Subject: Re: Your request

Hi Sarah,

That's very helpful. Thanks so much! I appreciate your checking with the other offices, as well.

Take care,
Hilary

Dear Hilary,

This is in response to your request for Request for Information records. Please be aware that the Governor's Office has not issued any RFI's. As a courtesy, we have also checked with the Secretary of Administration's Office and the Office of Health Care Reform – both offices advise that they have not issued RFI's either. There is not necessarily a centralized database of all RFI's issued across state agencies and departments, though you may wish to follow up with BGS and/or DII for particular RFI's.

We hope the above is helpful to you. Sincerely,

Sarah
