs and services like composting, hazardous waste, and reuse. We also offered more workshops and increased our ability to pass on useful information through channels like farmer's markets and fairs, and the internet. These efforts helped Franklin and Grand Isle counties reduce the waste they sent to the landfill. We measure our success by looking at the weight of waste that we sent to the landfill and what we were able to divert through reuse and recycling. All this work showed in the amount of waste we diverted from the landfill this year. Some of this year's highlights include:

- All District communities diverted 31% of our waste from the landfill.
- **District operations diverted 1,384 tons of waste from the landfill in 2017! This is a 6% increase from 2016!!**
- Recycled 134 tons of e-waste
- Held eight "Backyard Composting" classes for residents
- Began a successful pilot program to collect food waste from resident's homes to turn into compost.
- Launched a new community and business outreach program that has already made contact with 215 businesses in our region.
- Collected 57 tons of hazardous material from 1237 Households through our Household Hazardous Waste program. That's over 12 tons more of household chemicals collected than last year!
- This year our Close the Loop Compost program grew 28% and we collected 211 tons of food scraps from 22 businesses and institutions and 6 residential drop-off points to be turned into compost.

NWSWD by the Numbers

In the NWSWD, five District run recycling drop-off sites in Georgia, Montgomery, Bakersfield, St. Albans and North Hero, 2 member town run sites (Alburgh and Grand Isle), and mandatory curbside recycling by registered waste haulers allows easy access to recycling for all residents. Overall in 2017, through recycling, reuse and composting, District residents were able to divert 31% of waste created from the landfill! After all of this work the average NWSWD resident sent just 3 pounds of waste to the landfill per day. That's almost 25% less than last year. Way to go!

Through our District-operated sites and programs, this year we disposed of 811 tons of trash and recycled or diverted 1,384 tons of material, including 417 tons of blue-bin recyclables setting the diversion rate for District Services at 59%.

All District Staff are available through the District office at (802)524-5986 or info@nswsd.org. For more information about the District and our services, how to reduce and recycle your waste, or how to get involved call District staff at the above number or come visit at 158 Morse Drive in Georgia (we even give tours of our Recycling Center.) You can also visit us on the web at www.nswsd.org, find us on Facebook, and sign-up for our e-mail updates. More information can also be found in our newsletter available at your Town Meeting.

When reviewing the past two decades it was obvious Calendar Year 2017 was probably the busiest year for FCIDC. Activities included a three million dollar, 17,000 sq. ft. expansion for Vermont Precision Tools (VPT) at the FCIDC Multi-tenant facility located in Swanton. We broke ground in July and completed construction in mid October. This expansion will allow for the creation of 50 new VPT jobs over the next few years.

In the St. Albans Town Industrial Park the Peerless facility (owned by FCIDC) embarked on one more expansion. The project consists of tearing down a 22 ft high 85,000 square foot pre engineered building and replacing it with a 60 ft high 90,000 square foot efficient facility. The total project cost will be 25 million dollars.

As we have stated many times this last year, between 2017 and 2018 Franklin County will experience in excess of 150 million dollars in construction and capital investment. Ben & Jerry's are currently wrapping up a major expansion and Barry Callebaut just broke ground in December on a 22 million dollar project. FCIDC continues to reinforce that \$150 million investment is not bad for a county of 50,000 people. There are a number of counties that would love to trade places with us. Both the Ben & Jerry's and Barry Callebaut will also be creating additional jobs for our region; all towns benefit from the new job creations.

Great things are happening throughout Franklin County:

- Runamok Maple just purchased the former Amoskeag Woodworking facility in order to expand their business and to create jobs.
- Swanton Village and Town worked with Ace Hardware, BMTM, David Fosgate and FCIDC to develop a plan to improve downtown and to create and retain jobs in their community.
- There is continued energy on behalf of the Richford Economic Advancement Corporation to create access and develop an overlook to the Missisquoi River in hopes of growing tourism.
- In Enosburg there is renewed energy by residents to recreate a vibrant business community and downtown.
- The Georgia Dairy Industrial Park has operated their 2 million dollar water plant upgrade for one full year. The new plant provides significantly better water quality for the companies in the Park: Perrigo, Bariatrix and Med Associates.
- Montgomery has been chosen by The Vermont Council on Rural Development (VCRD) to be the host for one of their community visits in 2018. The outcome of a visit such as this is to create a plan for the community to address citizens concerns.

As we look back to 2017 it is evident that one of the few negatives Franklin County has experienced is the continued struggles of our dairy farmers. Milk prices continue to remain at consistent low prices with no major changes on the horizon. The dairy industry plays a huge roll in our local economy; feed and equipment dealers, retail stores, car dealers and hardware stores are all feeling the impact.

Please do your best to support your local businesses, farmers and producers. We can make our County economy that much stronger by buying local. Here's hoping to a strong 2018 County economy.

2017 Fairfield Community Center Annual Report

2017 marked 25 years of bringing essential services and enrichment programs to residents of Fairfield, East Fairfield, Bakersfield and surrounding towns. We operate with a board of 7 directors (one vacancy, in case you'd like to join us!), and a staff of 3 part-time employees: (Becky Cassel, administration, Nance Shaw, program director, and Donna Boucher, housekeeping).

Community Lunches are going strong and serving an average of 34 people each week from the tri-town region. After losing funding from CVAA in 2014, we've had to be both creative and frugal to make ends meet. We employ a part time cook (4/hrs. a week) and have a fabulous volunteer team that ensures our seniors have quality, healthy meals in a stimulating environment each week. We've also reinstated twice-monthly, after-lunch activities (music, yoga, slide shows, lectures, etc.) for some value-added socialization. Thanks to everyone who makes this program so successful – and just plain fun!

Food Shelf – Under the guidance of a dedicated and passionate group who racked up over 1500 volunteer hours this year, the Food Shelf distributed more food to needy families from 5 towns than ever before. In addition to the monthly food we buy through the Vermont Food Bank, we distributed over 25,000 pounds of FREE food (from Hannafords, Bob's Meat Market and VTFoodBank) to 654 households (1,391 individuals). As you can imagine, handling all this food is a monumental task (transporting, sorting, culling, processing, distributing, etc.) and we could use more help! If you are interested in joining our team at the Food Shelf and can donate a few hours a week, please call us: 827-3130 (Community Center office) or 827-3713 (Jane D.).

Thanks to St. Patrick's parish and United Church of Bakersfield for donations of cash and canned goods. Thanks to the National Letter Carrier's Association for their spring food drive and to numerous local gardeners who donated plants and produce this past year. Thanks to everyone who has had a hand in helping to end hunger in Vermont, especially within our community.

Youth Programs – KITK, February and April Vacation Camps and 9 weeks of summer camp were all well-attended, and we're looking forward to another season of exciting, fun and educational out-of-school programs at the Center. We'll be seeking some energetic, dependable, creative counselors for this year's camp support staff. Got kids home from college? Have them give us a call!

B-I-N-G-O! Join Charles and Denis on Tuesday nights for hours of chance, food and fun! 6:30 – 9:30.

