The Board wants to be sure when a Stipulation and Consent Order is drafted, if it has a Medical Protocol, that the qualifications of the person assigned as the surgical supervisor be defined in any future Orders. The Board would like to see a template drafted when setting up these conditions. This template will then be given to the Prosecuting Attorney to use when drafting a Stipulation and Consent Order. Ms. Knapp will draft a template for Board review.
5. New Business
 - A. Ellen Grimes wrote the Board concerning the word "ing/answers of certain questions on the dental hygiene local anesthesia examination. Dr. Lavoie, Dr. Pantzar, Ms. Chernick and Ms. Retchin will serve on a sub-committee.

- B. No valarsubmitted a letter to the Board regarding the administration of OraVerse by dental hygienists in Vermont. The Board responded that in order for this to be utilized by dental hygienists in Vermont, it would require a Statute change to Section 854(b) and (c).
 - C. Dr. James Gold submitted a e-mail to the Board regarding dental hygiene pro bono licensure and local anesthesia administration under direct supervision for dental hygiene purposes only. Dr. Gold asked what wordings should be used in submitting Legislation for pro-bono licensure of dental hygienists. The Board suggests that the wording that is currently in Section 805(b) for pro-bono licensure of dentists be used. The Board is not convinced that a statutory change regarding dental hygienists and the administration of local anesthesia is necessary at this time, however, the Board is in the process of reviewing all statutes and will consider his proposal in this review.
