11           borrowing used by a municipality to pay for improvements and related costs  
12           for the approved project, only if authorized by the legal voters of the  
13           municipality in accordance with 24 V.S.A. § 1894. Payment for eligible  
14           related costs may also include direct payment by the municipality using the  
15           district increment. However, such anticipated payments shall be included  
16           in the vote by the legal voters of the municipality in accordance with  
17           subsection (f) of this section. If interfund loans within the municipality are  
18           used as the method of financing, no interest shall be charged. Bond  
19           anticipation notes may be used as a method of financing and may qualify as a  
20           municipality’s first incurrence of debt. A municipality that uses a bond  
21           anticipation note during the third or sixth year that a municipality may incur

1 debt pursuant to subsection (f) of this section shall incur all permanent  
2 financing not more than one year after issuing the bond anticipation note.

3 (4) “Improvements” means the installation, new construction, or  
4 reconstruction of infrastructure that will serve a public purpose, including  
5 utilities, transportation, public facilities and amenities, land and property  
6 acquisition and demolition, brownfield remediation, and site preparation.  
7 “Improvements” also means the funding of debt service interest payments for a  
8 period of up to five years, beginning on the date on which the first debt is  
9 incurred.

10 (5) “Legislative body” means the mayor and alderboard, the city  
11 council, the selectboard, and the president and trustees of an incorporated

13 (6) “Municipality” means a city, town, or incorporated village.

14 (7) “Nexus” means the causal relationship that must exist between the  
15 improvements and the expected development and redevelopment in the TIF  
16 Project Zone or the expected outcomes in the TIF Project Zone.

17 (8) “Original taxable value” means the total valuation as determined in  
18 accordance with 32 V.S.A. chapter 129 of all taxable real property located  
19 within the project as of the creation date, provided that no parcel within the  
20 project shall be divided or bisected.

1           (9) “Project” means a public improvement, as defined in subdivision (4)  
2           of this subsection, with a total debt ceiling, including related costs, and  
3           principal and interest payments, of not more than \$5,000,000.00. A project  
4           must:

5                   (A) Clearly require substantial public investment over and above the  
6                   normal municipal operating or bonded debt expenditures.

7                   (B) Only include public improvements that are integral to the  
8                   expected private development.

9                   (C) Meet one of the following four criteria:

10                   (i) The development includes new or rehabilitated affordable  
11                   housing, as defined in 24 V.S.A. § 4303.

12                   (ii) The project will affect the remediation and redevelopment of a  
13                   brownfield located within the district. As used in this section, “brownfield”  
14                   means an area in which a hazardous substance, pollutant, or contaminant is or  
15                   may be present, and that situation is likely to complicate the expansion,  
16                   development, redevelopment, or reuse of the property.

17                   (iii) The development will include at least one entirely new  
18                   business or business operation or expansion of an existing business within the  
19                   project, and this business will provide new, quality, full-time jobs that meet or  
20                   exceed the prevailing wage for the region as reported by the Department of  
21                   Labor.

1                    (iv) The development will enhance transportation by creating  
2                    improved traffic patterns and flow or creating or improving public  
3                    transportation systems.

4                    (10) “Related costs” means expenses incurred and paid by the  
5                    municipality, exclusive of the actual cost of constructing and financing  
6                    improvements, that are directly related to the creation and implementation of  
7                    the project, including reimbursement of sums previously advanced by the  
8                    municipality for those purposes. Related costs may not include direct  
9                    municipal expenses such as departmental or personnel costs.

10                   (11) “TIF project zone” means an area located within one or more active  
11                   designations approved by the Vermont Downtown Development Board under  
12                   24 V.S.A. chapter 76A, or located within an industrial park as defined in  
13                   10 V.S.A. § 212(7), for the parcels in a municipality that have nexus to the  
14                   project.

15                   (b) Pilot program. Beginning on January 1, 2023 and ending on December  
16                   31, 2027, the Vermont Economic Progress Council is authorized to approve a  
17                   total of not more than four tax increment financing projects, ~~with not more~~  
18                   ~~than three projects per year~~; provided, however, that there shall not be more  
19                   than one project per municipality.

20                   (c) General authority. Under the pilot program established in  
21                   subsection (b) of this section, a municipality, upon approval of its

1 legislative body, may apply to the Vermont Economic Progress Council  
2 pursuant to the process set forth in subsection (e) of this section to use tax  
3 increment financing for a project.

4 (d) Eligibility.

5 (1) A municipality is only authorized to apply for a project under this  
6 section if:

7 (A) the project will serve one or more active designations approved  
8 by the Vermont Downtown Development Board under 24 V.S.A. chapter 76A,  
9 or is located within an industrial park as defined in 10 V.S.A. § 212(7); and

10 (B) the proposed infrastructure improvements and the projected  
11 development or redevelopment are compatible with confirmed municipal and  
12 regional development plans and the project has clear local and regional  
13 significance for employment, housing, brownfield remediation, or  
14 transportation improvements.

15 (2) A municipality with an approved tax increment financing district as  
16 set forth in 24 V.S.A. 1892(d) is not authorized to apply for a project under this  
17 section.