2017 Grants – Facilitated by our town grant writer Melanie Riddle, we received grants from RiseVT, Vermont Community Foundation, United Way, Ben & Jerry's, and Agnes Lindsay Foundation totaling \$17,500. In collaboration with Fairfield Center School and the BNML we submitted a letter of interest to United Way for continued funding for July 2018-June 2021 but were turned down for this cycle. We're currently working on new grants to make up for this loss, as well as new funding sources for a kitchen upgrade, equipment & supplies for Emergency Shelters, a generator for the East Fairfield Water District and some funding for some necessary facility repairs.

Garden Project – our "Edible Landscape" project will continue to grow this spring and summer, thanks to a grant from the Vermont Community Foundation. Our raised beds and apple trees have been a source of nourishment and pleasure to summer camp kids, food shelf clients and seniors at Tuesday lunches. This year we hope to expand the garden to include blueberry bushes, two more raised beds, and more fruit trees.

Little Acorns Enrichment Center - opened its doors on November 13th with 8 kids and 2 staff members and has grown to 16 kids and 3 staff members. Quality care for infants - 5 year olds, 6:30am to 5:30pm, M-F. Kelsi Carey and her staff take pride in creating a safe, creative, inviting environment with a curriculum that is a play based, emergent style. There are still some full time openings (one infant & one toddler) and part time openings (two preschool & two infant).
Inquiries (802) 393-7254.

The Meeting House on the Green, going into its 6th year, continues to bring the community quality live music through the Summer Evenings with Vermont Treasures concert series, while simultaneously (slowly but surely) making renovations and improvements to this historic landmark. Last year we completed the window restoration with a \$11,840 matching Cultural Facilities grant. This year we've been awarded a \$30,000 matching grant from the Vermont Arts Council to redesign and build a new front terrace and wheelchair ramp. The group has been meeting for a year now with architect Michael Lawrence of Essex Junction, and has arrived at our final design which will be implemented as soon as we can begin work in the spring. Many thanks to everyone who has supported the efforts of our Meeting House team to preserve the building for future generations. We'd also like to thank our volunteers who've made the summer concert series so much fun. Lisa Howrigan, Carol Skon, Shanna Ratner, Roger Lindala, Deb Hastings, Michele Bessett and Bob Iwaskiewicz, Tyrone and Nance Shaw, Brian Steele, Marcia Brewster, & Jane Williams. Looking forward to another season of great music, and welcome new volunteers to join the Meeting House team!

Fundraising – The 25th Annual Jig in the Valley last July was our biggest fundraiser and this annual event shows no sign of slowing down or getting old. We're already thinking about this summer's plans, lining up bands and thinking about raffles. Such a good time, with over 50 volunteers (some traveling from as far away as West Virginia and California to help out) bringing the community together with music, food, & kids' activities – the things we do best!

We have another exciting fundraiser happening in April – on Friday the 13th! This year's Sap Run Boogie will be held at The Abbey in Sheldon with a spaghetti dinner and dancing to The Starline Rhythm Boys! Check our website for more information: www.fairfieldcommunitycenter.org

FCCA 2018/2019 Goals:

- Locate more residents of Fairfield and Bakersfield (elderly, disabled or otherwise) in need of food assistance and figure out how to reach/help them.
- Develop a "neighborhood assistance program" whereby volunteers would donate transportation, help with small household chores, deliver meals, etc. to folks in need. Create a database of names, phone numbers, availability, types of services offered, etc. to work from. Enlist one or two members of our core volunteer group to oversee this program.
- Schedule more (free) "Community Evenings" with wood-fired pizza, music, movies, lectures, etc. to encourage fun, positive gatherings of friends and neighbors. Hoping to get more older kids and teens involved.
- Find grant funding to upgrade our minimalist kitchen to "commercial" status, so that we can do more in it! Anticipating a budget of \$30-35,000.
- Research and develop a line of Fairfield Community Center products (condiment/jams/jellies) to sell with net profits donated to FCCA. Products would be made using as many ingredients as possible from Franklin County to help local producers as well as FCCA. An all-volunteer staff would prepare and market products.

*Many thanks to EVERYONE who has helped to make
our community a better place to live and work.
We thank you from the bottom of our hearts!*

**THE VERMONT CENTER FOR INDEPENDENT LIVING
TOWN OF BAKERSFIELD
SUMMARY REPORT**

Request Amount: \$95.00

Since 1979, The Vermont Center for Independent Living (VCIL) has been teaching people with disabilities and the Deaf how to gain more control over their lives and how to access tools and services to live more independently. VCIL employees (85% of whom have a disability) conduct public education, outreach, individual advocacy and systems change advocacy to help promote the full inclusion of people with disabilities into community life.

Final numbers for our FY'17 (10/2016-9/2017) show VCIL responded to over **3,000** requests from individuals, agencies and community groups for information, referral and assistance and program services for individuals living with a disability. VCIL Peer Advocate Counselors (PACs) provided one-on-one peer counseling to **357** individuals to help increase their independent living skills and **13** peers were served by the AgrAbility program. VCIL's Home Access Program (HAP) assisted **165** households with information on technical assistance and/or alternative funding for modifications; **84** of these received financial assistance to make their bathrooms and/or entrances accessible. Our Sue Williams Freedom Fund (SWFF) provided **97** individuals with information on assistive technology; **45** of these individuals received funding to obtain adaptive equipment. **534** individuals had meals delivered through our Meals on Wheels (MOW) program for individuals with disabilities under the age of 60. We are also now home to the Vermont Telecommunications Equipment Distribution Program (VTEDP) which served **49** people and provided **22** peers with adaptive telecommunications enabling low-income Deaf, Deaf-blind, Hard of Hearing and individuals with disabilities to communicate by telephone.

VCIL's central office is located in downtown Montpelier and we have five branch offices in Bennington, Chittenden, Lamoille, Rutland and Windham Counties. Our Peer Advocate Counselors and services are available to people with disabilities throughout Vermont. Our Windham County office also houses the Vermont Interpreter Referral Service (VIRS) (previously under the VT Center for the Deaf and Hard of Hearing) and provides statewide interpreter referral services for sign language, spoken English and CART services for assignments in medical, legal, mental health, employment, educational, civil and recreational settings.

During FY '17, **2** residents of **Bakersfield** received services from the following programs:

- Meals on Wheels (MOW)
(\$**680.00** spent on meals for residents)
- Home Access Program (HAP)
(resident on waiting list for modifications in FY'18)
- Sue Williams Freedom Fund (SWFF)
- Information Referral and Assistance (I,R&A)

To learn more about VCIL, please call VCIL's toll-free I-Line at:
1-800-639-1522, or, visit our web site at **www.vcil.org**.

American Red Cross

New Hampshire and
Vermont Region

Town of Bakersfield
C/o Katherine Westcom
P.O. Box 203
Bakersfield, VT 05441

Dear Katherine,

The mission of the American Red Cross is to prevent and alleviate human suffering in the face of emergencies by mobilizing the power of volunteers and the generosity of donors. We are a non-profit organization dedicated to helping local communities prepare for, respond to and recover from local disasters, most commonly home fires.

We also provide several other services which include supplying blood and blood products in the United States, emergency communication services for Military Service Members and their families, training courses for emergency preparedness, as well as certification courses for Licensed Nurse Assistants, babysitting, and First Aid/CPR. These services, amongst the other services and campaigns outlined below, help thousands of residents each year, and would not be possible without the generosity of donors and hundreds of local volunteers working together 365 days a year, 24 hours a day.

