**Subject:** Alex MacLean PRR follow up

Dear Sarah:

I am writing to further narrow my request under Vermont's Public Records Law.

Please provide me with copies of records that have already been provided to other news outlets cited in your email of May 13, including Alex MacLean's records related to Vermont Health Connect and transcriptions of her texts.

In addition, I am requesting copies of emails authored by Alex MacLean, excluding responses by others and cc'd emails.

Thanks in advance for your help.

Anne
