

Hi I would like to voice my opposition to the bill H.57 that gives unlimited restrictions on abortion. God says in his word that he knew us in the womb before we were conceived. He is the author of life and he wants life for the unborn.

My prayer is that you would consider the life of a child who has no voice and be the voice for them.

There is a song written by Phil Keaggy called Little ones and one of the verses goes like this

They've got a right to choose  
Life they don't want to lose  
I've got to speak up won't you

Please do not vote in favor of this bill speak up for those who cannot speak for themselves.

Sincerely Steve Lynde  
Brattleboro VT
