620										
621	1 - The 2017 OES estimates are based on the 2010 Standard Occupation Classification system.									
622	2 - Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately. Estimates do not include self-employed workers.									
623	3 - Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data. Mean - Average Hourly Wage 10th Percentile - 10 percent of the jobs pay less and 90 percent pay more than this hourly/annual wage 25th Percentile - 25 percent of the jobs pay less and 75 percent pay more than this hourly/annual wage 50th Percentile - also known as Median, half the jobs pay less and half pay more than this hourly/annual wage 75th Percentile - 75 percent of the jobs pay less and 25 percent pay more than this hourly/annual wage 90th Percentile - 90 percent of the jobs pay less and 10 percent pay more than this hourly/annual wage									
624	n/a - Estimates not released. Estimates may be unreliable or confidential. Wages for some occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.									
625	+ Wage is equal to or greater than \$100.00 per hour or \$208,000 per year.									
626	Source - Vermont Department of Labor, Economic & Labor Market Information, Occupational Employment Statistics (OES) program in cooperation with the U.S. Bureau of Labor Statistics, released April 2018.									
627	The OES survey is a semiannual survey measuring occupational employment and wage rates for wage and salary workers in nonfarm establishments in Vermont. Each year, surveys are mailed to establishments in May and November. 2017 estimates are based on responses from 4,158 establishments surveyed over a 3-year period: May 2017, November 2016, May 2016, November 2015, May 2015, and November 2014. Overall, 5,010 establishments were mailed surveys in the six panels for a 83 percent response rate. Wages reported prior to May 2017 are updated to May 2017 using the Bureau of Labor Statistics Employment Cost Index (ECI).

620										
621	1 - The 2017 OES estimates are based on the 2010 Standard Occupation Classification system.									
622	2 - Estimates for detailed occupations do not sum to the totals because the totals include occupations not shown separately. Estimates do not include self-employed workers.									
623	3 - Annual wages have been calculated by multiplying the hourly mean wage by a "year-round, full-time" hours figure of 2,080 hours; for those occupations where there is not an hourly mean wage published, the annual wage has been directly calculated from the reported survey data. Mean - Average Hourly Wage 10th Percentile - 10 percent of the jobs pay less and 90 percent pay more than this hourly/annual wage 25th Percentile - 25 percent of the jobs pay less and 75 percent pay more than this hourly/annual wage 50th Percentile - also known as Median, half the jobs pay less and half pay more than this hourly/annual wage 75th Percentile - 75 percent of the jobs pay less and 25 percent pay more than this hourly/annual wage 90th Percentile - 90 percent of the jobs pay less and 10 percent pay more than this hourly/annual wage									
624	n/a - Estimates not released. Estimates may be unreliable or confidential. Wages for some occupations that do not generally work year-round, full time, are reported either as hourly wages or annual salaries depending on how they are typically paid.									
625	+ Wage is equal to or greater than \$100.00 per hour or \$208,000 per year.									
626	Source - Vermont Department of Labor, Economic & Labor Market Information, Occupational Employment Statistics (OES) program in cooperation with the U.S. Bureau of Labor Statistics, released April 2018.									
627	The OES survey is a semiannual survey measuring occupational employment and wage rates for wage and salary workers in nonfarm establishments in Vermont. Each year, surveys are mailed to establishments in May and November. 2017 estimates are based on responses from 4,158 establishments surveyed over a 3-year period: May 2017, November 2016, May 2016, November 2015, May 2015, and November 2014. Overall, 5,010 establishments were mailed surveys in the six panels for a 83 percent response rate. Wages reported prior to May 2017 are updated to May 2017 using the Bureau of Labor Statistics Employment Cost Index (ECI).
