Shana and Jess,

Just wanted to make sure this got to you.

Thanks!

Lp

Dear Governor Shumlin--

My wife and I attended the ribbon cutting at the GMCC Buck Lake facility last Saturday. Your gracious and supportive words, backed by the strong and professional team who spoke for ANR and F+W made me proud of our efforts to connect young Vermonters to the beautiful environment where we live. I went on that day to spend the night at Grand Isle State Park, another one of the hundreds of gems that connect people to the outdoors in our state.

For all the necessary wrangling and political speak that is required to get anything done in the current political climate in which we all live, I still hold on to the fact that we have an intact ecosystem which we can all enjoy. Thank you for your efforts supporting outdoor sports and pursuits. May your next few months include a few stops at the Conservation Camps to bring you joy surrounded by the future of Vermont. I appreciate your efforts.

Kevin Lawrence, Newbury, VT  
Chair, VT Fish and Wildlife Board
