Jay Select Board Report

1. Update on the EB-5 situation at Jay Peak Resort. Although 2017 Property Taxes were paid in full and on time, we are still waiting on the payment of Interest & Penalties owed to the Town of Jay due to late payment of the 2016 Property Taxes. The Board of Abatement voted to not forgive the 2016 Property Tax interest & penalties. We have been advised that this issue may need to be settled in Federal court in Florida and we have been advised that the outcome may well be that the interest will be paid, but not Penalties.

2. The State of Vermont is still trying to revamp Education costs. Nothing has really changed except for costs going up not down. According to Vermont League of Cities & Towns "Virtually every legislator campaigned for office in 2016 with a promise of no new property tax increases. They seemed to understand that Vermont tax payers, whose property tax burden is the fourth highest in the nation, were played out. So what happened? The Senate passed an appropriations bill that transfers new obligations to the Education Fund, which will require increased property taxes to pay for them, both this year and in the future."

Our legislators need to hear from you.

Rep. David Sharpe, Chair of Education Committee 802.453.2754 dsharpe@leg.state.vt.us

3. Town of Jay Roads

a. After a 3 year struggle the Jay Select Board has adopted a Speed Ordinance, which can be viewed on line at www.jayvt.com or stopping in at the Jay Town Clerks Office.

b. The Select Board has voted to replace the 2009 International 4200 Plow Truck at a cost of approx. \$130,000 with 7 yr. warranty. The purchase has been anticipated and has been in the budget for past 2 years and will be paid in full in 2018. It was also voted to purchase a new Volvo L90H Front End loader for approx. \$152,550 with warranty and 5 year loan (Approximately \$32,000 annually) to replace the 2003 Loader.

c. The state of VT has created a Municipal Road General Permit (MRGP) at a fee of \$2000 per year plus project permit fees to each Vermont town & city to encourage towns to comply to the newly enacted "MAC Town Highway Model Access Policy and Drainage Management Standards". Under the MRGP, municipalities must implement customized, multi-year municipal plans to stabilize their road drainage systems. Road erosion inventories and implementation plans will be due in mid-2020 and revised every 5 years thereafter. The Town of Jay has been advised that 3 town highway roads (Beadle Hill Rd, Woodshed Rd and Leavitt Circle) are high priority and will be required to be REMEDIATED, possibly by partially paving the problem area within the next 5 years if not sooner. These roads abut to State Highways Rt 242 & Rt 105 and sand, dirt & gravel are running off these roads onto state highways and affecting state highway ditches and culverts. There may be grant funding, but it has not yet been formulated.

4. Recycling in Vermont is still in flux. Rules change constantly due to legislative mandates and or the cost of and finding suitable companies to take recycle items. Keep current by going to www.nekwmd.org

5. It has been an honor to serve on the Jay Select Board for the past nine years. It is time for me to move on. Serving on a local board, whether it be Select Board, Planning Commission, Lister or School can be frustrating for any number of reasons including state mandates without funding, but it is in the end gratifying. I truly feel everyone should serve in some capacity in local government at some point in their life. It has been a privilege to serve with Dave Sanders, Marc Burroughs-Biron and this past year with Arnold Cota as well as Tara Morse & Lynnette Deaette. Arlene Abadi does an incredible job as our Zoning Administrator as well as Lister Chair, along with Kurt Johnson & Ron Kapeluck. Peter Fina continues to guide our Planning Commission exceptionally well and has the daunting task of updating our Town Plan & Land Bylaws at a time when the State of Vermont is more and more demanding with their mandates. The Town of Jay Road Crew does an amazing job all year round. The Jay Community Recreational Centre has become an amazing outdoor facility for all ages and many outdoor interests under the leadership of Sally Rivard and Grant Writer Denise Rossignol.

Dear Jay and Westfield Communities,

As the proud leader of a small, rural school I believe small schools like Jay Westfield Joint Elementary School embody the Vermont spirit and provide the best hope for the future of our state. Small schools create communities of learners that reflect the values and habits found in nurturing family systems. These nurturing environments paired with high expectation for student growth are exactly the systems we need to support students and families who face many stressors caused by the realities of our fragile society.