18 (e) Approval process. The Vermont Economic Progress Council shall do  
19 all of the following to approve an application submitted pursuant to  
20 subsection (c) of this section:

1           (1)(A) Review each application to determine that the infrastructure  
2           improvements proposed to serve the project and the proposed development in  
3           the project would not have occurred as proposed in the application, or would  
4           have occurred in a significantly different and less desirable manner than as  
5           proposed in the application, but for the proposed utilization of the incremental  
6           tax revenues.

7           (B) The review shall take into account:

8                   (i) the amount of additional time, if any, needed to complete the  
9                   proposed development for the project and the amount of additional cost that  
10                   might be incurred if the project were to proceed without education property tax  
11                   increment financing;

12                   (ii) how the proposed project components and size would differ, if  
13                   at all, including, if applicable to the project, in the number of units of  
14                   affordable housing, as defined in 24 V.S.A. § 4303, without education property  
15                   tax increment financing; and

16                   (iii)(I) the amount of additional revenue expected to be generated  
17                   as a result of the proposed project;

18                   (II) the percentage of that revenue that shall be paid to the  
19                   Education Fund;

20                   (III) the percentage that shall be paid to the municipality; and

1                    (IV) the percentage of the revenue paid to the municipality that  
2                    shall be used to pay financing incurred for development of the project.

3                    (2) Process requirements. Determine that each application meets all of  
4                    the following requirements:

5                    (A) The municipality held public hearings and established a project.

6                    (B) The municipality has developed a tax increment financing project  
7                    plan, including a project description; a development financing plan; a pro  
8                    forma projection of expected costs; a projection of revenues; a statement and  
9                    demonstration that the project would not proceed without the allocation of a  
10                   tax increment; evidence that the municipality is actively seeking or has  
11                   obtained other sources of funding and investment; and a development schedule  
12                   that includes a list, a cost estimate, and a schedule for public improvements  
13                   and projected private development to occur as a result of the improvements.  
14                   The creation of the project shall occur at 12:01 a.m. on April 1 of the calendar  
15                   year the municipal legislative body votes to approve the tax increment  
16                   financing project plan.

17                   (C) the municipality has approved or pledged the utilization of  
18                   incremental municipal tax revenues for the purposes of the project in the  
19                   proportion set for in subdivision (i)(2) of this section.

20                   (f) Incurring indebtedness.

1           (1) A municipality approved under the process set forth in subsection (e)  
2           of this section may incur indebtedness against revenues to provide funding to  
3           pay for improvements and related costs for tax increment financing project  
4           development.

5           (2) Notwithstanding any provision of any municipal charter, the  
6           municipality shall only require one authorizing vote to incur debt through one  
7           instance of borrowing to finance or otherwise pay for the tax increment  
8           financing project improvements and related costs; provided, however, that a  
9           municipality may present one or more subsequent authorization votes in the  
10           event a vote fails. The municipality shall be authorized to incur indebtedness  
11           only after the legal voters of the municipality, by a majority vote of all voters  
12           present and voting on the question at a special or annual municipal meeting  
13           duly warned for the purpose, authorize the legislative body to pledge the credit  
14           of the municipality, borrow, or otherwise secure the debt for the specific  
15           purposes so warned. The creation of the project shall occur at 12:01 a.m. on  
16           April 1 of the calendar year the municipal legislative body votes to approve the  
17           tax increment financing project plan.

18           (3) Any indebtedness shall be incurred within three years from the date  
19           of approval by the Vermont Economic Progress Council, unless the Vermont  
20           Economic Progress Council grants an extension of an additional three years  
21           pursuant to the substantial change process set forth in the 2015 TIF Rule;

1 provided, however, that an updated plan is submitted prior to the three-year  
2 termination date of the project.

3 (g) Original taxable value. As of the date the project is approved by the  
4 legislative body of the municipality, the lister or assessor for the municipality  
5 shall certify the original taxable value and shall certify to the legislative body  
6 in each year thereafter during the life of the project the amount by which the  
7 total valuation as determined in accordance with 32 V.S.A. chapter 129 of all  
8 taxable real property located within the project has increased or decreased  
9 relative to the original taxable value.

10 (h) Tax increments.

11 (1) In each year following the approval of the project, the lister or  
12 assessor shall include not more than the original taxable value of the real  
13 property in the assessed valuation upon which the treasurer computes the rates  
14 of all taxes levied by the municipality and every other taxing district in which  
15 the project is situated, but the treasurer shall extend all rates so determined  
16 against the entire assessed valuation of real property for that year. In each year  
17 for which the assessed valuation exceeds the original taxable value, the  
18 municipality shall hold apart, rather than remit to the taxing districts, that  
19 proportion of all taxes paid that year on the real property within the project that  
20 the excess valuation bears to the total assessed valuation. The amount held  
21 apart each year is the “tax increment” for that year. Not more than the

1 percentages established pursuant to subsection (i) of this section of the  
2 municipal and State education tax increments received with respect to the  
3 project and committed for the payment for financing for improvements and  
4 related costs shall be segregated by the municipality in a special tax increment  
5 financing project account and in its official books and records until all capital  
6 indebtedness of the project has been fully paid. The final payment shall be  
7 reported to the treasurer, who shall thereafter include the entire assessed  
8 valuation of the project in the assessed valuations upon which municipal and  
9 other tax rates are computed and extended, and thereafter no taxes from the  
10 project shall be deposited in the project's tax increment financing account.

