

I'm in strong opposition to legalizing murder in the womb and now with a human head coming out of the vaginal canal? Really? 'Safe' abortions are gruesome - extracting brains from the human skull with the intent to collapse the head and kill the baby?

I'd be in jail if I did this to my pet!

Who is abortion giant money-maker planned parenthood? Murderers vying on the vulnerable women who have more options than they are led to believe all to make the big bucks and control who lives and who doesn't.

It's twisted - they convince PRO-CHOICERS that it's their right to murder, yet where are they when the woman is lying in a pool of shameful tears for the crimes against herself and a child was wanted? There's thousands of childless couples who would have paid thousands more to adopt her child. There's no excuse ----
