This bill proposes to repeal 10 V.S.A. § 2750(b), thereby removing a directive that the Commissioner of Forests, Parks and Recreation require, for the lands in the Use Value Appraisal Program, preapproval of whole-tree harvesting and compliance with forest health guidelines.

2. Is there a need for this bill? Please explain why or why not. Yes, and no. 4. What might be the fiscal and programmatic implications of this bill for other departments in state government, and what is likely to be their perspective on it? The ambiguity in the procurement language will be an issue for BGS.

5. What might be the fiscal and programmatic implications of this bill for others, and what is likely to be their perspective on it? (for example: public, municipalities, organizations, business, regulated entities, etc.)

Act 170 had many detractors and this bill will do little at alleviate their fears and concerns. Enrollees in the UVA program will be happy that the provisions regarding UVA lands has been removed.