11 (2) In each year, a municipality shall remit not less than the aggregate  
12 original taxable value to the Education Fund.

13 (3) Notwithstanding any charter provision or other provision, all  
14 property taxes assessed within a project shall be subject to the provision of  
15 subdivision (1) of this subsection. Special assessments levied under 24 V.S.A.  
16 chapter 76A or 87 or under a municipal charter shall not be considered  
17 property taxes for the purpose of this section if the proceeds are used  
18 exclusively for operating expenses related to properties within the project and  
19 not for improvements within the district as defined in subdivision (a)(3) of this  
20 section.

1           (4) Amounts held apart under subdivision (1) of this subsection shall  
2           only be used for financing and related costs as defined in subsection (a) of this  
3           section.

4           (i) Use of tax increment.

5           (1) Education property tax increment. For only debt incurred within the  
6           period permitted under subdivision (e)(3) of this section after approval of the  
7           project, up to 70 percent of the education tax increment may be retained for up  
8           to 20 years, beginning with the education tax increment generated the year in  
9           which the first debt incurred for the project financed in whole or in part with  
10           incremental education property tax revenue. Upon incurring the first debt, a  
11           municipality shall notify the Department of Taxes and the Vermont Economic  
12           Progress Council of the beginning of the 20-year retention period of the  
13           education tax increment.

14           (2) Use of the municipal property tax increment. For only debt incurred  
15           within the period permitted under subdivision (e)(3) of this section after  
16           approval of the project, not less than 85 percent of the municipal tax increment  
17           shall be retained to service the debt, beginning the first year in which debt is  
18           incurred, pursuant to subdivision (1) of this subsection.

19           (3) The Vermont Economic Progress Council shall determine there is a  
20           nexus between the improvement and the expected development and  
21           redevelopment for the project and expected outcomes in the TIF Project Zone.

1       (j) Distribution. Of the municipal and education tax increments received in  
2       any tax year that exceed the amounts committed for the payment of the  
3       financing for improvements and related costs for the project, equal portions of  
4       each increment may be retained for the following purposes: prepayment of  
5       principal and interest on the financing, placed in a special account required by  
6       subdivision (g)(1) of this section and used for future financing payments or  
7       used for defeasance of the financing. Any remaining portion of the excess  
8       municipal tax increment shall be distributed to the city, town, or village  
9       budget, in the proportion that each budget bears to the combined total of the  
10       budgets, unless otherwise negotiated by the city, town, or village, and any  
11       remaining portion of the excess education tax increment shall be distributed to  
12       the Education Fund.

13       (k) Information reporting. Every municipality with an approved project  
14       pursuant to this section shall:

15               (1) Develop a system, segregated for the project, to identify, collect, and  
16               maintain all data and information necessary to fulfill the reporting  
17               requirements of this section, including performance measures.

18               (2) Provide, as required by events, notification to the Vermont  
19               Economic Progress Council and the Department of Taxes regarding any tax  
20               increment financing development project debt obligations, public votes, or  
21               votes by the municipal legislative body immediately following such obligation

1 or vote on a form prescribed by the Council, including copies of public notices,  
2 agendas, minutes, vote tally, and a copy of the information provided to the  
3 public in accordance with 24 V.S.A. § 1894(i).

4 (3) Annually:

5 (A) Ensure that the tax increment financing project account required  
6 by subdivision (h)(1) is subject to the annual audit prescribed in subsection (m)  
7 of this section. Procedures must include verification of the original taxable  
8 value and annual and total municipal and education tax increments generated,  
9 expenditures for debt and related costs, and current balance.

10 (B) On or before February 15 of each year, on a form prescribed by  
11 the Council, submit an annual report to the Vermont Economic Progress  
12 Council and the Department of Taxes, including the information required by  
13 subdivision (2) of this section if not already submitted during the year, all  
14 information required by subdivision (A) of this subdivision (3), and the  
15 information required by 32 V.S.A. § 5404a(i), including performance measures  
16 and any other information required by the Council or the Department of Taxes.

17 (1) Annual report. The Vermont Economic Progress Council and the  
18 Department of Taxes shall submit an annual report to the Senate Committees  
19 on Economic Development, Housing and General Affairs and on Finance and  
20 the House Committees on Commerce and Economic Development and on  
21 Ways and Means on or before ~~April~~ January 1 each year. The report shall

1 include the date of approval, a description of the project, the original taxable  
2 value of the property subject to the project development, the scope and value  
3 of projected and actual improvements and developments in the TIF Project  
4 Zone, projected and actual incremental revenue amounts, and division of the  
5 increment revenue between project debt, the Education Fund, the special  
6 account required by subdivision (h)(1) and the municipal General Fund,  
7 projected and actual financing, and a set of performance measures developed  
8 by the Vermont Economic Progress Council, which may include outcomes  
9 related to the criteria for which the municipality applied and the amount of  
10 infrastructure work performed by Vermont firms.

