

Sec. **X** MEDICAID NON-EMERGENCY TRANSPORTATION

(a) In fiscal year **2021**, when the General Assembly is not in session, prior to executing a contract to provide Medicaid Non-Emergency Transportation services, the Department of Vermont Health Access shall provide to the Joint Fiscal Committee for review and approval a detailed analysis **demonstrating that by** executing such a contract:

(1) no State policy, including the coordinated delivery of transportation services **in** the Elderly and Disabled program and the Medicaid Non-Emergency Transportation program, **will be compromised;**

(2) there will be no degradation of service to eligible individuals; and

(3) the financial stability of the State's public transportation systems will be maintained.

(b) The analysis shall also include the impact of the Agency of Transportation's investments in vehicles, technology, and other capital investments **on** the coordinated **service** delivery model.
