Council Members,

I think we got off to a great start at our first meeting and I look forward to further conversations. Our next meeting is now scheduled for **Wednesday, June 29th, 5-8PM**. When we get closer to the date, I will reconfirm and provide more specific information, but for right now, please assume it will be in the Pavilion Building.

If you have specific topics you would like to see discussed at the meeting, please inform me a week or so in advance so I can plan the "agenda". FYI, I am attaching a copy of Governor Shumlin's Executive Order creating this council and a spreadsheet with all our contact information. If I have anything listed incorrectly, just let me know.

As always, feel free to contact me with any questions, comments, or suggestions.

Best regards,

Arthur Berndt
Chair, Governor's Council on Energy and the Environment
