Dear Mr. Kade,

I write in response to your public records act requested dated February 16, 2016. With the exception of items described below, we do not have records that are responsive to item (1) of your request. As for item (2), the records we have are exempt from disclosure pursuant to 1 VSA 317(c)(1), (3), (4) as executive privileged and attorney-client communications involving policy and legal advice between the Secretary of the Agency of Human Services and general counsel, as well as weekly reports from AHS Commissioners and the Secretary of AHS to the Governor.

If you feel that records have been withheld in error, you may appeal to the Governor's Chief of Staff, Darren Springer.

Thank you,

Sarah
