Subject: On time costs

Hello Andrew—Sherry Cave (Revenue Budget Manager) forwarded me your name and number, saying you had questions regarding our set up costs for implementing the I-502 Recreational Marijuana law. Maybe I can be of assistance. Do you plan to have taxpayers come to just one location or will there be several locations available? We have 12 locations—but wish we would have gone with the Colorado template of just 1. Please let me know what your questions are. I will try and assist if possible.

Kerry
