

Please accept this as my written testimony regarding Bill H.57, An act relating to preserving the right to abortion.

I oppose the passage of this bill entirely. Human life begins at conception and we have no right to take an innocent life. In psalm 139 of the Bible, it talks about how God has formed our inward parts and knows each of us from the beginning, before the foundation of the world. God is the creator of life. The Giver who gives and takes away and we, as His creation, have no right to play God and take a life.

As a mother, it breaks my heart to know that babies across America are being murdered while in the womb. As I feel my own unborn child kick and move, there is without a doubt no excuse as to whether or not this life inside me is a human child. I am not giving birth to a pig or a dog, but a human baby! A womb is supposed to be a safe haven, a place for growth and developing. Nothing changes between life in the womb and life outside besides how the baby breathes.

Please have mercy on the lives of the unborn. Please take a stand and be aware that we have no right to take a life. Please know there are families across America and the world who would gladly and lovingly adopt these babies. Please be an advocate for those who have no voice yet-but are of our 'kind'. Please oppose and do not pass this abortion bill. Please agree that no one has a right to kill besides God.

Thank you for your time,  
Heather James
