

To whom it may concern,

I am writing to express my opinion on the Burlington charter changes and would like this on record. I am against all three charter changes as they go against the sportsman's bill of rights. These type of charter changes are exactly what the sportsman's Bill of Rights exists. Vermont doesn't need a patchwork of gun laws(or hunting, trapping or fishing laws either).

I strongly urge you to say no to these changes.

Thank you

Jason Knapp
Randolph, VT
