**Town of  
Huntington,  
Vermont**

for the Fiscal Year ending  
June 30, 2017

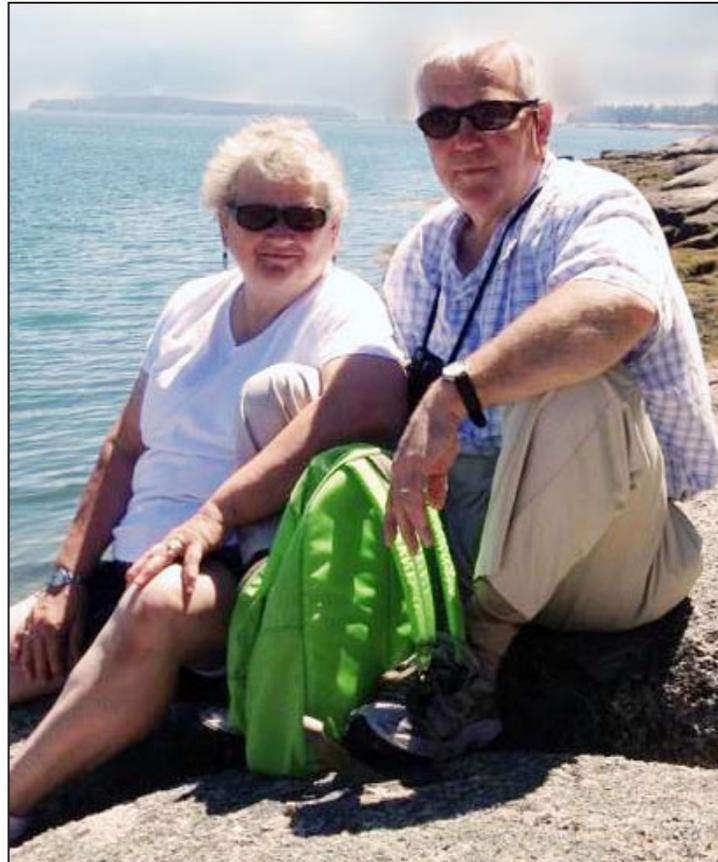

# Dedication

## Britt & Michele Cummings

For 25 years, Britt Cummings stood as Moderator at the table in the front of the room at Huntington Town Meeting and ran an efficient, friendly meeting as residents congregated to debate the town's business and vote a budget to run the town.

Capable and approachable, Cummings made sure that the meetings were run fairly and all in the room were able to be heard. His conduct of the meeting was Roberts Rules of Order; the gavel was at hand, but rarely used. He was not averse to joking around with the speakers, all the while moving the assortment of people – and the larger assortment of opinions - ahead to the goal: a vote on the article being discussed. Cummings was often asked to moderate meetings and public hearing in the “off-season,” and his presence was an assurance to those sitting at the table and answering questions from the floor, that business would be conducted respectfully and objectively, even when passions were at the surface. He stepped down as Town and School Moderator in 2014 to be succeeded by his eldest son, Dana, who is about to run his fourth Town Meeting in March 2018. Britt Cummings always donated his Moderator stipend to the Huntington Public Library.

Cummings served on the Planning Commission/Zoning Board of Adjustment (ZBA) for three years in the late 1980s at a time when the town was experiencing a period of growth. He then stepped forward to serve on the Development Review Board in 2014 when it was created from

the Zoning Board. All agreed that he offered insight and fairness to the discussions and the decisions derived from them. Cummings left the DRB in December 2017, as he and his wife Michele, sold their house and moved out of town.

Michele Cummings often sat in the audience at the front of the room during public meetings – not at all shy, in a quiet way, about disagreeing with her husband. She served the town for 12 years as Assistant Town Clerk for Olga Hallock and often commented that “Olga ran a pretty tight ship.” Cummings’ beautiful penmanship can be seen throughout the land records and vital records indexes from that time. She decided not to run for Town Clerk/Treasurer when Hallock retired as she did not want to work full time.

After her “retirement” from the Town Clerk’s Office, Cummings had more time to spend on her quilting projects and was part of the quilting group that made, in 2013, the lovely wall hanging on the wall next to the circulation desk in the Huntington Public Library. This unique piece, the effort of six women, was created from pieces of fabric cut for a quilt in the 1880s and found recently in a Huntington attic. For many years, Cummings organized the refreshments for the Baby Brunch at the Library, which welcomed the town’s newest residents and their families. She also volunteered at the Library and worked as a substitute librarian.

Britt and Michele Cummings represent all that is good in a small town – friendly and caring neighbors, involved and fair public servants and elected officials – people who recognize that the importance of community encompasses family, spirituality and a sense of duty for the public good.

# Awards & Recognitions

## Olga Hallock Award

### Mike Ramsey

Because Mike Ramsey was not at Town Meeting, his recognition was accepted by the Huntington Fire Department. It was then presented to him at the Huntington Volunteer Fire Department's annual appreciation dinner.

The Olga Hallock Award is given by the Huntington Selectboard. It was created in honor of Olga Hallock, Huntington Town Clerk for 31 years, upon her retirement. The award has been given annually at Town Meeting for 17 of the last 18 years.

The word that describes Mike Ramsey is countless.

He has participated in countless fundraising and special community events on behalf of the Fire Department. He has spent countless hours repairing equipment and taking on more than his share of tasks in order to keep the station and Department functioning in top shape. Mike has mentored countless cadets and new volunteers with patience, kindness, and skill, thereby helping them grow into full-fledged contributing members of the Department.

As a member of the Huntington Volunteer Fire Department since 1988, Mike Ramsey has been an Assistant Fire Chief for the last 14 years and the EMS Head of the Department for the last three years, and has been an active member of the Department for 28 years.

Mike Ramsey recently announced his decision to retire from the active officer ranks of the Department, and the members of the Department voted at its Annual Meeting on January 9, 2017 to award him the honorary rank of Assistant Chief Emeritus.

Affectionately known to many in town as "Mr. Mike," he has been a tireless and selfless volunteer looking after the health and safety of the residents (and residences) of Huntington for the last quarter century. He has a high level of self-motivation and self-expectation that is inspiring. Did you know Mike is an Eagle Scout? Never the "shy and retiring type," Mike has always shared what's on his mind, whether it is constructive criticism, praise, or speaking truth to power. He brings a mechanical talent to the Department that is relied upon regularly. He has taken responsibility and ownership of every role he has taken on in the Department.

Mike's involvement, commitment, and contributions have gone well beyond the regular Monday night trainings and responses to fire and EMS emergencies. He leads by example, has been a role model for others, and has been an integral part of making the Department a highly effective and cohesive team. He is also an unselfish member of the community who will drop what he is doing to assist a neighbor, a friend or a complete stranger.

As Assistant Chief, Mike has been a mentor to the members of the Huntington community both in and out of the Department. As I said earlier, Mike first joined the Department in the late 1980s, a short time after moving to Huntington. Since then he rose through the ranks of the Department becoming Assistant Chief, C-2, in 2003. Mike's time and commitment to the people of Huntington and his fellow fire fighters and EMS responders has been clear. As an EMT/fire fighter, Mike has responded at all hours to calls for medical emergencies, structure fires, wild land fires, chimney fires, mutual aid to our surrounding towns, and once helped deliver a baby when the ambulance

*Bobbi and Mike Ramsey. Photo: Mary Keller-Butler*

got stuck in a snowstorm. During his tenure in Huntington, Mike also volunteered his time for 11 years as an EMT with Richmond Rescue, responding not only to Huntington, but also to calls throughout the area.

As part of the Department's community outreach efforts, Mike regularly organized and participated in Fire Safety Day and Wicked Fun Day at Brewster-Pierce Memorial School. Mike has also participated in annual safe Halloween events sponsored by the Fire Department in order to ensure that kids have a safe and happy holiday.

He has given the youth of Huntington a wonderful sense of what it means to be a valued member of this—or any—community.

*(Most of the presentation on Town Meeting Day, March 7, 2017.)*

# Commemorations

## Ken Pillsbury

Ken Pillsbury came to live at the Roy Cleveland Farm\* in Huntington Center in 1967. He and his wife Jeanie purchased the 350-acre property in two phases:

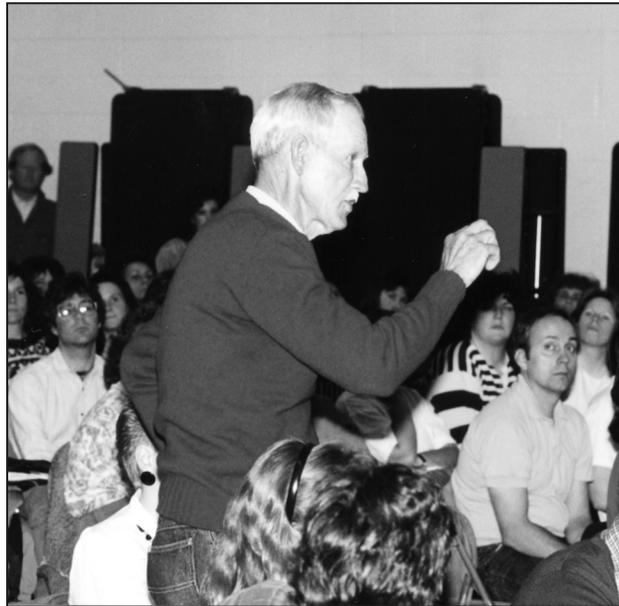

farm and land in 1969 and farmhouse in 1974. He immediately put in new farm buildings and a modern milking parlor, the only one in the valley. The farm was expansive starting south of the village and going up to the Miles Farm on both sides of Shaker Mountain Road and into the hills of Starksboro on the west side of the main road and up and over the hill on the east side, with pastures, meadows, and large woodlots. Ken was one of the first farmers in the valley to post his land, much to the consternation of Roy Cleveland, an avid

hunter who allowed open hunting, and other neighbors. In the late 1980s, after selling parcels of land and renting the remainder of the facility to younger dairy farmers who moved to other farms, Ken converted his milking parlor into a residence.

Ken served for seven years on the first Huntington Planning Commission, that came about in 1969 when

*\*The farm was in the Brewster family from 1879 but gradually became known as the Cleveland farm after 1945, when Hazel Brewster married Roy Cleveland.*

a 100-lot mobile home park was suggested for the Lower Village. He said he was proud of the work of this group, which helped guide the growth and conservation of Huntington. Ken also served two terms

*Ken Pillsbury (1992) at Town Meeting. Photo: Heidi Racht*

on the Huntington School Board: 1968-1970 and 1991-1995.

Until ill health limited his ability to spend a lot of time away from his home, he was a vocal presence at Town Meeting and public hearings, carefully preparing his materials and ammunition for his questions to those sitting at the table in the front of room. He was conservative and often exhorted

those in the room to make do, rather than buy new. Ken also spent many years working as a volunteer in the Brewster-Pierce School kitchen serving lunches to students, staff and parents.

Ken loved horses and had beautiful Percherons that he trained during his days as a dairyman and after he sold his herd. He was a regular at horse pulls and his team gave many wagon rides at town festivals and on the last day of school at Brewster-Pierce. Young in spirit, he often expressed frustration about the limitations of

aging – and also about the change in demographics (politics) of Huntington.

Ken Pillsbury died on March 2, 2017. He was 87.

## Jean Evans

Eugenia (Jean) Evans, who worked for years as a volunteer in the Huntington Public Library, died in mid-November. She was a kind person, who worked hard and competently, processing books and audios and checking out books for patrons. Jean also worked in the Huntington Town Clerk's Office in the early 2000s with Olga Hallock and Juli Lax, where one of her projects was helping to move the town from indexes in the front of every book to the card catalogue system - researchers still remark on what a revolution that was as they no longer needed to look through each book's index for information and it cut down on the hours spent on each property search. Jean lived on lower East Street in the Lower Village with her son, Curt, a tall man who many of you might remember walked everywhere. They moved out of Huntington; he predeceased her. At its last meeting, the Huntington Library Board of Trustees discussed that an appropriate memorial will be a shrub in the Library garden in Jean's memory in the spring, as she loved to garden.

# Huntington's Nonagenarians

## Ted Sargeant

Ted Sargeant turned 90 in July and many friends and family turned out to celebrate the big event with him at the Community Church of Huntington Annex on July 29. Never that far from a tractor, Ted brought one of his restored antique models and parked it on the lawn of the church for all to admire.

Ted started life in Danville on July 28, 1927. He is the fourth of seven, with two brothers and four sisters. He has one surviving sibling, younger sister Marilyn, who lives in Texas. Ted and his wife Joan moved to Huntington in 1962 and have been active in the community ever since. They raised three daughters in the Lower Village.

Ted Sargeant has led an interesting life, having been the furnace man in Huntington and Richmond, installing and maintaining many of the furnaces in Huntington in the 1960s and 1970s. He then made a career change in the late 1970s and became the rural mail carrier for Huntington after Henry Struthers retired. He was active in the Vermont Rural Mail Carriers Association, serving on the board and as president. Ted retired from the Huntington Post Office in 1992.

Most recently, Ted has been known for his vegetables and for his vital presence at the Richmond Farmers Market. He has won many blue ribbons and Best of Show designations for his vegetable entries in the Champlain Valley Fair, Addison Field Days and Tunbridge World's Fair – and others. He is a charter

*Tractor man: Ted Sargeant has spent many years restoring tractors of all sizes and he is always ready to take them to a parade. From top: promoting the Richmond Farmers market at the July 4 parade, Richmond (1997), Richmond, again (2001) and Huntington Valley Arts Festival parade (2003). Photos: Heidi Racht*

member of the Richmond Farmers Market, serving on the Board since its days at the Andrews Farm. Although a couple of years ago, he stopped being a vendor at the Market.

Ted and Joan have been volunteers at a number of agricultural events. He was a familiar face at the Eastern States Exposition (The Big E) Vermont Maple Sugarmakers Booth in September in West Springfield, Massachusetts and at the Champlain Valley Fair in August. Ted has been active in the church in Huntington, serving on various boards and committees for over 55 years and has worked behind the scenes in many ways like getting the furnace to run on those extra-cold days and other helpful ways that most people take for granted (shoveling the walk on Sundays, setting up for the Christmas Eve service).

Ted enjoyed participating in the Richmond Fourth of July parade for many years and in the Charlotte Tractor Parade. He is a long time member of the Vermont Steam and Gas Engine Association.

Ted is outgoing and engaged, with friends of all ages. Kids love him! If you have an event and invite him, Ted will be there - if he isn't already doing something else.

## Helen Phillips

Helen Phillips has lived in Huntington for almost 70 years. She moved here in 1948, when she married Gerald Phillips, a Huntington boy. They lived for a while on Phillips Road (now known as Trapp Road), farming with his parents before moving to the house on Hinesburg Hollow in 1961. They had four children and she was very busy with her activities in 4-H and the Grange that met in the Huntington Town Hall.

Helen had the opportunity to attend Burlington Busi-

*continue to page 9*

## Nonagenarians continued

ness College (now Champlain College) for two years, where she learned to type and took courses that were most beneficial to the work she did as an elected Huntington Town Auditor for 42 years – Helen was recruited right after she and Gerald came back to town after living briefly in Essex. The auditors were quite busy and worked many late nights reviewing the town's financial records and putting together the report. Helen used to type the Town Report at her kitchen table. Her daughter Kathy Wendell also served as an Auditor in the 1980s.

On their small family farm, the family raised heifers, had chickens for eggs, an occasional few pigs, and milking a family cow – with lots of fields for hay and woods. Helen's extensive gardens were acres and canning and preserving were a big part of her summer. She also enjoyed many years of hunting in the fall with Gerald on the hill behind her house.

Helen has never had a driver's license, but that hasn't stopped her from attending activities in this town and beyond as her many friends nearby and children have always dropped by to take her places. She is 91 years old.

## Florence Miles

It is hard to believe that Florence Miles celebrated her 95th birthday on October 4. Although she no longer drives, she is often on the road with friends, out on lunch dates, and is a regular at the Huntington Senior Lunch on Tuesdays. Florence and her husband, Frank Edmunds Miles, farmed on Shaker Mountain Road (formerly known as Miles Road) from 1950 until they sold their herd in the late 1980s. The Miles farm was a model dairy farm with an active sugarworks and a spectacular view of Camels Hump. It has been

photographed often and has appeared in magazines - it is this view of the Hump that is on the Town of Huntington seal.

Florence was born in 1922 in Wisconsin and came to live in Huntington after World War II. As a young woman, she had a job working as a waitress in Madison in 1941, and it is there, she met Frank Miles, a young soldier from Huntington, Vermont, drafted during World War II. They were married on October 19, 1943; he was sent overseas on December 25. He was a medic on the Front at the Battle of the Bulge, which took place December 16, 1944 – January 25, 1945, toward the end of World War II chiefly in the densely forested Ardennes mountain region of Belgium. When he came back to the U.S., they settled in Huntington Center, where he grew up. They raised two children and celebrated their 57th anniversary in 2010.

## Gladys Keir

Gladys Keir and her husband Bob moved to Huntington in 2001 to be near their son and his family. Soon to be 94, Gladys especially enjoys being with her family, including 6 grandchildren and three great-grandchildren. She attends events in town with her friends and family – Senior meals, church services and other occasions.

Gladys was born on April 7, 1924 in Moe's River, Quebec and moved with her family the short distance across the border to Canaan, Vermont, in the early 1940s. She met Bob Keir while they were both working at a furniture plant in Whitefield, New Hampshire. They married in June 1944.

The Keirs and their three children moved around Vermont as Bob worked for Vermont Fish and Game for over 40 years in fisheries. They finally settled in Roxbury in 1968, where Gladys was active with the local historical society and library. Gladys was very

talented at the sewing machine, with many clients coming to her for their tailoring needs. For many years, she did all the alterations on the cadets' uniforms at Norwich University. She was known for her beautiful wedding dresses and bridesmaids' gowns.

## Hilton Jones

Hilton Jones moved to Huntington in 1982 with his wife Lorraine, who grew up in the Lower Village. Hilton worked as a design engineer for a scientific instrument company in Connecticut and Lorraine was a substitute teacher; they had retired and first built a house on Mayo Road and then later at the end of Raven Ridge Drive.

Because Huntington did not have a high school, many students' education ended after eighth grade. Those who went to high school often had to board in town. Lorraine went to Burlington High School where she met Hilton who was two years older. They married in the Huntington Baptist Church in the Lower Village on December 25, 1947.

In the early 1980s, the church community decided to sell one of its churches to focus its efforts on one structure and the Lower Village church was put on the market. This energized Hilton and Lorraine, who were the founding members of the Huntington Historical Society, along with long-time Huntingtonian Bertha Hanson, in 1983. Its initial function was to purchase and restore the church in the Lower Village (the Union Meeting House). After years of work on the building, it was offered to the Library Trustees for \$1 to use for the Huntington Public Library.

Hilton was an active member of the Community Church of Huntington, serving as its treasurer for many years. He now lives in a residence outside of Huntington.

*continue to page 10*

## Nonagenarians continued

### Paul Brace, Senior

Paul Brace, Senior spent about half of his life on the farm (the vineyard on Moody Road) where his father, Forrest Brace, had a dairy operation. He grew up on the farm, attended the Hanksville School and graduated from 8th grade. Paul was the fifth of five children. He worked on the farm until he joined the Army during World War II. He was assigned to the infantry and then the war was over. He spent his entire military career in Framingham, Massachusetts, working in the hospital with returning veterans, as an orderly.

Farming and logging framed Paul's life and he lived on a couple of farms around town, mainly on what is now upper East Street and Delfrate Roads, before returning back to the family farm, which was sold in the early 1970s. Paul lived on Texas Hill for many years and now lives in a residence outside of Huntington. He is 93 years old.

### Mark Hill

Mark Hill celebrated his 94th birthday on March 29. He is an active photographer and traveller, spending some of the year in warmer areas.

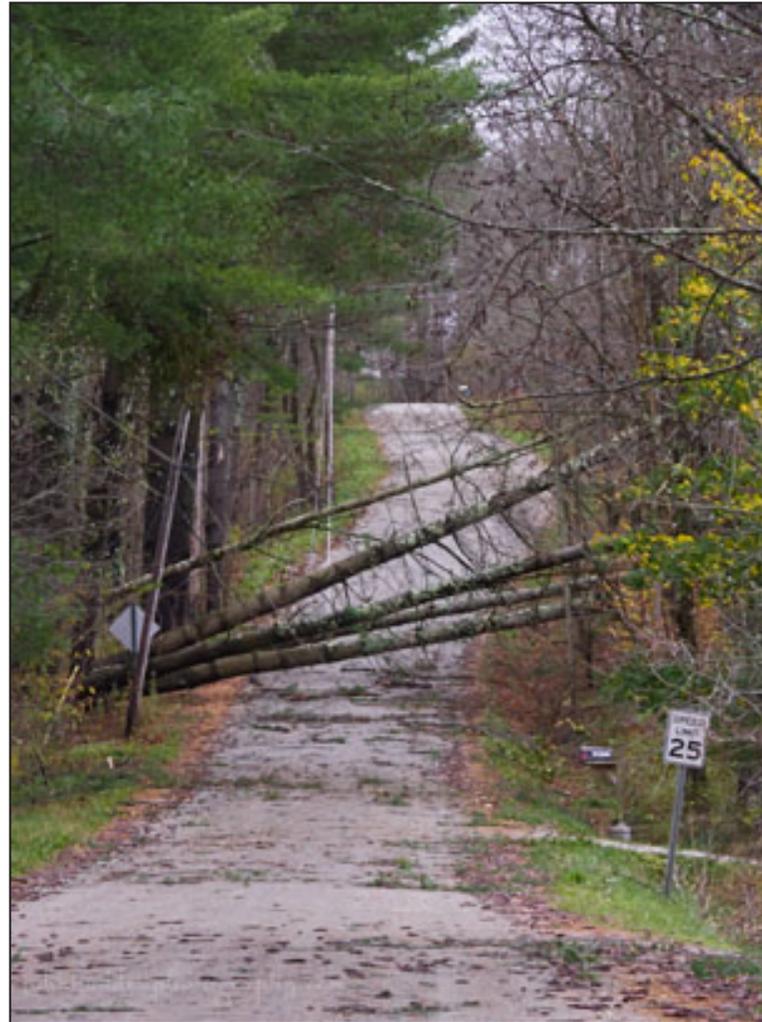

Mark moved to Huntington in 1987 with his wife, Millie, after they spent some time in the Peace Corps after retirement. They built a house on Raven Ridge Drive and jumped right into the community. Mark signed on to be a Lister and both were active in the Huntington church. In January 2008, Millie passed away and Mark decided to remain in Huntington as most of his children are in the area and he loves the community. He then met Betty Ann Cook and they have been happily married since 2009.

In 2015, he had a photo exhibition and then donated

the photos to the Huntington Public Library where they have been on display. Mark has suggested that

the Library sell the photos as a fundraiser - stop by to see them and get an original Mark Hill photograph.

# Section One - Review of Accounts

## Selectboard, Highway & Administrative Report

**Overview:** The Selectboard values community input and sets aside time during each meeting for public comment. No advance notice is required, and as every meeting is open to the public, all you have to do is show up. If you would like to reserve dedicated time at a Selectboard meeting in order to cover a particular issue in depth, we encourage you to contact the Town Administrator. Meeting agendas are posted on the Town website ([www.huntingtonvt.org](http://www.huntingtonvt.org)), at the Town Office, Beaudry's and the library, and on Front Porch Forum. You are also welcome to send mail or email ([townhunt@gmavt.net](mailto:townhunt@gmavt.net)) to the Selectboard to share your thoughts in lieu of attending a meeting. Please note that Front Porch Forum messages are not handled as direct communication with the Selectboard and are, therefore, not reviewed at Selectboard meetings.

Selectboard responsibilities fall into three primary areas: legislative, administrative, and quasi-judicial. With the support of the Highway and Town Administration departments, the scope of work is broad reaching and encompasses overseeing the Town's buildings, equipment, roads, bridges, culverts, and property; managing and protecting the Town's assets and infrastructure; and providing general supervision and control of Town business. Administrative responsibilities include working with the Town Treasurer to prepare the annual General Fund budget and Capital Plan, managing the Town's expenditures including payroll and vendor payments, and protecting the Town's interest in litigation. Legislative responsibilities include enacting local ordinances, regulations, and policies. Quasi-judicial responsibilities include mapping out, discontinuing, or reclassifying highways and hearing appeals.

Included in this Town Report is an overview of some of the significant activities and accomplishments from this

past year. More detailed information is available in the Selectboard meeting minutes which are posted on the Town website. We will also highlight a few challenges for Fiscal Year 2018-2019. This section is then followed by the General Fund Budget, Capital Plan, and other financial reporting which fall under the purview of the Selectboard, Road Foreman, and Town Administrator.

**Strategic & Financial & Planning:** Shortly after Town Meeting, the Selectboard holds an organizational meeting to elect officers, set a regular meeting schedule, orient new Selectboard members, make committee appointments, review emergency management protocol, and schedule the annual half-day Selectboard/Staff Strategic Planning session where the annual calendar and work plans for the coming year are reviewed and prioritized.

