I have also given AGO and SOS quick head's up; EO says Task Force may request their participation.

Unless we hear from Annie that has been done, I will touch base with that group.

I have advised cabinet members who will be on commission that we were looking at early Sept for signing. I have not been in touch with labor, etc as to that timeframe.

I assume someone has communicated with the interested parties about waiting until after September 7 to execute this.

Hi, Sarah:

I am away until Sept 7 (back on the 10th). Could we coordinate around the public signing so that I can be there?

Thanks to those who responded. At this point, a public signing of this executive order creating a Governor's Task Force on Employee Misclassification will likely occur in early Sept. One of us will be in touch with specifics closer to that time.

Subject: draft Exe Order re misclassification

All, attached please find a draft executive order to create a Governor's Task Force on Employee Misclassification. Commissioner Noonan has been primary contact. You or your designee are each proposed as a member of this task force. Please review and if you have any concerns, let me know by late next week. Thanks very much, Sarah
