Subject: S 226

Dear Chair Stevens,

I am writing to say that the Vermont Developmental Disabilities Council is honored to be named to the Land Access and Opportunity Board as described in your Amendment to S. 226. We will do our best to appoint an appropriate member to that Board and to support them in their service. This is an important step toward addressing historical disparities in land and home ownership for disadvantaged groups in Vermont.

Thank you for your work on this legislation.

Yours,

Kirsten