We provide all of our services **free** with **no** support from federal or state governments. In order to be able to provide these services, the American Red Cross reaches out to partners in the community like the **Town of Bakersfield** for funding. It is for this reason that the American Red Cross of New Hampshire and Vermont respectfully requests a donation of **\$500.00** for the upcoming fiscal year.

This past year, the American Red Cross of New Hampshire and Vermont provided the following services throughout the region:

- Every 17 hours, on average, we assisted a local family, helping over **1,134** people.
- We installed **2,871** smoke detectors in homes through our Home Fire Campaign.
- Every day, approximately **87** people were trained in first aid, CPR, and water safety skills.
- We collected **95,196** units of blood from **65,728** donors. All **40** hospitals in NH and VT depend on Red Cross collections.
- In NH/VT, **13** families who were separated from their families were reconnected with the help of our Service to the Armed Forces department.
- We currently have over **1,300** volunteers throughout the two states that help to make these services happen.

As you know, a disaster or emergency can strike at any time without warning, and the American Red Cross is committed to being in the Bakersfield community to help your residents in times of need. Your donation will go a long way in ensuring that your citizens receive the support they need when confronted by a disaster or emergency.

On behalf of the volunteers and staff throughout the two states, thank you for your consideration of this request to support the humanitarian work that we do. While we hope that no disasters hit your area, rest assured that the American Red Cross will be there to help if they do.

Sincerely,

Emily Poirier
Regional Development Specialist

TOWN OF BAKERSFIELD REPORT FY 2017 (10/1/2016 - 9/30/17)

Last year, Age Well served 23 people from Bakersfield, services included:

8 calls to the Helpline

34 hours of Care & Service
Coordination

250 Meals on Wheels delivered
141 Congregate Meals served

IMPACT

1 YEAR of Meals on Wheels equals roughly the same cost as one day in a hospital.

87% say Meals on wheels makes them feel more safe and secure.

92% say it enables them to remain living at home.

ABOUT AGE WELL

Age Well, formerly CVAA, are the leading experts and advocates for the aging population of Northwestern Vermont. We believe that health happens at home and focus on lifestyle, happiness and wellness—not on age. Since 1974, we have been part of Vermont's Area Agencies on Aging, coordinating services and care for Addison, Chittenden, Franklin and Grand Isle Counties.

Committed to helping individuals age well, we reduce barriers by providing access to healthy meals, in-home care and community resources. Delivered by staff members and over 1,000 incredible volunteers, our sought-after services are designed to meet the diverse needs of our clients, their families and caregivers.

We do not charge for services provided. As a nonprofit, we rely on donations and encourage clients to contribute if they are able to do so.

**MISSION: TO PROVIDE THE SUPPORT AND GUIDANCE THAT
INSPIRES OUR COMMUNITY TO EMBRACE AGING WITH
CONFIDENCE.**

7600

NORTHWESTERN COUNSELING & SUPPORT SERVICES

Our mission is to ensure that the residents of Franklin and Grand Isle Counties have access to high quality services, which promote healthy living and emotional well-being.

As the needs of the community have changed, so have the programs offered within our three service divisions at Northwestern Counseling & Support Services. In FY2017, NCSS served 4,174 people in our offices, in the local schools, in the community, in their homes and in their places of work; a number equaling more than 4% of the population in our two county area. NCSS offers services from birth to death within our 17 locations and also within our community partners' locations across the region. We're very proud to partner with 100% of the patient-center medical homes in our catchment area and 84% of our local schools.

Many of our staff within our community partner locations are embedded in such a way that people are unaware they work for NCSS. Counselors, behavioral interventionists, social workers, wellness counselors, and crisis workers all support members of our community where they are needed. Our agency is one you may never have heard of or maybe you're unsure about the breadth of services we provide. Our truancy specialists work with children to improve school attendance. In FY2016, students served attended an average of 76% school during the three months before services, compared with 90% during the first three months of services. At these average rates, students would miss 43 days a school year without services versus 18 days with services. Soar Learning Center, NCSS' independent school that offers individualized educational and behavioral supports has a primary goal of successfully transitioning students to the public school in their community. Over the past eight years, the program has transitioned 88 students to the public school system with only three students returning within a six-month period, indicating over a 95% success rate. These numbers only reflect two of our nearly 100 programs, all of which we are tremendously proud to provide to our community.

In your town of Bakersfield in FY2017, we served 38 consumers from all age groups and provided a total of 3,683 hours of service. We are committed to improving the lives of the residents of Bakersfield. A contribution from your town would mean a great deal to us, and we would most certainly not take it for granted. Our modest request of \$600 will mean that NCSS can continue to provide specialized and personal services to residents of your town, young and old.

Sincerely,

Todd P. Bauman, Executive Director

Northwestern Counseling & Support Services
www.ncssinc.org
802-524-6554

4,174 clients served in FY17
693,166 hours of service
614 active staff

Missisquoi River Basin Association

Our goal is to restore and maintain the ecological integrity of the Missisquoi River system so that the uses and values desired by the community are supported by the river and quality of its water.

December 20, 2017

Town of Bakersfield
P.O. Box 203
Bakersfield, VT 05441

Dear Bakersfield Selectboard members and Residents of Bakersfield,

Since 1996, the Missisquoi River Basin Association (MRBA) has been working with community members to understand and improve water quality issues in the Missisquoi River and its tributaries. The MRBA is primarily a volunteer-based organization, composed of folks from many local sources: school groups, local businesses, concerned citizens, teachers, and landowners, to name just a few. Our activities are always open to the public and we strive to include as many watershed residents as possible. Together we have generated over 21,500 volunteer hours performing streambank stabilization projects, cleaning up trash from the river and its banks, and conducting water quality sampling in conjunction with the Agency of Natural Resources. Each year we also regularly host speakers, outreach events, and public forums in the watershed to cover important topics relating to water quality issues.

The MRBA proudly partners with farmers and other landowners to assist in implementing techniques to reduce streambank soil erosion and filter field runoff. These techniques range from planting trees in streambank buffer areas, to installing water bars or lining culvert outlet basins, to seeding cover crops in corn fields. Our assistance can be in the form of hands-on fieldwork or cost-sharing on specific projects designed to meet these goals.

Along with encouraging school groups to assist with field workdays, we also provide educational opportunities to our younger watershed residents: we have educational tools that we loan out to classrooms and groups, and we provide sessions of our educational programs, free of charge, to schools within the watershed. In 2017 alone, the MRBA reached 13 watershed towns with 35 educational sessions. Volunteers also collected water samples at 25 sampling locations throughout the watershed and monitored phosphorus, nitrogen, and turbidity.

To continue making all these programs available within our communities, we respectfully request the Town's support of the MRBA through a \$500 donation. Your donation will be used to help us meet our overhead expenses (rent, telephone, internet, postage, planning meetings, and newsletters) which amount to over \$12,000 annually, and are extremely difficult to cover through grants.

Your support of our organization in past years is so greatly appreciated and the funds have been put to good use. We thank you very much for your consideration of our 2018 request.

