

BOARD OF RADIOLOGIC TECHNOLOGY
Secretary of State, Office of Professional Regulation
City Center at 89 Main Street, 3rd Floor, Montpelier, VT

Meeting Date: May 17, 2016

Minutes

Members and Staff Present: Jane Alsofrom, Linda Retchin, Donna Holbrook, Joshua Nickerson, Brian Bidwell Gabe Gilman and Judith Griffen. **Members Absent:** Littia Mann

1. Called to Order at 10:07 a.m.

2. Approved of January 19, 2016 minutes

Approved October 20, 2015 minutes also because there was not a quorum at the last meeting.

3. Discussion Items

- a. Ultra-sonographer and MRI questions were discussed in length. The question was, should Ultra-sonographer and MRI technicians be regulated and who over sees these two fields. At this time no one oversees these two fields. As for the ultrasound licensure question Gabe Gilman will respond to the individual that submitted the question and supply them with the sunrise review process. It will not be the Boards responsibility to get involved at this point.

Jane will reach out to Cathy Whiting to review the MRI issue and see what the possible outcome was.

- b. The possibility of changing the name of the board was discussed briefly and will not be entertained at this time. The board may review this topic again in the future.
- c. Rules update was given by Gabe Gilman and the rules are ready for filling. Gabe will file.

There was a lengthy discussion on statute and rules changes combined. The board is satisfied that the October minutes reflects the boards discussion in length and that Gabe will start the process on statute changes for section 2821b along with filing the Rules.

There was a committee started for the statute changes needed and the committee consists of Jane Alsofrom, Brian Bidwell, Donna Holbrook and Attorney Gabe Gilman. Once completed this will be brought back for board review and approval.

- d. Election of officers are Jane Alsofrom for chair, Donna Holbrook for vice chair and Brian Bidwell for secretary.

4. Other Business

- a. IRP privileges was discussed in length and the board is in agreement that the education is inadequate for this privilege. The board will research other websites to see if they can find an adequate solution for now.

In the future the board would like to create their own video/class for the IRP privileges. Jane and Josh will be discussing this topic with several individuals and get back to the board with a proposition.

- b. The board has changed their July meeting from the 19th to the 27th.

5. FYI

6. Adjourned at 12:05
