

***Connecticut River Joint Commissions – FY 2018 Town Report
July 1, 2017 through June 30, 2018***

Suite 225, 10 Water St., Lebanon, NH 03766.

Website at <http://www.crjc.org>

CRJC continues its mission to preserve the visual and ecological integrity and working landscape of the Connecticut River Valley. With five local subcommittees and over 100 volunteers, it is guiding the watershed's growth by reviewing and commenting on hydro-electric dam relicensing, regulatory (development?) proposals, and initiatives on clean water and shoreland protection.

CRJC continues to bring policy makers and the public to our meetings to keep them abreast of the issues facing the Connecticut River.

During FY 18 CRJC convened meetings on NH and VT Regulations and Legislation; The Vermont Outdoor Recreation Economic Collaborative; and, a Cost Benefit Analysis of Joint State Clean Water Expenditures conducted by the Policy Research Shop at the Rockefeller Center at Dartmouth. CRJC continues to partner with the Connecticut River Conservancy on analyses of studies, including critical erosion studies, which are central to FERC relicensing of three hydro-electric dams.

There are currently openings on the Subcommittee in several communities. If you or someone in your community is interested in working with volunteers from area communities on river conservation issues or to serve on a local river subcommittee, please email us at contact@crjc.org.

The current officers of the Joint Commissions are *James McClammer, President (NH); Jennifer Griffin, Treasurer (NH); Steven Lembke, Vice President (VT); Christopher Company, Secretary (VT)*. For a full list of Commissioners see the following website: <http://www.crjc.org/about-crjc/commissioners/>.
