Dear Mr. Boire:

The Senate Committee on Committees is pleased to appoint you to the Pollinator Protection Committee, pursuant to Act 83 of 2016, as a representative of people licensed or certified to sell or apply pesticides, herbicides, or other economic poisons in the State.

As you know, the Committee was established to work with the Agency of Agriculture to evaluate the causes and occurrences of reduced pollinator populations in the State, and recommend measures the State can adopt to conserve and protect pollinator populations in a report due by December 15, 2016.

The Office of the Legislative Council and/or the Agency of Agriculture will follow up with you with details about the first meeting.

Please do not hesitate to contact us if we can be of any help. The best way to reach us is through the Senate President Pro-Tem's office at 802-828-3806, or the Lt. Governor's office at 802-828-2226.

Sincerely,