11 (m) Audit; financial reports. Annually, until the year following the end of  
12 the period for retention of education tax increment, a municipality with an  
13 approved project under this section shall:

14 (1) On or before ~~January~~ October 1, submit an annual report to the  
15 Vermont Economic Progress Council, which shall provide sufficient  
16 information for the Vermont Economic Progress Council to prepare its report  
17 required by subsection (i) of this section.

18 (2) On or before April 1, ensure that the project is subject to the annual  
19 audit prescribed in 24 V.S.A. § 1681 or 1690 and submit a copy to the  
20 Vermont Economic Progress Council. In the event that the audit is only  
21 subject to the audit under 24 V.S.A. § 1681, the Vermont Economic Progress

1 Council shall ensure a process is in place to subject the project to an  
2 independent audit. Procedures for the audit must include verification of the  
3 original taxable value and annual and total municipal and education tax  
4 increments generated, expenditures for debt and related costs, and current  
5 balance.

6 (n) Authority to issue decisions.

7 (1) The Secretary of Commerce and Community Development, after  
8 reasonable notice to a municipality and an opportunity for a hearing, is  
9 authorized to issue decisions to a municipality on questions and inquiries  
10 concerning the administration of projects, statutes, rules, noncompliance with  
11 this section, and any instances of noncompliance identified in audit reports  
12 conducted pursuant to subsection (m) of this section.

13 (2) The Vermont Economic Progress Council shall prepare  
14 recommendations for the Secretary prior to the issuance of a decision. As  
15 appropriate, the Council may prepare such recommendations in consultation  
16 with the Commissioner of Taxes, the Attorney General, and the State  
17 Treasurer. In preparing recommendations, the Council shall provide a  
18 municipality with a reasonable opportunity to submit written information in  
19 support of its position. The Secretary shall review the recommendations of the  
20 Council and issue a final written decision on each matter within 60 days  
21 following the receipt of the recommendations. The Secretary may permit an

1 appeal to be taken by any party to a Superior Court for determination of  
2 questions of law in the same manner as the Supreme Court may by rule  
3 provide for appeals before final judgment from a Superior Court before issuing  
4 a final decision.

5 (o) The Vermont Economic Progress Council is authorized to adopt  
6 policies that are consistent with the 2015 TIF Rule, as may be modified by  
7 subsequent rule, to implement this section.

5 the legislative body in each year thereafter during the life of the district the  
6 amount by which the total valuation as determined in accordance with

8 increment financing district has increased or decreased relative to the original  
9 taxable value.

2 that reviews the history of State efforts to cultivate the film and media industry

5 invigorate the industry in the future, including:

6 (1) successes and failures of past State involvement;

7 (2) opportunities to invigorate the industry, attract filmmakers and

16 (6) a cost-benefit analysis of establishing new State financial,  
17 administrative, or other supports for the industry.

\* \* \* Minimum Wage \* \* \*

Sec. 13. FINDINGS

The General Assembly finds:

(1) The COVID-19 pandemic has caused the labor market to tighten, which has resulted in employers offering higher starting wages to workers in many occupations.

(2) Supply chain disruptions and labor shortages related to the COVID-19 pandemic have caused significant inflation and increases in the cost of living for Vermonters.

(3) Increasing Vermont’s minimum wage will better align the statutory minimum wage with the actual conditions in Vermont’s labor market and will help lower-wage workers to better afford the cost of essential goods and services.

Sec. 13a. 21 V.S.A. § 384 is amended to read:

§ 384. EMPLOYMENT; WAGES

(a)(1) An employer shall not employ any employee at a rate of less than \$10.96. ~~Beginning on January 1, 2021, an employer shall not employ any employee at a rate of less than \$11.75. Beginning on January 1, 2022, an employer shall not employ any employee at a rate of less than \$12.55.~~

Beginning on January 1, 2023, an employer shall not employ any employee at a rate of less than \$13.75. Beginning on January 1, 2024, an employer shall

1 not employ any employee at a rate of less than \$15.00, and on each subsequent  
2 January 1, the minimum wage rate shall be increased by five percent or the  
3 percentage increase of the Consumer Price Index, CPI-U, U.S. city average,  
4 not seasonally adjusted, or successor index, as calculated by the U.S.  
5 Department of Labor or successor agency for the 12 months preceding the  
6 previous September 1, whichever is smaller, but in no event shall the minimum  
7 wage be decreased. The minimum wage shall be rounded off to the nearest  
8 \$0.01.

10 \* \* \* COVID-19-Related Paid Leave Grant Program \* \* \*

11 Sec. 14. FINDINGS AND INTENT

12 (a) The General Assembly finds that:

13 (1) COVID-19 has caused increased employee absences due to illness,  
14 quarantine, and school and daycare closures.

15 (2) Many employees do not have sufficient paid time off to cover all of  
16 their COVID-19-related absences from work.

17 (3) Some employers have provided their employees with additional paid  
18 time off for COVID-19-related purposes.

19 (4) The surge in COVID-19 cases caused by the Omicron variant of the  
20 virus has made it financially difficult or impossible for employers to provide  
21 additional paid time off to their employees for COVID-19-related purposes.

