I love this! Any room for a divestment works argument tying in Peabody comments that suggest divestment play into bad financials? May be too weedy.

Good draft. I would take out Beth's meaningless gesture quote.

Gov –

UVM Divestment event is Monday night. I think we'll get strong turnout. Agenda will include a few supportive UVM faculty speaking, student gov president, Jostein from B&J (they are providing free ice cream too thanks to Laura!), and then you. You speak for about 20 mins and then do some Q&A. You also are doing an interview with UVM Cynic.

I put together attached talking points. If you are comfortable with them, we can provide them to students and media at event as handouts. I call out VPIC and Treasurer at end, and put in VPIC email, Treasurer phone #, and legislative contacts to encourage students to call or email and support divestment.

Thanks,
Darren
