Many of you have asked about the taxiway construction project at the Air Guard. Attached is the list of sub contractors for the project. Although the the overall project award was to a NY company you can see a lot of the work is being done by VT companies. You should have received an email from Susan about a ground breaking ceremony on the 22 of November. Details are still being worked. If you have specific questions about the project my POC is COL Rick Lizzari. He's copied on the email as well.

Thanks

Steve