1           (5) Providing grants to employers to reimburse a portion of the cost of  
2           providing paid time off to employees for COVID-19-related purposes will:

3                   (A) help to mitigate some negative economic impacts of the COVID-  
4                   19 pandemic on employers;

5                   (B) improve employee retention;

6                   (C) prevent the spread of COVID-19 in the workplace; and

7                   (D) provide crucial income to employees and their families.

8           (6) The Front-Line Employees Hazard Pay Grant Program established  
9           pursuant to 2020 Acts and Resolves No. 136, Sec. 6 and expanded pursuant to  
10           2020 Acts and Resolves No. 168, Sec. 1 successfully directed millions of  
11           dollars in hazard pay to front-line workers during the first year of the COVID-  
12           19 pandemic. By utilizing grants to employers, who in turn provided the  
13           hazard pay to their employees, the Program enabled employers to retain  
14           employees and reward them for their hard work during the uncertainty of the  
15           early months of the COVID-19 pandemic.

16           (b) It is the intent of the General Assembly that the COVID-19-Related  
17           Paid Leave Grant Program created pursuant to section 14a of this act shall be  
18           modeled on the Front-Line Employees Hazard Pay Grant Program and shall  
19           assist employers in providing paid leave to their employees for COVID-19  
20           related absences.

1       Sec. 14a. COVID-19-RELATED PAID LEAVE GRANT PROGRAM

2           (a)(1) There is established in the Agency of Administration the COVID-19-  
3       Related Paid Leave Grant Program to administer and award grants to  
4       employers to reimburse the cost of providing COVID-19-related paid leave  
5       provided to employees.

6           (2) The sum of \$16,500,000.00 is appropriated from the American  
7       Rescue Plan Act (ARPA) – Coronavirus State Fiscal Recovery Funds to the  
8       Agency of Administration in fiscal year 2023 for the provision of grants to  
9       reimburse employers for the cost of providing COVID-19-related sick leave.

18           (B) self-isolating pursuant to the recommendation of a health care  
19       provider or a State or federal public health official because the employee has

21       COVID-19;

1           (C) caring for a parent, grandparent, spouse, child, sibling, parent-in-

6 the place of care where that individual is normally located during the  
7 employee’s workday due to COVID-19;

12 official because that individual has been exposed to or is experiencing  
13 symptoms of COVID-19;

17 19; or

18           (E) experiencing symptoms, or caring for a parent, grandparent,  
19 spouse, child, sibling, parent-in-law, grandchild, or foster child who is  
20 experiencing symptoms, related to a vaccine or a vaccine booster for protection  
21 against COVID-19.

1           (3) “Employee” means an individual who, in consideration of direct or  
2           indirect gain or profit, is employed by an employer to perform services in  
3           Vermont.

4           (4) “Employer” means any person that has one or more employees  
5           performing services for it in Vermont. “Employer” does not include the State  
6           or the United States.

8           established pursuant to this section.

9           (6) “Program period” means the period beginning on January 1, 2022  
10           and ending on December 31, 2022.

11           (7) “Secretary” means the Secretary of Administration.

12           (c)(1) An employer may apply to the Secretary for one or more grants to  
13           reimburse the employer for the cost of paid leave provided to its employees for  
14           COVID-19-related reasons during the program period.

15           (2) An employer’s grant amount may include reimbursement for  
16           retroactively provided COVID-19-related paid leave to employees who took  
17           unpaid leave for a COVID-19-related reason during the program period  
18           because the employee did not have sufficient accrued paid leave available at  
19           the time that the employee took the leave.

20           (3) Employers may submit applications for grants not more than once  
21           each calendar month for paid leave provided during the program period

1 between the beginning of the program period or the employer’s previous  
2 application, whichever is later, and the date of the employer’s current  
3 application.

4 (4) For the sole purpose of administering grants related to paid leave  
5 provided to independent direct support providers for COVID-19-related  
6 reasons, ARIS Solutions, as the fiscal agent for the employers of the  
7 independent direct support providers, shall have the authority to apply for a  
8 grant in the same manner as any employer.

9 (d)(1) The Secretary shall:

10 (A) adopt procedures for implementing the Program, which shall  
11 include a simple grant application process, a process to allow employers to  
12 certify the amount of paid leave provided for COVID-19-related reasons, and a  
13 process to allow employers to report on their use of the grant funds awarded  
14 pursuant to this section;

15 (B) promote awareness of the Program to employers;

16 (C) award grants to employers on a first-come, first-served basis,  
17 subject to available funding; and

18 (D) develop and implement an audit strategy to assess grant  
19 utilization, the performance of the Program, and compliance with Program  
20 requirements.

1           (2)(A) The Secretary may delegate administration of one or more  
2           aspects of the Program to other agencies and departments of the State.

3           (B) The Secretary may enter into agreements, memoranda of  
4           understanding, or contracts with private entities as necessary to implement or  
5           administer the Program and, notwithstanding any provision of law to the  
6           contrary, shall not be required to competitively bid any contracts entered into  
7           pursuant to this subdivision (2)(B). For the purposes of the Program, the  
8           ongoing public health risk posed by COVID-19 shall be deemed to be an  
9           emergency situation that justifies the execution of sole source contracts  
10           pursuant to Bulletin 3.5, the State’s Procurement and Contracting Procedures.