The Selectboard's fiduciary responsibility includes preparation of the annual Capital Plan and General Fund budgets which are presented for your review and approval at Town Meeting—including planning for Town equipment, buildings, public services, and large infrastructure projects such as bridge replacements and paving projects. Ongoing financial oversight includes approving all Town expenditures and monitoring quarterly revenue and expenditure reports.

**Legal & Regulatory Projects:** The Selectboard and staff often research legal issues with attorneys from the Vermont League of Cities and Towns and the Town's attorney. Questions about legal protocol or other legal matters have become increasingly complex, and in response, each year we refine our policies, procedures and practices accordingly. It is an ongoing learning process. Several years ago, the Town was named as a defendant in an alleged property damage claim that occurred as a result of storm events in 2011 and 2013. Work continues

on this litigation by the Selectboard, Town Administrator, Road Foreman, and Vermont League of Cities and Towns. Other legal matters handled by the Selectboard have included requests for easements and relocation of roadways. The Selectboard is now in the midst of the statutorily governed process of updating the Land Use Regulations that have been proposed by the Planning Commission which modify and combine the Zoning, Subdivision, and Flood Hazard regulations into one document.

**State & Regional Connections:** Each year the Selectboard holds a Legislative Round Table discussion with our State Senators and Representatives. As a Chittenden County town, this helps strengthen our liaison to Montpelier since our senators are from Addison County and our representatives are from Washington County. The Selectboard maintains close connections with the Chittenden County Regional Planning Commission (CCRPC), the Chittenden Unit for Special Investigations (CUSI), and the Chittenden Solid Waste District (CSWD) by participating on the boards of these organizations as well as meeting at least annually with Richmond Rescue and the Vermont State Police (VSP).

**Local Community Initiatives & Emergency Management:** The Huntington Energy Committee (HEC) has become very active and, at their initiative, has met with the Selectboard several times this past year. We are excited about working with HEC to evaluate our municipal buildings for potential energy savings and the use of renewable energy, such as roof-top solar collectors.

The Town Administrator oversees the Town's Local Emergency Operations Plan, which is updated annually.

*continue to page 12*

## Selectboard et al continued

As part of our planning, the Town collaborates with the Community Church of Huntington and local volunteers to run an emergency shelter during power outages that provides access to clean water, showers, heat, cooking facilities, Wi-Fi access, a cozy place to spend the day, and a safe place to spend the night.

**Highway & Administration:** The cost of maintaining our highway infrastructure is the largest component of our municipal General Fund budget and Capital plan. In spite of the challenges posed by Huntington's steep slopes and extreme weather events, our Road Crew is often recognized for their excellent summer and winter maintenance of the Town's Class 2 paved roads (11.18 miles) and Class 3 gravel roads (32.78 miles).

As part of Vermont's Clean Water Act, municipalities must address stormwater-related erosion problems on all municipal roads in accordance with the Department of Environmental Conservation's Municipal Roads General Permit (MRGP)—projects that will increase roadway costs. The law requires implementation of all corrective measures and ongoing maintenance aimed at reducing stormwater erosion and run-off by 2037. In collaboration with Chittenden County Regional Planning and state funding assistance, we have completed an inventory of the Town's hydrologically connected road segments, identifying whether each segment of our roads meets, partially meets, or does not meet stringent drainage standards. This past year, our Road Crew completed several stormwater erosion control and drainage projects, receiving excellent feedback from State engineers, planners, and funders for their exceptionally high quality of work. We will continue to pursue grant opportunities to help cover costs for major bridge, culvert, paving, and stormwater drainage projects.

Residents expressed appreciation for the extensive detour planning and road work completed prior to diverting

traffic from Main Road onto Moody and Carse Roads during the Hanksville bridge replacement project. We appreciate all who helped to make this detour as painless as possible.

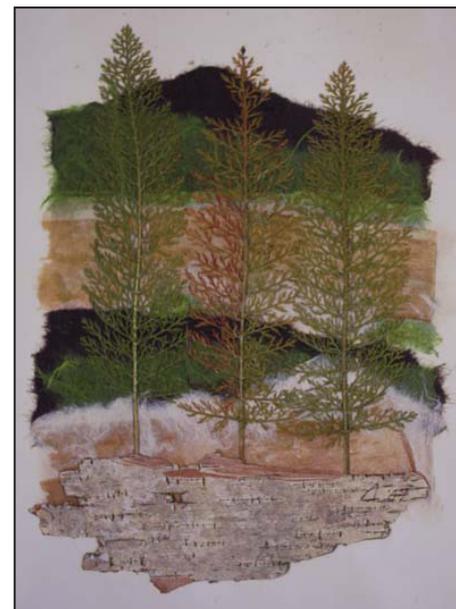

**Key Challenges:** Continuing to address our capital infrastructure remains a major challenge as we chip away at the Town's backlog of capital road, culvert, bridge, equipment, and building projects. We are asking voters to approve the creation of a Buildings & Grounds Reserve fund so that we can begin to plan ahead for expensive projects like the replacement of building roofs. In the coming year, we will develop a comprehensive buildings and grounds capital plan to present to you at the 2019 Town Meeting. This year we will also develop a detailed 20-year implementation plan for reducing the level of sediment that erodes into our many brooks, streams, and rivers in order to meet the new State stormwater requirements. We are disappointed that we were not able to secure funding this past year to assist the Town with developing engineering construction plans for the Lower Village, and will continue to aggressively seek grants for this planning.

**The Increasing Complexity of Municipal Governance:** In addition to the challenges of legal issues and regulatory processes our volunteer boards and commissions have historically faced, the Selectboard recognizes that municipal governance is become increasingly complex. As just a few examples, our Fire Department faces administrative challenges in order to keep up with licensing and insurance requirements; the Planning Commission's responsibility for tracking and reporting on the status of Town Plan implementation strategies; state and federal grant management is more complicated; and municipal financial control is more involved. With this increased complexity, we recognize that our volunteers will need increased support, some of which will require contracting for professional assistance to meet ever-growing demands.

**Thank you:** It is the many, many dedicated residents who run for office, sit on committees and boards, and volunteer for public service who make Huntington such a special place to live. Please let us know if you would like to learn more about opportunities to get involved in community service and work collaboratively with your neighbors.

Respectfully submitted,

Dori Barton — Selectboard Chair  
 Nancy Stoddard — Selectboard Vice-Chair  
 Andrew Hendrickson, Roman Livak, Dan Rissacher  
 — Selectboard Members  
 Clinton 'Yogi' Alger — Road Foreman  
 Barbara Elliott — Town Administrator

# Local Artisan Highlight

## Aurora Davidson

Across from the circulation desk at the Huntington Public Library is a commemorative book that was created by Aurora Davidson and a town committee in 2008 to honor the community's dedicated effort to restore the Union Meeting House into the beautiful building it is today. The handmade book contains architectural elements that include an embossment of the ceiling tile for the cover and the rose tinted

windows as end papers, with photos, beautiful calligraphy and writing that celebrates the project. Harvey Schugar designed and built a glass case for it and Dave Cozzens constructed the stand on which it is displayed.

Aurora says, "This book was an artistic way that I could make a contribution to our great community."

Aurora received a BFA as a painting major at UNH, her home state in 1972. She then pursued an art career in Boston as a member of a cooperative gallery and also participated in the women's movement during that time. After many years in the city she yearned to return to her country roots and moved to the Northeast Kingdom where she lived off grid for several years, then found her way to Chittenden County in 1990. She eventually moved to Huntington and has loved living in this beautiful rural town for the last twenty years.

Aurora's studio and home is nestled in the woods where she currently creates botanical landscape prints using plant material and handmade paper. She has found a perfect creative economy niche to sell her artwork in both Waitsfield and Stowe's farmers markets along with other craft fairs and has been able to make a living from her artwork. "I love the conversations that I share with people from all over the world who visit Vermont each year," she says about her time at the markets.

She also has offered art instruction for children in our community which, she says, is always a delight for her to be in the presence of their creativity. She recently had the opportunity to participate in Vermonters Week at the Vermont Studio Center in Johnson where she was able to take advantage of a larger studio space to assemble the paper sculptures she's been working on lately.

Of this experience, she says, "It was amazing to share a high energy environment with other Vermont artists — and I also feel so fortunate to call Huntington my hometown."

*Botanical collage print made with spring flowers, herbs, feathers and other natural materials.*

# Town Clerk's Report

It has been my pleasure and privilege to serve as your Town Clerk for the past 12 years. The goal of the Huntington Town Clerk's Office is to provide efficient and courteous service and accurate information about our town.

This year's tasks included organizing the annual March election and Town Meeting Day preparations, including candidate solicitation and ballot responsibilities; adding 95 voters to the Huntington Voter Checklist, with appropriate statutory notification, and removing 36. We also sent over 20 letters to former residents for removal from the checklist (federal requirement in non-election years) and filed the mandatory report with the office of the Vermont Secretary of State before September 2017.

We worked with well over 250 property researchers, and filed in the Huntington Land Records over 1200 pages of new records and six survey mylars; plus 67 property transfer forms with the State of Vermont Tax Department.

We have handled 51 motor vehicle registration renewals, 379 dog licenses, 15 hunting and fishing licenses, nine land postings, issued 26 Green Mountain Passports.

We processed 40 liquor event licenses, 21 death and burial certificates, 11 birth certificates and sold 17 marriage licenses. In all, our office handled over \$23,000 worth of regular business (non-tax income), in addition to income for

other town events and activities (youth soccer registrations, Town Hall rentals, trucker overweight permits) and land use fees (zoning permits, letters of compliance, development review hearings) for a total of over \$35,000.

Of course, we do much more than take your money – we work with the Listers, help other boards and committees and handle many aspects of communication with the community: posting minutes, agendas, updating the website, sending emails from the office, assisting with Green Up Day, selling fundraising items for the school. We provide many lost motorists with directions (and tell them to forgo the GPS) and are a

safe place for wandering canines picked up along the road by concerned motorists.

And, of course, we organize the Rabies Clinic at the end of March with Richmond Town Clerk Linda Parent and local veterinarian Kerry Lindemuth. It is always a popular event and we have fun meeting all the dogs (and seeing their owners).

By statute, each Town Clerk is required to have a trained assistant and I am lucky to have Assistant Town Clerks Mary Keller-Butler and Kathleen Clark (Town Treasurer). They provide knowledgeable staffing of the office that enables me to be active in the VMCTA (Vermont Municipal Clerk Treasurers Association), including attending meetings bi-monthly in Barre for the education and certification committee on which I serve; and attending the two-day Vermont educational conference in Killington in September and the International Institute of Municipal Clerks conference in Montreal in May (a unique opportunity due to the location).

2018 promises to be a busy year with three elections (March Town Meeting, August Primary, November General) as each election is a 60-day cycle. We hope to see you at the polls – we are still the only town in Vermont that opens at 6:30 am on election day and that first half hour is quite busy. Same Day Voter Registration (SDVR) began in March 2017 and this will, no doubt, add to the excitement of election day!

Do stop in – we love visitors and being able to assist our residents. The office is open until 7 pm on Mondays, so you can come in after work.

—Heidi Racht, Town Clerk, CVC, CMC

## Town Treasurer's Report

For my report this year I will give everybody a peek inside the Town Treasurer's Office. I will provide a more detailed look at the tax collection tasks.

The interactions that I have with a diverse group of townspeople through tax collection is one of the highlights of my job. It can also be one of the more difficult tasks as I am aware of the hardship that property taxes can place on some of our townspeople.

The first step in tax collection, of which I am only a cog in the wheel, is the creation of tax bills. The bills are printed from the NEMRC Grand List module using grand list data generated by the Listers and data downloaded from the State. Tax rates set by the State for the school portion and by the Selectboard for the Town portion are then applied, producing the final bill.

The more time consuming part of tax bills for me are revised bills. Each week the State provides data to be downloaded through the Grand List module that contains changes to the portion of the bills that come from the State. The bulk of these changes are generated when taxpayers file late or revised State HS-122 or HS-144 forms. Once the data is downloaded, new bills are printed and filed in our records and copies are mailed to the taxpayers. In addition, the changes are transferred from the Grand List module into the Tax Administration module where payments are recorded and tax status is tracked. These changes also often create work interacting with mortgage escrow companies as the revisions are often unknown to them, resulting in incorrect payment amounts.

On the collection side, over 900 parcels are paid each quarter. During the weeks leading up to tax day, and for a couple of weeks after, things are pretty hectic requiring extra hours spent in the office. Many people mail in their checks while an equal number of people

drop them off in person. A third way that taxpayers can submit a payment is via Direct Debit, where taxes are automatically withdrawn from a taxpayer's checking or savings account on the date they are due. This is an easy way to collect (and pay) taxes although there is a fair amount of work involved in the setup and maintenance of the electronic interaction with the various banks involved.

A large number of parcels are collected through direct payment of escrowed funds from mortgage companies. Much of this money is entered into our Tax Administration software electronically while other payments have to be entered manually. Throughout the year, a lot of time is spent on the phone interacting with escrow companies as they need to know how much each of their customers owes on a quarterly basis. We provide some of this information electronically, some by mail and some by phone. The phone interactions are time consuming and often pose a language challenge as the mortgage companies outsource many of their calls to India.

Law offices are another source for payment, usually as a result of the sale or refinancing of a parcel. There aren't a large number of these payments however, for one reason or another, they are the most prone to being incorrect and in need of follow up.

The final collection method is via Brent Lamoureux, our Delinquent Tax Collector. I interact frequently with Brent, giving him delinquent payments that were sent to the town office and once a month receiving the money that he collected during the month. Although I'm not responsible for collecting delinquent taxes, I do enter the data into our Tax

Administration module in order to maintain a central location for tax status information for all taxpayers.

I hope that this has provided valuable insight into the tax collection activities that I do in supporting the Town of Huntington. Please stop by or email me at [huntingtontreasurer@gmavt.net](mailto:huntingtontreasurer@gmavt.net) if you have any questions.

—Kathleen Clark, Treasurer

# General Fund Budget

Developing the General Fund Budget (which includes the proposed Operations Budget, Capital Debt Payments and Capital Reserve Funding) is a collaborative effort between the Selectboard and Town departments, committees, boards and commissions. Once the Capital Plan has been reviewed and updated and all budget requests have been submitted, the Selectboard begins a comprehensive review; meets with individual requestors for further clarification and discussion; and begins the process of prioritizing operational and capital expenses as input to a final budget proposal that meets, as best as possible, the principles and priorities outlined in the Capital Plan section in this report.

## Overview

While the Town continues to face significant budgetary challenges, we have begun to actualize concrete benefits from our integrated Capital Plan and Operations Budget planning processes. The estimated Town Tax Rate presented in the Projected Capital Spending Summary is lower for FY 2018-2019 than we had projected last year and the General Fund Budget year-over-year increase for FY 2018-2019 is lower than the increase we proposed for FY 2017-2018. We have accomplished this while still supporting essential operational expenses, reserve funds, special projects, and capital expenditures.

## How Articles Impact the Proposed Budget

**Buildings & Grounds Reserve Fund Creation:** The Selectboard has proposed the creation of a new reserve fund allowing us to plan ahead for significant capital projects such as roof replacements. Over the coming year, we will create a detailed buildings & grounds capital plan in collaboration with the groups most involved with each building. The General Fund Budget we have proposed includes seed money for beginning this reserve fund (listed under General Expenses). If this article is approved by the voters, it will not increase the proposed General Fund Budget.

**Highway Paving Reserve Fund Use:** Each year, we apply for State funds for highway paving projects. If awarded, these grants can provide up to \$175,000 per project, but we must plan for up to \$43,750 in local match funds. Approval of this article will not increase the proposed General Fund Budget. If a paving grant is not awarded, these funds will remain in the Paving Reserve Fund for future use.

**Engineering Construction Plans:** We were disappointed that we were not able to secure a grant last year to help cover the cost of developing engineering construction plans for paving and other improvements in the Lower Village. The \$20,000 approved last year was not spent, and is reflected in the current fund balance. We will continue to seek funding assistance for this project, which was initially planned to span 2 years. Passing this article will allow us to have the local share required for the project, however if a grant is not received, the funds would again remain in the General Fund Fund Balance.

**Highway Bridge Reserve Use:** In accordance with our Capital Plan, we are requesting approval to spend up to \$2,500 from the Bridge Reserve Fund to pay for our FY 2018-2019 local share of Camel's Hump Road Bridge #32 improvements. Passing this article will not increase the proposed General Fund Budget.

**Highway Equipment:** In keeping with our Capital Plan, we are requesting approval to purchase a replacement Highway Department loader using a combination of funds from the Highway Equipment Reserve Fund and a 5-year loan. Town Highway and Fire Department equipment replacement schedules are established based on weighing the anticipated increases in repair costs and the annual decrease in anticipated trade-in value, against the cost of purchasing new equipment. Passing this article will not increase the proposed General Fund Budget.

---

**Note:** Capital Plan budget line items are highlighted in grey; Column A: C= Capital Debt; CP = Capital Plan, O = Operating Line Item; R = Reserve Fund Allocation

# Huntington Capital Plan

## Process

The Capital Plan includes documented processes for developing and maintaining a multi-year financial plan for the construction, acquisition, and major maintenance of the Town's capital assets. The Capital Plan provides for the identification of future financial resources and how we propose to finance the projects (including allocations from current operating budgets, funding of capital reserves, or the use of capital debt). As a living document, each year the Selectboard reviews and adjusts the Capital Plan and guiding principles, in consultation with stakeholders, to ensure that the plan is up-to-date and that it reflects changing needs and priorities.

### Principles for Guiding Decision Making

1. Stabilize the tax rate through the use of the 7-year Capital Plan and Budget Process.
2. Prioritization of capital projects is necessary. Bridges are a top priority.
3. Maintain a fund balance of \$125,000.
4. Strive to set a realistic maximum tax rate increase.
5. Fund Balance funds exceeding \$125,000 should be used towards funding capital projects.
6. Capital projects that reduce operation costs have a high priority.
7. Debt service goal is not to be greater than 10% of total Revenue (with a maximum amount not to exceed 12.5%)
8. Debt should not exceed 5% of the Grand List.
9. Debt should not be more than 1.5 times greater than the Town's assets.

### Priority Criteria

Capital projects and/or capital assets will receive a higher priority if they meet some or most of the following criteria:

1. The project or asset meets a policy goal or fulfills a strategic objective of the Selectboard.
2. The project or asset is required under a state or federal mandate, law, or regulation.
3. The project or asset will mitigate or eliminate a known safety hazard.
4. The project or asset will maintain and improve the delivery of public services to the majority of the Town's population.
5. The project or asset will improve the quality of the Town's existing infrastructure.
6. State or Federal grant funds are available to assist in funding the project.
7. The asset has exceeded its useful life, or will in the near future.
8. The project or asset expenditure will have a low impact on ongoing operational costs.

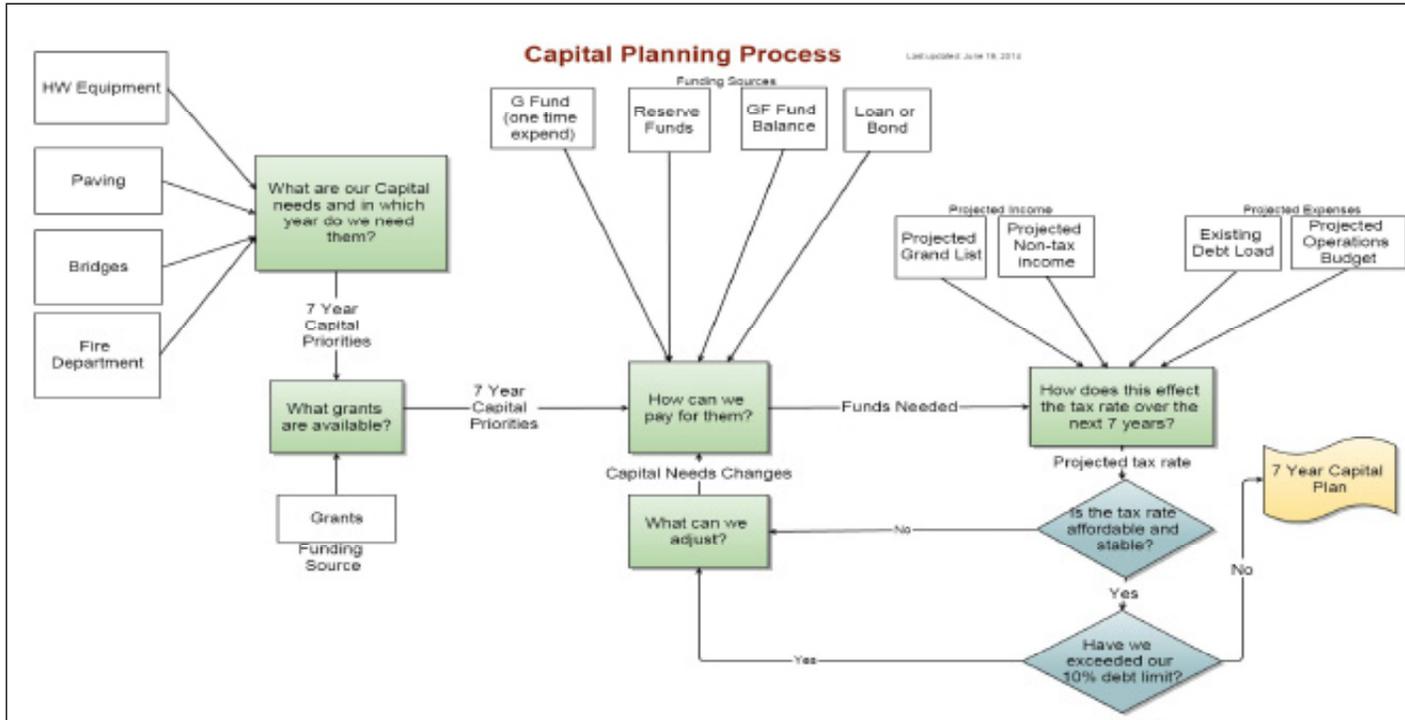

Photo: John Hadden

## Projected Capital Spending Summary & Debt Service Summary

The following charts show both summary and detail levels of the Capital Plan. It is important to note that many assumptions were built into the Plan, allowing us to estimate projected tax rate, debt load, fund balance level, and reserve funds. Assumptions include: an average year-over-year increase of 3.5% for the Operations Budget; an average yearly Grand List increase of 0.4% (reduced from our previously projected 0.5% increase); estimated projected non-tax income; and estimated loan and bond rates for future

# Capital Spending by Area

The following charts show specific capital items/projects, the source for their funding, and the year in which they will be needed. The Selectboard continued the annual process of scrutinizing the Capital Plan and the General Fund Budget in order to balance needs with their impact on the Town's tax rate and funding alternatives (including the use of loans, bonds, reserve funds and grants).

## Huntington Capital Plan Highway Equipment

### Highlights

- 1) The Road Foreman negotiated a price reduction for the FY 2017-2018 purchase of the new excavator, reflected in this chart.
- 2) Our request for the new tractor was pushed out a year, to coincide with the purchase of the mower attachment.

## Huntington Capital Plan Bridges

### Highlights

- 1) Construction of 2 major bridge projects was completed in FY 2017-2018: Camel's Hump Road Bridge #30 and Main Road Bridge #8 (just south of Moody Road).
- 2) The State has provided us with draft cost estimates for the Camel's Hump Road Bridge #32 project, which has now been incorporated in the Capital Plan. These numbers will continue to be refined as the planning process progresses.

*2017 was a banner year for apples. In the spring, apple blossoms revealed wild trees in all kinds of places. Fall drops covered patches of shoulders of roads. And, winter drops provided deer with sweet treats under the snow.*

# Local Artisan Highlight

## Paula Kelley

Paula Kelley is a walker. She spends hours everyday on her road and walking through the woods and fields, enjoying the changing seasons. Observant and creative, she has used seasonal changes in the plants she sees every day as they

bud, bloom and fade to create interesting and unusual tiles designed from nature.

Kelley got started when she was working at UVM, which gave her access to the Living Learning Center's pottery studio. With the studio open and

operating long hours for students and a director, who would make decisions on purchasing materials and firing the kiln, she was able to experiment with the designs and glazes. After trying some different types of pottery Kelley settled on making stoneware tiles; she credits local potter Kevin Wiberg with helping her develop her technique.

Her son was building a house in Idaho and asked her to make 200 tiles for his new house. A huge project, Kelley found that if she came up with themes for phases of her work by collecting similar plants in the woods, she created an interesting series of colors that came together in the large volume. The tiles were made in her garage at home and then transported to UVM for firing and glazing. She made a

parallel set of tiles for herself and has 200 tiles now in her house, including switch plates, backsplashes and trivets.

Lately, Kelley has moved on to plant prints on shirts, tea towels and potholders. The shirts are an interesting collection since they are used shirts – t-shirts and tank tops in a variety of colors and sizes. She rolls the leaf, twig or flower with paint and then sandwiches it between two shirts, where despite using the same plant material, the effect created is very different as the underside will show veins and other details. Kelley also uses different plants and pigments and multiple images of the same plant on the same shirt, which increases the range of design possibilities.

She has given away a tile or two and several lucky recipients have tea towels in their kitchen, but, right now, Kelley has no plans to sell her work, noting, "It is hard for me to part with everything I've created."

