

To whomever it may concern. I Joseph D. Moody vt drivers license # 02006910. Born 06 /29/84  
vote/testimony that abortion after the first heart beat is wrong and should not be allowed. It  
has a beating heart it is alive. If you stop the heart it will not just start back up by itself. Thus  
would kill the fetus. Which is murder. Unless there is a medical condition that takes precedence  
over the woman's immediate life span.

Thank you, sincerely Joseph D. Moody.
