

Dear Kate Wilson,

I have had major surgery a little over a week ago and will not be able to attend the last reading of S 141. I moved to Vermont 4 years ago for the beauty and honesty I found from many years of visiting from Florida.

Since arriving, I have kept up with the Legislature literally every week they have been in session.

I have both seen and know numerous people who have either left the state or want to leave because of the one sided ideology coming out of Montpelier.

Since it was revealed in front of Dick Sears who Gun Sense Vt actually is, I respectfully ask for a vote of no to respect the honesty which Vermonter's expect instead of the deception which Gun Sense used.

Thank you for your consideration.

Mark Wells