*Paula Kelley with her granddaughter Aven Kelley*

# Reserve Funds Reports

Reserve Funds are tax-related funds raised through the General Fund budget, bonds, loans, and/or fees. The use of each fund is designated for a specific purpose as voted at Town Meeting.

## Conservation Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for the acquisition and perpetual protection of critical historical, agricultural, and natural resources within the Town; funded through the Town budget.		
<b>Beginning Balance</b>		<b>204,243.01</b>
<b>Income</b>		
Yearly Voted Contribution		16,000.00
Interest Income		147.02
<b>Total Income</b>		<b>16,147.02</b>
<b>Expenses</b>		
Conservation Grants		0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **220,390.03**

## Highway Equipment Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for the purchase of highway equipment; funded through the Town budget.		
<b>Beginning Balance</b>		<b>-87,657.60</b>
<b>Income</b>		
Yearly Voted Contribution		88,000.00
Interest Income		0.24
<b>Total Income</b>		<b>88,000.24</b>
<b>Expenses</b>		
Equipment Purchases		0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **342.64 \***

\*Early delivery of the new grader - has been reconciled in FY 16-17

## Vault Expansion Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for the expansion of the vault that houses the Town's land records, vital records, and important papers; funded by revenues of \$2 per page from recording fees.		
<b>Beginning Balance</b>		<b>30,561.44</b>
<b>Income</b>		
Vault Expansion Fees		3,228.00
Interest Income		22.36
<b>Total Income</b>		<b>3,250.36</b>

**Expenses** **0.00**

**Ending Balance** **33,811.80**

# Reserve Funds Reports

## Record Restoration Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for restoration, preservation, conservation, and computerization of municipal records; funded by revenues of \$2 per page from recording fees.		
<b>Beginning Balance</b>		<b>26,490.48</b>
<b>Income</b>		
	Restoration Fees	3,233.00
	Interest Income	19.52
<b>Total Income</b>		<b>3,252.52</b>
<b>Expenses</b>		
	Record Restoration	0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **29,743.00**

## Bridge Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for the construction, repair, and/or maintenance of any Town bridge at the discretion of the Selectboard (within their statutory authority); funded through the Town budget.		
<b>Beginning Balance</b>		<b>1,312.41</b>
<b>Income</b>		
	Yearly Voted Contribution	0.00
	Interest Income	0.85
<b>Total Income</b>		<b>0.85</b>
<b>Expenses</b>		
	Bridge Repair	0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **1,313.26**

## Paving Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for the paving and maintenance of Class 2 roads at the discretion of the Selectboard (within their statutory authority); funded through the Town budget.		
<b>Beginning Balance</b>		<b>5,978.89</b>
<b>Income</b>		
	Yearly Voted Contribution	90,000.00
	Interest Income	32.65
<b>Total Income</b>		<b>90,032.65</b>
<b>Expenses</b>		
	Paving Projects	0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **96,011.54**

## Fire Dept. Reserve Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for the purchase of Fire Dept. equipment at the discretion of the Selectboard (within their statutory authority); funded through the Town budget.		
<b>Beginning Balance</b>		<b>20,006.71</b>
<b>Income</b>		
	Yearly Voted Contribution	0.00
	Interest Income	13.92
<b>Total Income</b>		<b>13.92</b>
<b>Expenses</b>		
	Fire Department Equipment	0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **20,020.63**

# Special Revenue Funds

Special Revenue Funds are raised by, donated to, and/or allocated to an overseeing board, commission, committee, or department for use at the discretion of their members/officers. Funds may be restricted as described below.

## Maplewood Cemetery Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used to defray the cost of repairs, capital expenses, and other expenses outside of the normal maintenance (mowing) and operations of Huntington's three cemeteries.		
<b>Beginning Balance</b>		<b>10,194.15</b>
<b>Income</b>		
	Burial Fees	800.00
	Cemetery Plot Sales	1,350.00
	Interest Income	7.58
<b>Total Income</b>		<b>2,157.58</b>
<b>Expenses</b>		
	Repairs & Maintenance	0.00
<b>Total Expenses</b>		<b>0.00</b>

**Ending Balance** **12,351.73**

## Rita Cleveland Fire Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used, at the discretion of the Fire Department members, to further enhance the service they provide through the purchase of equipment, gear, training supplies, and apparatus.		
<b>Beginning Balance</b>		<b>77,990.89</b>
<b>Income</b>		
	Interest Income	24.78
<b>Total Income</b>		<b>24.78</b>
<b>Expenses</b>		
	Volunteer Appreciation	0.00
	Transfers to Fire Dept. Fund	53,994.48
<b>Expenses</b>		<b>53,994.48</b>

**Ending Balance** **24,021.19**

## Fire Department Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used to support the members of the Fire Department.		
<b>Beginning Balance</b>		<b>5,656.21</b>
<b>Income</b>		
	Donations	4,715.00
	Fundraisers	995.00
	From Rita Cleveland Fund	9,762.00
	Interest Income	1.43
<b>Total Income</b>		<b>15,473.43</b>
<b>Expenses</b>		
	Volunteer Appreciation	2,987.46
	Office Supplies	35.22
	Fundraiser Expense	406.80
	Fire Equipment	12,023.17
	Uniforms	1,805.60
	Misc Expense	212.73
<b>Total Expenses</b>		<b>17,470.98</b>

**Ending Balance** **3,658.66**

## UMH Luke Palmer Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for anything relating to the UMH bell tower.		
<b>Beginning Balance</b>		<b>1,354.90</b>
<b>Income</b>		
	Interest Income	1.09
	Donations	325.00
<b>Total Income</b>		<b>326.09</b>
<b>Expenses</b>		
		<b>0.00</b>

**Ending Balance** **1,680.99**

## Library Books Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used to purchase books requested by and paid for by private donors and/or patrons, as a supplement to book purchases made through General Fund allocations.		
<b>Beginning Balance</b>		<b>39.81</b>
<b>Income</b>		
	Interest Income	0.60
	Donations	189.87
	Replacement of Lost Books	72.00
	Adopt An Author	1,625.22
<b>Total Income</b>		<b>1,887.69</b>
<b>Expenses</b>		
	Reimbursement to General Fund	1,909.15
<b>Expenses</b>		<b>1,909.15</b>

**Ending Balance** **18.35**

## Cemetery Endowment Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used to build enough money in an account in order to run the cemetery from the account's interest. 25% of cemetery lot sales are added to endowment by vote of the Cemetery Trustees.		
<b>Beginning Balance</b>		<b>61,684.02</b>
<b>Income</b>		
	Cemetery Plot Sales	450.00
	Dividend Income	72.32
	Interest Income	42.20
<b>Total Income</b>		<b>564.52</b>
<b>Expenses</b>		
		<b>0.00</b>

**Ending Balance** **62,248.54**

## Town Hall Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for restoration and maintenance of the Town Hall.		
<b>Beginning Balance</b>		<b>11,568.45</b>
<b>Income</b>		
	Town Hall Events	0.00
	History Book Sales	40.00
	Interest Income	10.62
	Misc. Income	630.00
	Transfer from TH Insurance	15,912.31
<b>Total Income</b>		<b>16,592.93</b>
<b>Expenses</b>		
	Repairs & Maintenance	5,372.13
<b>Expenses</b>		<b>5,372.13</b>

**Ending Balance** **22,789.25**

## Recreation Fund

July 1, 2016 - June 30, 2017

<b>Purpose:</b> To be used for activities and improvements to the Town's recreation park.		
<b>Beginning Balance</b>		<b>11,047.21</b>
<b>Income</b>		
	Soccer Program	3,399.00
	Fees and Donations	0.00
	Interest Income	8.39
<b>Total Income</b>		<b>3,407.39</b>
<b>Expenses</b>		
	Soccer Program	2,795.94
	Capital Improvements	0.00
	Special Events	0.00
<b>Total Expenses</b>		<b>2,795.94</b>

**Ending Balance** **11,658.66**

## Library CSA Fund

July 1, 2016 - June 30, 2017

**Purpose:** To be used for purchases, projects, and library development initiatives that are not paid for by General Fund allocations.

<b>Beginning Balance</b>		<b>15,182.60</b>

## Listers' Report

The Listers have maintained a close watch on current property sales. We are encouraged by the growth in value and have had discussions about a future reappraisal. Due to our continued excellent Coefficient of Dispersion (COD) and Common Level of Appraisal we have decided with input from the Selectboard to put off for another year the start of a cyclical reappraisal. We expect property values to continue to increase and with that see a slipping of our COD and CLA values. The end of the year 2017 equalization study shows a rising COD of 4.67% and a lower trending CLA of 99.72%. A COD over 20% and A CLA of under 80% mandates a reappraisal.

The Coefficient of Dispersion (COD) is a measure of uniformity of appraisal for all properties in a town's Grand List. It measures the average deviation between the selling prices of recently sold properties from the average town-wide level of appraisal. In other COD measures how likely it is that they would sell for the same amount.

The Common Level of Appraisal (CLA) is an indicator of the level at which properties in a town are appraised in relation to the Fair Market Value. The CLA is used to equalize education taxes statewide with the goal of having properties of equal value pay equal amounts of school taxes.

The Listers decided to skip a year of parcel maps to ascertain if the Vermont Statewide Mapping project would contribute to the cost. When it became clear that this would not be the case new maps were called for and will continue to be updated yearly.

As always the Listers appreciate the cooperation of all the town property owners in allowing us to present a fair equitable assessment of their properties.

Don Dresser was elected for another 3 year term.

Board of Listers:

Carol Wildman

Don Dresser

Ryan Elliott

## Board of Civil Authority & Board of Abatement Board of Civil Authority

The Huntington Board of Civil Authority (BCA) works on behalf of the townspeople in a variety of contexts. Its make-up is the elected Justices of the Peace (7), the Selectboard (5) and the Town Clerk.

The Justices of the Peace are elected in November of even years, and take office on February 1.

The BCA members are responsible for the elections and are looking forward to a busy year in 2018 with three elections; in 2017, we had one election on Town Meeting Day. The Town Clerk is the Presiding Officer for Elections, handling the day-to-day details, while working with the Board. The BCA reviews the work done on the Voter Checklist, staffs the polls, counts ballots and certifies the elections. Other Election Workers join the BCA to capably fill the schedule. Don Dresser has served as the Presiding Officer on Town Meeting Day when the Town Clerk is busy taking minutes.

The BCA also hears and decides Grievances regarding the Listers' property appraisals. This occurs in the late spring and early summer. Discussion may take place in Deliberative Session; all decisions are made by the Board in an open meeting. In 2017, the BCA heard four appeals from the Listers decision. The Board voted to maintain three property values; the fourth appellant withdrew his appeal after meeting with the Board and decided to continue to work with his neighbor and the Listers to get the tax map corrected. Roman Livak has served as chair of the BCA for the property value appeals; Andrew Hendrickson has served as the vice chair. The minutes and other legal paperwork for the Board are the responsibility of the Town Clerk.

All of the work of the BCA is strictly governed by Vermont Statute.

## Board of Abatement

The Huntington Board of Abatement (BOA) has one function which is to hear and act on appeals for abatement of property tax. The BOA is comprised of the BCA, as listed above, and also the Town Treasurer and Listers. The BOA hears the appeal and makes a decision, based on criteria as outlined in 24 VSA 1535.

The BOA heard one tax appeal in 2017 and reduced the taxes, due to the removal of a trailer from the property before the tax bills came out.

## Auditors' Report

As Town Auditors, we strive for excellent work in the town offices as we follow our statutory duties as quoted below. The reports and records for Fiscal Year 2016-2017 ending June 30, 2017 were reviewed by your local auditors. In addition, this past year we initiated the Internal Audit as outlined in the VLCT handbook which included reviewing the Town's accounting system, cash handling procedures, and segregation of duties.

The independent audit was completed by Fothergill Segale & Valley, CPAs during which our town's documents and financials were reviewed. The entire audit for the Town of Huntington can be found on our website: [www.huntingtonvt.org](http://www.huntingtonvt.org) or at the Town Office. Results were favorable.

During the year, meetings are held with Warned Meetings and others as work sessions. We assist in the preparation of our professional audit and are always available to help others in our Town Office when needed. Monthly bank reconciliations continue to be conducted by our volunteer, Andrea Ogilvie, in conjunction with our Town Treasurer.

According to State Statute, our largest project of the year is the Huntington Annual Town Report. We began this process in November with a Warned Meeting, followed by work sessions and then wrapping up with a Warned Meeting after

Town Meeting. During our first meeting, we work on updating our project plan, reporting worksheet and choose our "Theme" for the up-coming report.

Our thanks and appreciation is extended to Huntington's boards, commissions, committees, employees, officers and trustees, and Town Administrator for her organizational efforts. We also wish to recognize our Graphic Designer who organizes the material including spreadsheets, diagrams and photographs - both the newsprint version which is mailed to all the legal voters of the town and the archival (bound book) version. Archival copies are available upon request.

According to the VERMONT LEAGUE OF CITIES AND TOWNS (VLCT) HANDBOOK FOR LOCALLY ELECTED AUDITORS - our Statutory Duties are as follows:

"The town auditor plays a vital role in preserving the democratic nature of Vermont's local government by ensuring that local officials are accountable for their expenditures of the taxpayers' money. It is the auditor's job to review the accounts of local officials and report the findings directly to the taxpayers for review."

Respectfully submitted:

Patricia Quinn Baumann    Lucinda W. Hill    Marilyn J. Hinsdale

# 2017 Australian Ballot Results

March 7, 2017

Huntington has 1575 voters; Buels Gore has 24 voters

Huntington: 330 election voters (21%)

Buels Gore does not vote in the local election.

All elected town and school officials were unopposed. For the first time in recent memory, every position on the ballot had a candidate, so there were no write-in candidates elected.

## Town Officials

# Annual Town Meeting Warning

## March 14-15, 2017

### Town Warning

#### Official Warning Annual Town Meeting Huntington, Vermont

The legal Voters of the Town of Huntington, Vermont are hereby warned and notified to meet at the Brewster-Pierce Memorial School in said town on Tuesday, March 6, 2018 at 9am to transact the following business:

Voting by Australian ballot will be conducted on March 6, 2018, between the hours of six-thirty (6:30) in the forenoon, at which time the polls will be open, and seven o'clock (7:00) in the afternoon, at which time the polls will close.

Article 1.	To elect all Town Officers as required by law. (Australian ballot.)
Article 2.	To hear and act upon the reports of Town Officers and Committees.
Article 3.	Shall the voters authorize the Selectboard to appoint a town treasurer as provided in 17 V.S.A. § 2651f?
Article 4.	Shall the voters authorize the Treasurer, pursuant to 32 V.S.A. § 4791 to collect current Town and School District taxes?
Article 5.	Shall the voters authorize payment of real property taxes in 4 installments, with the due dates being August 15, 2018, November 15, 2018, February 15, 2019, and May 15, 2019 by 11:59 pm (before midnight) by either direct debit, or physical delivery to the tax collector, or delivery to the Town Office postmarked on or before those dates?
Article 6.	Shall the town authorize the Selectboard to establish a reserve fund to be called the Buildings & Grounds Reserve Fund to be used for buildings and grounds capital plan projects, in accordance with 24 V.S.A. § 2804?
Article 7.	Shall the Selectboard expend up to \$43,750 from the Highway Paving Reserve Fund, in accordance with the Fiscal Year 2018-2019 Capital Plan, in the event the Town is able to secure a grant of up to \$175,000 to fund East Street and/or Main Road paving?
Article 8.	Shall the voters authorize the Selectboard to expend up to \$30,000 from the General Fund Fund Balance, in accordance with the Fiscal Year 2018-2019 Capital Plan, for a local match contribution in the event the Town is able to secure a grant for developing the engineering construction plans for the Lower Village pavement project?
Article 9.	Shall the Selectboard expend up to \$2,500 from the Highway Bridge Reserve Fund, in accordance with the Fiscal Year 2018-2019 Capital Plan, for funding the Town's local share of the Camel's Hump Road Bridge #32 project?
Article 10.	Shall the voters authorize the Selectboard to purchase a replacement Highway Department loader, as outlined in the Fiscal Year 2018-2019 Capital Plan, for a purchase price not to exceed \$133,000; and that the purchase be funded with \$48,000 from the Highway Equipment Reserve Fund, a loan not to exceed \$50,000 over a period not to exceed 5 years, and a trade-in reimbursement of \$35,000 from the sale of the 2001 loader?
Article 11.	Shall the voters authorize a total Fiscal Year 2018-2019 General Fund expenditure of \$1,878,949 of which \$1,577,924 shall be raised by taxes and \$301,025 by non-tax revenue?

A relentless snowstorm covered much of Vermont in over three feet of snow, with much higher drifts, on March 14 and 15, closing schools for two days (real snow days!).

*March snowstorm measurement in Huntington Center.

*Below, two photos of Taft Road snow taken by Roy and Lisa Haynes.*

# Annual Town Meeting Warning continued

Article 12.	Shall the town vote to exempt the payment of any penalty, fee, or interest relative to the failure to make timely payment of taxes upon the principal residences of individuals who have been called to full-time active duty by the President of the United States as a result of a military conflict in an area designated a combat zone by the President of the United States, for the time such members are on active duty and for 180 days thereafter, provided said individuals provide a copy of their military orders or other appropriate documentation to the municipal clerk, pursuant to 32 V.S.A. § 4609?
Article 13.	<p>WHEREAS extreme and erratic temperatures, increasingly severe storms, a rise in tick-borne diseases, and threats to farmers and maple sugar makers clearly demonstrate that climate change is one of the most urgent problems facing our state, nation, and the world, and</p> <p>WHEREAS the State of Vermont has a goal in the Comprehensive Energy Plan to achieve 90% of its energy from renewable sources by 2050, yet is making insufficient progress toward achieving that goal;</p> <p>NOW, THEREFORE, BE IT RESOLVED:</p> <ol style="list-style-type: none"> <li>1. That the Town urges the State of Vermont to:             <ol style="list-style-type: none"> <li>a. Halt any new or expanded fossil fuel infrastructure, including by not limited to energy pipelines;</li> <li>b. Firmly commit to at least 90% renewable energy for all people in Vermont, with firm interim deadlines; and,</li> <li>c. Ensure that the transition to renewable energy is fair and equitable for all residents, with no harm to marginalized groups or rural communities.</li> </ol> </li> <li>2. That the Town will do our part to meet these demands by committing to efforts such as:             <ol style="list-style-type: none"> <li>a. Protecting Town lands from fossil fuel infrastructure, denying easements or agreements for any pipelines crossing town lands;</li> <li>b. Weatherizing Town buildings and schools;</li> <li>c. Enlisting State support to install rooftop solar on Town and school buildings;</li> <li>d. Other initiatives to improve residents' quality of life while helping us reduce overall energy use.</li> </ol> </li> </ol>
Article 14.	Should the Selectboard explore and consider mechanisms to effectively cap the amount of funds held in the Conservation Reserve Fund at \$100,000.
Article 15.	To discuss or transact any other nonbinding Town business thought proper.

**Notice to Voters:**

The legal voters of the Town of Huntington are further notified that voter qualification, registration and absentee voting shall be as provided in Chapters 43 and 51 of Title 17, Vermont Statutes Annotated.

# Section Two - Reports

## 2017 Town Meeting Summary

The legal Voters of the Town of Huntington, Vermont are hereby warned and notified to meet at the Brewster-Pierce Memorial School in said town on Tuesday, March 7, 2017 following the conclusion of the Annual School District Meeting for Brewster-Pierce Memorial School (which begins at 9am), to transact the following business:

Voting by Australian ballot will be conducted on March 7, 2017, between the hours of six-thirty (6:30) in the forenoon, at which time the polls will be open, and seven o'clock (7:00) in the afternoon, at which time the polls will close.

**CALL TO ORDER:** Moderator Dana Cummings called the meeting to order at 12:51 am.

The Olga Hallock Award was presented to Michael Ramsey by Town Clerk Heidi Racht. This annual award is presented to a resident for great volunteer contribution to community. (Read more on page 5 of this report.)

Moderator Dana Cummings explained the conduct of the meeting.

**Article 1. To elect all Town Officers as required by law.** (Australian ballot.)

**Article 2. To hear and act upon the reports of Town Officers and Committees.**

**MOTION:** Terry Ryan moved the article; seconded by Mark Smith.

**DISCUSSION:** Heidi Racht corrected the Energy Committee meeting time on page 3; she pointed out the omission of the Fire Department Reserve Fund, which is still reflected in the General Fund (on page 11); Sheri Lynn corrected the Conservation Commission meeting time on page 3.

**RESOLUTION:** Article passed on a voice vote.

**DISCUSSION:** Sheri Lynn asked if Article 8 could come next. Moderator consulted with Parliamentarian Dave Clark.

**MOTION:** Sheri Lynn moved to suspend the rules; second Ryan Koloski.

**DISCUSSION:** Moderator Cumming consulted with parliamentarian Clark; Barton asked for the reason behind the motion. Lynn stated that she wanted to discuss this article first because she didn't want to stay for the entire meeting. Don Dresser objected, requesting to keep the articles in order.

**RESOLUTION:** Motion defeated on a voice vote.

**Article 3. Shall the Town pay current taxes to the Treasurer of the Town and School District?**

**MOTION:** Dave Clark moved; second, Don Dresser.

**DISCUSSION:** None.

**QUESTION CALLED:** Don Dresser; second John Hadden.

**RESOLUTION:** passed on voice vote.

**RESOLUTION:** Article 3 approved on a voice vote.

**Article 4. Shall the voters of the Town of Huntington authorize the Selectboard to borrow money when needed to meet the current expenses and indebtedness of the Town in anticipation of taxes?**

**MOTION:** Jane Keir moved; David Worthley second.

**DISCUSSION:** none.

**RESOLUTION:** Passed on voice vote.

Board chair Dori Barton introduced Articles 5, 6, and 7 and commended Treasurer Kathleen Clark and Administrator Barbara Elliott for work on the budget and Capital Plan. She called attention to the Select-

board, et al., Report (page 7), the General Fund budget (page 10) and the 12.5% maximum for Capital Debt Service (page 18).

**Article 5. Shall the voters of the Town of Huntington authorize the Selectboard to purchase a replacement Highway Department tandem dump truck as outlined in the Fiscal Year 2017-2018 Capital Plan for a purchase price not to exceed \$198,020; and that the purchase be funded with \$83,020 from the Highway Equipment Reserve Fund, a \$65,000 loan, and a \$50,000 trade-in reimbursement from the sale of the 2010 plow truck?**

**MOTION:** Sheila Susen moved; Heather Pembroke second.

**DISCUSSION:** Selectboard member Nancy Stoddard: this piece of equipment is in the CP and funds have been set aside; it would be a five-year loan. The truck, purchased in 2010, has had \$20,000 in repairs in the last seven years, but \$10,000 was in the past year. The warranty has ended and it will probably need more repairs.

Duncan Keir: 7% budget increase is "not a small amount." Stoddard: expenses have been "deferred and delayed" and the town is now "playing catch up." Referred to line 17 (page 18) Project Capital Spending Summary. The issue in possibly delaying this purchase is a dip coming in highway equipment. "We have to look at debt load – have a plan, and stick with the cycle."

**continued**

Nayo Ogilvie asked if this cycle would be repeated as this round of new equipment is replaced. Stoddard: intent is to smooth it out “so that we have a plan to pay for the equipment as we need to replace it.” Part of the creation of reserve funds is to even out expenses.

Mark Smith discussed the process procedurally to replace equipment and the analytical process. Barton: Road Foreman Yogi Alger did extensive repairs analysis, looked at warranty cycle, repairs needed around warranty expiration.

Dawn Taylor: will we need another one in seven years?

Alger: equipment is back to the five-year warranty. Looking at \$10,000 in repairs versus a trade-in. “Huntington is not an easy town for trucks. You are either going uphill or going uphill.” He compared roads here to the relatively flat [paved] town of Colchester.

Britt Cummings: town is committing to 7% tax increases for the next several years; people are on fixed incomes; favors deferring one piece of equipment.

Carl Ashley: would like to kick this addiction to debt.

Megs Keir discussed cost of vehicle (\$198,000, plus interest of \$12,000) \$30,000 per year to own vehicle. Stoddard: consider down time, warranty. Barton: repairs (line 261) will have to increase if article doesn't pass. Repair costs YTD are \$10,120. In answer to a question from Nayo Ogilvie about the warranty coverage, Alger said it is end to end. The repairs this year were due to a broken fan that went through the radiator.

Joe Segale pointed out a 33% increase in taxes over the next five to six years, which is higher than inflation. In order to avoid this, “We would all live with a lower level of service.” Then, if we don't want to live with a lower level of service, “how can we generate more

revenue?” Smith likes “our roads; appreciates the effort that goes into keeping them the way they are. Good roads save money.” Supports purchases. Alger responded: the town has two tandems, a seven-yard dump truck, one-ton for short roads and it already takes 2.5 hours to get around the entire town once to plow snow.

David Worthley: “Three years ago, we didn't have a Capital Plan. We never knew what we were going to purchase. It was always a surprise [at Town Meeting]. We need to trust the Capital Plan and go with the process.”