Sincerely,

John Little, MRBA Chair

Board of Trustees of Public Funds

Town of Bakersfield

There are funds available for residents of Bakersfield experiencing financial need. The Thomas L Tupper Fund and Jesse K Maynard Fund are available to assist people who have financial emergencies. For example: medical bills not covered by insurance, emergency fuel assistance after all efforts to receive emergency fuel through State of Vermont's Fuel Assistance Program has been tried, eye glasses, past due electrical bills and rent are just a few examples of the types of help that have been provided to community members in the past. We strongly encourage all community members to access the programs offered through the state first and as a last resort seek help through the following process, although this is not a requirement, you may be asked to do so. Please do not hesitate to seek assistance. **All requests for funds are confidential.**

If you need help, you need to contact one of the following advocates first. They will assist you with the process of obtaining funds:

Carolyn Bronz: 933-4779
Sharon Lawyer: 827-6673
Jan (Marcotte) Ketchum: 827-3756
Holly Crispell: 827-9714

The Town of Bakersfield also has a higher education scholarship fund, which includes colleges, universities and technical and/or trade schools. These scholarships are provided by the Margaret J Cutting Fund and from the Holden Doane Estate. Applications can be picked up at the Bakersfield Town Hall or through your child's high school guidance department or printed from the towns web page; townofbakerfield.org. In addition to high school aged students, these funds are available to adults within the community who are pursuing higher education opportunities. You do not need to be attending college full time to apply. The application must be returned to the Town Hall by April 30, 2018; **no late applications accepted.**

Respectfully Submitted by the Board of Trustees,

Lance Lawyer
Dillan Westcom
Patrick Evans

SUMMARY OF THE SOURCES & PURPOSES OF THE BAKERSFIELD TRUST FUNDS

BRIGHAM ACADEMY FUND

In 1878, Sarah Jacobs and two others gave to build the Academy.....	\$8,000.00
(Used to build, not included in Trust)	
In 1877, Peter Bent Brigham left to aid education.....	30,000.00
In 1891, Sarah Jacobs left to support the Academy.....	100,000.00
With accumulated interest	3,475.00

TOTAL BRIGHAM ACADEMY TRUST FUNDS

\$133,475.00

CEMETERY TRUST FUNDS

In 1877, Peter Bent Brigham left to start a cemetery trust fund.....	\$10,000.00
In 1928, willed by Mattie Boutell Smith.....	500.00
willed by Loretta Brown	100.00
In 1955, willed by Mathilda Potter.....	100.00
In 1956, willed by Caroline Shattuck.....	1,000.00
In 1961, willed by Elwyn Vincent.....	177.93
willed by Child.....	2,499.07
In 2002, willed by May E. Regan.....	5000.00
In 2015, willed by Holden Doane.....	2000.00

GILBERT FUND

In 1957, Howard Gilbert left to establish a fund for cemetery care.....	\$29,466.71
In 1986, Gilbert Stock Principal Inc.....	63.29

COWAN FUND

In 1990, Marian Cowan left for the care, maintenance and upkeep of the cemetery.	\$2,000.00
--	------------

TOTAL CEMETERY TRUST FUNDS

\$52,907.00

J.K. MAYNARD FUND

In 1888, Jesse K. Maynard left in trust, for the care of the worthy poor, with the unused income subject to the vote of the town.....	\$15,518.00
---	-------------

LIBRARY TRUST FUNDS

WEEKS FUND

In 1942, willed by Mary F. Weeks to build, equip, and maintain the H. F Brigham Library.....	\$22,043.00
--	-------------

SHELDON LIBRARY FUND

In 1989, given in memory of Hortense Sheldon to be invested by the Trustees of Public Funds, with income for the benefit of the H. F. Brigham Library.....	\$35,000.00
--	-------------

SHELDON LIBRARY BOOK FUND

In 1994, willed by Hortense Sheldon, to be invested by the Trustees of Public Funds, with all income used to buy books for the H. F Brigham Library.....	\$16,315.00
--	-------------

H. F. BRIGHAM BOARD OF TRUSTEE'S REPORT 2017

We greatly appreciate the support the community has given the library in the past years and we look forward to your continuing support.

The library continues to offer book discussions on the 3rd Thursday of the month. We're always looking for new readers. We have added Stitch and B#\$%*+ evenings (a monthly gathering of crafters -- knitters, crocheters, embroiderers, etc.) on the 4th Thursday of the month from 6:30pm -8pm.

This year we coordinated with the United Church, the Bakersfield Elementary School and the Vermont Humanities Council on the Vermont Reads Book- Brown Girl Dreaming to offer an adult book discussion and a planned discussion with the school's 5th - 6th grades. Other programs offered were -The Friendly Pirate on July 4th and Exordium - a program on bees from a local performer from Swanton. The Summer Reading Program is offered yearly for preschool through 8th grade students. Don't forget the Halloween Free Book Giveaway, supplied by donations. We now have TUBBS snowshoes for borrowing by both children and adults.

We spruced up the outside of the library this year. Power washed the building and the ramp. The ramp was stained too. Painted the front door and the window trim. The front light was repaired as well.

Total circulation for 2017 was 1,737 items, including books, periodicals and various forms of media. We had a total of 2,191 visits. If you need a book we don't have will get it through interlibrary loan. Don't forget we have 24/7 internet access and laptops for use .

We added Friday morning hours this year 9am - 12 noon. Which brings the total hours to 28.

Please visit our Facebook page and our website.

Please visit the library and bring a friend. There's always something happening.

Blueprint for Learning

Mission

The mission of the Franklin Northeast Supervisory Union (FNESU) Learning Community is to adopt, promote, and support high expectations for all its members. FNESU will use data and research-based best practices to make informed decisions so that all children learn and succeed in each area of development.

Vision

FNESU believes that working as a Professional Learning Community will lead to achievement of our mission. FNESU members will:

- Unite to achieve a common purpose and clear goals;
- Work together in collaborative teams to build capacity and promote ongoing professional learning;
- Seek and implement promising strategies for improving student achievement on a continuing basis;
- Monitor each school's progress; and
- Demonstrate a personal commitment to the academic success and general well-being of all students.

Targets

Target Goal #1 Literacy (Reading and Writing) – Improve student performance in Reading and Writing on New England Common Assessment Program (NECAP) Assessments as evidenced by any or all of the following:

- The number of students who reach proficient and/or higher on the Reading and Writing assessments will increase by 5% each year.
- The number of students who move up proficiency levels with the NECAP Reading and Writing assessments will increase by 5% each year.
- The number of students who demonstrate minimum of one year's growth in one teaching year's time will increase by 5%. (As measured by Scaled Scores NECAP in Reading Only)

Target Goal #2 Mathematics – Improve student performance in Mathematics on the New England Common Assessment Program (NECAP) Assessments as evidenced by:

- The number of students who reach proficient and/or higher on the Mathematics assessments will increase by 5% each testing year.
- The percentage of students who move up proficiency levels with the NECAP Mathematics assessments will increase by 5% each testing year.
- The number of students who demonstrate minimum of one year's growth in one teaching year's time in Mathematics as demonstrated by NECAP assessment results will increase by 5%. (As measured by Scaled Scores)

Target Goal #3 Science – Improve student performance in Science on the New England Common Assessment Program (NECAP) Assessments. The number of students who reach proficient and/or higher on the Science assessments will increase by 5% over the previous class.

Target Goal #4 Technology – Increase students' ability to utilize technological skills necessary to assist them in accessing digital tools to enhance learning experiences.