11           (e)(1) Employers may apply for grants to either reimburse a portion of the  
12           cost of COVID-19-related paid leave provided to employees or to provide  
13           funds to be used to retroactively provide paid leave to employees who took  
14           unpaid leave for COVID-19-related reasons.

15           (A) For reimbursement of COVID-19-related paid leave that was  
16           already provided, the employer may, subject to the limitations of  
17           subdivision (2) of this subsection (e), apply for a grant in an amount equal the  
18           number of hours of COVID-19-related paid leave provided to each employee  
19           multiplied by the greater of either the 67 percent of the minimum wage  
20           established pursuant to 21 V.S.A. § 384 or 67 percent of the employee’s  
21           regular hourly wage.

1           (B) For COVID-19-related paid leave that will be provided  
2           retroactively to employees who took unpaid leave for COVID-19-related  
3           reasons, the employer may, subject to the limitations of subdivision (2) of this  
4           subsection (e), apply for a grant in an amount equal the number of hours of  
5           COVID-19-related paid leave to be provided to each employee multiplied by  
6           the greater of either the 67 percent of the minimum wage established pursuant  
7           to 21 V.S.A. § 384 or 67 percent of the employee’s regular hourly wage.

8           (2)(A) An employer may only apply for a grant in relation to COVID-  
9           19-related leave that was taken by an employee during the program period.

10           (B) The maximum number of hours of COVID-19-related leave for  
11           each employee that an employer may seek grant funding for through the  
12           Program shall equal the lesser of 80 hours or two times the employee’s average  
13           weekly hours worked for the employer during the six months preceding the  
14           date of the first application relating to that employee.

15           (C) The maximum amount that an employer shall be eligible to  
16           receive for COVID-19-related paid leave for each employee shall be not more  
17           than \$27.50 per hour of leave, with an aggregate maximum of \$2,200.00 per  
18           employee during the program period.

19           (f) As a condition of being eligible to receive a grant through the Program,  
20           each employer shall be required to certify:

1           (1) that the employer is not seeking funds in relation to any amounts of  
2           paid leave that were deducted from the employee’s accrued paid leave balance  
3           at the time the COVID-19-related leave was taken unless those amounts have  
4           been restored to the employee’s accrued paid leave balance;

5           (2) grant funds shall only be used in relation to the payment of an  
6           employee’s wages for the period when the employee was absent from work for  
7           a COVID-19-related reason; and

8           (3) employees receiving paid leave funded by a grant shall not be  
9           required to pay an administrative fee or other charge in relation to the  
10          employer requesting the grant.

11          (g) Each employer that receives a grant shall, not later than March 1, 2023,  
12          report to the Agency on a form provided by the Secretary the amount of grant  
13          funds used to provide paid leave to employees and the amount of any  
14          remaining grant funds that were not spent. All unspent grant funds shall be  
15          returned to the Agency pursuant to a procedure adopted by the Secretary.

16          (h) Any personally identifiable information that is collected by the  
17          Program, any entity of State government performing a function of the Program,  
18          or any entity that the Secretary contracts with to perform a function of the  
19          Program shall be kept confidential and shall be exempt from inspection and  
20          copying under the Public Records Act.

1                   \* \* \* Study of Paid Family and Medical Leave Insurance \* \* \*

2           Sec. 14b. FINDINGS

3                   The General Assembly finds that:

4                   (1) The COVID-19 pandemic highlighted the challenges that a lack of  
5                   paid leave poses to employees who must be absent from work for an extended  
6                   period of time due to illness or caregiving needs.

7                   (2) Paid family and medical leave insurance would provide essential  
8                   income replacement for employees who must be absent from work for an  
9                   extended period of time due to illness, caregiving needs, or the birth or  
10                  adoption of a child.

11                  (3) Paid family and medical leave insurance would mitigate the impact  
12                  of absences on employers by providing an affordable means of providing paid  
13                  leave to employees while improving employee retention.

14           Sec. 14c. PAID FAMILY AND MEDICAL LEAVE; TASK FORCE;

15                   REPORT

16                  (a) Creation. There is created the Paid Family and Medical Leave  
17                  Insurance Task Force to reexamine the work and report of the Study  
18                  Committee on Employee Funded Paid Leave created pursuant to 2013 Acts  
19                  and Resolves No. 31, Sec. 13 and to investigate proven and tested paid family  
20                  and medical leave insurance programs in the United States in order to develop  
21                  an understanding of the best practices and implementation possibilities for the

1 potential enactment of an equitable and affordable paid family and medical  
2 leave insurance program in Vermont, which may include both universal and  
3 voluntary models.

10 party, who shall be appointed by the Committee on Committees.

11 (c) Powers and duties.