Duncan Keir talked about the old days - putting chains on to get home. Grader showed up two days after it snowed... The roads are “far superior and we are paying for it. We have to decide that, if we, as a community, can pay for it.” Are the services worth it? Less wear and tear on our vehicles; safer, better roads, etc. Dave Clark - if there is a cut back on vehicles, the roads might not be suitable for buses, so more snow days; issue for safety and emergency vehicles.

**QUESTION:** Terry Ryan called the question; Everett Lewis, Jr., second.

**RESOLUTION:** passed on voice vote.

**RESOLUTION:** Article 5 approved on voice vote.

**Article 6. Shall the voters of the Town of Huntington authorize the Selectboard to purchase a Highway Department excavator as outlined in the Fiscal Year 2017-2018 Capital Plan for a purchase price not to exceed \$106,500; and that the purchase be funded with a \$106,500 loan?**

**MOTION:** Trina Smith moved; Heather Pembroke second.

**DISCUSSION:** Selectboard member Roman Livak: the town is renting an excavator at \$5300 for two months to do ditching, culverts, FEMA work. Three

to four people are needed to operate it in order to maximize the rental. A purchase could be used year-round instead of using the backhoe, which is “tedious and inefficient.” Increased need for ditching and culverts since the Clean Water Act.

Terry Ryan: keep the backhoe? Get rid of it? Alger: keep it. Pembroke asked about use – compared line 262 to line 250 (page 13) - would the equipment be rented out? Livak: town would be using it during the time that someone would want to rent it.

Mark Smith talked about ditching; the program is a change and he wanted to know how it is going; purchase plays into ditching and drainage. Alan Campbell asked about the 30-year replacement plan for the excavator – how much of this is under warranty. Alger: 3 years (36 months). With the rental, there are 160 hours per month and “we didn't get the work done.” Livak: ditching for storm runoff and clean water requirements played a substantial role in the decision to purchase.

Britt Cummings: no question on the value of the equipment, questions affordability. “We are becoming victims of spreadsheet hypnosis; we believe it because it comes out of our computer. We have to find a way to bend the curve.” A 3% increase would be appropriate. Barton: “We certainly can delay purchase... We can't eliminate purchase and not increase the rental [line item]. Megs Keir: How many years will we be paying \$13,312? Repair cost forecast should be added in.” Barton: repairs are not capital expense. It is a 10-year loan with \$14,643.75 interest.” Ditching needs are not going to decrease.

Shayne Jaquith questioned the level of service provided by the town. He talked about development pattern issues and state storm water issues. This would be a benefit for water quality – less maintenance of roads due to better crowning. Step back and deter-

**continued**

## Town Meeting Summary from previous page

mine what level of service we want. Darlene Palola: “The Clean Water Act will be going on for many decades. We should look at programs where towns share equipment.”

Margaret Taft asked about the three-year warranty; suggested buying used equipment. Alger: you should know the owner if you are going to buy used. You can get a piece with problems: drive train is gone, hydraulic leaks.

The interest rate for the loan is 2.5%. The big advantage between renting and owning is when the crew is ready to go and ready to work - when equipment is rented, they have to commit to a schedule that can easily be impacted by weather and other unknowns. Clark referred to the July 2013 damage to the Huntington Woods water system: “If the [ditching] work had been done, we wouldn’t have to do this [major repairs]. Ditches are important.”

Worthley asked if the excavator could replace the backhoe. Alger: “I would rather just keep it for emergencies. The value is not the greatest.” Michele Cummings: Is there any merit to subcontracting the extra work? Many of us can absorb the [tax] increase, but there’s a cost that affects the community. Alger: I hired outsiders to do two culverts and it was over \$6000 for two days. Pam Hart: “We have been spoiled with our roads. Is it time that we should give up our perfect roads? We need to make some cuts. We are going to boot out the low income people...”

**QUESTION:** Joe Perella called the question; Sheila Susen second.

**RESOLUTION:** passed on voice vote.

**RESOLUTION:** Article 6 approved on voice vote.

**Article 7. Shall the voters of the Town of Huntington authorize the Selectboard to use up to \$20,000 from the General Fund Fund Balance for a local match contribution in the event the Town is able to secure a grant for developing the engineering construction plans for the Lower Village pavement project; which will leave a General Fund Fund Balance amount of \$125,994?**

**MOTION:** Dave Clark moved; Terry Ryan second.

**DISCUSSION:** Dori Barton: referred to the Lower Village project in the capital plan on page 19 (lines 19-20). The money would be used as a match for engineering for construction plans needed to go out to bid. Referenced page 15 General Fund Fund Balance. Engineering costs are typically 10% of project cost; the Board chose to spread costs over this and next year’s budgets. Ryan commented that \$1.3 million for 1 mile... I assume this is not just paving. Barton: drainage and complete street – project will comply with other uses; also includes a potential reconfiguration of traffic at East Street. There will be public information meetings. Jim Couture wanted clarification about state requirements and will this be the cost of every mile? Barton: some sections we can do overlay work, which is considerably less expensive; other sections require rebuilding the base.

Segale asked about sidewalks as part of the project. Barton confirmed this.

Taft asked, “What happens if you don’t get a grant” and then commented on the wording of the article. Barton confirmed the money won’t be spent if no grant is awarded. Alger commented on water issues in the Lower Village; four catch basins would be installed in the Lower Village and parts of the road would be dropped down. Megs Keir: we are not voting for this project, we are voting in the event we get this grant. She asked how this year’s budget would be affected. Barton: the Selectboard will look for

grants but is contemplating a bond for construction. Keir pressed on. Barton: “I don’t think a big chunk of this is going to be paid for by grants.”

Knox Cummin urged the town to continue to work on the Main Road and East Street intersection which has been discussed for decades: “We have to spend money to make something happen. Don’t kick the can down the road.”

John Hadden: How does this work with traffic control studies done this summer? Barton: a decision will be made to finalize the project plans after trials. Taft: “Is this already decided that we are going to install sidewalks or change East Street?” Could this estimate go down? Barton: No decisions have been made. Paving prices are not coming down. Barton: “Paving is challenging to forecast. Sidewalks are a small part.” Evaluate these numbers in October.”

**RESOLUTION:** Article 7 approved on voice vote.

**Article 8. Shall the voters of the Town of Huntington authorize the Selectboard to contract for an amount not to exceed \$10,000 for approximately 222 hours of additional traffic enforcement coverage for FY 2017-2018 (average of 4.25 hours per week) to be funded by increasing the proposed General Fund expenditure (as noted in Article 9)?**

**MOTION:** Article moved to the floor by Jeanine Carr; seconded by Nayo Ogilvie

**DISCUSSION:** Andrew Hendrickson: article is in response to concerns made by residents of the Lower Village, Camels Hump Road and at last year’s Town Meeting. Board was not in support so it is a separate.

Jeanine Carr said she is a proponent of traffic calming. “When people start getting tickets, they will slow down.” Ryan asked about the speed bar. Hendrickson: a new sign and speed table are in the current budget. Becca Golden asked if this is for 4.2 hours [per week]

**continued**

or additional hours? Hendrickson: The Vermont State Police (VSP) are here 6.25 hours; this is additional 4.2 hours of Richmond Police and they are open to suggested times. Linda Fickbohm: traffic calming works better in theory, with only a “small improvement. Speed trapping adds to the problem.” Ask people to tell service people to slow down. Taylor: not in favor of cops; wants radar sign to be rotated. Worthley noticed signs work; wants 10 more.

Scott Detweiler: revenue from tickets? Hendrickson: \$26,000 paid for VPS and town gets 25% of revenue. Barb Winters and Paul Susen: in favor of signs. Susen: why the sign is sometimes dark? Hendrickson: snow on solar collector affects operation. Barton: \$10,000 is not built into the budget. Clark: People were “rocketing through [the Lower Village]. After the speed bump, people slow down – make it personal and make them pay.”

Cummin asked about a camera on radar sign. Hendrickson: not legal in Vermont. Ross Ogilive advised getting state legislators to change the law. Trina Smith talked about anecdotal conversations on the ski lift, where people say they get speeding tickets in Huntington and they still speed. “Speeding tickets don’t deter people.” Britt Cummings: Four hours per week is too low to control speed. Much discussion on traffic ticketing, speeding, traffic calming, signage.

**QUESTION CALLED:** Britt Cummings; second Terry Ryan.

**RESOLUTION:** passed on voice vote.

**RESOLUTION:** Article 8 defeated on voice vote.

**Article 9. Shall the voters of the Town of Huntington authorize a total Fiscal Year 2017-2018 General Fund expenditure of \$1,773,244 of which \$1,479,918 shall be raised by taxes and \$293,326 by non-tax revenue?**

**MOTION:** Duncan Keir moved to the floor; second,

Scott Detweiler.

**DISCUSSION:** Dori Barton: no financial adjustments needed to be made since the articles that were approved were already built into the budget. She discussed insurance, capital debt payments, salary increases, capital reserve funds and the Town Hall budget, which is looking to be offset with revenues and reserve funds. Much discussion from the audience.

Duncan Keir asked about defeating Article 8. Barton: We have deficit spending on this line item in the current fiscal year; confirmed no traffic calming devices are in the budget. Darlene Palola asked about radar sign placement. Barton: we have one on order and it is movable. Don Dresser asked about the Cemetery Endowment Fund (page 23) and Town Hall increase in budget and extra expenses (page 15). Barton: we had a conversation with the Cemetery Trustees. For the Town Hall, there was the “asbestos problem.” Dresser pressed on: “Is the budget going to keep ramping up and being overspent. Fickbohm, addressing Town Hall comments: It is funded for \$3000 to keep the building standing and insured. Intention is to have the building pay for itself. It is available for town committees to use for free.” Pembroke suggested showing a percentage change in each line item; asked about line 177 (page 12) overages. Barton: the Road Crew wasn’t able to use vacation time. “We worked out a one-time compensation with the crew. We didn’t have the option of the crew taking summer time off.”

**AMENDMENT:** Dave Clark moved to increase the budget by \$300 to \$1,773,544 with \$1,480,218 to be raised by taxes; second by Darlene Palola.

**DISCUSSION:** Clark said that \$300 is too little to fund the programs that are now being proposed by the newly-rejuvenated Huntington Energy Committee (HEC). The money was an arbitrary “placeholder”

because HEC was not active after several resignations. Sarah Jane Williamson commended the Energy Committee: “we should reward them with the money they need.” Barton: \$300 could be done administratively by the Selectboard.

**QUESTION CALLED:** Heather Pembroke; second Terry Ryan.

**RESOLUTION:** passed on voice vote.

**RESOLUTION:** amendment defeated on voice vote.

**BACK TO DISCUSSION ON ARTICLE 9:** Lynda Phelps said she didn’t “have a feeling that people are looking out for the interest of people who are working 40 hours per week.”

**AMENDMENT:** Britt Cummings moved to reduce the budget by \$6500; second by Lynda Phelps. After some confusion about the amount proposed in the amendment, it was withdrawn and resubmitted by Cummings and Phelps. The amendment read to decrease the budget to \$1,766,744 with \$1,473,418 to be raised by taxes, etc.

**DISCUSSION:** Cummings asked about an increase in fees for the Zoning Administrator. Discussion on revenue (tax and no-tax) and budget. Barton talked about the 5% across-the-board cut in the budget [in 2009] and the struggle that all departments faced on all levels to make the cuts. She said it would be helpful to identify specific areas for cuts and mentioned the library’s book budget. “This puts us in a difficult position to decide.”

Ryan asked about using unspent grants and Segale, who was on the Selectboard in 2009 noted that this proposed decrease is .54%. Barton responded, “The grants have not expired and can’t be used... We did a lot of trimming since the first draft. The operations increase is 3.1%.” Dresser said the reduction “won’t save the average taxpayer about \$5 per quarter. Keir

**continued**

## Town Meeting Summary continued from previous page

said that back when the 5% reduction was voted there were a lot of questions about how funds were being handled. He added, he hoped, “Yogi can get \$56,500 for the truck.”

Cummings said he tried to work through the budget before making the motion. “If we have the appetite to have the equipment, we need to cut the budget.” Couture added, the average person asks how this affects them? Our taxes have gone up every year since I’ve been here. They [Selectboard] did the plan. We don’t like that, but the numbers are the numbers.”

**QUESTION CALLED:** Jim Couture; second Sheila Susen.

**RESOLUTION:** passed on voice vote.

**RESOLUTION:** amendment defeated on voice vote.

**QUESTION CALLED:** Dave Clark; second Megs Keir.

**RESOLUTION:** Article 9, as warned, passed on voice vote.

**Article 10. To transact any other Town business thought proper.**

**MOTION:** Dave Clark moved; second, Nayo Ogilvie.

**DISCUSSION:**

1. Dave Clark thanked Energy Committee members who have left the committee; welcomed new members.
2. Linda Fickbohm asked for separate school and town meeting; noted the group was now down to 40 people.
3. Alison Forrest encouraged voters to go to MMM meetings as the budget has a significant effect on taxes.

4. Pam Hart – people will have sticker shock when they get their tax bills. Budget should not wait until the end of the meeting.

5. Ross Ogilvie – one-time 6% increase doesn’t bother him, but the compounding of the whole business means a 22% increase in ability to pay for a budget that will double in 10 years. Barton suggested coming to SB meetings and gave details of same.

6. Duncan Keir – Selectboard is accommodating at meetings and public can participate.

7. Barrett Grimm proposed weekend meeting; Britt Cummings said attendance, when this was done, was first equal to and then lower than Tuesday meeting.

8. Dave Clark – for MMM school participation, come to Finance Committee meetings.

**ADJOURNMENT:** Dave Clark moved to adjourn; seconded by Heather Pembrook.

The meeting adjourned at 4:52 am.

—Minutes prepared by  
Heidi Racht, Town Clerk, CVC, CMC

*Minutes are recorded in the Town Clerk's Office and are also available on the Town of Huntington website: [www.huntingtonvt.org](http://www.huntingtonvt.org)*

*Huntington Fire Department Engine #1*

# Huntington Volunteer Fire Department & First Response

The Fire Department has had another active year both responding to calls, trainings and projects at the fire station. The department provides three main services; fire protection, first response to medical calls and a backcountry search & rescue. The department responded to nearly 100 calls, the majority of these being medical emergencies.

The department responded to nearly 30 non-medical calls, including chimney fires, multiple carbon monoxide alarms, two potential structure fires, motor vehicle crashes and provided mutual aid to surrounding towns. Our replacement Engine #1 (pictured above) arrived in April of this year. It replaced a 19-year-old engine, that now has a new home in Montana! This new truck along with our other apparatus have made it possible for the department to obtain a lower fire insurance rating. We are hopeful townspeople will see this reflected in lower fire/homeowner's insurance rates. The department is always looking for volunteers, especially people that are available during the workweek. Please don't hesitate to stop by the station or call.

The department also provides first response to medical emergencies pending the arrival of the ambulance from Richmond. Among the members of the Department there are eight certified Emergency Medical Technicians (EMT), two Advanced Emergency Medical Technicians (AEMT), and one Emergency Medical Responder (EMR). These members respond to medical emergencies of all kinds, including cardiac

*Sled rescue for training day for members of Huntington Fire Department's Backcountry Search and Rescue group. Photo: Bill Menning.*

arrests, traumas from accidents and falls, and opioid overdoses. From July 1, 2016 through June 30, 2017, the members were toned out to a total of 91 possible calls, and responded to 68 of them, or 75% of possible calls. Most of the members work outside of

Huntington, so the Department is always looking to recruit townspeople who are around during the workday. Training, including state certification, is provided at no cost. EMS trainings take place the fourth Monday of each month, from 7 to 9 p.m. at the firehouse. If interested, please contact Assistant Chief/EMS Head of Service Brian Valentine at 434-2162 or brianvalentine@gmail.com.

Backcountry Search and Rescue (SAR) is a fairly new service the department provides. Eleven members of the department provide this service. The majority of the group recently acquired an ASTM Level 1 Search and Rescue team member level. This group trains once per month, in addition to fire and/or first response trainings.

We have trained and worked closely with the VT State Police SAR Team, the VT State SAR Coordinator and our neighboring SAR groups. The group responded to six calls this year. Each member is equipped with some of the best gear and equipment available. We have been able to fund this significant expense nearly completely with donations.

*—Submitted by Fire Chief Tate Jeffrey*

The members of the department during 2017 were:

# Richmond Rescue, Inc.

2017 was another busy year at Richmond Rescue. More than 45 volunteer and staff members have worked hard to improve the service and deliver the best prehospital emergency care available. We met a number of important goals this year, including:

Adding a second paramedic to our three-person full-time staff, ensuring we can provide paramedic level coverage at a minimum 60 hours per week.

Richmond Rescue was one of the first ambulance services in Vermont to begin using nitrous oxide for pain management. Nitrous oxide is a non-narcotic alternative to traditional opioid pain relief drugs and expands the scope of pain control available to patients.

We were one of four services to pilot High-Performance CPR (HP CPR), a nationally recognized algorithm that is shown to improve outcomes of out of hospital cardiac arrest. Throughout our service area we have seen great success with HP CPR and are helping services throughout the county to train and implement programs similar to ours.

Our mission is driven by our patients. Every year we push hard to improve the medical interventions, equipment, and response system available in our service area. At present we serve the towns of Richmond, Bolton, Huntington, and southern Jericho. Our volunteers and staff responds to a variety of requests for help, including:

Total requests for service:	603
Calls for service in Huntington:	61
Requests to Interstate 89:	73
Average ambulance response time in Huntington:	18 minutes
Number of active volunteers:	37
Total volunteer hours:	23,251

In addition to ambulance service we also provide rescues for

those sick, injured or lost outside the reach of traditional ambulance resources. This year our backcountry team, known as the Camel's Hump Backcountry Rescue Team (CHBRT) completed 14 requests for service, providing assistance to people on Camels Hump, Mt. Mansfield, Bolton Valley, Mt. Hunger, and beyond. The thirty member, all volunteer team, collaborates with other local teams to train monthly and provide rapid and professional response to emergencies in any environment. Nearly all funding for the team has been secured through donations and state grant programs.

We continue to offer free car seat fittings, E911 driveway signs (\$10), and CPR/First Aid classes.

Please contact our station any time, at 434-2394 or email [director@richmondrescue.org](mailto:director@richmondrescue.org) to arrange for these services.

I thank you for the opportunity to continue serving our communities and look forward to the year ahead.

Sincerely,

Taylor F.J. Yeates, President, Richmond Rescue, Inc.

# Development Review Board

The Huntington Development Review Board (DRB) combines the regulatory function of the Zoning Board of Adjustment (appeals of the decision of the Administrative Officer, variances, and conditional use permits) and the Planning Commission (subdivision review and site plan review). It allows a property owner to appear before one board.

The DRB conducted the following business in 2017:

1. April: Nat Weaver, three-lot Major Subdivision Preliminary Review, Weaver Road
2. May: Knox Cummin, Minor Subdivision, Main Road south of Lower Village
3. May: Tim and Leslie Jones, change to a recorded survey of an approved subdivision, Happy Hollow Road
4. June: Jessica Arkley, Variance from river setback for deck expansion, 103 Beane Road
5. June: Mark and Marijke Smith, Planned Unit Development – 10 lots, 1425 Bert White Road
6. October: Nat Weaver, Sketch Plan Review, three-lot subdivision, Weaver Road
7. December: Peter and Carla Purinton, boundary line adjustment, 1.52 acres to Jedediah and Jennifer Randall, on Maple Ridge Lane
8. December: Jedediah Randall, addition to a commercial building, 111 Maple Ridge Lane

Also in 2017, the Board determined that the following applicants did not need a DRB permit:

1. Jackie and Martin Fuller, subdivision of agricultural lot, Huntington Center
2. Annie Beauchesne, Conditional Use request for a conversion of a single-family residence to a two-family rental, 78 Taft Road
3. Melissa Hoffman and Shawn Smith, Camels Hump Road Road, conditional use for bed and breakfast

John Altermatt and Britt Cummings, who were original DRB members, left the Board this year. We would like to thank them both for their thoughtful contributions to our decisions. We welcomed Everett Marshall, who is the Planning Commission liaison and Mark Smith to the Board in June. We are looking forward to working with two new members in 2018: Mark Sylvester and Adam Miller (alternate).

The minutes of the DRB meetings, as well as the written decisions, are available at the Town Clerk's Office and on the town website. The meetings are held on the second Tuesday of each month, as needed, and are open to the public.

Members of the DRB:

Joe Perella (chair), Jeanine Carr (vice chair)  
Everett Marshall, Mark Smith, Mark Sylvester  
Adam Miller, alternate  
Heidi Racht, Clerk

# Huntington Planning Commission

The Huntington Planning Commission completed revising our zoning, subdivision and flood regulations into a unified Land Use Regulations. This document, which reflects updates to the Town Plan in 2014, was forwarded to the Selectboard, the town's governing board. According to statute, a public hearing was held in mid-December by the Selectboard. At the time of this writing, the public comment period had just closed.

The work was funded, in part, by a Unified Planning Work Program grant from the Chittenden County Regional Planning Commission. We worked closely with Regina Mahony of CCRPC who provided expert advice, as we made further revisions after public hearings.

The Commission has started work on the Town Plan, which needs to be updated by September 2019. We hope that residents will take a few minutes to fill out the planning questionnaire that is under development. Watch for notices of public planning sessions in 2018!

The Commission would like to thank Terry Ryan, who is not running for reelection on Town Meeting Day. He spent many hours outside of meetings drafting documents and moving us forward to completion of the Huntington Land Use Regulations.

—Submitted by Everett Marshall, Chair

Commission members:

Everett Marshall, Shayne Jaquith, Terry Ryan, Joe Segale, Adam Miller  
Heidi Racht, Clerk

# Administrative Officer - Zoning

The numbers and the distribution by type of the zoning applications that were received and processed in calendar year (CY) 2017 can be summarized as follows:

<b><i>New dwellings</i></b>	
<b><i>Permanent/seasonal dwellings</i></b> .....	<b>2</b>
<b><i>Apartments/accessory dwellings</i></b> .....	<b>3</b>
<b><i>Primitive camps</i></b> .....	<b>0</b>
<b><i>Mobile homes</i></b> .....	<b>0</b>
<b><i>Replacements</i></b> .....	<b>3</b>
<b><i>Renovations/additions</i></b>	
<b><i>Major additions (occupiable living space)</i></b> .....	<b>1</b>
<b><i>Minor additions (external additions, porches, decks)</i></b> .....	<b>9</b>
<b><i>Accessory outbuildings/structures</i></b> .....	<b>8</b>
<b><i>Exempt agricultural outbuildings</i></b> .....	<b>0</b>
<b><i>Boundary-line adjustments/non-subdivided conveyances</i></b> .....	<b>0</b>
<b><i>Ponds/dams/other land development</i></b> .....	<b>1</b>
<b><i>Changes of use/conditional uses</i></b> .....	<b>1</b>
<b><i>Home Occupations</i></b> .....	<b>0</b>
<b><i>Temporary uses</i></b> .....	<b>0</b>
<b><i>Signs</i></b> .....	<b>4</b>
<b><i>Renewals of permit</i></b> .....	<b>1</b>
<b><i>Certificates of Occupancy</i></b> .....	<b>7</b>
<b><i>Notices of Violation</i></b> .....	<b>0</b>
<b><i>Verifications of zoning compliance</i></b> .....	<b>19</b>
<b><i>Development Review Board hearing applications</i></b>	
<b><i>Conditional uses</i></b> .....	<b>1</b>
<b><i>Variances/Waivers</i></b> .....	<b>1</b>
<b><i>Appeals</i></b> .....	<b>0</b>
<b><i>Subdivisions/PUDs</i></b> .....	<b>6</b>
<b><i>Site plan reviews</i></b> .....	<b>0</b>

Sixty-three applications were received and processed during the year, including nineteen requests for verification of the compliance of the applicants' properties with the provisions of the Town's zoning and subdivision regulations. Forty-nine zoning permits and other written instruments (including nineteen certificates of occupancy) were issued during the calendar year from 1 January 2017 to 31 December 2017. Over the same period, the direct costs associated with the Town's zoning and planning administration involved a total invoiced cost of \$8,804.00 in man-hours and expenses for the Administrative Officer's services, charged against a total of \$4,030.20 in permit and other application fees that were assessed and collected, resulting in a net cost of \$4,773.80 for the calendar year. For a complete summary of the Town's officially-posted zoning administration costs, please refer to the Treasurer's Report on the General Fund in the Annual Report.

One of the most significant events in the realm of zoning and land development in the Town during the year was the completion of the draft of a completely new consolidated Land Use Regulation (LUR) by the Planning Commission, incorporating the provisions of previous Zoning Regulations, Subdivision Regulations and Flood Hazard Area Regulations in a single regulatory document. The new LUR went into effect on 15 November 2017 with the publication of a notice of the Selectboard's first public meeting for the review and approval of the document, and it will remain in effect for 150 calendar days, until 13 April 2018, unless the Selectboard adopts or rejects the proposed draft of the Regulation prior to that date.

Please remember that I can be contacted at any time at my home telephone number, 453-3785, or at my home e-mail address, santorini@gmavt.net, to answer questions or to discuss issues related to zoning. If you're planning a development for which you think a permit may be required, I urge you to contact me beforehand for any advice or assistance you may need in the preparation of an application. I can also arrange to meet with you personally, either at the Town offices or on your own properties, if you feel that a site visit would be informative.