Target Goal #5 – Improve school climate, student well-being, and communication as evidenced by survey data collected from students, parents, and community members.

Target Goal #6 – Preparing, training, recruiting, hiring, and retaining high quality and effective educators – Increase student academic achievement by improving educator and administrator quality and increasing the instructional abilities of educators in classrooms and administrators to provide effective feedback to educators.

Superintendent's Report **Lynn Cota, Superintendent**

"Education is the most powerful weapon which you can use to change the world."
~ Nelson Mandela

In July, I began my first year as the Superintendent of Schools, and my 23rd year serving students, in the Franklin Northeast Supervisory Union (FNESU). It is my honor to present my first Superintendent's Annual Report.

School Governance

School governance has been a primary focus throughout my first six months in this role. In November, the boards of our five towns (Bakersfield, Berkshire, Enosburg, Montgomery, and Richford) presented voters with a side-by-side merger proposal. The merger passed in three of the five towns, which led to a merge on one side between Bakersfield and Berkshire and a narrow defeat on the other side between Enosburg and Richford. Berkshire and Bakersfield School Districts have begun the preliminary work to begin the unification process. The new Unified Union District will become operational on July 1, 2019. Montgomery School Board members submitted a Section 9 proposal requesting that they remain a single district. Similarly, the Enosburg and Richford School Boards submitted a joint proposal requesting that they each maintain their current single district governance structure. Proposals are available on the FNESU website: www.fnesu.net. These Section 9 proposals will be considered by the Secretary of Education as she develops her recommendation for the final Statewide Plan.

No matter the outcome of the final plan, it is in the best interest of our students for us all to move these, sometimes divisive, conversations about unification into productive and respectful opportunities for civil discourse. Whether school governance structures are merged or not, we will best meet the needs of our school communities by moving forward productively and collaboratively.

Timeline – Act 46 & Act 49

By June 1, 2018, the Vermont Secretary of Education will present her recommendations for school governance of the non-merged districts to the State Board of Education.

By November 30, 2018, the State Board of Education will issue the order of the final Statewide Plan requiring school governance consolidation, which will include some or all of the non-merged districts in Vermont.

By July 1, 2019, all new merged districts will become fully operational.

Education Funding in Vermont

The statewide education funding system in Vermont is quite complex. The Vermont School Board's Association released a video that helps break it down in an understandable manner. If you haven't already watched this video, please take the time to do so: <http://bit.ly/VTEdFunding>. Over the past several months, there has been a lot of conversation about the anticipated gap in the State Education Fund. It's important to understand that the State Education fund pays for budgets approved locally by taxpayers. The amount of money Vermonters are required to raise in the Education Fund is based upon the sum total of all the local decisions that get made about school budgets throughout Vermont.

Governor Scott has recommended capping the increase in per-pupil spending at 2.5%. Within the Supervisory Union, 4 of the 5 towns exceeded the recommendation, and actually decreased their per-pupil spending. Enosburg was not able to meet the target, given a substantial deficit at the end of the 2016-2017 school year, in part due to a loss of tuition students from Fairfield as a result of Maple Run's merger. As a Supervisory Union, our per-pupil spending is decreasing by over 2%. Our spending continues to be among the lowest in the state and falls below the county and state averages in all five of our towns. It's also important to note at the state level, we used one-time money to cover a deficit in the Education Fund in 2017 in order to prevent a tax increase. That being said, we are now faced with two years of growth in one year.

Student/Staff Ratios

One of the contributing factors to increased spending in Vermont is a relatively low student/staff ratio, compared to the national norm. In an effort to control spending in Vermont's public schools, Secretary Holcombe has set a *Student/Staff Ratio* recommendation of 5:1. We are meeting, or very nearly meeting, this target in all our schools.

School	Student/Teacher Ratio	Student/Staff Ratio
Bakersfield Elementary	9.07	5.05
Berkshire Elementary	13.43	6.28
Enosburgh Elementary	10.72	5.40
Enosburgh Middle & High	10.28	4.95
Montgomery Elementary	12.35	5.59
Richford Elementary	9.94	4.93
Richford Jr.-Sr. High	12.88	6.15

Student Learning

Improving learning opportunities and outcomes for the students in Franklin Northeast continues to be the primary goal of our professional work. Annually, each school analyzes data from a variety of sources to complete a Comprehensive Needs Assessment. Based upon the needs identified within each school, and in consideration of the FNESU Continuous Improvement Plan, each school develops their own semi-annual Continuous Improvement Plan. Please visit your school's website, or the FNESU website, to review our current plans.

Overall, we have seen growth in the majority of standardized measures from the Smarter Balanced Assessment Consortium (SBAC).

Grade	Vermont ELA	FNESU ELA	Student Growth Over Time	Vermont Math	FNESU Math	Student Growth Over Time
3	49%	52%	N/A	52%	50%	N/A
4	49%	50%	-12%	47%	55%	+6%
5	55%	49%	-2%	42%	43%	+7%
6	52%	56%	+8%	39%	48%	-1%
7	55%	51%	-----	44%	46%	-4%
8	55%	50%	-1%	41%	41%	-3%
11	59%	51%	(+33%)	37%	27%	(+7%)

FNESU students scored at or above state average on 8 of 14 measures.

FNESU students scored below state average on 6 of 14 measures.

We are proud of the progress we are making, and recognize the areas we need to focus on for continued growth.

Curriculum

Jody Vaillancourt/Jennifer Kennison, Co-Directors of Instruction & Learning

The schools of Franklin Northeast Supervisory Union (FNESU) and the rest of Vermont continue to navigate significant change in order to prepare students for a variety of opportunities after high school and prepare them to thrive in a new economy. As with any major change, we have experienced success and encountered challenges. Fortunately, the strong culture of collaboration among our schools allows us to work together to build on our strengths and address our struggles as we work toward continual improvement.

The implementation of Proficiency-Based Learning (Act 77) represents a success from the past year of which we can all be proud. To quote Vermont Secretary of Education Holcombe, "Proficiency-Based approaches are driven by three basic principles. First, when we can tell students clearly and specifically what we expect them to learn, they are more likely to learn it. Second, practice helps us get better. Third, giving students the specific feedback they need and the opportunity for additional practice helps them to develop and demonstrate those same skills."

All schools in FNESU have been striving to teach students how to be self-directed learners, and all students in grades K-9 now have standards-based reporting systems that include information for parents about standards and feedback on student performance toward meeting these standards. Many of our schools conduct student-led conferences and Personalized Learning Plan (PLP) meetings as well. Students who are currently freshmen at Richford and Enosburg High Schools will graduate based on evidence of proficiency, rather than traditional grading systems that offer learners little information about how to improve. For more information on Proficiency-Based Learning in Vermont, visit the FNESU Website at <http://www.fnesu.net/proficiency-based-learning.html> and/or the Vermont Agency of Education website at <http://education.vermont.gov/student-learning>.

The continued improvement of our students' achievement on the statewide assessment known as SBAC (Smarter Balanced Assessment Consortium) is certainly another bright spot from the past year. Students in FNESU showed growth in the majority of the 14 measures on the SBAC for literacy and math. We expect to see more growth from our testing this spring.

