

In October A.D. 1762, the north Line of Andover was run as far in to Ludlow as the prick'd Line, by whom or
 The four first ranges were layed out by Samuel (Stone) in September, 1763, and partly in Chester.
 In 1765, the ranges were layed out by Benjamin (Brewster) as far as the eleventh lot.
 In 1779, the Remainder of the Town was Layed out by me William RUSSELL, the Rivers are not set down but by Observations as the lots were run.
 the Lines on the side in the Gore were not (always) in straight Lines.
 I was obliged to plot them as they ran thro the Gore
 Wm. RUSSELL

ANDOVER
 The Map and Writings hereon, are a true copy (so far as they can now be deciphered) from the original Town Clerk's plan. Bluprinted for the Town of Andover, May 28, 1920, by F. H. Dewart, Civ. Eng. Burlington, Vt.