Respectfully submitted,

E. W. Hanson, Administrative Officer  
1 January 2018

## Huntington Cemetery Trustees

Cemeteries have been in the news in Vermont as towns struggle with the costs of statutory maintenance of these final resting places. Under Vermont law, a town becomes responsible for a cemetery if a church or volunteer organization gives it up, which is why the Huntington Cemetery Board of Trustees took over Maplewood Cemetery in the late 1990s. Until then, the Board oversaw the Huntington Center and Hanksville Cemeteries (each one individually called, at some point in history, the Gore Cemetery), both of which are now full and “inactive.”

Maplewood Cemetery is the town’s active cemetery. It is open May 15 - November 2 and longer, depending on the weather. We try to keep it open as long as possible to encourage people to visit. This year, we closed in December.

In 2015, we expanded available burial lots. One section has smaller lots (at a reduced price) to be used solely for cremations; the other section will accommodate casket burials and urns. We have started to sell the lots in the new section. Terry Boyle has drafted the map.

Please note: The price of a lot in Maplewood Cemetery will increase on April 1, 2018:

Lots \$500 Huntington residents; \$650 nonresidents

Cremation lots \$300 residents; \$400 nonresidents

Spencer Hill acts as our Cemetery Advisor and we are exceedingly grateful to him as he is invaluable to the successful operation of the cemetery. All of the public relations – meeting with families and helping them choose cemetery plots, working with funeral directors and families looking for ancestors, and keeping an eye on things – is handled by him. Spencer visits the cemetery everyday it is open to make sure all is as it should be.

To get ready for our influx of visitors to the three cemeteries on Memorial weekend, we put flags on the graves of all known veterans. A tradition for the past 10 years has been a morning spent in the Center cemetery where BPMS third and fourth graders put new flags near the stones. This is a fun activity and provides some ties to the town’s history as the kids recognize the names from their school studies on Huntington. Trustees Racht and Rachampbell placed almost 200 flags in Maplewood Cemetery with Spencer Hill, who also covered the Hanksville Cemetery. We put PVC flag holders in the cemetery in 2016 and this system has worked well to assist the mowers and save the wooden flagpoles from breaking off. We also pulled the flags in Maplewood after Veterans Day and will to be able to have many of them in use for next season.

The Town of Huntington began another three-year agreement with Brian and Melissa Fortin to mow and maintain Maplewood Cemetery. The Fortins have cared for Maplewood Cemetery for 12 years. We are thrilled to be working with them again as their work is excellent and they really have gone “above and beyond.”

Although the Center and Hanksville cemeteries are full, constant mowing and maintenance needs to be done. The Fitzgeralds capably maintain these town cemeteries and have done this for many years.

All three cemeteries have had need of stone work, removal of branches and downed trees, and other maintenance costs. To accomplish this work, we use funds from the Maplewood Cemetery Special Revenue

*Maplewood Cemetery again escaped major damage in November when the limb of a large tree broke off into the cemetery, landing neatly between the stones, This is the second time a tree falling into the cemetery has missed headstones and monuments. Photo: Heidi Racht*

account, which are raised through the sale of cemetery lots. In October, we voted to invest our Cemetery Endowment Fund money, also raised from the sale of cemetery lots, and plan to use the interest in FY 2018-2019 to offset some of the operating expenses.

Please remember:

1. Burials or interments cannot take place or be planned and advertised without contacting one of the trustees or Spencer. A \$50 fee is due at the time of burial.
2. No dogs are allowed, except in the Huntington Pet Cemetery.
3. The cemeteries are closed at dusk, and we remind community members that items carried in are the responsibility of the visitor to carry them out.
4. Rates for cemetery lots increase on April 1, 2018.

— Submitted by Heidi Racht

## Huntington Recreation Committee

The Huntington Recreation Committee's primary role is managing the recreation area in Huntington Center next to the Huntington Town Garage. This includes the soccer fields, horseshoe pits, baseball diamond and basketball court. We have seen increased use as local horseshoes, which is spearheaded by the self-sufficient Riverside Horseshow Club, continue to grow in popularity; the basketball court is now also the pickle ball court; and soccer is played on the field unless it is covered with a blanket of snow. The Committee works with a limited budget that covers mowing and maintaining the field and rental of portable toilets.

Our biggest concern this year was the damage to the soccer field and horseshoe pits by a vehicle digging up their area. This irritating and sad state of affairs was discussed at length. A local young man allegedly did over \$3000 worth of damage to the playing field with his car. Officer Brett Lindemuth confronted him when he was on the field picking up parts of his car. Alas, no charges have been filed since the evidence is circumstantial and the perpetrator has denied doing the damage.

So, the Committee has moved on to preventing the next spate of expensive vandalism that is paid for by the taxpayers of the town. A sign has gone up stating that surveillance cameras are now on the premises. (note to committee: sign has been ordered and will be up next week after it arrives)

Another focus has been the opportunity to have three new benches built as part of a Huntington Eagle Scout Project. We are looking forward to having these benches installed next summer – and hope that members of the community will join us to accomplish this project and support one of our youths.

The park is open to all public from dusk to dawn. No campfires or overnight camping, but residents and guests can use the park for most any non-motorized recreational activity. We currently do not charge any fees for the use of the park but gladly will accept any donations.

We have a take-in /take-out policy with no recycling or trash collection facilities- so please leave our park as clean as you found it and take out anything you brought in. In the summer and fall, a portable potty is located at the back of the property near the horseshoe pits. There are no bathroom facilities available at the park between November 1 and April 30.

Please remember to reserve the field or pavilion for your event: Shirley or Paul Stephens will be happy to discuss dates and other arrangements.

Finally, we have two openings on the Rec Committee and would love to be back up to full membership – and also have some new energy and ideas. Please come to one of our meetings and see if this is something that you would like to volunteer for in our town.

—Recreation Committee

Paul Stephens (chair), Heidi Racht, Donna Lewis,  
Shirley Stephens  
Tim Tinker

## Green Up

Green Up is always held the first Saturday of May. This special Vermont tradition, now in its 48th year, is a day that brings together volunteers in the community to pick up trash along the town's roads and in public places. The participation in Huntington is always spirited and the results are rewarding for everyone. The town always looks so great when the roads are free of trash.

This is a fine community effort. For eleven years, Huntington's Green-Up effort has been organized by Boy Scout Troop 645, with support from the Town Clerk's Office. In 2018, the effort will include scouts and Cub Scout Pack 645, who will set up a refreshment table and sign-in table on Saturday morning. Volunteers can unload the bags of trash onto the town trucks that are neatly lined up outside the garage, thanks to Road Foreman Yogi Alger and the Road Crew, who also deliver the trash, tires, recyclables and other interesting roadside items, the town's Green-up efforts, to the CSWD in Williston on Monday morning.

Breakfast refreshments (coffee, juice, bagels and other food) for the volunteers have been provided by the Huntington Selectboard.

Reservations for a favorite road to clean up can be done at the Town Clerk's Office (434-2032) or stop by the parking lot in front of the Town Garage in Huntington Center and get a road assignment.

Green-Up Day is May 5, 2018. Hope to see you there!

—Submitted by H. Racht

# Huntington Energy Committee

In 2017 The Huntington Energy Committee (HEC) filled all vacancies when Nayo Ogilvie, Miranda Keir, Yves Gonnet, and Christa Shute joined Duncan Keir, Natalia Czar, and Ross Ogilvie. The Selectboard appointed a diverse group which crosses generations and brings strong individual characteristics and skill sets to HEC.

In 2016, HEC first became involved in Act 174 which affects our Town Energy Plan. Act 174 is a relatively new component of the Vermont Comprehensive Energy Plan (CEP) which specifically addresses what Huntington will do in its town energy plan to help Vermont meet its energy goals. In return Huntington's Energy Plan will receive substantial deference in siting renewable energy projects. The CEP reduces total energy consumption per capita by 15% by 2025, and by more than one third by 2050. It meets 25%

of the remaining energy need from renewable sources by 2025, 40% by 2035, and 90% by 2050.

The 2017 calendar year kicked off with a movie forum where 'Before the Flood' was shown to help raise awareness in the community of Climate Change, its sources and potential impacts on our environment. The event was attended by over 80 people. It featured a potluck and lively discussion after the movie.

In late Spring HEC met with Paul Markowitz of the Vermont Energy Investment Corporation (VEIC) who provided HEC with a host of Efficiency Vermont

program information, updates on happenings with the Vermont Energy Climate Action Network (VECAN) and many useful tools which HEC has begun to put into practice. As a direct result of this meeting Huntington's Zoning Administrator now gives building permit applicants 'Residential Building Energy Standards' packets from the Vermont Department of

*Huntington River. Photo: Gary Starecheski*

Public Service assembled and provided to us by VEIC and Efficiency Vermont. These packets are a valuable energy saving resource for homeowners.

Beginning in the summer of 2017 and continuing well into 2018, HEC is drafting an update to the Energy Element of the Huntington Town Plan. The work has been divided between HEC and the Planning Commission. HEC has received significant help from the Chittenden County Regional Planning Commission (CCRPC) and looks forward to continuing to work closely with CCRPC as the plan evolves. Our existing Town Plan has been reviewed by CCRPC which

resulted in recommendations from CCRPC as to where the plan needs to become more specific in its measurements and actions. HEC will be reaching out to Huntington residents with surveys, meetings, workshops, and letters for input as the plan is updated.

In early fall HEC was given an in-depth presentation of Vermont's "Community Energy Dashboard" by Rob Fish of the Energy Action Network. We expect to use this web based tool to interact with the community in order to keep track of the actions we are taking and to help measure the progress we make in meeting our town plan.

In December one HEC member attended the annual Community Energy and Climate Action Conference organized by VECAN. The day brought together representatives from Vermont's Energy Committees to learn how to promote efficiency and renewable energy and tackle climate change at the local level. The conference was a mix of panels, workshops and networking focused on empowering Vermonters to help achieve our 90 percent renewables by 2050. Workshops explored a range of topics, from Transforming Transportation, Helping Low-Income Earners in the Clean Energy Transition, Economic Opportunities of Climate Action and more. Experts provided information on projects, policies, incentives and capacity building.

HEC looks forward to engaging with the community on upcoming energy related activities and events.

Respectfully Submitted,

The Huntington Energy Committee

Ross Ogilvie  
Natalia Czar, Duncan Keir, Miranda Keir.

# Huntington Conservation Commission

The Huntington Conservation Commission (HCC) reviewed two applications for projects in 2017. HCC considered if each project would acquire or protect historical, agricultural or natural resources. The Town Hall Committee applied for \$35,000 for renovation of the Town Hall. The Friends of Gillette Pond (FOG) and Richmond Land Trust (RLT) applied for \$100,000 for the repair of the dam on Gillett Pond.

The Commission recommended to the Selectboard to:

- Fund the Town Hall project for \$23,500 to improve the structure and interior.
- Fund the FOG/RLT project for \$50,000 towards replacement of the dam.

The Selectboard agreed with the HCC, awarding \$23,500 for the Town Hall. After public comments, the Selectboard voted to fund the dam replacement project for \$75,000. The Town of Richmond will contribute \$150,000 from its conservation funds and the FOG/RLT will fundraise the rest of the \$875,000 cost to rebuild the dam.

The committees and community members put hard work into the application. The public's input during the process was valuable. The Conservation Commission members will consider how other towns decide the best way to use conservation funds in the future.

**Town Forest** Huntington was awarded a \$10,000 grant from the Vermont Town Forest Recreation Planning Community Assistance program. The purpose of the grant is to build a community-wide vision for the future of forest-based recreation in Huntington and nine other towns. Community visioning and action kicked off on January 30 and a final plan will be released for review in the spring.

**Stormwater Mitigation** Huntington completed the

Stormwater Project, which will prevent excess stormwater from discharging into the Huntington River from the Town Garage. With the help of the Town and Friends of the Winooski River, we were able to take advantage of grants from the Lake Champlain Basin Program to lower the amount of Phosphorus and sediment that flows into the Huntington and Winooski Rivers and Lake Champlain. The project was designed to soak up and spread out the pollutants before the runoff flows into the rivers. This low impact "green" technology can be replicated in Huntington where our River needs protection.

**Invasive Species** Community members participated in a learning session about invasive plant species. A hands-on walk at the Audubon followed an informative presentation and slide show at the Huntington Public Library. The Vermont Land Trust sponsored the event, and presenters included Caitlin Cusack, forester for VLT, and Bob Hyams from Habitat Restoration Solutions. The walk took place on the River Trail, where we identified invasive plants and, in some cases, eradicated them on the spot. Invasive species are non-native plants that do not work in partnership with the forestland around them, and will choke out new growth such as tree saplings, wildflowers, and other native plant growth necessary for a healthy ecosystem. Participants planted willows alongside the Huntington River at the Audubon on freshly disturbed soil, in order to get a jump on Japanese Knotweed and to stabilize the riverbank. At last report, the willows were holding their own against the deep-rooted invasive. HCC members committed to monitoring the young saplings, and to cut back any encroaching Knotweed.

**Amphibian Crossing Program** HCC's Maggie Mae Anderson visited Brewster-Pierce where she led amphibian-themed yoga. Children did egg-like poses,

moved through postures on their stomachs pretending they were swimming and breathing through gills and then onto all fours as if they had gone through metamorphosis. She then discussed the Amphibian Crossing program encouraging the kids to help and asked that they come back to school and record what and how many they had assisted.

**Thank you** To Roman Livak for your years of help and hard work in serving on the HCC.

HCC Members:

Rebecca Ryan and Guthrie Smith*

# Huntington Youth Soccer

Huntington Youth Soccer 2017 photos: Tara Fowler

Huntington Youth Soccer is a recreational program that offers an opportunity for players in grades 1-6 to play soccer in the fall. In 2017, over 70 players enjoyed an action-packed season with an opportunity to learn skills and have a chance to play as teams in tournaments. The program is held on the town's Rec

Field on Tuesdays, Wednesdays and Saturdays. It is a great time for players and their families to enjoy the beautiful (and long) autumn outdoors.

The basic goals are to get kids out on the field and excited about playing soccer. Our players travelled to other towns in Chittenden and Addison County – and everyone enjoyed the fast-paced competition. Thanks to Liz Greenberg for organizing the schedule of games that kept the Huntington kids active.

HYS is part of the Vermont Youth Soccer Association. The players and coaches are insured through this organization, which also requires and conducts background checks on all adult volunteers in the program. They are all equipped with information: mandatory Concussion Policy, technical manuals, coaching for player safety, fun and skills development.

Each player is charged a fee to cover these costs as well as a t-shirt for players and t-shirts for the coaches. A portion of the fee is also used to purchase equipment and field materials for the program. In 2013, the program added new goals and nets, which were funded by the Huntington Recreation Fund and a portion of the soccer registrations goes into the fund to reimburse the capital expense.

Chris Norris manages the technology that provides up-to-the-hour information on schedules, team rosters, forms and anything else having to do with HYS through a program called TeamSnap. This has been an efficient communication vehicle.

The number of great adults who volunteer on the field and a couple of volunteers who work behind the scenes can be credited with the success of the program. Chris Norris has taken on the work of head coach, scheduling a successful clinic, attended by all the volunteer coaches and led, for the second year, by Dave Saward, Head Coach for the Middlebury College Men's Soccer program. It was a vigorous workout

and the coaches learned many new skills and would all like to have Dave Saward back on the Huntington Rec Field in 2018.

Brett Lindemuth has continued to manage equipment and the field, including. He manages nets, balls, frames and goes through cases of paint, making sure the field lines are visible after the fields are mowed each week.

Each year, we welcome new coaches and this year, MMU and CHMS students (and HYS alums) Quinn Bisbee, Snow Lindemuth, Bella Norris and Cherise Shamp joined our coaches on the field. They are wonderful role models for all our players, in addition to offering their talents as coaches.

All of our coaches have shown great ability to demonstrate the love of the sport and to get the kids excited about playing. We could not run this program without the adult volunteer coaches:

- |                 |                 |
|-----------------|-----------------|
| Jason Bartsch   | Danielle Bushey |
| Andrew Donovan  | Emily Donovan   |
| Matt Dransfield | Julie Hart      |
| Shayne Jaquith  | Peter Jewett    |
| Sarah Koblin    | Tom Koblin      |
| Marika Krull    | Ethan Maurer    |
| Chris Norris    | Gordon Rowe     |
| Ed Sayre        | Brian Shea      |
| Braedy Stone    | Ian Wyatt       |

We would like to take this opportunity to thank Liz Greenberg for the enormous task of organizing teams with competition dates and keeping parents and coaches notified. It is an invaluable role that she has done with great skill for the last two years.

Notices for Huntington Youth Soccer registration go home in backpacks during the last week of school. Registration continues through the summer. We encourage anyone who has a child in grades 1-6 to consider joining this fun program.

– Submitted by Heidi Racht, Coordinator

# Local Artisan Highlight

## JB Bryan

JB Bryan fell in love with wood in the 1970s while he was in Colorado. He had gone out west after college to ski and found a job working for as a driver at a sawmill, then moved into the plant cutting pieces that would be used to stabilize the tunnels of mines. A piece of the saw came off, taking most of his hand with it and his career path derailed. But, his interest in wood – its color, textures, flaws – remained a lifelong passion. He stayed with it.

*JB Bryan in the woods explaining one of his other passions: mushroom foraging.  
Photo: Rebecca Ryan*

Bryan moved back east after eight or nine years in Colorado and came to Vermont to visit his college roommate, Charlie (Mr. Charlie) Frazier, who lived in Huntington. He stayed in the Green Mountain state and ended up in Huntington himself, converting a camp on East Street into his house and eventually

*Handcrafted dining table and wall shelf. Courtesy photos*

building a house on Salvas Road. Bryan has worked as a carpenter for many years, which describes as a building trade. He now works for himself.

The art in the wood is what intrigues and inspires him. Bryan works with interesting and unusual pieces of wood creating interesting and unusual pieces of furniture. He describes his work as “more creating a piece of art, rather than a piece of furniture.” But this art also has function.

He looks for the flaws as well as more conventional pieces, purchasing lumber from Lathrop Lumber Mill in Bristol or walking through the woods near his house and cutting or collecting the wood that will eventually inspire him to begin work. Each piece is an original, using the individual specimen of wood to shape the final.

He uses a variety of branches and limbs for shelf braces or right-angle support; legs of tables and benches take on a new look using the twists and turns found in the crotch of the tree. A table is not a rectangle; its edges follow the flow of the grain of the trunk used to create it.

The creative process also includes incorporating natural materials into the furniture – Bryan uses colorful stones, contrasting pieces of wood, sand. Thus, the flaws of the wood that might be relegated to firewood in a woodstove are transformed into his works of art that show the beauty of the wood as the materials are tucked into holes or crevices in the wood. Sometimes, it is the wood itself that vibrates through the polish he applies.

Bryan is self-deprecating about his work, and he describes himself as a neophyte compared to other woodworkers in the area, but he is enthusiastic about wood. He feels that he has come full circle from his days at the mill in Colorado to the lush woods in this valley.

Examples of Bryan's work can be seen on his website: [rustictreeworks.com](http://rustictreeworks.com)

# Huntington Town Hall Committee

In 2017 the Huntington Town Hall's transformation back to year-round use was completed. After the first full year of operation, The Town Hall Committee is happy to report that use and rental income exceeded expectations (outlined in the current business plan). Thank you Town Hall users. Rental revenue and fundraising allow us to keep our Town Hall operating and our Town budget request to a minimum.

Our Committee collaborated with Huntington Valley Arts in October for a very successful joint fundraising event. The Town Hall Art and Crafts Festival brought over 20 Artisans, food, and music to the building and felt like a real community gathering. A big thank you goes to the Huntington Valley Arts and Town Hall Committee members who helped make a huge amount of work go smoothly. Much appreciation goes to the many businesses who donated food and silent auction items (buy local!) and others who pitched in (we have awesome friends in town). And an even bigger thank you! to everyone in the community who turned out.

Regular activities continue to take place. A long time Town Hall tenant, Martial Arts Classes are on Monday evenings (Thursdays in the Summer). The Community Senior Center (serving Seniors in Huntington, Richmond, and Bolton) began using the building last Winter. Currently they play Pickle Ball twice a week during the cold months, and in inclement weather in the Summer. They play at 9 am on Mondays and Fridays. Kid's Art Camps take place during school vacations. The building has hosted Birthday Parties (a great place for kids), Baby Showers, Contra Dances, meetings, the Town Volunteer Appreciation event, and more.

Please consider using the Town Hall for YOUR event. The rental fees are super low for Huntington residents and the space is big and versatile. The rental rates and rental agreement can be seen on the Huntington Town website. Go to the Town Hall page to find the link. Your use supports a great community resource.

We want to thank Huntington Historical and Community Trust for continuing to be great partners. HHCT has helped out with small grants and accepts tax deductible donations for the Town Hall Fund. In November the Town Hall hosted HHCT's very well attended annual meeting and Lasagna Dinner.

This past year the Town Hall received a \$23,500 grant from the Huntington Con-

*The attendance was large - and continued all day - at the Huntington Valley Arts (HVA) Art and Crafts Festival. The event raised money for HAV and the Town Hall restoration fund. Photos: Linda Fickbohm*

## Town Hall Committee continued

ervation Fund. These funds are critical to providing a cash match for State and Federal grants. We are very appreciative to the Conservation Commission and Huntington Community for their support of the effort to expand use and maintain the Town Hall.

The first portion of HCF money matched a \$13,500 Cultural Facilities Grant from the Vermont Arts Council. This paid to upgrade the building's electrical systems, including stage lighting and safe, energy efficient lighting on the first floor (completed in October). The grant is also being used to add a second bathroom, now underway, which raises the building's capacity to its full potential. The remainder is planned to match a Historic Preservation grant with an application date later in 2018.

If you're interested in more information about renting or use of the building, please contact Linda Fickbohm at [lfickbohm@comcast.net](mailto:lfickbohm@comcast.net). You may also attend a Town Hal Committee meeting (fourth Thursday of the month at 7 pm at the Town Hall). We welcome new ideas, helping hands, and new committee members.

Committee Members: Aaron Worthley (Chair), Barbara Felitti, Terry Boyle, Mariah Riggs and Linda Fickbohm

## Representatives' Report

First, we'd like to thank you for the continued opportunity and privilege of serving you in the State House. We often hear from citizens in our district, and it is extremely helpful in understanding what is of interest or concern to you. Thank you for reaching out.

**2017 – Year in Review** The end of the 2017 Session was marked by rancor relating to the veto of the budget and the late attempt to change the way we keep our commitments to our teachers with respect to health insurance. However, we cannot forget the good work that was done — we passed a \$35 million housing bond that will result in over \$100 million in new affordable housing for Vermonters with income below 120% of the area median, and will help fund housing for those Vermonters who may find themselves homeless. The House passed a bill relating to Paid Family Leave, which would allow Vermonters to invest in an insurance program that would offer some relief when they needed to take time off from work to take care of their family. We passed a budget that was balanced and made investments in Vermont families through support of the Child Care Financial Assistance Program, addressing issues of the mental health system and its workforce, continuing to provide choices for older Vermonters and citizens with dis-

abilities in terms of where they receive support and care, improving the quality of our waterways and making investments to higher education supporting our state colleges.

**What's in Store for 2018?** Our work this year is being done in the shadow of the changes in Washington, DC. The federal tax law that passed at the end of 2017 is resulting in careful examination of the impact on Vermont tax law and revenue projections. Additionally, Congress has not passed a federal budget, adding further to the lack of clarity for what changes might mean for Vermonters. For instance, the potential elimination of the federal Children's Health Insurance Program, known in Vermont as Dr. Dinosaur, could affect thousands of Vermont's children. Another area of potential loss of federal funding is for Federally Qualified Health Centers (FQHC's), where thousands of low income Vermonters receive their health care. If these areas are not addressed in the federal budget, we will be faced with eliminating or severely reducing access to needed health care or to find millions of dollars to replace the federal funding. If we have to replace lost federal funding, this will have a negative impact on investments that need to be made for areas like clean water, continued improvement of access to affordable housing and child care, improvements

in mental health services, etc.

In the first week of the session, the House passed H.511 which allows Vermont adults aged 21 and above to possess an ounce of marijuana and to grow a small amount at home. This has now passed the Senate and is on the Governor's desk for signature. Simultaneously, the Governor's Commission is studying how Vermont might implement a "tax and regulate" system. Whether this materializes this session is uncertain.

Our goal is to continue to work to make Vermont a place where all citizens thrive — we will continue to work on issues the support that goal — paid family leave, increasing wages, clean environment, health care, and a strong economy.

Thank you for your continued conversation over the past year. Please feel free to contact us at anytime.

Respectfully submitted,

Representative Tom Stevens  
[tom@stevensvermont.com](mailto:tom@stevensvermont.com)

Representative Theresa Wood

## Regional & State Affiliations

**CCRPC—CHITTENDEN COUNTY REGIONAL PLANNING COMMISSION** ([www.ccrpcvt.org](http://www.ccrpcvt.org) | 846-4490) CCRPC provides regionally integrated technical and planning assistance in the areas of land use, transportation, emergency management, energy, natural resources, public engagement and community health, and serves as the region's federally designated metropolitan planning organization.

