Select Board Report

Fiscal year 2018 finally saw the conclusion of the financial turmoil that the town has faced for several years due to turnover within the bookkeeper's office. While the audit process is time consuming and frustrating, its conclusion has determined that the town's books accurately reflected the financial status of the town on June 30th, 2018. One of the areas that is identified as a material weakness has been brought to the Select Board's attention for several years running. The following is quoted from the internal letter that the Select Board receives at the conclusion of every audit and involves the lack of oversight of financial transactions conducted by elected officials.

Segregation of Duties

Currently the delinquent tax collector is responsible for the collection and posting of receipts for delinquent tax balances. In addition, the tax collector's office is responsible for depositing funds to the bank and posting activity to the tax payer accounts without oversight of other departments. Segregation of duties within the accounting function is an important element of internal control. The segregation of the record keeping and custody/authorization of transactions are particularly sensitive. Since the Town has a limited number of accounting personnel, segregation of all conflicting duties may not always be possible. However, we recommend this function to be delegated to an employee independent of the cash receipts function.

This issue should be a matter of discussion for Town Meeting before the elections and before deciding on a budget for FY20. Should the town consider making financial data record keeping separate from the function of counting, and actually depositing, money in the bank?

Aside from that issue, most of the other noted items had to do with redundancy in personnel and recording procedures in NEMRC that differ from standard accounting practices. Overall the Board was satisfied with the audit results and wishes to thank our bookkeeper, Elaine Hill, and Craig Hunt for all of their efforts over the last three years.

Another focus this year has been the development of policies to cover the use of the Town Hall and the Common. As the Vermont League of Cities and Towns gets more and more insistent that the municipality covers its liability when town property is used for events other than town functions, we began to consider the need for event organizers to hold the town harmless through some sort of liability insurance for scheduled events. This has led to some heated discussions but with today's litigious society there needs to be some type of coverage for the possibility there will be an accident occurring on our property.

As usual, the Board would welcome your attendance at our twice monthly meetings on the second and fourth Tuesdays of the month at the Town Hall. Please join us if you wish to watch live instead of a day later on video. Your participation in civic activities is encouraged as we strive to accomplish the many daily tasks that are associated with running the town.

**TOWN TREASURER'S/TAX COLLECTOR'S REPORT
JANUARY 1, TO DECEMBER 31, 2018**

The treasurer's job stays about the same from year to year. Responsibilities include making deposits, transferring money from one account to another and managing the town's CDs.

Property taxes have been coming in at a pretty steady pace. I want to thank all residents who remember to bring in their tax bill when making their payment which makes it much easier to provide receipts especially when it is extremely busy.

This July, the Vermont Department of Taxes experienced a delay in processing Homestead Declarations and Property Tax Adjustments which may have impacted your property tax billing. Our Town had to print 45 revised bills due to the correctional download we received on July 27, 2018. It created a lot of frustration and aggravation and we received calls from many people wanting to know why we had not included their pre-bate amount on their tax bill when they had filed their Homestead Declaration in a timely fashion. We spent a lot of time on the phone explaining the problem and making everyone aware that it was a State and not a Town issue. Hopefully, this year will go more smoothly.

As a side note, it is important that every Vermont resident file their Declaration of Homestead each year by April 15th. Not doing so results in the State assessing a penalty which can result in a sizeable dollar amount being added to your bill.

I do wish to take this time thank all the townspeople for electing me as their Treasurer and Tax Collector. It is truly an honor to be able to serve the community in those capacities.

There was made simpler within the past few months. There have been changes made in the way the Library and Cemetery Accounts are maintained. This makes the bookkeeper's job less cumbersome and my job less burdensome.

As far as tax collecting, payments are being made in a timely manner. Most taxpayers are bringing in their whole tax bill making it easier to apply the payment and generate a receipt.

Especially during the week when payments are due, there are times when it is somewhat difficult to issue a computer generated receipt. Having the paper copy makes it quick and easy.

So far this year, tax monies are coming in at a steady pace. Some people pay all four payments at once.

Once again, as a reminder;

I WOULD LIKE TO ADVISE ALL PROPERTY OWNERS WHO HAVE THEIR PROPERTY TAXES ESCROWED TO CHECK WITH THEIR MORTGAGE COMPANIES OR BANKS TO BE SURE THEY RECEIVED A COPY OF THE TAX BILL. WE ONLY SEND THEM TO THE COMPANIES THAT REQUEST THEM.

