ReSOURCE
Construction 101 Trainees

Serve. Learn. Earn. Participants

R was a Door Dash driver when he learned about ReSOURCE's Construction 101 Intensive. After the 6-week intensive, he was placed with a small, Burlington-based construction firm needing reliable staff in their remodeling company. He has now been with this company for over six months.

Ciara was a UVM campus chapter member in 2020 before graduating in 2021. From there, Ciara became an Audubon Education Intern, a Nature Camp Staff member, and an Environmental Education & Outreach AmeriCorps member at Audubon, VT!

Serve. Learn. Earn. Participants

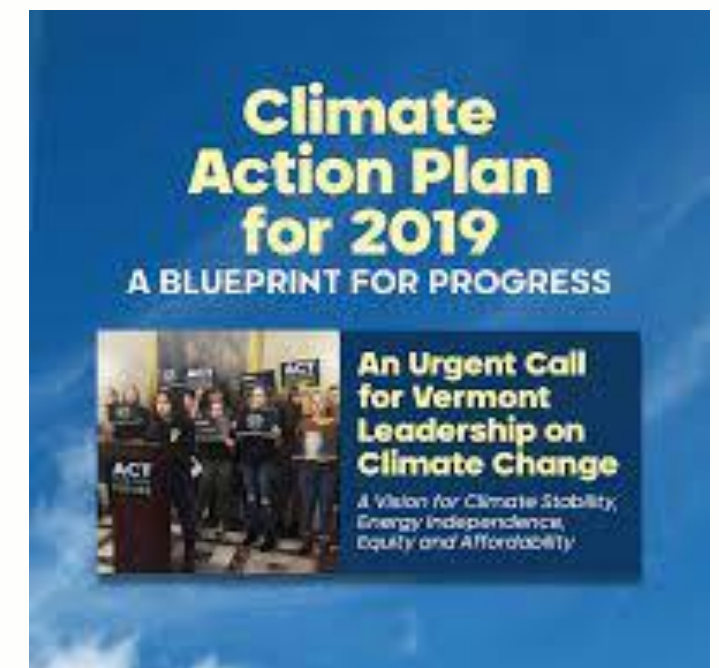

VWW's Tammie is a single mom supported through VT's Reach Up program. While dreaming of being an automechanic, she has been working with both our career coaches and trainings within the auto industry. Tammie enrolled and graduated from our Trailblazers program, while also working at a local excavation company. Since then, she's gained new skills in contracting, excavation, and started her own business in painting & repair.

Sable first joined VYCC in 2016 as a Crew Member, continuing for two more summers as a Crew Leader, and just completed this past season as a Pro Crew Leader. Sable's gained forestry skills and experience, and working alongside the US Forest Service has inspired them to pursue a career in wildlife firefighting.

Future Credentials & Pathways

- Partnerships with employers
- Alignment with Climate Action Plan
- Partnerships with educational institutions
 - Largely post-secondary
- Stronger administrative and personal support

Request

- Three-year appropriation of \$12.1M
 - \$9.4M to support direct program expenses
 - \$2.7M of training program-related capital
- Funding allows us to leverage significant additional funding through various private and federal sources

We have the collective capacity to efficiently and effectively grow programs that will allow us to meet current urgent needs. The only need is funding and longer-term funding commitment that will allow rapid investment and up-scaling.
