Hi Leigh,

Is Susan still the main contact person for the media?? I will also copy her on this email.

I would like to join the Governor in Middlebury next week. I am planning an issue of Rural Route Today for the beginning of February and I would especially like to go on the tour of the Cabot/Agrimark Facility... My husband is a dairy farmer and our farm is part of the Cabot co-op... it's a perfect highlight for my rural and agriculturally-oriented newspaper.

Additionally, I would be very interested to speak with Governor Shumlin or ask him some questions about his travels in Italy and any interesting information or "vision" that was gleaned from being at the progressive governors leadership summit or whatever it was that he went to in Roma! I lived in Italy for a number of years during the 80s and I enjoy many good Italian friends in my life! I also think that there is much to learn from our European counterparts in tourism, agri and eco-tourism plus recreational and historical/cultural opportunities that help maintain a good local economy... Our Italian counterparts also have a wealth of knowledge and experience in good quality and artisan food production and distribution.

Thanks very much for letting me know especially about joining the tour of the cheese plant.
Have a good weekend.

Robin Reid