**Joe Daigneault
Town Treasurer and
Tax Collector**

To the Select Board of
Town of Townshend, Vermont

In planning and performing our audit of the financial statements of the governmental activities and each major fund of the Town of Townshend, Vermont (the "Town") as of and for the year ended June 30, 2018, in accordance with auditing standards generally accepted in the United States of America, we considered the Town's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Town's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be material weaknesses and other deficiencies that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. We consider the following deficiencies in internal control to be material weaknesses:

Segregation of Duties

Currently the delinquent tax collector is responsible for the collection and posting of receipts for delinquent tax balances. In addition, the tax collector's office is responsible for depositing funds to the bank and posting activity to the tax payer accounts without oversight of other departments. Segregation of duties within the accounting function is an important element of internal control. The segregation of the record keeping and custody/authorization of transactions are particularly sensitive. Since the Town has a limited number of accounting personnel, segregation of all conflicting duties may not always be possible. However, we recommend this function to be delegated to an employee independent of the cash receipts function.

General Ledger Accounting and Financial Reporting

During our audit of the Town's financial records, several entries were required to make the records materially accurate. We noted instances where revenue and expenditure activity was posted to balance sheet accounts and accounting over other areas were inconsistent and inaccurate. The magnitude and scope of these adjustments make it difficult to produce timely and accurate internal financial information on which the Select Board can rely. We also believe that it hinders management to properly perform its financial role and properly operate the Town. It also increases the Town's exposure to fraud and irregularities. We recommend the Town place more emphasis on the importance of the accounting function and accuracy of financial reporting.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the following deficiency in internal control to be a significant deficiency:

Internal Controls – Review and Approval

During our test work we noted the Town did not have documented approval procedures over bank reconciliations and general journal entries. Without adequate oversight of these key processes, there is an opportunity for errors to go undetected and management override to occur. We recommend all bank

reconciliations and general journal entries be reviewed and approved in a timely manner to ensure reasonableness of activity and to prevent management override.

Accounting Policies and Procedures Manual

There is no backup to the accounting department in case of long-term leave. The Town should consider ways to provide backup in case of the bookkeeper's absence. It is also good practice to use the backup procedures every so often to provide additional accountability. This policy should identify responsibilities and key procedures to ensure the Town's accounting system is maintained in an accurate and consistent manner. We also recommend the bookkeeper receive formal training to assist with the development of Town accounting procedures.

Allowance over Property Tax Receivables

Our test work over property tax receivables noted the Town does not have a policy or process in place to evaluate and determine an appropriate allowance for uncollectible property taxes. Without a sufficient evaluation process in place, there is an increased risk the Town's valuation of receivables is overstated. We recommend management evaluate formalize an allowance policy that will permit an adequate and consistent annual reserve over property taxes.

This communication is intended solely for the information and use of the Select Board and management of the Town and is not intended to be, and should not be, used by anyone other than these specified parties.

2017-2018 Department of Public Works Report

My name is Steven Frisk and I am proud to introduce Townshend's new Department of Public Works. I have lived in Townshend since 1986 and have been given the privilege of supervising a team consisting of Robbie Germon, Bill Roberts, and Jeremy Zumbruski, each of whom brings an extensive understanding of infrastructure maintenance and years of experience in truck and heavy equipment operation and repair. This new crew has been busy learning the roads and accessing municipal conditions in an effort to continue providing the high level of service we have all grown accustomed to receiving.

I would like to personally thank former Highway Department foreman, Kurt Bostrom, with Ed Smith, and Robert LeCours for their many years of dedication to our town. And I wish to thank the public for its continued support as we transition through the winter season and endeavor to better serve Townshend in the future.

Please, stop by or call me at the Townshend Highway Garage at 365-4260 with any questions or concerns.

DELINQUENT TAX COLLECTOR 2017-2018 REPORT

After receiving the warrant in June of 2018 for \$134,454.58, the total in delinquent taxes owed to the Town of Townshend was \$136,469.24. Prior to receiving the warrant, the total due for delinquent taxes was \$31,497.67. I held a tax sale on May 25, 2018 in which I attempted to auction off one property, but there was no one interested in purchasing it. I am currently in the process of another tax sale.

