10. Federation of State Medical Boards Correspondence:

Dr. Jonas spoke to the Board about the Common Law Application Form (CLAF) Application. It is a 28 page application that is meant to be a uniform application form. He noted three changes that he would like to be made to the application, they are:

More room for other States licensed,

On the reference forms second page group the two questions - To the best of your knowledge, does/did the applicant carry out the duties and responsibilities of the position at your institution in a satisfactory manner? Does the applicant call upon consultants when needed?

Change the wording of Addendum four, second and third paragraph to read: (2nd paragraph): If you choose to **not consent** to the use of your identifying information in prescription drug records for marketing or promoting prescription drugs, please check the " **Idonot consent** " box and sign the form. Your **non-consent** is effective for this licensing period. If you choose to **consent**, please leave this section blank; (3rd paragraph): You may revoke your **non-consent** at any time by signing **a consent** form and sending it to the Office of Professional Regulation and Board of Medical Practice.

Dr. Jonas made a motion, seconded by Dr. Cove, to adopt the change in wording to the CLAF Application for addendum four, motion passed unanimously.