The 2017-2018 school year represents the transition year to implementation of changes required by the Vermont State Plan to address the federal Every Student Succeeds Act (ESSA). Under ESSA, teachers and students in Vermont schools will face changes in the statewide assessments beginning in the spring of 2018. New this spring, Vermont students will participate in the field test of a new science assessment for students in grades 5, 8 and 11. This assessment is in the design process and focuses on the Next Generation Science Standards (NGSS). Also new, students in grades 4, 7 & 10 will participate in the field test of the

FitnessGram assessment. This tool is intended to help our students learn to value a physically active lifestyle. Another significant change is the shift from administering the SBAC Literacy and Math assessment in grade 11 to grade 9. These changes can be viewed as both a challenge and an opportunity. For instance, by moving the high school assessment to grade 9, FNESU will be able to track year-to-year growth from grades 3 through grade 9.

Ultimately, continuous improvement is the goal of every school in FNESU. Just as with each of our students, we recognize that each school has individual strengths and needs. FNESU strives to celebrate school success and support improvement where there is need.

Continuum of Supportive Services

Shirley Carlson, Director of Special Programs

Children experiencing significant challenges in basic skill development are often referred to individual schools' Educational Support Team (EST) for an informal discussion regarding what basic skills are impacted, what interventions are needed, and the severity of academic achievement. Parents are also invited to the EST meetings to express their concerns and/or hear the concerns of their child's teacher(s).

There are various outcomes as a result of the EST meeting - additional interventions might be proposed over a period of time and reassessed at the conclusion of this timeframe, or the team may recommend that a referral to special education is warranted given the data collected regarding a student's individual progress.

Once a special education referral is made, an Evaluation and Planning Team (EPT) meeting is convened by a special education teacher to develop a plan for testing purposes. The EPT meeting will include the child's general education teachers, interventionists, the school's Local Education Agent (LEA), and the parent. Once the child's parent gives consent to the evaluation plan, the school has 60 days to complete this assessment.

Please find below the percentages of identified special education students in each of our 5 towns with the exception of Montgomery.

Bakersfield	12%
Berkshire	12%
Enosburg Elementary	15%
Enosburg Middle & High	15%
Montgomery Elementary	N/A
Richford Elementary	20%
Richford Jr.-Sr. High	18%

These numbers were based on the 2016/2017 School Report data. It should be noted that the statewide average of identified special education students is 15% while the national average is 14.8%.

During the 2016/2017 school year, Franklin Northeast Supervisory Union participated in an intensive study performed by the District Management Group (DMG), a consultant firm from Cambridge, Massachusetts. DMG was contracted by the State of Vermont, to conduct an in-depth study of special education systems in 10 participating supervisory unions in Vermont. Results of this study became available in late June 2017. DMG will present their consolidated findings to the State Legislature in January 2018. Franklin Northeast Supervisory Union has done preliminary work in addressing recommendations presented in this study and will continue to consider next steps in improving special education services and how our schools can intervene earlier when students struggle academically.

Technology Report

Dominic DeRosia, Technology Director

In Franklin Northeast Supervisory Union (FNESU), we strive to prepare students for the technological future that awaits them. The use of technology in schools creates more educational opportunities for students, as well as providing the connectivity to become global learners.

With 1:1 computing, many students are given their “own” device to use by their school. 1:1 computing is a broad term based around the idea of having one device per student. As the cost of mobile devices has continued to decrease, FNESU schools have been able to continue to grow our 1:1 programs. We regularly evaluate devices as new ones become available providing our students with the best learning experience possible, while at the same time keeping our budgets and local taxpayers in mind.

While we have a variety of devices available to students, including laptops, iPads and Chromebooks, it's the Chromebooks that have emerged as the main computing device within FNESU. At this point, all of our schools are either already using Chromebooks as their main student device, or are in the process of transitioning from iPads to Chromebooks. The lower price of Chromebooks compared to iPads, along with the ease of maintenance, larger screen and physical keyboard have made them a very attractive option. FNESU is far from alone in this thinking, as Chromebooks have become the most popular device in schools nationwide in recent years.

Having a large number of computing devices in schools has also become a necessity when it comes to testing. Our students are required to take the Smarter Balanced Assessment Consortium (SBAC) assessments. While students would take traditional paper and pencil style tests in the past, the SBAC tests are electronic and require compatible devices for testing.

While technology has great benefits in its role as a learning tool, we must also keep in mind that technology itself can lead to many potential career paths for students. With the creation of many new jobs, which require Computer Science degrees being projected for the near future, it is our responsibility to show our students that these potential career paths exist. Many classrooms across FNESU have participated in the Hour of Code over the past few years, which is an annual event designed to introduce and promote coding to students. We have also seen an increase in Maker (learn by creating) projects, including the use of 3D Printing in several of our schools.

Many technological tools other than student devices are used throughout FNESU as well. We use a teacher observation system called TeachPoint, which allows administrators to leave detailed real-time feedback for teachers about what they observed while visiting classrooms. Teacher-created websites and the use of classroom management tools like Google Classroom and Edmodo improve the communication between teachers and students and continue to grow in popularity. All teachers use our online curriculum database, Rubicon Atlas, to develop and map curriculum. The use of G Suite (formerly Google Apps for Education) has become commonplace for FNESU schools, enabling collaborative document creation and sharing, website design and blogging, among other useful tools. We also continue to use PowerSchool as our Student Management System. Another beneficial system is SchoolMessenger, which allows schools to make automated calls home to share information about upcoming events, or with important messages such as school closings.

As the use of technology continues to grow, safety must be kept as a focus. Both teachers and students need to be educated in safe and appropriate use of technology. The first link in the list below is a good resource for anyone looking for tips on Internet safety.

Technology Education Resources:

Please feel free to contact me via email with any questions pertaining to technology in FNESU schools at dderosia@fnesu.net or by phone at 848-7661 x21.

LEAPS

(Learning and Enrichment Activities that build Positive relationships and Self-esteem)

A 21st Century Community Learning Center (CCLC)

Maria Gleason, 21st CCLC Project Director

LEAPS continues to connect after-school programming, supplemental instruction, and skill development with the local school system and community. The mission of LEAPS is to improve student achievement in math, science, and reading/language arts, to improve self-esteem and social skills, and to reduce high-risk behaviors and attitudes.

For the fourteenth year, we are serving grades 5-12 at Enosburg Falls Middle & High School and grades K-6 in Richford. Three other sites are in their eighth year and are serving grades K-8 in Bakersfield, grades K-8 in Berkshire, and grades K-4 at Enosburg Elementary. Montgomery Elementary is in their fourth year and serves grades K-8. This grant funds all sites at fifty percent through June 2019. Other funding sources include Consolidated Federal Program Funds, private grants, tuition paid by parents, donations, and in-kind services. After this school year, every LEAPS program will have some funds allocated to their programming from each individual school board.

Each site varies in scope; however, they each work towards achieving common goals with the intent to strengthen student learning during the school day. The goals parallel those of the Franklin Northeast Supervisory Union (FNESU). This mission is promoted through offering a variety of enrichment activities, homework assistance, tutoring services, volunteer opportunities, career readiness and clear expectations that will foster a positive school and community atmosphere.