The tax sale that I am working on right now consists of six properties and about \$7,500 in delinquent taxes. The tax sale date has not been scheduled yet, but will be in the spring of 2019. The struggle remains with deceased property owners with delinquent taxes where there is no estate or death certificate on file, which are needed to enter the properties into probate court. Another stumbling block is properties that have IRS liens on them, as they are not attractive to potential buyers. I currently have three properties that account for \$26,507.47 in delinquent taxes which the select board has advised me to hold off on pursuing to avoid up front legal fees. The remaining dollars on my list are under monthly payment arrangements with me to pay their balances off within 12 months.

I do my best to work with everyone as much as I can while sticking to my policy that I implemented when I began collecting delinquent taxes. I would be happy to serve the Town in this position for another year.

*Note - All of the figures mentioned above are principal only and do not include interest and penalty.

Townshend Public Library Board of Trustees 2017-2018

Our library is looking good after having a "face-lift" this summer! The front steps were leveled. We have a bright new sign displaying our hours and our book drop box has a fresh coat of paint, thanks to Ken Hoffman. Our next concern is getting the parking lot resurfaced so our handicap access is safer as well.

The Friends of the Library again had a successful book sale. However, they are a small group and would really welcome new members.

The library is lucky to have dedicated librarians, as well as volunteers which make it a warm and welcoming place. The trustees are always looking for ideas about how to grow and better meet the needs of our community. Let us know if you have ideas!

Townshend Cemetery Commission Annual Report 2018

Our cemeteries continue to have tree issues, where trees or parts of them are falling into a cemetery and causing damage. Recently a large white pine tree was removed by the town near the Wiswell Cemetery. The Commission thanks the Select Board for taking care of this large tree. Land owners adjacent to cemeteries should be aware of the potential tree danger. Once warned, land owners can be held responsible for any tree damage their trees cause.

There continues to be work on the Brigham/Bixby cemetery fence. Our thanks go to Lester Dunklee for his help with the fence rod repairs. Charlie Marchant and Bruce Bills have been working on restoring the fence.

Our maintenance people this year were, Ethan Cutts for Oakwood and Maple Grove, Delano & Domenick Schmidt for Acton & Wiswell, and Russell Petronic for Round Hill. The other cemeteries were maintained by members of the Cemetery Commission. Thanks to all who helped, there were a number of favorable comments on how they looked.

Most people don't know there are 19 known public and private cemeteries in Townshend. If anyone wants a tour of them contact the Commission. Private cemeteries are legal in Vermont. To establish one, you must follow Vermont Statutes. The Townshend Cemetery Commission requires burial permits for casket and cremation burials. Once a cemetery is established, the Cemetery Commission inspects them annually to see that the Vermont Statutes are being followed.

The Cemetery Commission is actively seeking deeded rights of ways to cemeteries that the town has inherited over the years but don't have a defined access route to them. We thank Ritchie Carusona and Rob and Kristie Faulkner for their help in establishing the route to the Fletcher Cemetery. We also thank Carole Melis for her help have the paperwork drawn up and filed.

The Commission maintains a box at the Town Office. If anyone has cemetery related question, you can leave a note in the box, or contact the Secretary of the Commission, Charles E. Marchant.

Townshend Volunteer Fire Department Annual Report for 2018

This year the department has been emphasizing training. We are part of a group called the West River Training Group. The group meets once a month and concentrates on a particular area of training. Examples are ladders, water rescue, pump operation, chimney fires, etc. Besides the practice, this work enables our members to work with members of neighboring departments and strengthen our mutual aid system.

In the past year a new dry hydrant was established at the Woodruff pond on Windham Hill Road. We thank the Woodruffs for their help in getting this pond put in. Also thanks to Larry Gould, Mitchell Putnam, & Troy Dare for their good work on the hydrant. We continue to look for additional dry hydrant sites in town. If interested, contact Glen Beattie, Chief.

As we have new members we need new gear, pagers, and portable radios. Our annual fund raising letter mentioned this and we thank all those who contributed to the department. If there is anyone who didn't receive the letter and wants to be on our letter mailing list, contact any member of the department.

You can now follow the Department's activities on Face Book. There is also information about the Department via the display case on the outside wall of the Town Hall. If you haven't put your 911 number on your house or at the end of your driveway, please do so. Please use numbers that are reflective so they can be seen at night.

Down the road the department will need a new engine and ultimately a new station. Committees have been formed to explore the options, come up with designs, and potential costs. We will keep you posted.

