a film by dan habib

LT. GOVERNOR'S 2019 MOVIE SERIES

Hosted by Lt. Governor David Zuckerman

Intelligent Lives, starring three pioneering young American adults with intellectual disabilities, challenges perceptions of intelligence in the United States. The film unpacks the shameful and ongoing track record of intelligence testing, and points to a future where people of all abilities can fully participate in higher education, meaningful employment, and intimate relationships.

Thursday, March 28th

Doors & Networking: 5:30 p.m.

Movie: 6:00 p.m.