Huntington pays annual membership dues through our General Fund operations budget, as do the other 18 municipalities in Chittenden County. Federal transportation legislation provides CCRPC with approximately 80% of its transportation-related operating funding, the Vermont Department of Transportation (VTrans) provides an additional 10% of the funding, and our dues help provide the required 10% local match.

Huntington representatives to the CCRPC Board and its committees are:

- CCRPC Board of Commissioners and Board Executive Committee – Barbara Elliott (alternate: Andrew Hendrickson)
- Clean Water Advisory Committee (CWAC) – Darlene Palola (alternate: Barbara Elliott)
- Planning Advisory Committee (PAC) and All Hazards Mitigation Plan Update Committee – Everett Marshall (alternate: Barbara Elliott)
- Transportation Advisory Committee (TAC) – Barbara Elliott (alternate: Nancy Stoddard)

In FY2017, the CCRPC provided assistance to Huntington on the following projects and initiatives:

- Lower Village Bicycle and Pedestrian Scoping Study – closed out the study
  - Land Use Regulation Technical Assistance – modified and combined the Town's zoning, subdivision, and flood hazard regulations into a single Land Use Regulation document
  - Camel's Hump Road Speed Study – enabled us to reduce the speed limit to 25 mph
  - Grants-In-Aid Program – coordinated our grant to address stormwater erosion on hydrologically connected road segments on Cozzens Road
  - FEMA Pre-Disaster Mitigation – provided technical assistance for updates to our All-Hazard Mitigation Plan
  - Emergency Management LEOP – provided assistance in updating our Local Emergency Operations Plan
  - GIS/Mapping – created new zoning maps and updated the Huntington Map Viewer
  - Municipal Roads Program – completed a comprehensive inventory of Huntington's hydrologically connected road segments in preparation for the state's Municipal Roads General Permit
  - Traffic Counts – conducted five roadway (AADT) counts in support of Huntington's transportation projects and studies
- Huntington projects in the Transportation Improvement Program (TIP) are:
- Bridge #8 on Main Road – \$2.9 million for bridge preservation activities (completed)
  - Bridge #32 on Camels Hump Road – \$1

million for bridge preservation activities (scheduled to begin in 2018)

**CSWD—Chittenden Solid Waste District** ([www.cswd.net](http://www.cswd.net) | 872-8111) CSWD owns and oversees 10 solid waste or recycling facilities in Chittenden County for its 18-member municipalities. Roman Livak serves as the Commissioner from Huntington on the CSWD Board, helping to set policy and overseeing financial matters governing CSWD.

Standard services provided by CSWD include:

- Operation of drop-off centers in seven communities for trash and recyclables
  - A materials recovery facility (which is privately operated, but owned by CSWD) where recyclables are collected, sorted, baled and shipped to markets
  - The Environmental Depot and ROVER (hazardous waste collection facilities for residents and businesses)
  - A compost facility, educational programs and Green Up Day support
  - Community Clean-up Funds for municipal projects to help keep communities clean and litter free
- CSWD provided \$1,475 to the Town this past year out of its Community Cleanup Fund for asbestos disposal costs for the Town Hall asbestos abatement project.

**CUSI—Chittenden Unit for Special Investigations** (652-6800) CUSI's mission is "to protect and support all children, families and adults by strengthening the community's response to abuse through investigation, prosecution and intervention while fostering professional collaboration to promote education and advocacy regarding the prevention of abuse."

Huntington receives community oriented policing services from CUSI, through a multi-agency criminal response to reports of sexual assault, lewd and lascivious conduct, sex offender registry violations, child pornography, child abuse and neglect, and child fatalities. These cases require special expertise in order to better protect victims and to enable successful prosecutions. According to CUSI's mission statement, the unit performs its work lawfully and with intelligence, dedication, fairness, compassion and competence, and will provide special sensitivity to the needs of victims.

Selectboard member Andrew Hendrickson is currently serving a two-year appointment to the CUSI Board of Directors.

**SSTA – Special Services Transportation Services / Countywide Elderly and Disabled Transportation Program** ([www.sstarides.org](http://www.sstarides.org) | 878-1527) Transportation services are provided

*General Stark Mountain, as seen through the Huntington River Vineyard. Photo: Justin Rich*

to local elderly and disabled residents through a partnership agreement Huntington has with Age Well (formerly known as Champlain Valley Area Agency on Aging). Age Well works with the Chittenden County Transportation Authority (CCTA) and the Special Services Transportation Agency (SSTA) to provide transportation for residents who need assistance to get to critical care medical appointments (such as kidney dialysis, chemotherapy, and radiation treatments). As funds permit, trips are also made available for non-critical care medical appointments and other types of trips such as essential shopping or social/personal trips. Residents are asked to contribute \$2.50 for each one-way trip although rides are not denied if the

resident is unable to pay.

**Vermont Department of Health** ([www.HealthVermont.gov](http://www.HealthVermont.gov) | 863-7323) The Vermont Department of Health's (VDH) local office in Burlington provides a wide range of public health services and support for the Huntington community. The Department works with our schools to support school wellness policies, nutrition, physical activity, and substance abuse prevention initiatives. VDH provides VT families with pregnant women and children to age five with WIC (special supplemental nutrition food and counseling), responds to cases of infectious disease in Chittenden County, provides vaccines, aids in emergency preparedness, and

provides other public health services.

**VLCT—Vermont League of Cities and Towns** ([www.vlct.org](http://www.vlct.org)) VLCT provides Huntington employees, elected officials, committees, boards and commissions with information to better understand local government, clarification on our statutory roles and responsibilities, legal consultation and guidance, training and educational services, municipal insurance and risk management, and legislative advocacy support. VLCT is a nonprofit, nonpartisan, member supported organization that is an invaluable resource for small town governance.

VLCT's services include:

- **Legislative Advocacy** – A municipal-oriented voice in Montpelier, advocating for and reporting back on matters related to transportation, education funding, land and water, public safety, governance, and Vermont's infrastructure.
- **The Municipal Assistance Center** – A service that fields telephone and email inquiries from municipal officials and staff, acts as a clearinghouse of model ordinances and bylaws, provides workshops on current issues affecting local government, and maintains a listserv for use as an effective way to reach out to and connect with our counterparts throughout the state.
- **VLCT Publications** – Creates handbooks used as a constant reference by local officials and staff who want "plain

English" guides to complex state and federal laws, and an annual calendar of important municipal dates that helps us track critical deadlines for meeting our statutory responsibilities and obligations.

- **VLCT's Property and Casualty Intermunicipal Fund (PACIF)** – Cost-effective municipal unemployment, property, casualty and workers' compensation insurance coverage.

**VSP - Vermont State Police** ([www.vsp.vermont.gov](http://www.vsp.vermont.gov) | non-emergency number 878-7111) The Vermont State Police (VSP), through the Willison Barracks, provides the Town of Huntington with full-service law enforcement services, including E-911 emergency dispatch response. In addition, the Town contracts with VSP for 6.25 hours of traffic control services per week. The Selectboard and Town Administrator work closely with the Station Commander and our community liaison, Sergeant William Warner, to coordinate traffic control scheduling and assist with emergency management planning and public safety information. Sgt. Warner has also participated in community dialogues and is available as a general resource to the Selectboard.

**Additional Information** For more information on, and questions about, our partnerships with these regional and state agencies, please contact our Town Administrator (email: [townhunt@gmavt.net](mailto:townhunt@gmavt.net) | 434-4779).

## Health, Education & Welfare Organizations

Charitable, nonprofit organizations in Vermont that provide direct service to ‘vulnerable’ Huntington residents are eligible to apply for a Town of Huntington General Fund social service appropriation. This past year the Town supported 9 organizations that

**Age Well** ([www.agewellvt.org](http://www.agewellvt.org) | 865-0360) provides services and support that enable seniors to stay independent and remain healthy at home. In 2017, Age Well responded to 4 helpline calls (1-800-642-5119); provided 983 home-delivered Meals-on-Wheels; helped provide 577 meals at the monthly Senior Meals Program; provided over 20 hours of Care & Services coordination; and provided 20 hours of in-home respite support.

**CEFS—Chittenden Emergency Food Shelf** ([www.feedingchittenden.org](http://www.feedingchittenden.org) | -658-7939) is a direct service anti-hunger organization that offers services to help alleviate hunger and provide food for all Chittenden County residents who seek assistance. In 2017, CEFS provided critical nutritional assistance to 20 Huntington residents.

**COTS—Committee on Temporary Shelter** ([www.cotsonline.org](http://www.cotsonline.org) | 864-7402) provides shelter, meals, and case management services for home-

less families and adults. COTS works to help residents avert homelessness and stay safely in their homes through their signature homelessness prevention services. During this past fiscal year, COTS provided help and hope to 9 Huntington households, including 12 children.

**HERO—Huntington Elder Resource Organization** (434-3169) has evolved from its origins as a volunteer rides organization to a senior support group with an emphasis on providing support and outreach to elders in our community, particularly those who may be isolated or in need of more social interactions. In col-

laboration with the Community Senior Center, HERO has formed a “friendly visitor” team who make regular visits to identified seniors in the community. The effort is small at this point as the committee continues to seek elders who would benefit from this service. HERO’s outreach also includes support for the “Happy Go Lucky” senior group in Huntington who take annual recreational trips, partially funded by HERO. Other activities are being explored such as holding a game night or afternoon, and revisiting providing some volunteer rides. As our older population continues to grow, HERO wants to help make Huntington a community that supports our elders. Through the efforts of HERO, the Community Senior Center, Meals on Wheels, and the “Soups On” program outreach to seniors continues to expand.

If you know of someone who would enjoy being a recipient of the “friendly visitor” program, please contact a HERO committee member. If you are interested in becoming a friendly visitor yourself we would like to hear from you. HERO committee members are: Larry Detweiler, Paula Kelley, Donna Lewis, Aimee Motta, Martha Nye and Debbie Worthley (Chair).

**Howard Center** ([www.howardcenter.org](http://www.howardcenter.org) | 488-6000) provides social workers at our schools (K-12) to address children’s emotional and behavioral issues, and promote wellbeing and academic success. In addition, 47 Huntington residents received direct assistance in 2017, including 31 child and family services; 15 adult mental health and substance abuse services; and 4 developmental services. These numbers do not include individuals who receive support and services (particularly 24/7 crisis services) without officially enrolling as a Howard Center client.

**Lund Family Center** ([www.lundvt.org](http://www.lundvt.org) | 864-7467)

*continue to next page*

*A meeting of some of the HERO committee members.*

provided a range of services to the elderly, children and families—including programs and services for residents struggling with abuse, food insecurity, financial crisis, disability, addiction, mental health issues, and other challenges. Organizations seeking funding must submit their annual request to the Selectboard by October 1 to be considered for funding in the following fiscal year’s budget. For more information and an outline of the allocation guidelines, contact the Town Administrator at [townhunt@gmavt.net](mailto:townhunt@gmavt.net) or call 434-4779. Funding for Fiscal Year 2017-2018 was provided to the organizations listed below.

provides hope and opportunity through education, treatment, family support and adoption—especially for Vermont’s most vulnerable women, children and families. Last year, services provided to Huntington residents included five post-permanence adoption services; residential treatment for one mother and one child; one adult in the Regional Partnership Program; a family of four received family education services; two adults received outpatient treatment; and one adult participated in the Reach Up program.

**OCCC—Our Community Cares Camp** ([www.ourcommunitycarescamp.org](http://www.ourcommunitycarescamp.org) | 434-6006) is a local nonprofit organization founded, staffed and funded by community members to serve K-8th grade children. OCCC provided 33 Huntington children with a month-long program of art, music, sports, books, gardening, nutrition and cooking skills, and two healthy meals a day. In addition, OCCC also provided free meals on six Fridays from June to August at the Huntington Library to 35 enrolled children. Given that one in four children in Huntington are food insecure (compared to the state average of one in seven children), providing nutritious food to kids during the summer months when school is not in session is an essential service.

**Steps to End Domestic Violence** ([www.stepsVT.org](http://www.stepsVT.org) | Hotline: 658.1996) provides lifesaving emergency services for individuals and families including: access to safe emergency housing; a 24/7 hotline; long term housing planning; transitional housing options; children's services including playgroups for young children who have witnessed violence; legal and employment advocacy; economic justice including credit building and repair; free weekly support groups; and a legal clinic. During the past fiscal year, Steps confirmed that they provided services and support to one adult and one child from Huntington—however they estimate an additional two adults and 14 children from our town were anonymously served by their programs.

**VCIL—Vermont Center for Independent Living** ([www.vcil.org](http://www.vcil.org) | 1-800-639-1522) teaches people with significant disabilities and the deaf how to gain more control over their lives and how to access tools and services to live more independently. VCIL helps promote the full inclusion of people with disabilities into community life with assistance through small adaptive equipment grants, peer counseling, Meals on Wheels, home access modifications, advocacy, and other programs. While no Huntington residents were served in 2017, information, referral and assistance services have been provided to local residents since 2005.

**VNA—Visiting Nurse Association** ([www.vnacares.org](http://www.vnacares.org) | 658.1900) provides essential home health care/nursing services to residents regardless of their ability to pay for those services. Charitable health care services are provided for free or at reduced prices for those in need. In just the past year, at least 25 Huntington residents received VNA services including a total of 407 home visits for nursing, physical therapy, speech therapy, occupational therapy, and social services. 257 hours of licensed nursing assistant services were also provided to Huntington residents.

Handbuilt garden pot near Gordon Rowe's kiln on Texas Hill Road.

# Local Artisan Highlight

then glazed and fired again. The pieces are cool when they go into the kiln and if the heat rises too rapidly, it can crack the piece. There is no hope of salvaging it. The glazes have properties that can change in the kiln and affect the look of the piece. One more opportunity for cracking: cooling down too fast.

Rowe doesn't fire his large outside kiln in the winter as the freeze and thaw isn't good for it. He says it is "fairly big" (this is a modest description) and it takes quite a bit of pottery to fill it. He is looking forward to doing this in the warmer weather after Town Meeting Day.

## Gordon Rowe Potter

His pottery is fabulous! Have you seen his large pots! They are stunning! A neighbor on Texas Hill enthuses about Gordon Rowe's large pottery containers. These huge hand-built pots shimmer in the light, with rich colors of rust, greens and blues – truly works of art.

The beautiful pottery bowl starts with piece of clay. Talent, skill, luck - pottery is a long process with a touch of magic.

This magic happens in Rowe's pottery studio on Texas Hill where he throws large bowls and covered jars on his potter's wheel, hand-builds enormous containers and produces small items like whistles in the shape of birds, pigs and whimsical creatures.

Rowe's love of pottery started when he was very young. He has always had access to a studio and even

had his own studio in Boston after college where he sold a lot of pieces. But, it wasn't until recently that he began to work in Huntington when he built his own studio and installed two kilns – a small electric kiln indoors and a larger wood-fired kiln near the edge of the woods. Rowe had a job and also was busy with his two young sons, but he is now working toward making pottery full time.

Creating pottery is a hands-on process, from shaping a lump of clay either on a wheel or building free-form. It is also about technical prowess and getting a feel for how it all works. Before it is finished, the piece is fired in the kiln (a bisque fire), cooled and

You can visit Gordon Rowe's studio on Texas Hill and see his beautiful pottery at the Vermont Open Studio on Memorial Day weekend.

# Huntington Public Library

In 2007, the Huntington Public Library was just beginning to look complete. That was the year that the book shelves were installed. During the ten years since then, the Library has seen many changes. Just as in 2007, it continues to be a destination for book lovers of all ages, as well as a community space for classes, concerts, and events.

**Improvements** The Library has continued to add shelves and storage spaces this year. Four movable book carts in the atrium are used to keep seasonal and special interest books available to patrons. New shelves have been added in the main room. An improvement was made to the balcony when clear covers were added to the large windows by Alan Campbell.

**Collection and Services** The Library annual report from 2007 stated that the total collection contained 9,580 books and audiotapes. In 2017, the Library had 15,847 titles, including books, audiotapes, periodicals and DVDs. Today there are 922 active patrons, up from the 774 in 2007. The Library is open 30 hours per week. Anne Dannenberg is the Library Director and Stacey Symanowicz is Interim Director. Our substitutes are Monique Hemme, Jennifer Esser, and Maura McClure.

The Interlibrary Loan system allows patrons to borrow books from other libraries in Vermont. This year 123 books were borrowed from other libraries and 93 books were sent out from Huntington. ListenupVT, which was not even in existence in 2007, allows patrons to borrow books and audiobooks for electronic devices. This year, patrons of our Library used this service over 4400 times.

As in the past, the Library has free passes to Vermont Parks and Historic Sites, Shelburne Farms, Shelburne Museum, ECHO Center, EEEVermont lectures, and Birds of Vermont Museum.

**I Came for  
the Hump**

**I Stayed for  
the Library.**

**HUNTINGTON PUBLIC LIBRARY**

**Far more than you expect.**

Come into the Huntington Public Library  
Sunday, 12-5 • Monday, 10-6 • Tuesday, 12-5  
Thursday, 12-5 • Friday, 10-5

**Read, learn, discover.**

Camel's Hump and Winooski River, Green Mountains, between circa 1930 and circa 1945.

Solutions, co-sponsored by the Huntington Community Gardeners are just a few of the program events in 2017. Regularly scheduled events include a Mah Jong group, a book club, and Yoga classes. Aurora has volunteered many hours to present craft programs for young patrons, such as introducing book making, making paper flowers and constructing fairy houses.

Community groups regularly use the Union Meeting House as a place to meet. HHCT, The Huntington Community Garden, Town Auditors, Camels Hump Skiers Association, Huntington Fire District #1, the Times Ink Board, Friends of Gillette Pond, the Conservation Commission, and the Huntington Energy Committee all used the UMH in 2017.

**Fundraising** The Library receives both donations and grants to help fund programs and services. The Adopt-an-Author program, which was well established in 2007, is still going strong. Today, 39 sponsors are supporting 84 authors, illustrators, or genre. The Chicken Barbecue held yearly in September raised \$1932. The Annual Appeal raised \$4730. Both of these fundraising events help pay for new titles and for programs. A grant of \$100 from the State Department of Libraries was used for the Summer Reading Program.

**Volunteers** The Library is able to be open on Sundays because of a dedicated corps of volunteers. Volunteers also come in on other days to allow staff to lead story time and activities for children. We also have volunteers who help maintain the building and keep the gardens looking beautiful. A host of people help with the Chicken Barbecue. Our volunteers this year were Wendy de Forest, Jim Elliott, Karen Gonet, Amy Brown, Helen Goodyear, Maura McClure, Heidi Racht, Theora Ward, Jessica Redman, Monique

## Library continued

Hemme, Hilary Smith, Sammy Leo, Sheri Mulligan-Jones, Angus Ferguson, Debbie Worthley, Leta Watkins and Brian Symanowicz. The Trustees and staff wish to thank all those who donate their time, talents and money to benefit our Library.

How has our Library changed in the past ten years? We've added books, magazines and DVDs. We've added services such as ListenupVT. We've increased our shelving and storage and made our building safer. But the essence of the Huntington Public Library as a welcoming and valuable community resource remains the same.

Respectfully submitted,

The Huntington Public Library  
Board of Trustees  
Paula Kelly (chair), Alan Homans Heidi Racht,  
Harvey Schugar, Lorrie Richland

*Stoneworker Tristan Leggett pauses on a job site.*

# Artisan Highlight

## Tristan Leggett Stoneworker

Working with stone requires grit and patience. Tristan Leggett describes stoneworkers as “plenty interesting” and it is his lifelong relationships with these hardworking, strong people, including his father Dhyan Nirmegh, that inspired him to join this singular group.

Walkway and patio in Lower Village. Photo: David Worthley

Leggett grew up in Huntington Center and around age 15, started doing stonework off and on during the summers with his father. He has been working for himself for the past 11 years. The early work was foundation repair, so Leggett, who is 6’4” spent a lot of time under people’s houses banging his head on rafters and ducts, hauling buckets of mortar and stone. He was also the human cement mixer when his ever-frugal father did not replace the broken cement mixer for a couple of years.

Although he has lived in Hawaii, California, Washington and Oregon, he says, “Any time away has always solidified for me my love of Vermont. While it can be a tough place to live, it is also pretty incredible.” While in Oregon, he worked from a name by the name of Buffalo, who inspired Leggett to see his life’s work as being centered around creative integrity.

Leggett and his good friend Shaun Dedrickson work on a variety of projects: Dry-laid stone walls, staircases (with railings or without), walkways, patios, veneer on fireplaces, tile, foundation work, rain gardens, fire pits. The materials for dry-laid stoneworks is often onsite - field-stone strewn upon the land or discarded foundations. Sometimes Leggett goes to

Panton or Plainfield to several local quarries or picks up local stone like the redstone in Burlington. For flat work (patios and walkways), he goes to Cleary Stone Company in Richmond. Of course, sometimes clients collect material and he collaborates with them to complete the project.

He has carved out a niche for taking projects on sites where heavy equipment (excavators, etc.) cannot access. This involves hand carts, wheelbarrows, and digging by hand (site preparation), which minimizes disturbance on sensitive sites. It is brutal work and he says that, in the near future, he will only be taking on the projects involving stone on “a case by case basis.”

Leggett gets his projects through word of mouth. In the cold months, he works as a carpenter and gets tree work, including work on sugaring lines, maintaining them and tapping trees high up in the mountains “where I can see the Lake.” He prefers to work outside and that is what he has been doing this winter. But then, as he says, “Work is work. It’s not all glamorous, but I do tend get a lot of very unique and highly creative projects.”

Staircase on Carse Road made from two stones that were within a 40 ft radius of where Leggett built it. One stone was a big rectangular piece measuring 2 feet by 2 feet by 8 feet. It yielded six steps. The other was a big slab type piece that split into three pieces to make steps and landing. All was done with chisels.

Noteworthy, But Not Supported by Tax Dollars

## Huntington Cub Scouts

**-Huntington Scouts do not Discriminate-**

Cub Scouts in Huntington have again become part of the activities now offered for boys and girls in grades 1-5. Pack 645 is up and running with Matt Plume as Cub Master assisted by Ken Wyman and Carrie Wyatt. Currently nine scouts are in the group which has a variety of fun activities underway.

For the 2018-2019 school year, we are planning to add the Lion Den, which is for kindergarteners. Add we are very pleased to welcome our first two girls to the activities of the Pack. BS opened registration to girls in 2018.

Scouts have been working to complete their achievements – through meal planning, learning first aid, learning about the community and outdoors as well as planning cooperative games, completing team building activities, writing and performing original sketches and learning the basics of being a scout.

If you have a son or daughter age 6 to 10 years who would like to spend some time camping, helping in the community and having a fun time with friends, call 434-3648 (Matt Plumer). We meet at BPMS on Fridays after school from 2:30 to 3:30.

Got bottles? Cub Scouts have a perpetual bottle drive bin located in front of the

repackaging shed at the rear of the Huntington Fire Department parking lot. Feel free to drop off your beverage cans and bottles that have the Vermont deposit imprint or, if you have a large hoard of returnables in your basement or barn, call for a pick-up at the phone number above. Thanks for your support.

## Huntington Boy Scouts

Boy Scout Troop 645 celebrated with Akash Kushwaha at his Eagle Court of Honor in late August. Akash's project, completed in the fall of 2016, is an extensive and impressive shelving compound installed in the bank room at MMU. He became an Eagle Scout in early 2017 and is the troop's 10th Eagle Scout since the troop began.

Due to low registration in September 2017 (two boys), the Troop Committee decided to suspend the charter for a year in the hopes that a new start will generate interest and bring in some new members. The Community Church of Huntington is the chartering organization for both groups. Watch for news of a new leader and the comeback of 645.

In the meantime, a combination of former scouts and adult leaders, plus the Cub Scouts, will continue to keep a couple of key spring activities going - Green up Day is on May 5 and the Annual Pancake Breakfast, always held on the day of Huntington's Maple SugarMakers Tour on March 31. Call Heidi Racht (434-2690) for more information.

## Huntington Girl Scouts

Girl Scouts has an active troop of 19 girls in grades K-5. Our troop 30123 has a mix of Daisies, Brownies and Juniors. Meetings are held at the Brewster Pierce School on Fridays, 5-6:30 PM.

Co-leaders are Anne Compo, Karen Richard and Carrie Wyatt. If you have any questions, you can contact us at [gstroop30123@gmail.com](mailto:gstroop30123@gmail.com)

In 2017, the girls earned several badges and patches and we celebrated a successful cookie sale season by going to Jay Peak Water Park. We ended our year with an overnight camping trip at Twin Hills in Richmond.

The goal for 2018 is more of the same. The girls enjoy earning badges while learning and having fun.

## Meals on Wheels

The Huntington Meals on Wheels program has been delivering a nutritious midday meal for 18 years. Meals on Wheels is a community based program sponsored by Age Well, formerly known as the Champlain Valley Agency on Aging, which subsidizes the cost of meals. Participants in the program are given an opportunity to make a private, anonymous donation toward the cost of the meal by mail. Any contributions are voluntary, sent directly to Age Well, and do not effect participation in the program.