Our school is an amazing place to learn and teach. We believe in the potential of each person and strive to be sure students are kind, wise, assertive and compassionate. Supported by our Responsive Classroom roots, we carefully monitor social, emotional and academic growth of each child. We share our professional understanding of how these areas of development are interconnected and design our learning opportunities to capitalize on each students' strengths and goals.

At the beginning of the school year students engaged in sustained inquiry to articulate effective habits of work, learning and joy which are instrumental in creating effective learning communities. Students explored important concepts like perseverance, inquiry, empathy, engagement, cooperation and leadership. Students were able to articulate a main research question and interviewed leaders in our communities. As a result, students identified 7 habits of work, learning, and joy that are necessary to develop communities which positively impact the whole and each individual. Responsibility and engagement were dominant themes. Other habits included, cooperation and teamwork, developing and keeping a good attitude, being kind and empathetic, showing perseverance and understanding perspective.

The student and staff inquiry into the habits of work, learning and joy has brought us to an understanding that students also need to explore their core values. These values are necessary to help them create meaningful goals and recognize indicators of their own progress. We are also learning that community service and learning is really important to social, emotional, and academic growth and we will actively search for ways students can learn about the needs in their community. As our youngest citizens, it is crucial that students have experiences that give them tools to solve problems and make a genuine difference. We believe this type of learning and work will create a strong sense of belonging and build the construct of social justice.

I'm proud and honored to be a leader and learner at JWJES. The staff has high expectations for our own professionalism and a strong sense of internal accountability. Students receive consistent access to rigorous and appropriate instruction and teachers are consistently asking how they can improve their work with students. We certainly face some of the same trials as other schools. We recognize the growing complexity of social and emotional challenges of our students, and struggle with a political context that does not understand the changing role of schools in our fragile society. So, I'll say it again, small community schools are the right investment and we provide hope for the future of Vermont.

On behalf of the students, staff, and Jay Westfield Joint Elementary School Board of Directors I would like to thank you for your support and pride in **your** school. I also extend an invitation to all for continued conversation about what makes JWJES special and how we can continue to provide a quality program as the legislative and fiscal landscape continues to offer us new challenges.

Respectfully submitted by,
Kristy Ellis, Ed.D.

"In the 2017-2018 school year, all teachers are licensed for their teaching assignment. One teacher is on a provisional license. We use our School Wide Program funds to hire a .5 FTE intervention teacher and contract services to support professional growth in Responsive Classroom practices. We also are able to increase our preschool program by funding 3/10 of our preschool teacher's FTE. Additional strategies include retirement benefits for the SWP staff and continued staff development for the Reading Recovery program."

		- Following current statute, the Tax Commissioner recommended a property yield of \$9,842 for every \$1.00 of homestead tax per \$100 of equalized property value. The Tax Commissioner also recommended an income yield of \$11,862 for a base income percent of 2.0% and a non-residential tax rate of \$1.629. New and updated data will likely change the proposed property and income yields and perhaps the non-residential rate.			
		- Final figures will be set by the Legislature during the legislative session and approved by the Governor.			
		- The base income percentage cap is 2.0%.			

Dear North Country School-Community,

One of the most important and challenging responsibilities of school boards is the budget process. Boards, in conjunction with school administrators, must balance the role of being stewards of the public's resources while advancing a quality education for our students. The NCSU Commitments, Design for Learning and local schools' action plans identify the learning outcomes and opportunities we are striving for, along with the resources and practices necessary to meet such goals. There are many considerations for both the supervisory union board and local boards in assuring we are meeting the needs of our learners, while recognizing the financial impact on taxpayers. The context for building FY2019 school budgets has presented one of the most challenging processes for schools in recent years.

Local boards recognize and appreciate the financial contribution our tax-payers make annually. Throughout the budget process, boards must consider many variables and perspectives to determine adequate staffing, instructional resources, access to technology and safe, healthy and efficient facilities. Together, boards and principals are very mindful of the decisions they make in determining how school budgets will impact both tax payers and learners. Annually, we engage in multiple meetings over a three to four-month period to build budgets that are voted on in March.

