

**Subject: RE: Administration Email Releases**

Even if they don't necessarily contain anything with EB-5, but are releases from former staffers as a result of everything that's happened, we want to be included.

Thank you for working so quickly in your response, and have a great day!

Alex, Those are not EB5 related emails and I actually don't think we had you down for wanting that particular production. If we misunderstood, just let me know. Thanks,  
Sarah

Sarah,

I believe you and I have spoken about Local 22 News being in the loop on any and all administration email releases that come out as it relates to EB-5. I don't believe I received the latest batch looking through my emails Friday.

I know your office is working very hard to provide these to us and the public, and I really appreciate and respect the time needed to go through so much.

Please send us the "Representative Samples" of former staff email sent out late Friday. Please include my Assignment Manager Lesley ([lengle@mychamplainvalley.com](mailto:lengle@mychamplainvalley.com)) on any and all future releases.

Thank you very much, and have a great day!