It is with sadness we remember some members and former members who died since our last report. Mark Morse was a former chief of the department. Phil Trevorrow was an engineer. T. Hans Russell was the department's past treasurer. All three were life members of the department. Bruce Cutts was a former officer in the department. All four of these were valuable members of the department and they will be missed.

Finally, for information purposes the TFD has a Face Book page and a town hall display to keep everyone posted on what we are doing. Please make sure your smoke and carbon monoxide detectors are in working order. Please put your 911 number where it can be seen at night from the road.

It's been another busy year in the Listers office-

After a lot of work by all of us and with help from our assistant, Helen Holt, we finally got the new Tax Maps that have been so urgently needed. They are much more accurate than the 1977 maps we've been forced to use and they'll be updated yearly so they'll stay current.

We'd like to thank the property owners who so graciously allowed us to view their properties. As always we're very grateful to the Town Clerk's office and we'd also like to thank both Camperama and Bald Mountain campgrounds for their continued support.

Homeowners are reminded to file their Homestead Declaration (HS-122) annually.

The public is welcome to stop by our office- we're happy to answer any questions or address concerns

Townshend Planning Commission Annual Report

2017 – 2018

This year brought a heightened interest in land use planning and associated regulations prompted by the possible plan to build a new dry goods store in town. The community-wide discussion culminated in a Special Town meeting to vote on if the Town should conduct a town-wide study of zoning. The study was voted down with the voters confirming that they did not want to consider zoning in Townshend at this time.

Several adjoining towns completed new town plans and the Townshend Planning Commission has reviewed the documents to verify that the abutting lands have designations that are consistent with the Townshend town plan. The Planning Commission represented the Town at the VTrans meetings on the Route 30 Corridor Management Plan, which is an evaluation of the land use and transportation related needs along the corridor from Brattleboro north to Route 11.

The Planning Commission continues to work on obtaining the state label of a designated Village Center for the area of Townshend Village. The Village Center Designation will make commercial properties in the village area eligible for state economic development grants. The Planning Commission is also beginning work on developing a revised energy chapter to the Town Plan that will be compliant with Vermont Act 174, which will give the Town Plan “substantial deference” before the Public Utility Commission on the siting of any new energy generation facilities being considered for Townshend. The Commission is also exploring Town Sign Ordinances.

The Planning Commission meets on the second and fourth Wednesday each month at 7:15 p.m. in the Town Hall. The Planning Commission is authorized to have five members, but currently has been working for the last year with one open position.

2018 Librarian's Town Report

After attending a friend's funeral this summer, I was reminded of two things in regards to Townshend. People like to keep to themselves; and when they are needed - people show up. Because of this, the Library plays an important role in the community and it is also a lucky benefactor. Libraries are crucial to helping people stave off isolation and loneliness while staying entertained, engaged, and informed. It is our goal to enrich your lives and broaden your horizons. We did our part and had nearly 6000 people visit the Library this past year. 985 people took part in some of our 98 of programs. This does not include attendees to the variety of meetings that were held in our meeting room or children's space. 7292 items were checked out from our collection of nearly 14,000 items. Our museum and park passes were used 31 times. Our set of snowshoes didn't arrive before most of the snow left last year and it is late in coming this winter; but I think that they will be a popular addition to our collection. We also have a large collection of knitting and yarn books that were thoughtfully given to the Library by Gaila Gulack.

The Library is fortunate to have a great staff, and our volunteers spent approximately 343 hours assisting our cause. That doesn't include our small but dedicated group of Friends and the fabulous bakers who donated generously to their July fundraiser, or our wonderful trustees. We do our best to anticipate your wishes and needs, but if you have any suggestions I would love to hear them.

Respectfully submitted,

Karen LaRue

TOWN CLERK'S REPORT
JANUARY 1, TO DECEMBER 31, 2018

The past year definitely flew by and has not gone without its shares of highs and lows.

I am pleased that our voter registration is still below 1000 so we can continue to hand-count voting ballots and are not going to be forced by the State to buy voting machines as yet. The volunteers who show up election after election to make the process of counting so effortless are greatly appreciated, and I am told they enjoy participating in the process each year. On the down side, the loss of our entire highway crew just before the winter struck left all of us in the Town Office reeling, but the Selectboard found qualified replacements in time.