In addition, each board has representation at the supervisory union level in the process of determining allocation of federal grants and the expenses that are assessed out to individual town school districts. The supervisory union budgets are reviewed by a budget committee, the Executive Committee of the NCSU Board and approved by the full NCSU Board in December. The expenditures for Special Services, Early Childhood Services and our Central Office are then reflected in supervisory union assessments. Assessments in local budgets are adjusted based on total spending at the local level for the central office budget and equalized pupils for special services.

There are many variables that impact a town's education property tax rate. Due to a state-wide funding system for education, decisions made by all boards across the state, along with determinations by the Legislature, have an impact on the state property tax rate. This year, the projection is for a 9.4 cent tax increase based on the status of the education fund and projected spending. In addition, local boards are also addressing the "recapture" the Legislature and Governor compromised on for the state to recover projected savings in new health care plans. It is possible that we will see some legislation to address staffing ratios, but we are unlikely to see any bills put forth prior to the time schools have determined budgets in mid-January.

I can assure you our boards annually consider their student numbers and make tough decisions regarding staffing. Given the increased expectations for learning outcomes and increasing needs of many of our children, it is logical that schools have implemented increased programs and services to support student learning. With typically 75% to 80% of education spending attributed to salary and benefits, school budgets would be impacted by staffing ratios set by the Legislature. It must also be understood that public policy can be a blunt instrument and we could see a direct adverse impact on learning for students. Schools experiencing a decline in enrollment face a decrease in state revenue based on our funding system, yet cannot easily reduce cost when student enrollment is spread out between many grades and multiple classrooms. Whereas we recognize the statewide drop in students, local boards are in the best position to make determinations around staffing.

Schools across NCSU are committed to fiscal responsibility, along with meeting the needs of our children. There is no question that tough decisions are made at both the supervisory union and local level in our attempts to sustain adequate and equitable learning opportunities and services for all our students. We encourage community members to learn more about our budgeting process and to attend school board meetings. Certainly, we encourage voters to attend annual school district meetings in March.

DESIGN FOR LEARNING 2015 – 2018

GOAL: All schools will provide a curriculum that advances outcomes as articulated in the NCSU Commitments.

Objectives:

1. Each school will deliver a comprehensive curriculum to achieve proficiency based on current standards.
 2. Each school will establish curricula to ensure instructional access tailored to individual needs and interests.
 3. Each school will ensure curricula that include the visual and performing arts.
 4. Each school will establish curricula related to transferable skills.
-

GOAL: All schools will provide learning opportunities and utilize instructional practices in accordance with NCSU Commitments.

Objectives:

1. Each school will utilize the NCSU Instructional Framework.
 2. Each school will incorporate project/problem-based learning.
 3. Each school will ensure access to a comprehensive continuum of supports for all learners.
 4. Each school will establish a more customized approach to learning and support multiple pathways.
-

GOAL: All schools will utilize effective assessment, grading practices, feedback and use of data.

Objectives:

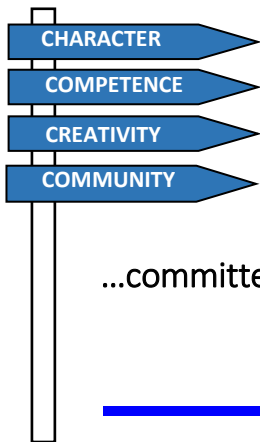

1. Each school will implement current best practices for assessment and reporting of student learning outcomes.
 2. Each school will update a comprehensive assessment plan including the use of electronic portfolios.
 3. Each school will develop practices of student goal setting, self-assessment and student-led conferences.
 4. Each school will use qualitative data to guide reflection around the review of programs and practices.
-

GOAL: All schools will create a positive learning environment.

Objectives:

1. Each school will implement research-based practices that advance positive behaviors.
2. Each school will develop strategies to address character development.
3. Each school will promote authentic student voice and leadership.
4. Each school will increase parent and community engagement.

