Subject: Fire Fighter Support

Hi Sue,

Following up on our conversation from last week on fire fighter support to the Western States. As of today there has not been any formal requests for support of the Vermont National Guard. We were asked by National Guard Bureau to run some estimates on the number of personnel and equipment we could provide if asked. This would be a state to state (EMAC) agreement. We estimated we could provide 178 soldiers for 30 days as well as one helicopter and crew for 30 days. The cost estimate to send 178 soldiers for 30 days is \$882,700 and the cost for the helicopter and crew for 30 days is \$478,700. Again nothing has been asked so far. I will keep you posted if anything develops.

Thanks

Steve
