

Phil: overview/summary

We saw a problem, here's how we addressed it

Removed 68 homes from 6 parks during a 6 week period; fact sheet available for reporters

Not a "state program"

Thank all team members, especially Shaun Gilpin/CVOEO and John Hollar/DRM

Lawrence: broader issue/concerns about mobile home parks

Phil: de-construction process, efficiency advantage

Average time per mobile home was 2 hours

Thank AGC, Gene Armstrong, Casella, All Metals Recycling

Total of 946 tons of waste, 105 tons of salvageable metal

Role of UVM: research/documentation, info for future

Christopher & Chris: fundraising success, donor facts, thank all who contributed

Appeal for more funds and/or mention ongoing fundraising efforts for Irene relief?

Pete Ainsworth: homeowner – how this project helped him

Ellery Packard: park owner – how this project helped him