12 (1) The Task Force shall examine the establishment of a paid family and  
13 medical leave program in Vermont, including the following:

14 (A) the potential for creating a paid family and medical leave  
15 insurance program in Vermont based on the experience of and best practices  
16 from currently operating paid family and medical leave insurance solutions in  
17 the United States that provide leave for the following purposes:

18 (i) bonding with a newborn or adopted child;

19 (ii) caring for an ill or injured family member;

20 (iii) the employee's own illness or injury; and

1                   (iv) exigencies related to a family member serving in the U.S.

2                   Armed Forces;

3                   (B) based on the solutions examined pursuant to subdivision (1) of  
4                   this subsection, develop and examine models and projections for the startup  
5                   and implementation of similar solutions in Vermont, including:

6                   (i) potential start-up and administrative costs;

7                   (ii) administrative requirements and considerations;

8                   (iii) advantages relative to the other models;

9                   (iv) examples from other jurisdictions and the experience of the  
10                  programs in those jurisdictions;

11                  (v) benefits and drawbacks; and

12                  (vi) any other considerations that the Task Force determines are  
13                  relevant;

14                  (C) opportunities to utilize tested and proven administrative models  
15                  or public-private partnerships to reduce administrative costs of a paid family  
16                  and medical leave insurance program or to enable a paid family and medical  
17                  leave insurance benefits to be established more quickly; and

18                  (D) considerations related to the potential enactment of a federal paid  
19                  family and medical leave insurance program, including any measures that may  
20                  be necessary to ensure that a potential State program could adapt to and  
21                  complement the coverage provided by any federal program.

- 1           (2) The Task Force shall consult with affected stakeholders and  
2 interested parties, including stakeholders and interested parties representing:
- 3           (A) the labor community;

5           (C) groups advocating for gender equity;  
6           (D) Vermonters who are Black, Indigenous, or a Person of Color; and  
7           (E) children and families.
- 8           (d) Assistance.
- 9           (1) The Task Force shall have the administrative assistance of the Office  
10 of Legislative Operations, the technical assistance of the Joint Fiscal Office,  
11 and the legal assistance of the Office of Legislative Counsel.
- 12           (2) The Task Force may contract with one or more entities or  
13 individuals for purposes of modeling and actuarial projections.
- 14           (e) Report. On or before January 15, 2023, the Task Force shall submit a  
15 written report to the House Committee on General, Housing, and Military  
16 Affairs and the Senate Committee on Economic Development, Housing and  
17 General Affairs with its findings and any recommendations for legislative  
18 action. The Task Force’s report may take the form of draft legislation.
- 19           (f) Meetings.
- 20           (1) The Office of Legislative Operations shall call the first meeting of  
21 the Committee to occur on or before September 15, 2022.

1           (2) The Task Force shall select a chair from among its members at the  
2           first meeting.

3           (3) A majority of the membership shall constitute a quorum.

4           (4) The Task Force shall cease to exist on January 30, 2023.

5           (g) Compensation and reimbursement. For attendance at meetings during  
6           adjournment of the General Assembly, a legislative member of the Task Force  
7           shall be entitled to per diem compensation and reimbursement of expenses  
8           pursuant to 2 V.S.A. § 23 for not more than six meetings.

9           (h) Appropriation. The sum of \$200,000.00 is appropriated to the General

12          reimbursement of expenses for members of the Task Force and for expenses  
13          related to modeling and actuarial projections.

14                           \* \* \* Unemployment Insurance Benefits \* \* \*

15          Sec. 14d. FINDINGS

16          The General Assembly finds that:

17                  (1) The COVID-19 pandemic caused significant disruption to  
18          Vermont’s economy and resulted in unprecedented levels of unemployment.

19                  (2) Unemployment insurance benefits provide only partial wage  
20          replacement, making it hard for unemployed individuals to afford basic  
21          necessities and living expenses.

1           (3) Significant inflation caused by supply chain, economic, and  
2           workforce disruptions related to the COVID-19 pandemic are making it  
3           increasingly difficult for unemployed individuals to afford basic necessities  
4           and living expenses.

5           (4) Temporarily increasing the weekly unemployment insurance benefit  
6           amount for unemployed individuals will help to mitigate the impact of the  
7           COVID-19 pandemic on the unemployed individuals' ability to afford basic  
8           necessities and living expenses.

9           (5) The General Assembly previously enacted a \$25.00 supplemental  
10           increase to the weekly unemployment insurance benefit amount in 2021 Acts  
11           and Resolves No. 51, Sec. 11. However, the terms of that supplemental  
12           increase did not conform to federal requirements, and it never took  
13           effect. Enacting a supplemental \$25.00 weekly unemployment insurance  
14           benefit that will later be replaced by a temporary \$25.00 increase in the weekly  
15           unemployment insurance benefit amount will fulfill the commitment made by  
16           the General Assembly in 2021 Acts and Resolves No. 51, Sec. 11.  
17           Sec. 14e. 2021 Acts and Resolves No. 51, Sec. 17(a)(4) is amended to read:

18           (4) Sec. 12 (repeal of supplemental weekly benefit) shall take effect  
19           ~~upon the payment of a cumulative total of \$100,000,000.00 in supplemental~~  
20           ~~benefits pursuant to 21 V.S.A. § 1338(e)(2) on October 7, 2021~~ and shall apply

1 prospectively to all benefit payments in the next week and each subsequent  
2 week.