There are some upcoming changes that I feel the General Public should be made aware of, including new rules for the handling of Vital Records that will be established to bring Vermont in line with best practices to enhance the safety and security of vital records and provide greater protection against identity theft. They will also streamline processes for greater efficiency by clarifying who is responsible for records and how records are to be created, stored, copied and shared. The new rules were developed from recommendations by the Vital Records Study Committee and testimony from a wide variety of stakeholders, including town clerks and members of the public. The new changes go into effect on July 1, 2019. An informational sheet will be available at Town Meeting informing everyone about the new restrictions in hopes of making the process more smooth.

In addition, Act 155 passed in 2017 placing Town Fees on a 3 year cycle for review starting in 2019. Vermont Municipal Clerk and Treasurer Association (VMCTA) is hoping to get the much needed Recording Fee increase, as well as provide a good foundation for Restoration, Preservation and Computerization funds for the land records. The proposed fees include:

- All recorded documents – including PTRs: \$15/page recording fee with \$4/page being put aside in a Restoration, Preservation & Computerization (RPC) Fund.
- Mylars (Maps/Surveys): \$25/sheet recording fee with \$4/sheet being put aside in an (RPC) Fund.
- Increase “Examination of Records by Others” (vault time) to \$4/hour.

These fees need to be approved by the legislature, and are only the suggested fee schedule by VMCTA.

There will also be a requirement to complete, on an annual basis, a “Municipal Recording Analysis Fee Report” and submit it to the VMCTA Fee Review Committee.

There have also been changes made with regard to the qualifications required to be a Notary Public. Depending on the employment role of the Notary, individuals who wish to become a Notary Public may be required to attend a continuing education course, take an exam and pay an application fee. Fortunately for me, as Town Clerk, all those requirements are waived. Unfortunately, getting documents notarized may become more challenging.

I believe that covers the major changes for the time being. But, like anything else, just wait a minute and something else will turn up.

On a more personal note, I lost someone who was very dear to me in November. His death was unexpected and quick. It certainly makes me think about my life and where I am headed. I have started looking at things differently. I am trying very hard to look at the positive and disregard the negative. It's not always easy but when I get discouraged, I remind myself of just how lucky I am to be alive and be surrounded by some wonderful people. We're all going to die, all of us. That alone should make us love each other but it doesn't. We are terrorized and flattened by trivialities. We are eaten up by nothing.

In closing, I again need to thank my assistants, Kathy Hege, Dick Jackson and Kurt Tietz, for their loyalty, help and support throughout a year that was somewhat tumultuous and at times stressful for me. Of course, thanks again to all the residents of the town for their continuing support, for believing in me and giving me the opportunity to serve as Town Clerk for another year.

Anita Bean, Town Clerk

Vote “Yes” on Article X to Save West Townshend Stone Arch Bridge

Town Meeting, 2019, Article X: To see if the Town will vote to raise \$88,000 by taxation, to be held in a reserve account for the repair of the stone arch bridge on back Windham Road contingent upon the successful award of grant funding.

The cost of repairs to the W. Townshend Bridge is estimated to be \$283,000. The Townshend Historical Society has asked the Select Board to submit an application for a VTrans Small Structures Grant, which could bring as much as \$175,000 to the project. A potential grant from the VT Division of Historic Preservation could bring another \$20,000. **These are both matching grants.** The \$88,000 requested in Article X is a required match for the grants. And, most important, it would prove the Town’s support for the bridges they own, which is key to securing the grants.

Michael Weitzner, Master Stone Mason, completed a “Conditions Assessment” for the West Townshend stone arch bridge in the Spring of 2018. Built by Townshend resident, James Follett in 1910, the bridge has been standing for 108 years. It stands to reason that repairing a stone arch bridge that could last another 100 years –at a cost of \$88,000 to the Town –is a better choice than building an expensive new cement bridge that would only last 60 years at the most.

Weitzner outlined a list of urgent emergency repairs for the bridge. We successfully persuaded the Select Board to complete these before winter to stabilize the bridge until major repairs can be done.

In November, we hosted a public talk on the Townshend Stone Arch Bridges based on the professional and detailed photos from Weitzner’s assessment report. The program is available for viewing via BCTV. The talk was followed by a lively Q&A session where attendees expressed great interest in seeing these bridges preserved for future generations.

We are working to save the historic Follett Stone Arch Bridges because they are monuments to human ingenuity, a source of local pride, as resources for the purpose of attracting tourists to the area, and as practical transportation access for the West Townshend community.

For further information about the vote, please call Charles Marchant (365-7937) or any board member.

Town Meeting Reconvened at 1:00 P.M.

