No need for hard copies yet, I'm working on level of support for version 1. I've made a hard copy of each and will let you know. Thanks for the incredible work on this issue. Sorry it's cool me to this.

I have one down in editing now that strikes all new House language and adds your new Commission language as well as Ag lab section. I will add ballot question to it.

I'll also do one that just strikes everything House added and leaves original Senate 858 language.

Right?

Please go with the simple version from pepper, please also prepare 2 versions of the concur. One with both the ballot & commission. One with striking all the house pot language including the commission.

I've attached a document with the two options of language – what I sent earlier and what administration is asking for. I'm not wedded to my language, but I think the other one is too simple. I think it needs to address personal use/cultivation by 21 + and regulating and taxing commercial. You bring people along with both. At the very least you should say 21+ so there is no confusion about that. Maybe run language by others informally?
