The Board responded that it does not matter to the Board how many academic credits

they award, however they want to ensure that the academic structure for the internship includes faculty oversight and supervision.

- B. Thea Sanford e-mailed the Board that she will be graduating from a COAMFTE approved school but will only have accrued 400 hours of internship and asked if this would meet the Board's requirements for licensure. The Board stated that as long as she graduates from an COAMFTE approved school she will be fine.