Staff for these programs primarily consists of school-day staff and some recruited community members that lead other activities in which students have expressed an interest. All of our sites provide a variety of high-quality enrichment activities, such as physical activities, the arts, science, literacy, and math. LEAPS has access to classrooms, gyms, cafeterias, libraries, and outdoor sports fields. All of these sites follow school rules, policies, procedures, and practice fire drills and lockdowns during the after-school hours.

During the 2016-2017 school year, our project served 915 students in all six sites, 691 of these students were regular attendees defined by attending 30 or more program days. The amount of regular attendees is up by 20 students from last year! Research shows that in order for after-school programming to positively impact student learning, they must attend more than 30 days per year. Overall, 77% of eligible students have attended our programs. 76% of those attendees are considered regular attendees by the federal definition. Specifically, at Bakersfield Elementary: Out of the 131 students in Kindergarten through eighth grade, 122 students attended the program of which 71 were regular attendees. This means that 58% of those students who attended the program were regular attendees.

Our programs would not have been as successful without the continued and growing support of our Community Partners: Arvin A. Brown Library, Cornerstone Youth Center, Local Motion, LJW Memorial Fund, VT National Guard, Enosburg Art Gallery, Berkshire Recreational Department, Green Heron Farm, UVM Extension Service, RISEVT, Phineas Swann, Berkshire PTO, Snyder's Academy of TKD, Hannaford, Montgomery Adventures, the VT Campaign to End Childhood Hunger, VT Department of Fish/Wildlife, and the NOTCH Program. Thank you for all of your support.

Principal's Report

Anissa Seguin

Now into my third year as Principal at Bakersfield Elementary Middle School (BEMS), I continue to be excited about the traditions we follow as well as the new initiatives that we have started. It has been wonderful to be here for a few years. Starting a new year is always exciting. After every vacation it is wonderful to see the kiddos come walking through the door sharing stories, seeing how much they have grown, what teeth are missing, and what stories they have to share about their experiences. BEMS is a fantastic school and wonderful place. The community of Bakersfield shares so much with our school, and seeing the outreach of people that don't even have children here anymore amazes me. I am very happy to be part of the community of Bakersfield.

Last year, we updated our mission and vision that blend the past and the present in order to enhance the education happening in our school. Our school expectations are Be Safe, Be Respectful, and Be Ready To Learn. We are in our second year using Restorative Practices, the desired outcome is that students maximize their opportunities to practice positive and safe behavioral choices and repair situations with each other respectfully. We are a Positive Behavioral Intervention and Support (PBIS) school of merit. At BEMS, we go out of our way to notice and recognize positive behavior. We take the time to celebrate those successes with individuals, and with the school as a whole (you can find our shout outs listed in Paw Prints each week).

At BEMS, we are implementing a Multi-Tiered System of Support (MTSS). Every student at our school has a learner profile. Teachers update the learner profiles throughout the year. MTSS is described in the VT MTSS field guide as "a comprehensive, systemic approach to teaching and learning designed to improve learning for all students through increasingly differentiated and intensified assessment, instruction and intervention. Equally important is the idea that qualified professionals with appropriate expertise should provide instruction. MTSS is not exclusively a general or special education initiative." I am proud of the work and dedications from the teachers. The teachers continue to focus on high expectations, rigor, hard work, and social emotional education for students. The teachers also, do very well in differentiating instruction as students need.

We have increased our technology and therefore are able to have 1:1 chromebooks in 2nd - 8th grade. We strive to implement high quality academic instruction using technology and push students to have opportunities to "see" beyond the walls of BEMS. Our plan is to expand student use of technology from simply being a typing tool, to becoming a publishing, sharing, responding-to- many tool.

Our school enrollment remains steady at approximately 150 students including play/preschool. We started the school year with a few new faces this year. Meghan Petrie joined us as our middle school math teacher, Priscilla May as art/library teacher, Michelle Greene as special educator, and Kelly Hyde as the math interventionist. Our new paraprofessionals are: Emily Machia, Raina Sleeman, April Gilbert, and Krista Clayton.

The Smarter Balanced Assessment Consortium (SBAC) and The New England Common Assessment Program (NECAP -science) learning assessments continue to take place in the spring of each year (this year these will change to 5th grade instead of 4th grade). Our scores overall show an increase from 2016 to 2017. Below you will find the % proficient for our school. These scores give students, teachers, and parents information about performance and learning. Our school continues to fall in the category of "needing improvement" according to standardized test results. We endeavor to continue to increase these scores through our School System of Supports and in using data effectively to inform instruction. The SBAC scores are one point of measurable data.

SBAC Scores Spring 2017

Grade	English Language Arts /Literacy			Math		
	% Proficient and above VERMONT	% Proficient and above FNESU	% Proficient and above BAKERSFIELD	% Proficient and above VERMONT	% Proficient and above FNESU	% Proficient and above BAKERSFIELD

We communicate to our community in several ways. Some of these ways include: teacher newsletters, our website, our weekly school newsletter (Paw Prints), the school facebook page and our sign out front. Our goal is to include at least one activity a month where families have a chance to come into the school. We have held an Open House, Talent Show, student-led conferences, and Harvest Dinner. This year, our winter concert moved to January. We will be hosting more activities as the year progresses. This spring, we will have student-led parent conferences, a spring concert, a drama production, and we are also hoping to fit in a walk-to-school day. We continue to have amazing volunteers for the Four Winds Science Program! Our Farm-to-School Program is going well. We continue to make progress on student awareness of using local products, making their own products, and being invested in the community around them. We had a summer garden and used the produce, and currently our middle school science teacher is working on a trout hatching project for the spring. We are grateful for our Learning and Enrichment Activities that build Positive relationships and Self-esteem (LEAPS) program and our After School Program (ASP). These programs continue to grow and provide more opportunities for ALL students at BEMS. 76% of our students attended LEAPS. Our Parent/Teacher/Community Organization (PTCO) has been rekindled. ALL are welcome to join the meetings. One goal of the PTCO is to build a new playground for the school and community.

I am honored to be a part of the education of your children. My door is always open. Please stop in and share your thoughts, ideas, comments, and concerns.

Business Manager's Update Morgan Daybell, Business Manager

School Budget

Bakersfield's proposed school budget is down \$53,021 from the budget approved last year, a 1.6% decrease. The reduction is due primarily to lower projected high school tuition costs.

The district is anticipating an increase in revenue compared to last year, primarily due to an increased fund balance from FY17 and an increase to the Small Schools Grant.

Residential Tax Rates

Four factors go into setting the *equalized residential tax rate*, the rate you see on your property tax bill for homesteads.

- **Education Spending** is the budget approved by voters each year, lowered by any expected revenues (like grants, and interest). *As Education Spending increases, the tax rate increases. This is the only part of the formula impacted by local boards and voters.*
- **The Equalized Pupil Count** is a weighted count of the number of students in a district. *As the Equalized Pupil Count increases, the tax rate decreases.*
- **The Property Dollar Equivalent Yield** is an amount set by statute and revised annually by the Legislature. *As the dollar yield increases, the tax rate decreases.* This budget uses \$9,842, the amount recommended by the tax commissioner on November 30. The final figure will be set by the Legislature.
- **The Common Level of Appraisal (CLA)** measures the difference between listed property values and market value. A CLA below 100% means that on average, properties are selling above their assessed value. *As the CLA increases, the tax rate decreases.*

The lower yield amount proposed by the administration is increasing projected tax rates statewide by around 9 cents. That increase is smaller in towns that spend below the state average, and in Bakersfield is offset by the decrease in per-pupil spending, as well as an increase to the CLA.