JAY VOLUNTEER FIRE DEPARTMENT

Annual Report

JVFD responded to many emergency calls again this past year. Car accidents and responding to fire alarms top the list of the most common, but we were also called to assist at several mutual aid fires and to extricate injured hikers from the long trail as well. The diversity of these responses requires that our members continue to pursue additional training to ensure we operate safely and efficiently no matter what the call.

We continue to upgrade and maintain our equipment in an effort to make what we have as reliable as possible. Tower 1 has been undergoing some extensive and long needed repairs and should be back soon, fully certified. We would like to formally thank Jay Peak Resort for funding the much needed replacement of our 1976 Mack Pumper with a 2006 Toyne Pumper. This will greatly improve our response capabilities to the resort and all surrounding properties.

Our efforts to renovate station 1 continue. The existing kitchen that supported bingo for so many years has been completely redone, with new cabinets, flooring, paint and some slightly used appliances. A new fitness room was also added to station 1 and is complete with an array of donated equipment. We would like to thank all of the community members who graciously donated to this effort. We could not have done this without your donations.

The squad's commitment of constructing a comprehensive training facility adjacent to the fire station continues. We are working towards getting this up later this year. As we have mentioned before, this type of facility will allow us to offer a high degree of technical training with a minimal amount of financial burden on the department. Without this facility our only option is sending our members out of town and even out of State to get the training they need. This option is expensive and difficult for many as it requires time away from our families and jobs. As always, if anyone is interested in helping us with this project, be it financial, labor or donated material, please contact us.

JVFD is always looking for people who are interested in helping the department in any way they can; whether it's by becoming a firefighter, fundraiser or donor. If you are interested, please talk to a member or stop by the station.

Respectfully submitted,

Missisquoi Valley Ambulance Service

Missisquoi Valley Ambulance Service, Inc. of Jay, Vermont will provide the towns of Jay, Lowell, Troy, Westfield and the Village of North Troy with 24 hour Paramedic level emergency medical services. We are licensed and governed by the Vermont Department of Health and will consistently strive for improvement and growth to provide the best service to our constituents' at the most economical costs possible. **We responded to more than 426 emergency calls this year.** Breakdowns listed below, all other calls were mutual aid to other towns or transfers.

Missisquoi Valley Ambulance Service (MVAS) would like to take this opportunity to express our appreciation for the support we get every year. Community service is a difficult but very rewarding job and it's your support and thanks that keeps our members motivated.

MVAS continues to field a squad of 25± members. We continue to operate two, 4 wheel drive Paramedic level ambulances. We currently operate a 2009 F450 and a 2013 F350. The commitment to running newer rigs has driven our maintenance costs down, our out-of-service time down and put our patients & crews in a much safer vehicle day-in and day-out. Our service this past year increased the number of Paramedics and therefore increased Paramedic level care provided, this provides the communities we serve with the highest level of pre-hospital care. This level of service requires our members to continually attend additional training. MVAS currently has 5 paramedics on staff and we have increased the services that are available to the population that we serve.

MVAS had made operational changes this past year to include using an outside payroll and ambulance billing companies. With these changes we have reduce costs and increase reimbursement. MVAS continues to have regular meetings with our advisory committee, and have been working to put them into place as the executive board. We welcome these great community members and look forward to the assistance this will provide to both the towns we serve and the service.

We have made many upgrades to the space that we rent from the Town of Jay to include installing a cooking stove, updating some of the electrical wiring and other improvements.

MVAS is committed to serving our communities and devoted to the health and safety of our neighbors. Anyone with questions and concerns or interest in joining our organization should call 988-1098 or email us at missisquoivalleyamb@gmail.com.

**JAY ATHLETIC ASSOCIATION
2017**

The JAA continues to provide the children of Jay and Westfield with the opportunity to play organized sports. We participate each season in Little League Baseball, Soccer, and Basketball.

The JAA is an all volunteer organization of members of both communities whose sole purpose is to provide recreational opportunity for our children. We work in close cooperation with the Jay-Westfield School, but our programs are open and available to all the children who live in the towns.

Anyone from our communities, who may have ideas, or recommendations, or some time or energy to help improve our programs, please contact one of the directors. We always welcome new help.

