**Subject:** Contact for VT

Michelle,  
Hope the call went well yesterday, sorry I was unable to be on it.

I wanted to let you know that I am leaving the Governor's Office (buying a house, getting married and starting a new job... so a little bit of a whirlwind!) and my last day already is tomorrow. I'm not quite sure how that happened!

I want to introduce you to Laura Gray who does policy work for Governor Shumlin and who has been doing a great job over the past few months diving into all of the various climate change related initiatives that we are involved with, so she is a perfect fit as the contact for this effort.

Please swap us out on your distribution list for the Accord and let Laura what you need as far as VT involvement as things progress.

Michelle - it has been great working with you! Thanks for all your efforts on this tough initiative and best of luck on finalizing everything!

Best,  
Aly