Households with income below \$137,500 may be eligible for a reduction in their residential property tax bill. In Tax Year 2016, 307 Bakersfield property owners had their school taxes reduced based on income. All Vermont residents who own and occupy a Vermont homestead must file a Homestead Declaration and Property Tax Adjustment Claim (HS-122) with the VT Department of Taxes by April 15.

Non-Residential Tax Rates

Non-residential tax rates are set by the legislature and change based on the CLA. *Local budget decisions do not change the non-residential tax rate assessed by the state.* The non-residential rate increase clearly shows the 9-cent impact from the figures proposed by the State administration.

Audit

The District was audited by RHR Smith & Company for the fiscal year ending June 30, 2017. A copy of the audit can be obtained by calling the Supervisory Union office at 802-848-7661.

26.	Excess Spending per Equalized Pupil over threshold (if any)	\$13,278	\$13,728	\$14,344	\$13,549.21
27.	Per pupil figure used for calculating District Equalized Tax Rate	\$13,278	\$13,728	\$14,344	\$13,549.21
28.	District spending adjustment (minimum of 100%)	140.378%	141.510%	141.183%	137.667%
Prorating the local tax rate					
29.	Anticipated district equalized homestead tax rate (to be prorated by line 30) (\$13,549.21 ÷ (\$9,842.00 / \$1,000))	\$1,3898	\$1,4151	\$1,4118	\$1,3767
30.	Percent of Bakersfield equalized pupils not in a union school district	100.00%	100.00%	100.00%	100.00%
31.	Portion of district eq homestead rate to be assessed by town (100.00% x \$1.38)	\$1,3898	\$1,4151	\$1,4118	\$1,3767
32.	Common Level of Appraisal (CLA)	103.09%	99.28%	98.57%	100.14%
33.	Portion of actual district homestead rate to be assessed by town (\$1,3767 / 100.14%)	\$1,3481	\$1,4252	\$1,4323	\$1,3748
34.	Anticipated income cap percent (to be prorated by line 30) ((\$13,549.21 ÷ \$11,862) x 2.00%)	2.53%	2.53%	2.39%	2.28%
35.	Portion of district income cap percent applied by State (100.00% x 2.28%)	2.53%	2.53%	2.39%	2.28%
36.		-	-	-	-
37.		-	-	-	-

If the district belongs to a union school district, this is only a PARTIAL homestead tax rate. The tax rate shown represents the estimated portion of the final homestead tax rate due to spending for students who do not belong to a union school district. The same holds true for the income cap percentage.

- Following current statute, the Tax Commissioner recommended a property yield of \$9,842 for every \$1.00 of homestead tax per \$100 of equalized property value. The Tax Commissioner also recommended an income yield of \$11,862 for a base income percent of 2.0% and a non-residential tax rate of \$1.528. New and updated data will likely change the proposed property and income yields and perhaps the non-residential rate.
- Final figures will be set by the Legislature during the legislative session and approved by the Governor.
- The base income percentage cap is 2.0%.

Town of Bakersfield, Vermont Policy for Collection of Delinquent Taxes

As collector of delinquent taxes for the Town of Bakersfield, I believe it is in the best interest of the Town, as well as its residents, that property taxes be paid when they are due, but I recognize that there are circumstances beyond the control of a taxpayer that may cause them to become delinquent. I will work with these delinquent taxpayers to help them become current in their obligation to the Town and will deal with them in a diplomatic and professional manner. However, should I encounter a taxpayer who fails or refuses to deal in good faith, I will proceed with any and all collection methods appropriate to recover the debt in a timely manner.

1. An 8% penalty is charged on all delinquent taxes. In addition, interest on delinquent taxes accrues at the rate of 1% per month.
2. Within 15 days after the warrant for collection of delinquent taxes has been issued and periodically thereafter until taxes are paid in full, a notice will be sent to each delinquent taxpayer indicating the amount of taxes, interest and penalty owed.
3. A written payment agreement must be executed by the delinquent taxpayer by November 30th, 2017. Payments will be first applied to accrued interest. Any amount in excess of the accrued interest will be applied proportionally to the principal amount of tax and the penalty. (By way of example, if the payment was for \$150 and if the accrued interest was \$42, \$42 would be allocated to the interest, \$100 to the tax, and \$8 to the penalty. All payment plans must be paid in full by September 30, 2018.
4. If a payment agreement is not executed by the delinquent taxpayer by November 30th, 2017, or if the terms of such a payment agreement are breached, the tax collector will initiate formal proceedings to collect the outstanding taxes, interest and penalty. Such proceedings may include tax sale, legal action to recover the debt, distraint of personal property, and/or foreclosure.

NOTICE: You may be entitled to an abatement of your delinquent property taxes under 24 V.S.A. §1535. If you would like to schedule a meeting with the Board of Abatement, please contact the town clerk at: 802-827-4495.

Katherine Westcom

Collector of Delinquent Taxes
Town of Bakersfield, Vermont

What is community?

It has a few meanings;

~a group of people living in the same place, (*Bakersfield*) or having a particular characteristic in common. (*Cole*)

~a feeling of fellowship with others, as a result of sharing common attitudes, interests and goals.

We often don't realize how important our community is or how special it can be until we are needed. **Sometimes we are needed as a community and sometimes our community needs someone.**

This past year that need was Cole Paquette. Did he need his community or did his community need him?

Cole is at least a 4th generation of Paquette's that have lived in our small community. He was diagnosed with a rare form of cancer in 2016. A cancer the medical field knew little about.

Was he willing to fight? You bet he was and our community was behind him 100%. Not only were Cole and Bakersfield willing to go the distance but also our surrounding communities. Together they put up the fight of their lives!

While Cole and his family met with doctors and specialists, Bakersfield began organizing fundraisers. Support systems were put in place. This community wanted to know everything they could about this rare disease so the learning began. It

became our focus for the next 12 months. Bakersfield was ready to do whatever they could to help fight this battle with Cole.

There were bad days and bad weeks. There were good days and good weeks. Still our battle continued.

Who was fighting this battle harder than anyone? Cole was! But if you were to ask him how are you doing? His response would be, "Good." Good! Whether he was extremely sick or in pain, most of the time he was good. Behind that word was a boy teaching his community a whole lot about life. He taught us to fight! To not believe everything you are told. To stand up to any and every challenge. He taught us to face things head on. He taught us to laugh and to cry with each other. He taught us to love like we've never loved before. He taught his peers to do their best and to hold on to each other and show your true feelings. He taught us so many things but the one thing that will always stand out is, he taught us to NEVER GIVE UP!

Together Cole and his Bakersfield community fought the biggest battle of all..... LIFE!

Did we give up? NO

Did we win? YES

Yes, because Cole taught us one more thing. He taught us that even after the battle is over and we come to terms with the unknown, we can still fight! Fight for a cure! Fight to keep our community strong.

And most of all love life, no matter what it throws at us!

Thank you Cole for making such a huge impact on our little community. May you Rest in Peace, and may you look down on us and remind us every once in awhile how truly special we all are.