ARTICLE VII. Will the town vote to take advantage of the provisions of chapter 37 of Title 24 of the Vermont Statutes Annotated and authorize the Select Board to employ a town manager, and, if so, at what level of compensation to be raised by taxation?

Joanna Snelling made a motion to have the town take advantage of the provisions of chapter 37 of Title 24 of the Vermont Statutes Annotated and authorize the Select Board to employ a town manager at a pay rate of \$75,000.00 per year plus benefits to be raised by taxation and to instruct the Select Board to utilize the Vermont League of Cities and towns to help in the job search for Town Manager; seconded by Phil Moriarty.

Discussion: Town Manager position would probably be for 3 years. The cost of firing a Town Manager if there unresolvable conflict would be expensive. Would certain positions be eliminated. Administrative Assistant would be retained for a period of time.

Motion to Amend was made by Bob DeSiervo and seconded by Hedy Harris to have a range not to exceed \$80,000.00 plus benefits as compensation for a Town Manager and in addition have the Select Board appoint a group of citizens to aide in the search.

Continued discussion as to what positions a Town Manager could take over.

No further discussion on the Amendment. Motion to Amend passed by voice vote.

Motion to have the town take advantage of the provisions of chapter 37 of Title 24 of the Vermont Statutes Annotated and authorize the Select Board to employ a town manager at a compensation Level not to exceed \$80,000.00 per year plus benefits to be raised by taxation and to instruct the SB to utilize the Vermont League of Cities and towns to help in the job search for Town Manager as well as appoint a group of citizens to assist the SB in the search for a Town Manager.

ARTICLE VIII. To see if the Town will vote to appropriate \$537,482.00, to pay for the running expenses and liabilities of the Town of which \$411,928.00 to be raised in taxes?

Motion made by Kathy Hege and seconded by Craig "To see if the Town will vote to appropriate \$537,482.00, to pay for the running expenses and liabilities of the Town of which \$412,227.00 to be raised in taxes?

Following brief discussion, Article VIII passes by voice vote.

Article VIII. Passed

ARTICLE IX. To see if the Town will vote to appropriate \$555,090.00, for the running expenses and liabilities of maintaining the Town's roads of which \$401,546.00 to be raised in taxes?

Motion made by Kathy Hege and seconded by Will Bissonnette "To see if the Town will vote to appropriate \$555,090.00, for the running expenses and liabilities of maintaining the Town's roads of which \$401,351.00 to be raised in taxes?

Following brief discussion, Article IX passes by voice vote.

Article IX. Passed

ARTICLE X. To see if the Town will vote to raise funds, by taxation, for the purchase of a new Highway Department pick-up truck, and, if so, how much?

Motion made by Kurt Bostrom to purchase an F550 or equivalent truck, with equipment, for a price of \$75,000.00 to \$80,000.00; seconded by Kris Kuch.

Moderator stated that the motion is not germane.

Dale Davis challenged the Moderator.

Mr. Bostrom explained what the main intent was in this Article.

A vote to sustain the Moderator's decision fails by voice vote.

Discussion ensued.

An Amendment was made by Craig Hunt and seconded by Gene Kuch to change the language to "not to exceed \$80,000.00" passed by voice vote.

There being no further discussion. Article X, as amended, passes by voice vote.

Article X. Passed

ARTICLE XI. To see if the Town will vote to raise funds by taxation to contract for law enforcement services, and, if so, how much?

Motion made by Craig Hunt and seconded by Gene Kuch To see if the Town will vote to raise funds by taxation to contract for law enforcement services in the amount of \$20,000.00?

Discussion: Hours of patrol - Sheriff 32 hours per month - State Police 25 hours per month.

Select Board would make the decision as to which provider the town would contract with.

Sheriff's department covers basic traffic stops. Does not get involved with domestic problems, thefts, drug issues, etc...

What would a contract include?

Motion made to suspend the rules to allow the sheriff to speak. Passes by hand vote.

The sheriff answered questions regarding services they provide. He stated that it depends on how much the town wants to spend.

Other issues: Are we safe? Do we have enough protection? Does it meet the town's needs? Do we need more coverage to keep our town safe?

The cost for a full-time deputy would be \$70,000.00; a single part time deputy \$47,000.00 per year.

Motion made to suspend the rules to allow the new CEO, Douglas DiVello, of Grace Cottage Hospital to speak.

Spoke to the hospital's capability to obtain their own law enforcement coverage.