Jay Focus Group Requests for Town of Jay Appropriations

The Jay Focus Group requests an appropriation of \$100.00 for the Annual Children's Halloween Party at Jay Peak Resort. Your appropriation will help the Jay Focus Group give free passes to all Jay/Westfield Elementary School students who wish to attend the party. We thank the town of Jay for their generous appropriation of \$100 in 2017 and hope you will consider doing so again for 2018. This party is a labor of love for the Jay Focus Group and Jay Peak Resort volunteers who make it happen.

The Jay Focus Group requests an appropriation of \$200.00 towards operating expenses from the Town of Jay.

The Jay Focus Group, a 501(c) 3 non-profit Charitable Organization serving the greater Jay area promotes town spirit through events and fundraisers. In 2017 we distributed \$15,500 to local organizations thru fundraisers and donations that included the Jay Vol. Fire Dept., Jay Community Recreational Centre (Land Trust) development, Jay Area Food Shelf (plus Food & Clothing Drives, Christmas Gift Tree for Food Shelf Children & Back to School Back Packs), Jay/Westfield Elementary School Enrichment Programs, Jay Athletic Association, Annual Children's Halloween Party at Jay Peak Resort, Annual JCRC Easter Egg Hunt, Annual Leprechaun Scamper, Jay Community Center; NCUHS Visual Arts Travel Program; Knights of Columbus Coats for Kids Program, Green Mountain Farm to School, Relay for Life, Troy PTA, Orleans County Snowmobile Organization and the Newport Rotary Club. Two Orleans County High School shared \$750 in Community Service Scholarship for Continued Education and Orleans County elementary students were awarded scholarships to attend Summer Day Camp of their choice including two to Circus Smirkus. An additional \$7500 in Grant money was received and distributed to the Jay Community Recreational Centre development fund in 2017.

2018 events include but are not limited to:

March 18- Leprechaun Scamper

Winter Hours: (9/1-4/30) Mon. & Wed. 5pm-8pm Thurs. & Fri. 8am-3pm

Summer Hours: (5/1-8/31) Mon. & Tues. 3pm-7pm Wed: 1pm-5pm Thurs & Fri 8am-12pm

Greetings!

This past year has been a very busy year for all of us at the library. We officially started checking books out through our automation software, Library World on January 3rd, 2018. Library patrons are being given their new barcoded library cards as they come into the library. If you haven't gotten yours yet please stop by and pick it up.

We offer Story Time on Fridays from 10am-12pm. We read one or two stories, do a few crafts and have a small snack. We are working with Early Head start to offer a playgroup one Friday a month that runs during story time. We start out the program just like story time and after our crafts and small snack we have an hour of play time in the community room. Head start visits the library twice a month with their preschoolers and Troy Elementary visits the library once a month with their Kindergarten Class. We would love to have other schools in our area come into library to attend programs as well. We offer special story times and movie days when there is school breaks. We have begun planning the Summer Reading Program. The dates will be July 6th, 13th, 20th, 27th and August 3rd & 10th from 10am-12pm. Our theme this year is Libraries Rock. Our program will include a story, craft and activities about different types of music, having fun and reading. We will continue to offer lunch through North Country Hospital's lunch program for free on days of the Summer Reading Program. Information about Our Summer Reading program and events going on at the library can always be found on our website: www.randmemorial.com. We send out flyers for our programs going on at the library to Troy School, Troy Pre-School, North Troy Head start and Jay/Westfield School. We have children attend programs at the library from Jay, Troy, North Troy, Newport, Newport Center and Derby. In October we had our 3rd Annual Halloween Story time. Children came in their costumes, we read a couple spooky stories, and we had craft stations, face painting and a spooky lunch while Halloween music played throughout the library.

In June we started a book club at the library that meets every six weeks. We talk about the book we've read and vote on the next book choice for our next meeting. We request books through inter-library loan that is sponsored by the Vermont Department of Libraries. Information about our book club can be found on our website www.randmemorial.com. In December we had our 3rd Annual Cookie Swap. We would love to offer more programs at the library, if anyone has any suggestions please let us know and we will do our best to get them started. We love being part of our community and having our community come into the library.