3 Sec. 14f. 21 V.S.A. § 1341 is added to read:

4 § 1341. UNEMPLOYMENT INSURANCE COVID-19 SUPPLEMENTAL  
5 BENEFIT

6 (a) Beginning on July 1, 2022, in addition to the amount of regular  
7 unemployment insurance benefits provided pursuant to section 1338 of this  
8 title, each individual who qualifies for benefits pursuant to the provisions of  
9 this chapter shall receive a separate supplemental benefit of \$25.00 each week.

10 (b) Benefits provided pursuant to this section shall be paid from the  
11 Unemployment Insurance COVID-19 Supplemental Benefit Special Fund  
12 established pursuant to section 1342 of this chapter.

13 Sec. 14g. 21 V.S.A. § 1342 is added to read:

14 § 1342. UNEMPLOYMENT INSURANCE COVID-19 SUPPLEMENTAL  
15 BENEFIT SPECIAL FUND

16 There is established the Unemployment Insurance COVID-19 Supplemental  
17 Benefit Special Fund, which shall be managed in accordance with 32 V.S.A.  
18 chapter 7, subchapter 5. The Fund shall consist of any amounts appropriated to  
19 the Fund. The Commissioner may seek and accept grants from any source,  
20 public or private, to be dedicated for deposit into the Special Fund. The  
21 Commissioner shall use the Fund to provide the Supplemental Benefit

1 established pursuant to section 1341 of this chapter and to pay all necessary  
2 costs associated with the administration of the Supplemental Benefit and of the  
3 Fund.

4 Sec. 14h. APPROPRIATION

5 \$8,000,000.00 is appropriated from the American Rescue Plan Act (ARPA)  
6 – Coronavirus State Fiscal Recovery Funds to the Unemployment Insurance  
7 COVID-19 Supplemental Benefit Special Fund established pursuant to  
8 21 V.S.A. § 1342. Not more than five percent of the amount appropriated may  
9 be used for administrative costs related to the implementation and payment of  
10 the Unemployment Insurance COVID-19 Supplemental Benefit established  
11 pursuant to 21 V.S.A. § 1341.

12 Sec. 14i. REPEALS

13 21 V.S.A. § 1341 (Unemployment Insurance COVID-19 Supplemental  
14 Benefit) and 21 V.S.A. § 1342 (Unemployment Insurance COVID-19  
15 Supplemental Benefit Special Fund) are repealed on July 1, 2024.

16 Sec. 14j. 21 V.S.A. § 1338 is amended to read:

17 § 1338. WEEKLY BENEFITS

18 \* \* \*

19 (e) An individual's weekly benefit amount shall be determined by dividing  
20 the individual's two high quarter total subject wages required under  
21 subdivision (d)(1) of this section by 45 and adding \$25.00 to the resulting

1 quotient, provided that the weekly benefit amount so determined shall not  
2 exceed the maximum weekly benefit amount computed pursuant to  
3 subsection (f) of this section.

4 (f)(1) The maximum weekly benefit amount shall be annually adjusted on  
5 the first day of the first calendar week in July to an amount equal to the sum of  
6 \$25.00 plus 57 percent of the State annual average weekly wage as determined  
7 by subsection (g) of this section.

9 Sec. 14k. MODIFICATION OF UNEMPLOYMENT INSURANCE  
10 MAINFRAME CODE; ANNUAL REPORT; INDEPENDENT  
11 VERIFICATION

12 (a)(1) The Commissioner of Labor shall develop and implement changes to  
13 the unemployment insurance mainframe software or develop a modernized  
14 information technology system necessary to implement on January 1, 2025 the  
15 changes to the unemployment insurance weekly benefit amount enacted  
16 pursuant to Sec. 14j of this act. The changes to the mainframe or the  
17 modernized information technology system, as applicable, shall be developed  
18 and implemented in a manner that minimizes risk to the operation of the  
19 mainframe and the functions of the unemployment insurance program.

20 (2) The Commissioner of Labor and the Secretary of Digital Services  
21 shall, to the greatest extent possible, plan and carry out the development and

1 implementation of a modernized information technology system for the  
2 unemployment insurance program so that the modernized system is available  
3 in time to implement on January 1, 2025 the changes to the unemployment  
4 insurance weekly benefit amount enacted pursuant to Sec. 14j of this act.

5 (b) The Commissioner of Labor shall, on or before January 15, 2023 and  
6 January 15, 2024, submit a written report to the House Committee on  
7 Commerce and Economic Development, the Senate Committee on Economic  
8 Development, Housing and General Affairs, and the Legislative Information  
9 Technology Consultant retained by the Joint Fiscal Office detailing the actions  
10 taken and progress made in carrying out the requirements of subsection (a) of  
11 this section, the anticipated timeline for being able to implement the changes to  
12 the unemployment insurance weekly benefit amount enacted pursuant to  
13 Sec. 14j of this act, and potential implementation risks identified during the  
14 development process.

15 (c) The Legislative Information Technology Consultant shall, on or before  
16 February 15, 2023 and February 15, 2024, submit to the House Committee on  
17 Commerce and Economic Development and the Senate Committee on