Explained that it would be costly for the hospital. Having law enforcement would benefit the town and the whole community including the hospital and schools.

Motion to Amend made by Dale West and seconded by Crystal Mansfield to authorize the Select Board to contract for Law Enforcement not to exceed \$50,000.00.

Craig Hunt moved to call the question.

Vote on Amendment to authorize the Select Board to contract for Law Enforcement not to exceed \$50,000.00 failed by voice vote.

No further discussion. Request for Paper Ballot on Main Motion.

Total Votes - 65 Yes - 48 No - 17

We are a non-profit center dedicated to promoting local agricultural, economic and social activities.

The West River Community Project grew out of our community's efforts to keep the West Townshend post office open at a time when the building's owner was set to close it. Fast forward eleven years, and once again, our post office was on the brink of closing as Kelly Millett wanted to retire and there was no one in place to take over the contract. We are pleased to announce that the WRCP has signed a one-year contract with the USPS and thus ensured the preservation of the West Townshend post office for another year. FYI, a contract post office is a supplier-leased site that is subject to USPS oversight and their determination that a community needs an access point. We urge you to continue to support WRCP's efforts by purchasing stamps, sending packages, and/or renting a post office box - every purchase made at the West Townshend post office will help to ensure its continued existence!

Over the past several years, the WRCP has become a thriving hub of our community in its home in the historic West Townshend Country store in the heart of West Townshend. As you may know, we operate a small café using fresh, local ingredients, a tiny grocery that sells locally produced goods, and a thrift shop offering top quality clothing and household goods for very low prices. We also host the Townshend Farmer's Market, and our ever-popular "pizza night" on Fridays brings together a wide variety of people to socialize, eat wood-fired pizza and listen to live music. We operate a state-licensed commercial processing kitchen to incubate small local businesses, work together with local schools and actively collaborate with other non-profit organizations.

And now we are ready to serve our community even more, especially the ones among us who really need it.

The WRCP is transitioning to a donation-based cafe, which means that community members and visitors to the area will be able to decide how much they would like to contribute *in exchange* for a meal made from delicious, local, fresh ingredients. We feel that this is the best way moving forward to fulfill our mission of supporting local agriculture, economic and social activities in the West River Valley. It will also help our neighbors have access to healthy, affordable awesome food grown by wonderful local farmer friends!

We will still be offering freshly made breakfast and lunch, and we are excited to announce the WRCP is extending its hours one night per week in order to offer a meal that can be taken home for dinner. The plan for this currently is Tuesdays (Take out Tuesday!). Both Take out Tuesday and Friday Pizza Night will be **donation-based**. All donations will be able to be made discreetly. Volunteering is also a welcome form of currency!

Windham Central Supervisory Union Superintendent's Letter 2019

The Windham Central Supervisory Union continues to grow and change. As of July 1, 2019, the PreK-12 West River Modified Unified Union Education District (Brookline, Jamaica, Newfane, and Townshend. Windham's level of inclusion has yet to be solidified) and the Pre-K-12 River Valleys Unified School District (Dover and Wardsboro) will become fully operational.

Marlboro School District will continue to operate as a PreK-8 school with 9-12 school choice. Stratton School District continues as a non-operational PreK- 12 tuition school district.

The WCSU is in the midst of its third year of forward momentum. We have established a high functioning leadership team consisting of building principals and central office cabinet members. Our deeply committed education professionals have continued to engage in professional development in the areas of Math, English Language Arts, and Personalized Learning. This past year we have added Supervisory Union wide professional development in creating Trauma Informed schools. In particular, our building principals and our teachers have continued to deepen instructional skills in addressing a wide variety of student needs.

For the 2019-2020 school year:

The West River School District is implementing elementary school choice, creating a 6th- 8th middle school, and offering full day PreK 4, with a PreK 3 pilot continuing.

The River Valleys School District is implementing elementary school choice, expanding PreK 3, and developing a cultural focus for the Wardsboro School to compliment the Dover School's recent authorization as an International Baccalaureate school.

The Marlboro School District is reflecting on their mission and integrating several new educational professionals into their school.

The Windham School District continues to evaluate all of their options as they serve the students, parents, and the community of Windham.

I encourage everyone to get informed during the budget season. Your school boards have worked diligently to craft responsible budgets reflective of student needs and value to taxpayers.

Thank you for supporting our schools.

William Anton, WCSU Superintendent of Schools

Windham Central Supervisory Union

will ...place students at the center of our decision-making.
