

I am in opposition to the abortion bill H. 57. Please vote "NO" and please have your friends and professional associates vote NO. This bill is described here at <https://www.catholicnewsagency.com/news/vermont-pushes-new-law-as-survey-confirms-late-term-abortion-opposition-25205>

"H. 57 would prohibit any new regulation that would impede "an individual's right to choose" and would not allow anyone to be prosecuted for either performing an abortion or attempting to perform an abortion.

Vermont currently has no abortion statutes establishing a waiting period before, or requiring parental notification of an abortion. Americans United for Life ranked the state as third-worst for pro-life laws in its 2019 Life List.

The bill is widely expected to pass the legislature, where the Democratic Party has a veto-proof majority. The state's governor, Phil Scott (R), is in favor of abortion rights.

Coyne said he is encouraging Catholics in Vermont to contact their representatives about their opposition to the bill and that "some inroads" had been made, with several legislators dropping their support of the bill."

This bill is another ploy by the deep state to traffic human body parts and Vermont should be ashamed to even introduce it. To think that a woman in labor could be influenced to kill her child is absurd. When will the truth of Human trafficking be known and opposed. It will be now...vote NO.

Sincerely,

Marjorie M. Battaglia