Thanks to Alison Forrest, who creates menus and prepares meals along with kitchen staff and volunteers at Brewster-Pierce Elementary School. Meals are delivered three to five days a week, depending on the number and needs participants receiving meals. Anne and John Martel prepared meals during the summer months, as well as during school vacations and holidays. Sandy Heyman also cooks during school vacations and holidays as needed.

Meal deliveries would not be possible without our wonderful group of dedicated volunteer drivers who deliver meals throughout the year - and all kinds of weather: Spencer Hill, John Hadden, Daryl Storrs, Kathy Kort, John Gergely, Don Sheldon, Robin Hadden, Guthrie Smith, Gail Conley, Pam Kellogg, and Diane Gallagher, Annelies McVoy, and David Feurzeig.

For more information on receiving meals, please contact the Champlain Valley Agency on Aging at 1-800-642-5119 or [agewellvt.org](http://agewellvt.org)

## Huntington Senior Meals

Our monthly meal site at the Huntington Community Church is still going strong with the support of the church allowing us to use the annex for these meals. We are averaging 40 – 50 people per month which includes our Huntington residents along with several other neighboring towns. These meals are all prepared at the annex on the same day they are served. We sometimes ask some of the people attending the meal to make a salad or a desert to help offset the cost of the meal.

We ask that anyone attending the meal give a donation of \$4-\$5 to cover the expense of the purchases that we have to make in order to keep these meals going.

Meals are served at noon on the third Tuesday of each month other than November and - December when we move the meal to the second Tuesday to try and stay away from the holidays. During the December meal, there is a gift exchange (no gift over \$10) and sometimes we even are lucky enough to have Santa appear.

We have the luck to have an SSTA van that will pick up people in Richmond and Huntington to transport to the meal but we must call the pick-ups into SSTA on Friday afternoon prior to the Tuesday of the meal. If anyone would like to be picked up by the van to be transported to the meal, they need to call Janice Gratton (434-4008) or Donna Lewis (434-3155). At the current time the members involved with cooking the meals, cleaning up and the set up and take down of the tables and chairs are Janice and Arnold Gratton, Ellie Lawyer, Tammy Crickmore, Yogi Alger and his road crew and myself.

We would love to see more of our seniors here in town attend these gatherings. This is more of a social event than anything else. It's a good chance to meet and greet some of your neighbors along with some of our previous residents who have moved out of town, but are attending these meals.

—Donna Lewis, Meal Coordinator

## Nordic Skiing in Huntington

Camels Hump Nordic Skiers Association! Sleepy Hollow! The Catamount Trail! All have terrific cross-country (Nordic) skiing. Some is free, the rest at very reasonable costs, or, in the case of CHNSA, suggested donations or memberships. Nordic skiing is inexpensive and exhilarating, and Huntingtonians have the great fortune to have a lot of it right here, right at our own back door. You don't need to use a Nordic center to get out and enjoy Nordic skiing. Just go out your door into your yard, on the neighborhood trails, even on the roads (before Yogi gets to them). All are super fun after a new snow. Sometimes one can find usable skis at the Reuse-Recycle at the transfer stations, or borrow some.

We have two large and highly regarded Nordic ski areas here in town: Sleepy Hollow, off Sherman Hollow Road, has established itself as a well-regarded year-round venue for cross-country skiing, mountain biking, lodging, and weddings, and the Enmans have made it into an amazing place to ski and train. Kasie Enman has used the area well, being a World-class mountain runner!

Our other Nordic center, Camels Hump Nordic Skiers Association (CHNSA),

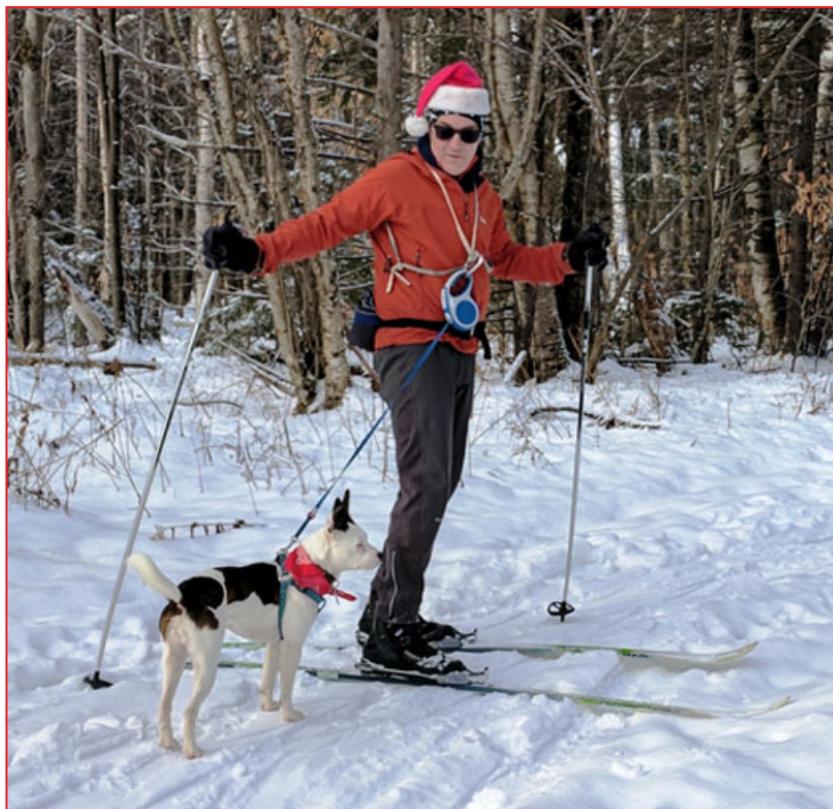

is a small 501(c)(3) non-profit, dedicated to winter recreation, on a unique mix of public and private lands. There are two access and parking areas, one on Handy Road (accesses more difficult and ungroomed terrain) and one on Nils Smith's land at the top of Bert White Road (access to groomed and backcountry areas). The Nils Smith lot has a porta-pot and cozy post-and-beam warming hut. We have recently enlarged the parking area here as well. Nils Smith and Dave Brautigam indefatigably work the trails to keep them in good repair

and grooming. They, and the Handy Family and their landowners' associations, Remo Pizzagalli, and many other landowners, as well as the State, generously allow our extensive network of Nordic trails, nearly 50 kilometers, plus the vast amount of backcountry beyond, to be our community resource.

CHNSA was originally a commercial ski area, 30-plus years ago. This did not work out, and it and ultimately closed. With the dedication and love of a few stalwart skiers, it reformed as a club, and in recent years has evolved to the non-profit organization it is today. As a non-profit, the organization has a mission: to facilitate deeper understanding and appreciation of the winter environment and the mental and physical benefits of Nordic skiing and snowshoeing. We have no paid staff, though we do pay our stalwart treaded-tool cat groomer. All donations and membership funds go into maintaining and improving our unique combination of skatable groomed trails, impressive backcountry trails, and pleasant easy tour loops, like Echo Woods. A very popular aspect is that we allow dogs on portions of the network.

Our backcountry offerings include Lion's Ridge, Catamount Trail North (Honey Hollow) and South (Windekind to Fielder Farm), Cobble Hill, and the Camels Hump Challenge trail, as well as access to big-ski backcountry on Bald Hill via the Chimera trail, and the new Gateway Trail, at the crest of Chimera.

We also have gentle and accessible terrain with groomed trails for the average skier to enjoy. Woodchuck Ramble, Dead River Run, Marijke's, Sugarbush and Crow's Foot, and others, depending on snow conditions, allow groomed classical and skating runs with unparalleled views and terrain. As this is written,

*Terry and Blue Ryan head out for an afternoon on the trail. Photo: Rebecca Ryan*

## Skiing continued

logging activity is making Big Baldy and Crows Foot unusable, but they will be back soon! Meanwhile you can explore other trails perhaps not so familiar.

The CHNSA system has about 50 kilometers of trails, and is overseen by a Board composed of skiers, land-owners and stakeholders. It is an IRS-recognized 501(c)(3) organization. Skiers and snowshoers are asked contribute the daily use donation of \$10, or to join the Association as a member (\$75/individual or \$125/family). Locals under 12 can ski for free. Honor system payments and donation can be made at the hut paybox, via PayPal, or by mail. Be aware that the area is not patrolled, so skiers must be self-reliant and understand the inherent risks associated with cross country skiing. Interested outdoor enthusiasts can find us online at [www.camelshumpskiers.org](http://www.camelshumpskiers.org). Please come up and ski, and consider joining the Board! We want your energy!

## HHCT

### Huntington Historical & Community Trust

#### Highlights of the past year

**Oral History** We started recording oral histories of local elders or those whose families have lived in town for generations. Prior to beginning this endeavor, we received interview guidance from oral history consultant Kate Blofson who has worked with the Vermont Folklife Center. We successfully recorded interviews with two of our eldest citizens Florence Miles and Hilton Jones.

**Community Panels** At our annual meeting this year, we hosted a panel discussion presented by seven members of local organizations that demonstrated the variety of activities that one could be involved in. Over fifty attendees enjoyed the traditional HHCT lasagna dinner.

**Citizen Science at the Library** In March, we co-hosted a panel with the Library that included seven local specialists who described their interest in the natural environment.

**Town Hall (TH)Support** HHCT continues to support the restoration of the Town Hall by providing funds through our non-profit status. Contributions to HHCT designated for the TH have been an important source of local matching funds in grant applications that support TH improvements.

**Historic Building Recognition** Two historic photos were printed in the TIMES INK in the past year to draw attention to the wealth of information in the 1976 book HUNTINGTON VERMONT 1786 -1976 available at the Town Clerk's Office for \$10.

Built in 1841, site of the Free Will Baptist Church

Our Mission  
“Protect and enhance the historical and rural aspects of Huntington’s character through: the conservation of agricultural and forested lands; the preservations

of sites and structures of historic value; and the cultivation of a quality environment and cohesive community.”

Membership HHCT needs your support. Please become a member to support our broad mission. Our documentation of the history of people and places will serve newcomers as well as older residents of the value of living in this amazing community. Thank you. [hhctvt@gmail.com](mailto:hhctvt@gmail.com); P. O. Box 147, Huntington, VT 05462

Board members: Terry Boyle, Rosie Chase, Michaela Stickney, Carmen Tedesco, Alissa White, Robin Worn

# Bolton Richmond Huntington Community Senior Center

The Community Senior Center is a 501(c)(3) non-profit whose mission is to provide opportunities for seniors to connect with others, learn new things, pursue creative interests, be healthy and fit, and discover meaningful ways to contribute to the community.

We are filled with appreciation and gratitude for the amazing support we have received in 2017 from members and the communities of Richmond, Bolton and Huntington! This year has seen continuing growth in the number and variety of activities as well as an increase in participants. Plus, some activities are now being offered in all three towns. There were 42 programs and activities in 2017, up from 28 in 2016 with approximately 650 participants, up from 400 in 2016.

Our monthly enrichment programs included Women on the Long Trail, Identity Theft and Consumer Fraud, Vermont Weather, Hand Painted Vermont Wildflowers, a field trip to Diane Schullenberger's art studio, a fundraiser featuring the Green Mountain Chorus, a field trip to Huntington River Vineyard, an evening of memoirs with Winifred Doane and community memoir writers, a presentation on Effects of Climate Change on Animals of the North, a sing along, a mushrooming experience at Black Barn Farm in Bolton, and Historic Photos of Richmond. Check out the Times Ink and Front Porch Forum for the schedule of 2018 programs.

Activities, that will continue in 2018, included Bone Builders, Nordic walking, hiking, croquet, knitting, golf, rug hooking, Pickle Ball, yoga, memoir writing, mah jong, genealogy, German and French conversation, cross - country skiing, bowling, tai chi, cross stitch, controlling Windows 10, contra dancing, swimming, discussion groups on the current state of the world and transitioning to retirement, bridge for experienced players, card games, and reading plays aloud.

We've also been collaborating with other groups. We worked with the Birds of Vermont Museum to offer a workshop on identifying warblers followed by a series of weekly spring bird walks. Our members volunteered with Richmond's Friday Food Affair to prepare a number of community dinners. The CSC also hosted the annual piano recital by the Elaine Greenfield Associates, and teamed up with Dr. Hannah Rabin of Richmond Family Medicine for an Advanced Directive Workshop. In cooperation with Our Lady of the Holy Rosary Church we held a spring luncheon, and with the Richmond Congregational Church, a harvest luncheon. Both were free and open to all seniors. Approximately sixty people attended each. And our thanks to West Bolton Golf Club and Bolton Valley for working with us to provide recreational activities at reduced rates for seniors.

This year we've formed committees of community members in each town to discuss how we can best support the needs of the elderly. One of several steps that have been taken is an effort to launch an informal clearinghouse through which elders needing help with winter chores can connect with volunteers. The HERO committee will coordinate this initiative in Huntington along with the "friendly visitor" initiative.

Thank you to all the people who volunteered their time and expertise to teach and lead all of our activities. Thank you to the community organizations which have generously allowed the Community Senior Center to use their spaces, including the Huntington Town Hall and Library.

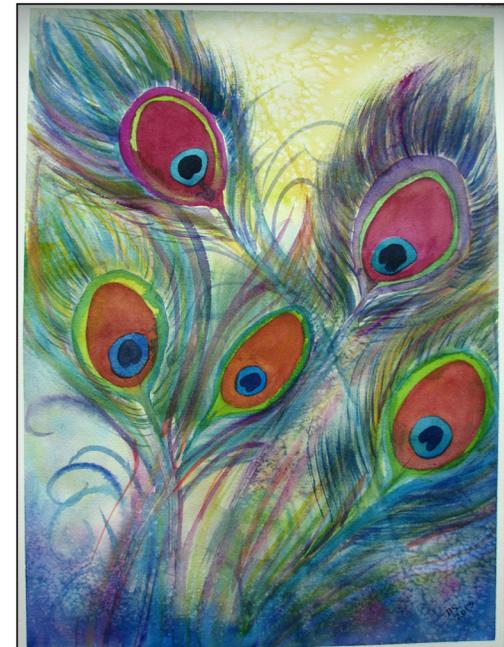

Although we have no physical center, we are highly active and involved. When someone asks where the Community Senior Center is, the answer is, it is everywhere! Thank you to all of you for your participation and support.

You can learn more about the Community Senior Center at [CSCVT.org](http://CSCVT.org) or on our Facebook page at Richmond, Huntington and Bolton Community Senior Center.

If you have any questions, suggestions for activities, or you'd like to be on our mailing list, you can contact us at [rcsc@gmavt.net](mailto:rcsc@gmavt.net).

Community Senior Center Board members are as follows: Anne O'Brien, Richmond, Chair; Elizabeth Emerson, Richmond, Vice Chair; Deborah Worthley, Huntington, Secretary; Velma Plouffe, Richmond, Treasurer; Catherine Coggio, Richmond; Mary O'Neil, Richmond; Martha Nye, Richmond; Jane Vossler, Richmond; Doris Wheelock, Bolton.

Watercolor: Tess Starecheski

# Local Artisan Highlight

## Tess Starecheski

Tess Starecheski likes bright colors. Her paintings reflect a joy for bright, vibrant details and landscapes – a range of subjects that bound off the sheet.

She started studying watercolor painting with Kathleen Berry Bergeron in 2010. It was a transition time – the kids were off to college and she was searching for a creative outlet. An eight-week class at the Jericho Community Center with Bergeron gave Starecheski the tools and techniques to get started. She regularly participates in classes there because it is a “lovely group – encouraging, kind and fun” and she learned that watercolors

do not have to be “pale.”

She explains that she had always enjoyed art, but had never studied it. In fact, she had spent years making collages because she didn’t think she could

rather than indoors as it is too much too soon. Rather, Starecheski says, “I tend to go deep not wide whenever I do

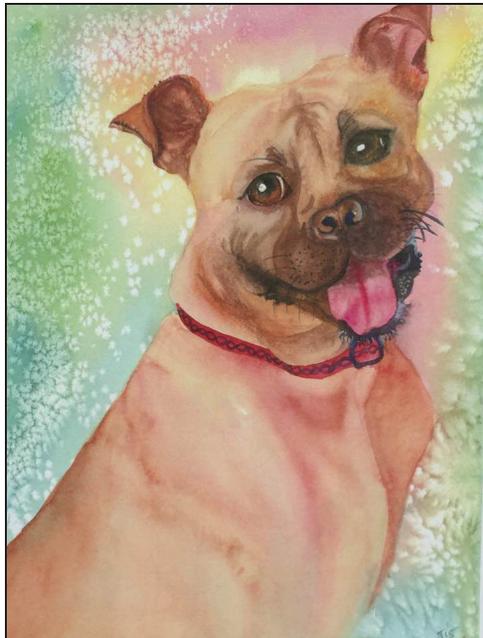

anything.” It is spiritual. She explains that she always learns something. For Tess Starecheski, art is a “way to grow and bring other people joy.”

draw or paint. Working on projects with her kids changed her outlook - focusing on fun “freed me up.” And some drawing classes at CVU provided technical training – perspective, vanishing points. She said, “You have to start with a good sketch.” It is also important to make the investment in good materials or your work will suffer.

Starecheski works from photographs. She describes her painting style as “very slow” and emphasizes that she is not a plein-air painter, a style of landscape painting that is done outdoors

anything.” It is spiritual.

Starecheski has recently taken commissions. She sells her cards at Richmond Market and donate them to fundraisers for Richmond Congregational Church, and has had a popular calendar for the last three years. Facebook is her primary marketing tool, other than word of mouth. Marketing is difficult – how do you put a price on art? – but her work also helps her to grow. Although every painting has a frustration point, she ex-

# Section Three - Educational Accounts

## 2017 School Meeting Summary

### Tuesday, March 7, 2017 – Brewster-Pierce Memorial School

The legal voters of the Town School District of Huntington, Vermont are hereby notified and warned to meet at the Brewster-Pierce Memorial School in Huntington Center, Vermont, on Tuesday, March 7, 2017, at 9:00 am, to transact the following business:

Moderator Dana Cummings opened the meeting at 9:02 a.m. He explained the meeting, and Roberts Rules. The Pledge of Allegiance was recited. He asked that the assemblage allow John Alberghini (CESU Superintendent), Bob Fahey (CESU finance director) and Sally Hayes (BPMS principal) to speak. No objections were raised.

Cummings reviewed the protocol.

**Article 1. To hear and act upon the reports of the Officers.**

**MOTION:** Megs Keir moved Article 1 to the floor; second, Dave Clark.

**DISCUSSION:** No comments or corrections, initially.

Gail Conley was called upon to give a correction – page 59, expenditures should read prek-4; not prek-12.

More discussion on contents of report including page 55 (Heather Pembrook) on proficiency statistics and on proficiency statistics for fourth grade female students in science, which are deemed as too few students in the category. The National Assessment of Educational Progress (NAEP) is only given to fourth graders, as are the

science NECAPS, making the testing pool even smaller. John Alberghini, Chittenden East Supervisory Union (CESU) superintendent, about fourth grade female student numbers: In order for the measure to show, ten students need to be in the category and the school may not have this number of female students.

On page 54 under the Three Prior Years Comparisons, Megs Keir asked about the State Department of Education's incorrect number of equalized pupils from last year. Board chair Andrea Ogilvie responded that the two-year rolling average "took care of the problem." The State Legislature changed the penalty calculation and Huntington fell below the penalty threshold.

**RESOLUTION:** Article 1 passed on voice vote.

**Article 2. Shall the voters of the Huntington Town School District authorize the school board under 16 V.S.A. 562 (9) to borrow money by issuance of bonds or notes not in excess of anticipated revenue for the school year?**

Voting for Australian ballot questions on Tuesday, March 7, 2017, between the hours of 6:30 am, at which time the polls will be open, and 7:00 pm, at which time the polls will close.

**MOTION:** Sheila Susen moved Article 2 to the floor; second, Jane Keir.

**DISCUSSION:** None.

**RESOLUTION:** approved on voice vote.

**Article 3. Shall the voters of the Huntington Town School District approve the School Board \$2,334,689 which is the amount the School Board has determined to be necessary for the 2017-18 fiscal year?**

**It is estimated that this proposed budget, if approved, will result in education spend of \$15,506 per equalized pupil. This projected spending per equalized pupil is 3.73% higher than spending for the current year.**

**MOTION:** Heather Pembrook moved Article 3 to the floor; second, Dave Clark.

**DISCUSSION:** Budget explained by Andrea Ogilvie: everything is the same in the budget for school programs as last year. Special education is the largest increase comprising 45% of the budget increase. In general, there is an increase in needs in all student populations. A number of children are

now placed outside the district supervisory union because their needs exceed the services provided within CESU. The HVAC bond, which passed 2.5 to 1 in November will have a first-time interest payment which accounts for 22% of this year's increase; computer/technology is now assessed by equalized pupil, so this is an 8% increase.

On page 56, the costs associated with phys ed have been moved into the teacher salaries line as the position is not shared with other districts. On page 58, the increase in electricity is offset by the decrease in fuel oil; electricity is anticipated to be more due to the new HVAC system being installed this summer. In answer to Pembrook's question about the 49.25% increase in foreign language, Ogilvie stated the benefits are rolled into the number and the teacher changed benefits options. Pembrook asked about the 80% increase on the copier (page 56, line 731.00); Ogilvie: the 2016 actual was \$6962, so this is "adjusted to reality." Everett Marshall asked why health care is going down. Ogilvie: change in benefits plan choices by employees like

family plans to single member. Keir: why the increase in line 260 on page 56 (workers compensation) and CESU Business Manager Robert Fahey responded that there is a 10% increase in workers comp premiums; unemployment insurance has increased .9% to 2.9%, due to a change in carrier. Some of this has been offset by decreases in other areas. Don Sheldon spoke about the “false sense of people continuing in the same plan.” It was confirmed that the insurance is handled through VSBIT (Vermont School Boards Insurance Trust).

Harry Frank commented, “It is helpful for us to understand how costs and performance compare to neighboring districts.” Ogilvie: the assessment information is available online through the Agency of Education. The CESU website has the MMM annual report online with assessments results. She then stated that it is hard to compare a pre-K through 4 budget and a pre-K through 12 budget because the data is not broken out for the MMM. It is also hard to compare the increases since the HVAC is being done now. The MMM has a bond issue planned for 2020. “What are you trying to get, Harry?”

Frank: “Because Huntington has chosen to take a path to assert independence, it is important for us, as a community, to compare, how are our kids doing?” To track costs.

Ogilvie: “They are all coming into line [tax rates before incentives in other CESU towns]. The trend could con-

tinue. Compare to prior years.”

Duncan Keir assumed that the increase, a big percent of the increase, was the HVAC system. Other towns get a larger percentage of the incentive [state’s tax break incentive to merge].” Ogilvie: look at the tax rate before the incentive to get the pattern.

**GERMANENESS:** Megs Keir: discussion of comparisons to others schools in MMM budget was not germane. How Huntington is comparing to MMM is not germane to this budget. There is a lot of weighted information and a group can get together. Moderator Cummings asked for clarification of Keir’s concerns. Keir: it is not germane to this budget.

**RULING OF THE MODERATOR:** Cummings explained that while the Huntington K-4 and MMM K-12 numbers might be ‘apples and oranges,’ he thought it reasonable if people wanted or needed to compare the budget costs and learning outcomes when deciding whether to support the budget. Cummings ruled further discussion of budget comparisons raised by Frank to be germane to Article 3 and acknowledged a slippery slope and the potential need to revisit the question of germaneness as discussion progressed. Cummings then inquired whether Keir or others objected to the ruling

**CHALLENGE OF MODERATOR:** M. Keir; second by Nayo Ogilvie.

**DISCUSSION:** Keir: the tax rate for all five towns is almost identical. We do

not have the budget numbers in front of us. This creates an opportunity for people to give false, incorrect, unverified numbers.”

Cummings explained an objection to a moderator’s ruling is discussed and voted as “Shall the ruling of the moderator be sustained?” There are questions about comparisons to make decisions on the budget. Don Dresser remarked, “We are part of MMM.” Ross Ogilvie stated, “We need data, otherwise time is wasted here.”

David Worthley: This is an important discussion. Huntington took independence, but it is not germane for this article. We need data and we aren’t going to get it at this meeting. The onus is on the Board and the administration. Save the discussion for other business.

Eric Krull: concern expressed, “we elected the School Board to be custodians. The School Board is not making decisions in a vacuum. The issues of any physical plant [new HVAC system] would have been cost shared [with a merger]. It is relevant because we are going it alone.” Ogilvie read from the MMM Annual Report on page 18: estimated equalized tax rate before incentive comparisons for Huntington’s MMM portion grades 5-12, and for MMMUSD’s combined Pre-K through 12.

**POINT OF ORDER:** Dave Clark: not germane to challenge of the Moderator. Kerry Cullinan: asking the question is important. He wants to sustain the

ruling of the moderator. Dawn Taylor did not agree and spoke about school merger being “shoved in.” Clark wanted to finish the conversation.

**QUESTION CALLED:** Britt Cummings; second Mark Smith. The Moderator explained voters were currently voting whether to end debate on the question of germaneness.

