	Removed	Agency of Education	Amy Fowler, Deputy Secretary (479-4308)	Approval of professional educator programs at Vermont institutes of higher education.	23,000	Special	(23,000)	The Administration provided a new fee for Institutes of Higher Education with professional Educator Programs to cover costs of AOE to approve Results Oriented Programs. House and Senate removed this fee. This fee was to offset costs because Federal source previously used have been determined to be inappropriate use. We would need to turn to General Fund to continue program. Need to scale this back and push institutions to CAEP which would be a more expensive route for college partners. Pursue other avenues through the Senate to bring this forward again as it is in the best interest of Vermont and our students to have this remain a local program rather than a national program.	Accepts but may pursue this program next year.
14	7	Agency of Education	Amy Fowler, Deputy Secretary (479-4308)	Approval of Educator endorsement on professional Speech-language Pathologist license	21,555	Special	0	Increase speech-language pathologist educator endorsement application and license fee from \$35 to \$50 to cover cost of issuing educator licenses. This fee was last changed in 2003. No change.	Accepts

Added two additional fees for large restaurants and lodging facilities (seats over 600 and over 200 capacity in lodging). It appears as though the Legislature believes larger facilities can pay more. The department will provide additional information during FY 17 Budget presentation to show implications of these changes.</p>
