Subject: Working Landscape

Dear Ms. Utton,

I am writing in support of the Working Landscape Program. I am sure you know and have heard all the arguments for it. I just want to add that saving on this particular program would be like cutting off your nose to spite your face... not quite the right metaphor, but you understand what i mean: shortsighted , saving a bit of money by giving up a long - range productive, hope and confidence in the future inspiring program.

Sincerely,

Annemie Curlin,
Charlotte, VT.
