

# 2015 Communications and Strategic Planning Session Takeaways

## 10/5/15

Develop a written communications plan

Include a mission statement, and short version of the big picture branding / message you want to convey in your every communication (Ex: something like Condos' three C's, **Champion** transparency and trust in government, **Convey** excellence in customer service, **Connect** citizens through efficiency and technology)

Allow divisions to have subset branding (Ex: OPR's Unify, Streamline, Focus; VSARAs Provide, Protect, Promote and Preserve)

Define ourselves before the media vacuum defines us