**RESOLUTION:** approved on voice vote.

**Resolution on challenge of Moderator:** Cummings stated the Ayes had the majority in the voice vote unless a single voter requested division of the House. Dave Clark requested division of the house and the Moderator’s ruling that budget comparison questions were germane was sustained in a hand vote: 62 yes; 27 no.

**DISCUSSION:** Resumption of discussion on Article 3.

Pembroke: page 58 water and sewer (line 411); repairs and maintenance (line 430) Ogilvie: water pipe from well to school broke and had to be repaired. Sandy Heyman took care of this. Pembroke: curious about \$7000 in line 430. Ogilvie: money had to be put into up-front costs which were expected to roll into the HVAC bond and won’t, because they occur more than six months before the bond origination. This reimburses a potential deficit caused by these costs. “It is a one-time deal.”

Barb Winters: are student numbers down for next year? Justify number of

*continue to next page*

# School Meeting continued

teachers since Board initially dropped a teacher from the budget and then reversed this after parents with vested interest got this changed. "How are we going to utilize the teacher if we don't have the numbers?" Ogilvie: There are slightly more students anticipated next year; decision was made to retain teacher two years ago when discussion of eliminating two teaching positions occurred. Board discussed this position for two or three months this year because of many factors. Ogilvie said she recommended taking the position out to look at budget numbers with and without the position. "Our census is not decreasing. If we decrease a position, we would have to hire back the position the following year." Another reason for retaining the position remains – a challenging class, many of whom do not qualify for special services. If we decreased the position the result would be – a larger, even more difficult class."

Board member Paul Susen: (1) this decision was based on a second analysis, after a meeting with people from the community; (2) rather than base the decision on the size of any one class, which can change every year, it makes more sense to base the decision by dividing the total number of students in the school by the number of teachers and examining that trend over the next four years; (3) stability and continuity are real concerns and (4) if the number

of positions are reduced this coming year, the position would need to be added back the following year. Keir: population by births shows that Huntington school population is growing.

Nina Marcotte talked about home schooling. Are some of these kids going to come to school for just two years? Ogilvie addressed issues: no, these children are in the school; slight increase in students; challenging students who don't qualify for state or federal funds; therefore the grade 3/4 classes would be 14 instead of 20; projected class sizes for all grade levels reported to show 14 is not the norm for BPMS; current staff is trained and knows how CESU and BPMS operate educationally; two years out a position is projected to be lost. Marcotte spoke again about "holding" the position. Ogilvie: the teacher will be a classroom teacher, there will not be a position "made up" to keep a person on board. Classroom size is not strictly "a numbers game," the make-up of the classroom and quality of the education has to be considered. Annalies McVoy, a homeschooling parent, said, "Whatever you can do to support your teachers, do it." Talked about her experience in Williston before moving to Huntington with teachers having too many "little bodies" in the room. She urged the "bigger picture."

Beth Sand: question about line 561 (page 56) tuition. Ogilvie: this budget broke out the line item; expense oc-

curred in current year also; transition to keep child in other school, which is a "very rare occurrence."

Clarification between Winters and Ogilvie about size of class: 20 is recommended maximum for grades 1 through 3.

**QUESTION CALLED:** Jim Couture; second Eric Krull.

**RESOLUTION:** passed on voice vote.  
**RESOLUTION:** Article 3 passed on voice vote as warned.

**ARTICLE 4. To transact any other school business thought proper when met.**

**MOTION:** Mark Smith moved to the floor; second, David Worthley.

**DISCUSSION:**

1. Britt Cummings remembered Ken Pillsbury, who died on March 2. Talked at length about sincerity and intent to do good; while nurturing his persona. Others spoke.
2. Mark Smith talked about quality of life, especially reflected in the community school.
3. Beverly Little Thunder talked about reaching out to elders while they are still alive.
4. Ross Ogilvie announced the Huntington Energy Committee event on March 25.
5. Heidi Racht recognized Dave Clark for his 15-plus years on the MMU and MMM School Boards. Talked about his travel to attend, most meetings being two towns away, and also his

good attendance and hard work on Finance Committee presentations. Clark received lengthy applause.

6. Dave Clark talked about Act 46 and urged discussion.

7. Andrea Ogilvie gave an update on the HVAC system voted on November 8. Work is scheduled to start as soon as school is out with plans to complete one week before school begins in the fall. Two bids received; slightly higher than hoped. Went with the lower bid as required.

8. Board member Jordan Davies thanked the voters for approving the budget. Noted Vermont ranks fourth nationally in quality of schools.

9. Representatives Tom Stevens and Theresa Wood addressed the assemblage and fielded a question.

10. Beth Sands thanked the School Board for its hard work, as did others earlier in the meeting.

**ADJOURNMENT:** Dave Clark moved to adjourn; seconded by Everett Marshall.

The meeting adjourned at 11:42 a.m.

The Moderator set the time for the Town Meeting to begin at 12:45 p.m.

## Australian Ballot Questions

**Article 5. To elect a School Director for a period of three years.**

**Article 6. To elect a School Director for a period of two years.**

Minutes written by  
Heidi Racht, Town Clerk, CVC, CMC

# BPMS HVAC System photos

*The new HVAC geothermal system at Brewster-Pierce School was installed over the summer. The project was approved overwhelmingly on November 8, 2016 by voters, at a bonded cost of \$1,256,431.*

*The project replaced an aged heating system. The original school was built in 1965.*

# Brewster-Pierce Memorial School Directors' and Principal's Report

## January - December 2017

Brewster-Pierce Memorial School is a special community. Brewster-Pierce Memorial School (BPMS) is a vibrant community of learners serving the children and families of Huntington. The current enrollment is 24 Pre-K students, 9 Pre-K Partnerships and 103 K-4 students. Brewster-Pierce is one of six elementary schools in the Chittenden East Supervisory Union (CESU). This year we have been collaborating with Part 2 to provide enrichment after school programming, as well as high quality childcare for three and four-year-old children before and after preschool.

Our Mission is to provide all students with learning experiences that enable them to practice new skills, deepen knowledge, build self-confidence and independence and develop a strong work ethic to become engaged members in their school and local community.

### Schoolwide Goals

**Reading and Writing Workshop:** This year, a schoolwide goal has been to continue to implement Reading and Writing Workshop as the foundation of literacy instruction. Teachers have focused on strategies that readers need to master to move along the learning continuum. In addition, time has been devoted to fostering a deeper understanding of the different reading genres within literature and informational texts. In the past, students read a greater proportion of fiction/ literature than nonfiction/ informational texts. Currently, instruction focuses on both types of reading equally between informational and literature texts. Teachers are also bringing together reading and writing skills. For example, if the reading unit focuses on elements of a narrative story, then students are learning to write narratives. As we continue this journey over the next several years, we will need to increase the number of informational texts in classroom libraries,

as well as update the current literature collection.

**Math:** This year teachers are using a new strategy called Number Talks to scaffold mental math practice during math warm up time. Rather than using paper and pencil, students use mental math strategies. They complete a series of three or four problems which build on each other and create efficient strategies for solving each new problem. For example, in third grade, a series of problems may be:  $5 \times 5$ ,  $5 \times 10$ ,  $5 \times 30$ ,  $5 \times 29$ . The idea is to teach math students to use what they know to solve increasingly more difficult problems and to use flexible math thinking strategies. Math skill mastery is attained by using a variety of teaching strategies, such as Number Talks, as well as the core math curriculum.

**Communication:** The school connects to parents and their child's classroom and learning experiences via blogs, Twitter and Instagram, daily and weekly classroom news and monthly newsletters.

**Culture:** Integrating innovative practices into our current responsive classroom and PBiS foundation and the assimilation and use of a broader language perspective occurs in all academic areas across every grade level.

**Outdoor Education** Outdoor Learning at BPMS continues to grow with support from the Audubon Nature Center staff and Kasie Enman, naturalist coach/parent volunteer and our dedicated teaching staff. Four days each week, students in grades PreK-4 spend a portion of their day learning outside. The goal is for children to be able to transfer their knowledge and skills from indoor learning experiences to the new setting outdoors. Using science curriculum as the foundation of the weekly learning, we also focus on critical life skills gained from outdoor education. Research shows that children who engage in outdoor education have

a deeper understanding of the world around them.

**Outdoor Classroom Structure** Every single day, our beautiful new outdoor classroom structure is used for learning by students and staff.

This amazing addition to the Brewster-Pierce Learning Community was designed by Brian Hayes (Bellwether Craftsmen) and constructed by Eliot Lothrop (Building Heritage) and Paul Schwarzkopf (Bellwether Craftsmen), Rob Thompson (Windfall Works), along with members of their building crews. There are many community members who supported and worked on this project including: John Scott, Yogi Alger, Duncan Keir, Marc Shattuck, Tucker Riggs, Pete Zelonis, Shayne Jaquith, Jeff Ferguson, Mike Hayes and Miles Jeness. This project would not have been completed without the work of Browns Crane and Giroux's Body Shop. This initiative was also made possible because of special grants and donations through the kindness of: Deb Parrella and Four Winds, the Huntington Historical Commission as well as the tireless work of parent volunteers: Carrie Wyatt, Patti Delaney and Dean Menke. We are planning a very special grand opening celebration for this beautiful structure in June 2018.

We are grateful to the many people who took part in creating this beautiful BPMS outdoor educational facility. (See photo on page 61.)

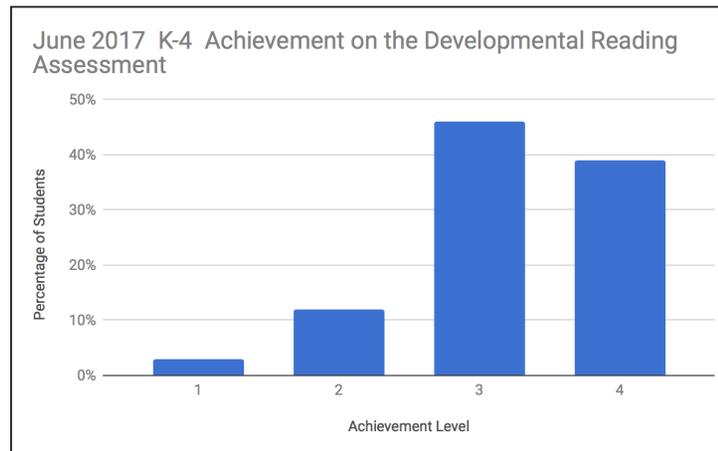

**Assessment** Assessment is a process that includes examining a student's learning, determining what strengths and weaknesses are present in the student's performance relative to what we hoped to see and then deciding what to do to improve learning. Teachers use formative and summative local assessments in all curricular areas to measure learning outcomes. In

*continue to next page*

addition, students take standardized assessments to measure progress. These standardized state assessments include the SBAC (Smarter Balanced Assessment Consortium) which measures progress in reading, writing and math, and the Science NECAP (New England Common Assessment Program). The standardized national assessment is NAEP (National Assessment of Educational Progress). The most important factor in measuring student growth is collecting and analyzing three different assessments to get a solid picture of student progress using a process called triangulation of data. Please see Standardized Test score charts on page 56.

### Heating, Ventilation and Air-Conditioning (HVAC)

In November 2016, Huntington voters passed a bond issue to replace the aging, inefficient and difficult to maintain BPMS HVAC system with a ground source heat pump system with centralized energy recovery ventilation and CO2 sensors in all rooms. The bid process was initiated in early 2017, and the engineering and construction teams started work on the project the day after school ended in June 2017. With fewer than typical change orders, and despite some heavy rains, the project was completed the week before school started in August. The budget did not allow for the extraction of the two underground oil tanks nor the conversion of the boiler from oil to propane. On October 24, 2017 the Board sponsored a forum at which time community residents were invited to learn more about the new HVAC system through presentation from the design engineer, Derek Siegler, with a question and answer period devoted to technical details and broader conceptual perspectives. This environmentally friendly system with computerized controls for heating and cooling improves ventilation and dehumidification, increases the comfort of students and staff and therefore translates to better educational outcomes,

saves fuel costs through energy efficiency and reduces expenditures related to repairing outdated equipment. (See photos on previous page.)

**FY'19 Budget** The proposed FY '19 budget calls for an overall increase of \$6,839 (0.29%). The largest single decrease in projected FY'19 expenditures results from a reduction of teaching staff by 1.0 FTE, due to an enrollment decline in Kindergarten (\$75,800 savings which represents a reduction of 12% in combined salary and benefit costs for teachers) .

- 1) The largest increase in expenditures supports the HVAC bond payments (FY'19 principal and interest payments for new HVAC system will be \$88,009, which represents 74% of the total debt payments).
- 2) As the FY'19 budget anticipates a reduction in the number of Kindergarten classes from two to one, there will need to be a teaching aide for the larger than normal class of 22 students (\$19,430 which is an increase of 59% in the teaching aide budget line).
- 3) There is an increase projected for special education services, although that increase is far smaller than for FY'18 (\$10,601 which represents an increase of 1.9% in the special education portion of the budget).
- 4) The assessment for central office administration has increased significantly due to a change in methodol-

ogy being used by the Supervisory Union (SU). (\$17,151 which is an increase of 23.89% for central office assessment).

5) Due to reductions in federal funding to the state, some professional development costs need to be absorbed locally (Increase of \$5,198).

Fortunately, projected revenues should include out-of-district tuition (\$15,000), and an increase in Medicaid payments (\$15.839 or 34.24% on the Medicaid revenue line). Finally, it should be noted that revenues to support transportation services from the state are being distributed directly to the SU not to the Huntington educational district. This accounting change which

shows no revenue from the state for transportation services is offset by a corresponding decrease in the transportation assessment from the SU. Financially, the net change resulting from this accounting procedure is zero.

Although the budget increase planned for FY'19 is only 0.29%, due to a decrease in total equalized pupils of 1.61%, education spending per equalized pupil will increase by 3.60%, which by itself accounts for about a two cent increase in property taxes. The significant reduction in the base education payment from the state to all towns in Vermont is responsible for the large majority (82%) of the increase in the property tax rate (about 9 cents).

We wish to recognize the Huntington community for its continued support of Brewster-Pierce Memorial School, students, staff and educational programs. The dedication that Huntington has shown to its children is greatly appreciated. Thank you so much.

Respectfully submitted,

Brewster-Pierce Memorial School Directors  
Jordan Davies, Tara Fowler, Andrea Ogilvie,  
Paul Susen, Stacey Symanowicz

Sally Hayes, Principal

# BPMS SBAC AND NECAP Assessment Results for 2013-2017 School Years

Note: SBAC replaced NECAP as Vermont's math and reading assessment in 2014-15. NECAP was still used for Science.

2016 - 2017 SBAC/NECAP Whole School	Math (SBAC)		ELA (SBAC)*		Science (NECAP)	
	B-P	VT	B-P	VT	B-P	VT
Proficient With Distinction	18%	19%	26%	26%	0%	1%
Proficient	39%	30%	24%	24%	61%	45%
Partially Proficient	25%	29%	28%	23%	35%	40%
Substantially Below Proficient	18%	21%	27%	28%	3%	13%

Test results represent students in grades three and four who took the SBAC or NECAP.

\* SBAC combines Reading, Writing, Listening-Speaking and Research-Inquiry into one English Language Arts (ELA) assessment.

2016 - 2017 SBAC / NECAP Disaggregated by Sub-Groups	Math (SBAC)					English Language Arts (SBAC)					Science (NECAP)

<b>CHITTENDEN EAST OFFICE</b>							
This section of the budget contains the portion of the Chittenden East Supervisory Union (CESU) Central Office budget assessed to each district. The CESU Central Office budget supports curriculum development, professional development, Human Resources, centralized administration and financial management and accounting services for member school districts.							

# BPMS Huntington School District Proposed Budget Report

Included in the Huntington Town School District's assessment is the charge for the Central Office costs associated with the Huntington Town School District remaining as a separate preK-4 district. The budgeted amount is based on time records from FY17. The change in how Central Office costs are assessed was approved by the CESU Board on June 20, 2016. The remainder of the CESU Central Office budget is assessed proportionally based on each district's percentage of equalized pupils.

## BPMS Outdoor Classroom

*The outdoor classroom at BPMS received its new roof last spring and the structure is in regular use. The school plans to hold a grand opening celebration in May 2018 to thank the contributors and the many people who worked on this school community project. Watch for more information later in the spring.*

## Enjoying the Snow!

Ah, snow! Mid-March can be exciting and fun on the BPMS playground. Photo: Heather Fergerson

## Almost There - Long Walk to MMU

Resting in front of the Jericho Center Store... In what has become a Huntington tradition, intrepid MMU seniors walk to school one day in the last week of classes. It can be a long journey. Akash Kushwaha left his house on Moody Road in Hanksville at 11 pm, meeting Eliza Bryan at the end of Camels Hump Road before midnight and Allie Rigutto in the Lower Village about 25 minutes later. They were then joined by Michael Gilbert and Kate VanDerVliet at Huntington Acres about 1 am and the group continued the trek to Jericho Center, getting to MMU in time for their 8 am classes. Photo: Sue VanDerVliet.

# Mt.Mansfield Modified Union School District

January 12, 2018

## Mount Mansfield Modified Union School District Annual Report

The Mount Mansfield Modified Union School District (MMMUSD) Annual Report will be available February 12, 2018. The report will include a proposed 2018-19 school district budget, tax rate information, Chittenden East Supervisory Union expenses and a review of accomplishments and assessment results for Mount Mansfield Modified Union's eight schools:

- *Smilie Memorial School (PK-4)*
- *Jericho Elementary School (K-4)*
- *Richmond Elementary School (PK-4)*
- *Underhill ID Elementary School (PK-4)*
- *Underhill Central School (PK-4)*
- *Browns River Middle School (5-8)*
- *Camels Hump Middle School (5-8)*
- *Mt. Mansfield Union High School (9-12)*

The MMMUSD/CESU Annual Report can be found at your local town office, public school, Chittenden East Central Office or online at [www.cesuvt.org](http://www.cesuvt.org). Upon request, a printed copy will be mailed to you by calling 434-2128.

If you have questions, please contact the MMMUSD/CESU Central Office at 434-2128 or by email at [cesu.office@cesuvt.org](mailto:cesu.office@cesuvt.org).

Assistant Principal

Mt. Mansfield Union High School

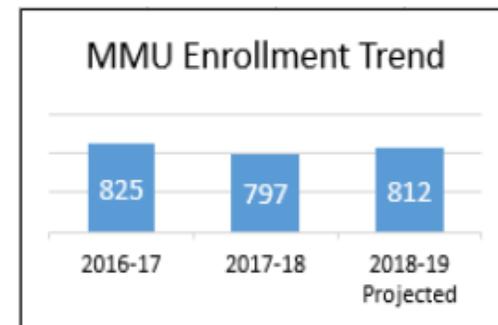

This past year at Mt. Mansfield Union High School has been one of implementation and reflection. The Class of 2019 will be the first class to graduate with a Personal Learning Plan (PLP) and the Class of 2020 will be the first to graduate with Proficiency Based Graduation Requirements (PBGR). We have been putting to use the structures, systems, lesson plans, and assessment strategies that we have developed to implement PLPs & PBGRs. We also have been reflecting on our work to see if it led to student outcomes that we had hoped for and how to improve upon these outcomes regardless if the outcomes were desired or not. This reflective work has allowed the faculty to step back and examine a “traditional” high school education with a critical eye. We believe the work we are doing now and in the future is going to lead to graduates of Mt. Mansfield Union High School experiencing success in their initial endeavors after graduation and help them become Effective Engaged Citizens who are prepared to move their communities forward now and in the future.

The 2016-2017 school year also contained much student success for MMUHS. On June 17th the Fiftieth Commencement Ceremony was held for Mt. Mansfield Union High School at The University of Vermont. The Class of 2017 had two hundred and seven graduates, of these, sixty-four percent went on to pursue higher education. We had fifteen Summa Cum Laude graduates, the most ever. To graduate with this distinction, students must have a 4.05 or higher grade point average. Also, eighty-eight percent of our students who took AP Exams received a score of 3 or higher, this compares to a Vermont average of sixty-nine percent, and a global average of sixty-one percent. Our students shine outside of the classroom as well. The MMU Dance team were state champions in Hip-Hop and Jazz. Over twenty students were members of the New England Music Festival Band and Chorus. MMUHS also plays an active role in supporting community events. It is not hard to find a MMU student giving their time to support great causes in and out of our local community.

If you have any question or feedback for our school, please do not hesitate to contact us.

## Camels Hump Middle School

During 2016-2017, Camels Hump Middle School literacy teachers continued their work implementing and refining the instructional pedagogy associated with Writer’s Workshop and began implementing the Units of Study for Teaching Reading across all grade levels. CHMS math teachers worked with the district’s math professional developer furthering their instructional practices and aligning middle grade math expectations to meet with the new high school math scope and sequence. CHMS science teachers continued developing inquiry based learning experiences and partnering with a wide range of community groups. Our 8th grade teachers established two new working relationships. One with the Willis Land Trust mapping and cataloging the land next to CHMS and another with Trout in the Classroom culminating in the release of almost a 100 “school” raised rainbow trout in the Huntington River.

We continue to use the delayed opening mornings for professional development that will improve student outcomes through instructional practice and assessment. Our mathematics teachers are concentrating on proportional reasoning strategies, differentiated instruction and the use of formative assessment to develop flexible instructional groups. Literacy teachers have been focusing on conferencing and mini-lesson development while science teachers are focused on aligning curriculum with the Next Generation Science Standards. As a school community, CHMS administration and staff have worked with Border Crossers, OutRight VT, and Try Balance Performance on our equity, diversity and strength building initiatives.

We kicked off the academic 2017 school year with a Kindness Matters initiative with students focusing on how our actions and words really do matter and how, as a community, we can assure that we are supporting our mission of “EVERYONE SUCCEEDS HERE”. During our annual food drive, CHMS students collected over 1300 items to support our “break boxes” and weekly food backpack program.

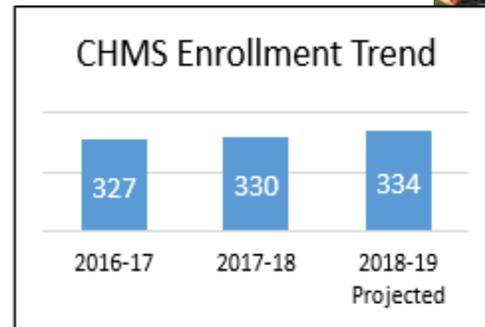

Student interest and participation continues to grow across all of our co-curricular activities and we continue to add new offerings. In the past year, we introduced a new cooking club, volleyball club and redesigned our engineering club. Our other after-school program options continue to be popular with students. Our interscholastic sports program is also growing with students participating on seven sports teams. Over sixty percent of our student population participates in our music program (chorus and/or band).

An independent audit of the accounts and financial statements of the former school districts that comprise the Mt. Mansfield Modified Union School District, for the period ending June 30, 2017 was conducted by Fothergill, Segale and Valley, CPAs. The report of the elected auditors for the Mt. Mansfield Union School district and reports of the independent auditors for elementary school districts are available online at the CESU website at <http://go.cesuvt.org/auditsfy17>

OFFICIAL WARNING  
ANNUAL SCHOOL DISTRICT MEETING  
Huntington, Vermont

The legal voters of the Town School District of Huntington, Vermont, are hereby notified and warned to meet at the Brewster-Pierce Memorial School in Huntington Center, Vermont, on **Tuesday, March 6, 2018**, at the conclusion of the town portion of the meeting, to transact the following business:

Voting for Australian Ballot questions on **Tuesday, March 6, 2018**, between the hours of 6:30 am at which time the polls will open, and 7:00 pm at which time the polls will close.

Article 1 To hear and act upon the reports of the Officers.

Article 2 Shall the voters of the Huntington Town School District authorize the school board under 16 V.S.A. 562 (9) to borrow money by issuance of bonds or notes not in excess of anticipated revenue for the school year?

Article 3 Shall the voters of the Huntington Town School District approve the School Board to expend **\$2,341,528** which is the amount the School Board has determined to be necessary for the 2018-19 fiscal year?

It is estimated that this proposed budget, if approved, will result in education spending of **\$16,066.67** per equalized pupil. This projected spending per equalized pupil is **3.60%** higher than spending for the current year.

Article 4 To transact any other school business thought proper when met.

**Australian Ballot Questions**

Article 5 To elect a School Director for a period of three years.

Article 6 To elect a School Director for a period of two years.

Article 7 Shall the Huntington Town School District expand its membership in the Mount Mansfield Modified Union School District from grades 5-12 to grades PreK-12 pursuant to VSA 16§721 (a), thereby forming a Unified Union School District pursuant to Vermont law?

The legal voters of Huntington Town School District are further warned and notified that an informational meeting will be held at Brewster-Pierce Memorial School in the Town of Huntington on February 27, 2018 commencing at 6:30 p.m. for the purpose of explaining Article 7.

Adopted and approved at a regular meeting of the Board of School Directors of Huntington School District held on January 9, 2018.

**SCHOOL DIRECTORS**

  
Jordan Davies

  
Andrea Ogilvie

  
Tara Fowler, Vice Chair

  
Paul Susen, Chair

  
Stacey Symanowicz

Received for record this 10 day of January, 2018.

  
Town Clerk