Statistics from 2017:

Adult Patrons: 1599 Children Patrons: 418 Books Checked out: Adult: 881 Children: 422 ILL:58
Magazines/Newspapers: 29 Reference: 33 DVDS: 169 New Patrons: 17, Children's Programs: 27 with children from Jay, North Troy, Troy and surrounding towns and the North Troy Head Start. Computer Usage: 628 New Books: Adult: 153 Children's: 153 DVD's: 41. We have been very lucky to get several donations of large collections of DVDs to add to our library. We also received donations of money and grants to make our programs a success. We thank all our patrons for making 2017 an amazing year!

We hope to see many new and old faces at the library. Please stop in anytime to check out a great book or movie, visit or use the computers.

Executive Committee Report

The NEKWMD finished 2017 by processing slightly more recycling compared to 2016 – 2981 tons in 2017 compared to 2962 tons in 2016. While tonnage for paper and cardboard were down, almost every other category saw increases compared to 2016. Tonnages for scrap metal, e-waste, and glass were all up significantly compared to 2016. Recycling markets remained steady throughout most of 2017 and were generally on the high side. Some policy changes in China sent ripples throughout some markets, but so far we have been isolated from those actions. The District ended 2017 with a surplus of \$55,755.82. This is good news considering 2016 ended with a deficit of \$53,459. Revenues in 2017 were 12% above projections. While budgeted expenses were 4.7% above projections. Sale of recyclables, including scrap metal, was responsible for most of the increase in revenues.

There were no additions or subtractions to the District membership in 2017. We continue to serve the largest geographical area and largest number of towns (49) in the State. Our population served is 3rd in the state behind only Chittenden Solid Waste District and the Central Vermont Solid Waste Management District.

Vermont's Universal Recycling Law (Act 148) guided most of our activities in 2017 and will continue to do so for the next several years. 2018 will see more of the same in helping our member communities comply with Act 148. The NEKWMD assisted 10 Towns with establishing food scrap collection at their transfer stations by the July 1, 2017 deadline.

The NEKWMD is entering 2018 with a proposed budget of \$760, 519 – an increase of less than 1% compared to 2017. The surcharge rate of \$24.25 will remain the same for 2018. Our surcharge on trash remains below the State average of \$26.19.

The NEKWMD was staffed by nine full-time and four part-time employees in 2017. Each of the member Towns is entitled to representation by at least one Supervisor. The Board of Supervisors is the principal authority over the NEKWMD and the primary means of contact with the member towns. The Board of Supervisors meets monthly with the District's Executive Director to set the direction of NEKWMD policy. The member Towns are also represented through their ability to vote on the NEKWMD budget at their Town Meeting in March.

Since the surcharge on trash is based on the amount of waste produced, members have a clear opportunity to control their waste management costs. Costs can decrease as waste generation rates decrease and recycling rates increase.

We would like to express our appreciation to our able staff for their continuing commitment to our mission. The nearly 50,000 residents of 49 Towns throughout the Northeast Kingdom can be assured that the NEKWMD will continue to address their waste management concerns in a timely and environmentally sound fashion.

Due to regulatory handling requirements, hazardous wastes will not be accepted without an appointment. Scheduling ahead ensures that a qualified individual will be on-site ready to accept your hazardous waste.

****HHW Collections are free and open to residents of all DISTRICT TOWNS****

What are *Household Hazardous Products*? They are consumer products that contain ingredients that **may be**:

Toxic- poisonous if eaten, breathed, or absorbed through the skin

Corrosive- can burn or destroy living tissue if spilled on skin

Reactive- creates fumes, heat, or explosion hazards if mixed with certain materials such as water

Explosive- can explode with exposure to heat or pressure

Flammable/Ignitable- can easily be set on fire

To determine if a product in your home is hazardous, check the label for the following words:

Danger indicates that the substance is extremely flammable, corrosive, or toxic.

Poison means that the substance is highly toxic.

Caution/Warning is put on all other hazardous substances that are a somewhat lesser hazard, but are still dangerous if the directions are not followed closely.

Conditionally Exempt Generator businesses can also use the Lyndonville collections for the actual cost of the disposal of their materials. Please call ahead for pricing and an appointment
