

Good morning, members of the Vermont house Judiciary Committee:

As the Committee prepares to again take up the issue of S.141, I wanted to call the attention of each of you to this article that was published on VTDigger.org last evening about the implications for that piece of legislation carried by the recent ruling of the Vermont Supreme Court with respect to involuntary treatment for mental illness.

Here's a link to the article:

<http://vtdigger.org/2015/04/13/court-ruling-on-involuntary-treatment-could-have-bearing-on-gun-bill/>

As the process moves forward, I would like to take this opportunity to state, for the record, that I am absolutely and adamantly opposed to any new gun related legislation in Vermont. Thanks for your attention in this matter.

Respectfully,

Eddie Garcia
