

Dear Ms. Diehl, I am against the proposed Burlington charter changes:H566,H567,H568 as they are unconstitutional and illegal. If Burlington gets the authority to violate the Vermont constitution, every town can do the same with every right not just firearms. I can't imagine letting every community determine its own policy on firearms, and is a poor way to formulate public policy. As every Representative well knows,the great state of Vermont is the safest state in the nation and any new gun laws would be superfluous. Thank you for considering my testimony. Repectfully, Susan Blaire Scaglione 269 Shady Tree Road Warren,Vt.05674
